Survey of Disabled People - Haringey's Trial LTNs

Parking Services London Borough of Haringey <parking.services.london.borough.of.haringey@notifications.service.gov.uk> To O Denise Adolphe

Dear Blue Badge Holder (or Nominated Contact),

I am writing to you as our records indicate that you hold a Blue Badge or that you are a nominated contact for a Haringey Blue Badge holder.

In 2022, we introduced three Streets for People LTN trials in Bounds Green, Bruce Grove West Green and St. Ann's because we wanted to reduce the overall volume of traffic in and around the area so that more people could walk, cycle and wheel in cleaner air and safer streets.

We recognise that disabled people in London have diverse transportation needs and preferences. Whilst some rely on cars for essential journeys, many others use public transport, adapted bicycles, mobility scooters or walk. Our goal is to ensure that our streets are accessible and safe for all, regardless of how disabled people choose to travel.

In early 2023, we carried out an interim review of the LTNs and made changes to assist disabled people.

The changes included:

 extending the exemptions we offered so that all Blue Badge holders living in Haringey can apply to drive through most of the LTN traffic filters that are enforced by camera (previously, exemptions were available only for Blue Badge holders who lived within or on the immediate boundary of the LTN). Blue badge holders can nominate one vehicle to be granted the exemption and this vehicle can belong to a family, friend or carer who is supporting them allowing special education needs and disabilities (SEND) vehicles to also drive through diagonal traffic filters

You can read more about the range of exemptions that we offer https://www.haringey.gov.uk/ltn-exemptions

Have your say by 20 September 2024

As we approach the end of the low traffic neighbourhood (LTN) trials, the council is very keen to hear how disabled people, including those with a long-term health condition, feel about the trial LTNs.

Responses to the survey will help us better understand the impacts, benefits and challenges that LTNs bring to you and other disabled people.

We welcome your feedback. The easiest way to provide feedback is by completing the online questionnaire https://www.haringey.gov.uk/ltndisabledpersonsurvey

Do you know someone who is a carer?

A separate survey is being carried out with carers, to seek their view on the trial LTNs. If you know someone who is a carer, please let them know that they can participate in the consultation via: <u>https://www.haringey.gov.uk/ltncarerssurvey</u>

What happens next?

After the consultation closes on 20 September 2024, Haringey Council's Cabinet will take decisions on whether to make the trial LTNs permanent.

The council has been monitoring data such as traffic, air quality, road safety, crime, and bus journey times. This data, together with your feedback, will help inform the council's decisions which are expected to be taken on 10 December 2024.

For further information please visit <u>https://www.haringey.gov.uk/ha-ringey-streets-people</u>

Yours sincerely

Thank you to everyone who provided their feedback.

This, together with the data we are monitoring, will help inform our decisions.

The decisions on each of the LTNs are expected in December 2024.

HAVE Your Say

ST ANN'S LOW TRAFFIC NEIGHBOURHOOD TRIAL

As we approach the end of the low traffic neighbourhood (LTN) trial, we are seeking your views. Your feedback, together with data we have collected and are analysing, will enable the council to decide whether to make the LTN permanent.

Background

On 22 August 2022, we introduced our Streets for People LTN trial in St Ann's because we wanted to reduce the overall volume of traffic in and around the area so that the community can walk, cycle and wheel in cleaner air and safer streets.

The trial LTN was created by introducing traffic filters which prevent motor vehicles from passing through, unless they have an exemption. The aim was to reduce the number of motor vehicles cutting through local streets and to encourage, where possible, local journeys to be taken by sustainable modes. The filters all have traffic signs, most have planters and are enforced by cameras allowing police, fire and ambulance service vehicles to pass through. All properties within an LTN are accessible by motor vehicle, but the route taken to reach them may have had to change.

We introduced the LTN with exemptions in place which allow anyone to apply to the council for permission to drive through some of the traffic filters if they meet our exemption criteria.

Interim LTN review

In early 2023, after the trial scheme had been in place for a short time, we asked you for feedback on how the LTN was working and whether you wanted the council to make any changes.

After listening to all feedback received, including from disability and community groups, and analysing the before and after data we introduced some improvements on 4 September 2023.

For St Ann's LTN, we:

- extended the exemptions we offered so that all Blue Badge holders living in Haringey could apply to drive through most of the traffic filters that are enforced by camera (previously, exemptions were available only for Blue Badge holders who lived within or on the immediate boundary of the LTN)
- allowed special education needs and disabilities (SEND) vehicles to also drive through diagonal traffic filters

As these LTN improvements were changing how people move around by car, we introduced them under a new trial.

The new trial started on 4 September 2023, and can legally remain in place for a maximum of 18 months, to 3 March 2025. The first six months of the trial provided a statutory consultation period when formal objections to the traffic order could be made, this period ended on 3 March 2024.

LTN exemptions are available for:

- Haringey Blue Badge holders
- People with health conditions and professional carers who meet the Individual Circumstances criteria
- Urgent safety matters
- Special educational needs and disabilities (SEND) transport
- Haringey services transporting people with disability and Transport for London's Dial-a-Ride service
- Council refuse and cleansing services
- Emergency services

ST ANN'S LTN QUESTIONNAIRE

Haringey Council is conducting this questionnaire to understand how you feel about the trial Low Traffic Neighbourhood (LTN).

Your response will help us better understand any impacts, benefits or challenges that the LTN brings to you.

We introduced the trial LTN because we wanted to reduce the overall volume of traffic in and around the area so that the community can walk, cycle and wheel in cleaner air and safer streets.

The trial LTN is designed to create Streets for People, part of our ambition to create a fairer, greener borough. The questionnaire comprises of four sections:

- A. About you
- B. About your experience of the trial LTN
- C. About your experience with exemptions
- D. Equality monitoring (optional)

For further information please visit: www.haringey.gov.uk/ haringey-streets-people

All responses must reach the council by 20 September 2024.

Thank you for your participation

SURVEY OF DISABLED PEOPLE -Haringey's trial ltns

As we approach the end of the low traffic neighbourhood (LTN) trials, we are seeking your views. Your feedback, together with data we have collected and are analysing, will enable the council to decide whether to make the LTNs permanent.

Haringey Council is conducting this survey to understand how disabled people, including those with a long-term health condition, feel about the trial LTNs. Your responses will help us better understand the impacts, benefits and challenges that LTNs bring to you and other disabled people.

Background

In 2022, we introduced our three Streets for People LTN trials in Bounds Green, Bruce Grove West Green and St. Ann's because we wanted to reduce the overall volume of traffic in and around the area so that more people can walk, cycle and wheel in cleaner air and safer streets.

The trial LTNs were created by introducing traffic filters which prevent motor vehicles from passing through, unless they have an exemption. The aim was to reduce the number of motor vehicles cutting through local streets and to encourage, where possible, local journeys to be taken by sustainable modes.

The filters all have traffic signs, most have planters and are enforced by cameras allowing police, fire and ambulance service vehicles to pass through. All properties within an LTN are accessible by motor vehicle, but the route taken to reach them may have had to change.

We introduced the LTNs with exemptions in place which allow anyone to apply to the council for permission to drive through some of the traffic filters if they meet our exemption criteria.

Interim LTN review

In early 2023, after the trials had been in place for a short time, we asked for feedback on how the LTNs were working and whether you wanted the council to make any changes. After listening to all feedback received, including from disability and community groups, and analysing the before and after data we introduced some improvements on 4 September 2023.

The changes included:

• extended the exemptions we offered so that all Blue Badge holders living in Haringey could apply to drive through most of the traffic filters that are enforced by camera (previously, exemptions were available only for Blue Badge holders who lived within or on the immediate boundary of the LTN)

 allowing special education needs and disabilities (SEND) vehicles to also drive through diagonal traffic filters

As these LTN improvements were changing how people move around by car, we introduced them under new trials.

The new trials started on 4 September 2023, and each can legally remain in place for a maximum of 18 months, to 3 March 2025. The first six months of the trials provided a statutory consultation period when formal objections to the traffic order could be made, this period ended on 3 March 2024.

LTN exemptions are available for:

- Haringey Blue Badge holders
- People with health conditions and professional carers who meet the Individual Circumstances criteria
- Urgent safety matters
- Special educational needs and disabilities (SEND) transport
- Haringey services transporting people with disability and Transport for London's Dial-a-Ride service
- Council refuse and cleansing services
- Emergency services

Have your say by 20 September 2024

We welcome your feedback; the easiest way to provide this is by scanning the QR code and completing the online questionnaire which can also be found at **www.haringey.gov.uk/ Itndisabledpersonsurvey**

Alternatively, you can complete this paper survey and return it to us using the following Freepost address (no stamp required):

Frontline Consultation Freepost Plus RTKX-AJJC-ULRY London Borough of Haringey 10 Station Road Level 4, Alexandra House London, N22 7TY

All responses must reach the council by 20 September 2024.

Are you a carer?

A separate survey is being carried out with carers, to seek their view on the LTN. If you are a carer you can participate via: **www.haringey.gov.uk/ Itncarerssurvey**

What happens next?

After the consultation closes on 20 September 2024, Haringey Council's Cabinet will take decisions on whether to make the trial LTNs permanent.

The council has been monitoring data such as traffic, air quality, road safety, crime, and bus journey times.

This data, together with your feedback, will help inform the council's decisions which are expected to be taken on 10 December 2024.

The questionnaire comprises of five sections:

- 1. About you
- 2. About your experience of the trial LTNs
- 3. About your experience with exemptions
- 4. Equality monitoring (optional)
- 5. Your feedback on this questionnaire (optional, but your answers will help us continually improve how we engage)

Thank you for your participation

Section 2: Your experience with our three trial Low Traffic Neighbourhoods (LTNs)

In 2022, we introduced our Streets for People Low Traffic Neighbourhood trials in Bounds Green, St Ann's and Bruce Grove West Green because we wanted to reduce the overall volume of traffic in and around the area, enable safer walking, cycling and wheeling so that the whole community can benefit from cleaner air and safer streets.

The trial schemes were created by introducing traffic filters in several places that do not allow motor vehicles to drive through. The filters all have traffic signs, most have planters and are enforced by cameras allowing police, fire and ambulance service vehicles to pass through. All properties within an LTN are accessible by motor vehicle, but the route taken to reach them may have had to change.

Section 3 : Your experience with LTN exemptions

An exemption allows people to drive through some of our camera enforced traffic filters. You will recognise the filters as they have planters and signage.

All Blue Badge holders living in Haringey can apply for a Blue Badge exemption and can nominate one vehicle that either belongs to themselves, a carer, or family member / friend that may care for them. Professional carers supporting residents in Haringey can also apply for an exemption under our Individual Circumstances criteria.

SURVEY OF CARERS -Haringey's trial ltns

As we approach the end of the low traffic neighbourhood (LTN) trials, we are seeking your views. Your feedback, together with data we have collected and are analysing, will enable the council to decide whether to make the trial LTNs permanent.

Haringey Council is conducting this survey to understand how carers feel about the trial LTNs. Your response will help us better understand the impacts, benefits and challenges that the LTNs bring to you and those that you care for.

Background

In 2022, we introduced our three Streets for People LTN trials in Bounds Green, Bruce Grove West Green and St. Ann's because we wanted to reduce the overall volume of traffic in and around the area so that more people can walk, cycle and wheel in cleaner air and safer streets.

The trial LTNs were created by introducing traffic filters which prevent motor vehicles from passing through, unless they have an exemption. The aim was to reduce the number of motor vehicles cutting through local streets and to encourage, where possible, local journeys to be taken by sustainable modes.

The filters all have traffic signs, most have planters and are enforced by cameras allowing police, fire and ambulance service vehicles to pass through. All properties within an LTN are accessible by motor vehicle, but the route taken to reach them may have had to change.

We introduced the LTNs with exemptions in place which allow anyone to apply to the council for permission to drive through some of the traffic filters if they meet our exemption criteria.

Interim LTN review

In early 2023, after the trials had been in place for a short time, we asked for feedback on how the LTNs were working and whether you wanted the council to make any changes. After listening to all feedback received, including from disability and community groups, and analysing the before and after data we introduced some improvements on 4 September 2023.

The changes included:

• extended the exemptions we offered so that all Blue Badge holders living in Haringey could apply to drive through most of the traffic filters that are enforced by camera (previously, exemptions were available only for Blue Badge holders who lived within or on the immediate boundary of the LTN)

 allowing special education needs and disabilities (SEND) vehicles to also drive through diagonal traffic filters

As these LTN improvements were changing how people move around by car, we introduced them under new trials.

The new trials started on 4 September 2023, and each can legally remain in place for a maximum of 18 months, to 3 March 2025. The first six months of the trials provided a statutory consultation period when formal objections to the traffic order could be made, this period ended on 3 March 2024.

LTN exemptions are available for:

- Haringey Blue Badge holders
- People with health conditions and professional carers who meet the Individual Circumstances criteria
- Urgent safety matters
- Special educational needs and disabilities (SEND) transport
- Haringey services transporting people with disability and Transport for London's Dial-a-Ride service
- Council refuse and cleansing services
- Emergency services

Have your say by 20 September 2024

We welcome your feedback; the easiest way to provide this is by scanning the QR code and completing the online questionnaire which can also be found at

www.haringey.gov.uk/ltncarerssurvey

Alternatively, you can complete this paper survey and return it to us using the following Freepost address (no stamp required):

Frontline Consultation Freepost Plus RTKX-AJJC-ULRY London Borough of Haringey 10 Station Road Level 4, Alexandra House London, N22 7TY

All responses must reach the council by 20 September 2024.

Do you consider yourself disabled?

A separate survey is being carried out with disabled people, to seek their view on the LTN. If you are disabled you can participate via: www.haringey.gov.uk/ Itndisabledpersonsurvey

What happens next?

After the consultation closes on 20 September 2024, Haringey Council's Cabinet will take decisions on whether to make the trial LTNs permanent.

The council has been monitoring data such as traffic, air quality, road safety, crime, and bus journey times.

This data, together with your feedback, will help inform the council's decisions which are expected to be taken on 10 December 2024.

The questionnaire comprises of six sections:

- 1. About you
- 2. About the person you care for
- 3. About your experience of the trial LTN
- 4. About your experience with exemptions
- 5. Equality monitoring (optional)
- 6. Your feedback on this questionnaire (optional, but your answers will help us continually improve how we engage)

Thank you for your participation

Section 3: Your experience with our three trial Low Traffic Neighbourhoods (LTNs)

In 2022, we introduced our Streets for People Low Traffic Neighbourhood trials in Bounds Green, St Ann's and Bruce Grove West Green because we wanted to reduce the overall volume of traffic in and around the area, enable safer walking, cycling and wheeling so that the whole community can benefit from cleaner air and safer streets.

The trial schemes were created by introducing traffic filters in several places that do not allow motor vehicles to drive through. The filters all have traffic signs, most have planters and are enforced by cameras allowing police, fire and ambulance service vehicles to pass through. All properties within an LTN are accessible by motor vehicle, but the route taken to reach them may have had to change.
