

## Housing, Planning & Development Scrutiny Panel

### Work Plan 2024 – 2026

<b>1. Scrutiny review projects;</b> These are dealt with through a combination of specific evidence gathering meetings that will be arranged as and when required and other activities, such as visits. Should there not be sufficient capacity to cover all these issues through in-depth pieces of work, they could instead be addressed through a “one-off” item at a scheduled meeting of the Panel. These issues will be subject to further development and scoping. It is proposed that the Committee consider issues that are “cross cutting” in nature for review by itself i.e., ones that cover the terms of reference of more than one of the panels.		
Project	Comments	Priority
TA Placements Policy & TA Discharge of Duty Policy	The Panel would like to do a short review to align with the development of these two strategies. The Panel would like to look at Temporary Accommodation and how the organisation decides who is placed in what type of property. The Panel is concerned about the use of expensive nightly paid accommodation and the use of Travelodges. The Panel would also like to look at the types of accommodation that we place people in to discharge out housing duty, particularly use of the private rented sector.	

<b>2. “One-off” Items;</b> These will be dealt with at scheduled meetings of the Panel. The following are suggestions for when particular items may be scheduled.
