Haringey Blue Badge holders 23 Aug 2024

Survey of Disabled People - Haringey's Trial LTNs

Parking Services London Borough of Haringey <parking.services.london.borough.of.haringey@notifications.service.gov.uk>

Dear Blue Badge Holder (or Nominated Contact).

I am writing to you as our records indicate that you hold a Blue Badge or that you are a nominated contact for a Haringey Blue Badge holder.

In 2022, we introduced three Streets for People LTN trials in Bounds Green, Bruce Grove West Green and St. Ann's because we wanted to reduce the overall volume of traffic in and around the area so that more people could walk, cycle and wheel in cleaner air and safer streets.

We recognise that disabled people in London have diverse transportation needs and preferences. Whilst some rely on cars for essential journeys, many others use public transport, adapted bicycles, mobility scooters or walk. Our goal is to ensure that our streets are accessible and safe for all, regardless of how disabled people choose to travel.

In early 2023, we carried out an interim review of the LTNs and made changes to assist disabled people.

The changes included:

 extending the exemptions we offered so that all Blue Badge holders living in Haringey can apply to drive through most of the LTN traffic filters that are enforced by camera (previously, exemptions were available only for Blue Badge holders who lived within or on the immediate boundary of the LTN). Blue badge holders can nominate one vehicle to be granted the exemption and this vehicle can belong to a family, friend or carer who is supporting them allowing special education needs and disabilities (SEND) vehicles to also drive through diagonal traffic filters

You can read more about the range of exemptions that we offer https://www.haringey.gov.uk/ltn-exemptions

Have your say by 20 September 2024

As we approach the end of the low traffic neighbourhood (LTN) trials, the council is very keen to hear how disabled people, including those with a long-term health condition, feel about the trial LTNs.

Responses to the survey will help us better understand the impacts, benefits and challenges that LTNs bring to you and other disabled people.

We welcome your feedback. The easiest way to provide feedback is by completing the online questionnaire https://www.haringey.gov.uk/ltndisabledpersonsurvey

Alternatively, paper copies are available by calling our dedicated LTN phone line on 020 8489 4787 or picking up a copy at:

- Alexandra Park Library, Alexandra Park Road, N22 7UJ
- Broadwater Farm Community Centre, Adams Road, N17 6HG
- Coombes Croft Library Tottenham, High Road, N17 8AG
- · Marcus Garvey Library, 1 Philip Lane, N15 4JA
- · St. Ann's Library, Cissbury Rd, N15 5PU

Wood Green Library, 187-197A High Road, N22 6XD

If you need any assistance in responding, please call 020 8489 4787 or email LTN@Haringev.gov.uk

Do you know someone who is a carer?

A separate survey is being carried out with carers, to seek their view on the trial LTNs. If you know someone who is a carer, please let them know that they can participate in the consultation via: https://www.haringey.gov.uk/ltncarerssurvey

What happens next?

After the consultation closes on 20 September 2024, Haringey Council's Cabinet will take decisions on whether to make the trial LTNs permanent.

The council has been monitoring data such as traffic, air quality, road safety, crime, and bus journey times. This data, together with your feedback, will help inform the council's decisions which are expected to be taken on 10 December 2024.

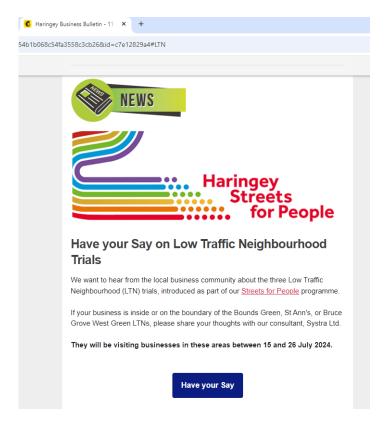

For further information please visit https://www.haringey.gov.uk/haringey-streets-people

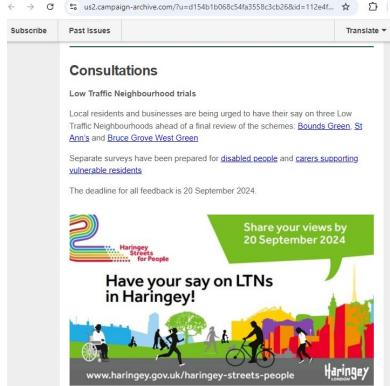

Yours sincerely

LTN Team Haringey Council

HAVE YOUR SAY

BOUNDS GREEN LOW TRAFFIC NEIGHBOURHOOD TRIAL

As we approach the end of the low traffic neighbourhood (LTN) trial, we are seeking your views. Your feedback, together with data we have collected and are analysing, will enable the council to decide whether to make the LTN permanent.

Background

On 15 August 2022, we introduced our Streets for People LTN trial in Bounds Green because we wanted to reduce the overall volume of traffic in and around the area so that the community can walk, cycle and wheel in cleaner air and safer streets.

The trial LTN was created by introducing traffic filters which prevent motor vehicles from passing through, unless they have an exemption. The aim was to reduce the number of motor vehicles cutting through local streets and to encourage, where possible, local journeys to be taken by sustainable modes.

The filters all have traffic signs, most have planters and are enforced by cameras allowing police, fire and ambulance service vehicles to pass through. All properties within an LTN are accessible by motor vehicle, but the route taken to reach them may have had to change.

We introduced the LTN with exemptions in place which allow anyone to apply to the council for permission to drive through some of the traffic filters if they meet our exemption criteria.

Interim LTN review

In early 2023, after the trial scheme had been in place for a short time, we asked you for feedback on how the LTN was working and whether you wanted the council to make any changes.

After listening to all feedback received, including from disability and community groups, and analysing the before and after data we introduced some improvements on 4 September 2023.

For Bounds Green LTN, we:

- extended the exemptions we offered so that all Blue Badge holders living in Haringey could apply to drive through most of the traffic filters that are enforced by camera (previously, exemptions were available only for Blue Badge holders who lived within or on the immediate boundary of the LTN)
- allowed special education needs and disabilities (SEND) vehicles to also drive through diagonal traffic filters

As these LTN improvements were changing how people move around by car, we introduced them under a new trial.

The new trial started on 4 September 2023, and can legally remain in place for a maximum of 18 months, to 3 March 2025. The first six months of the trial provided a statutory consultation period when formal objections to the traffic order could be made, this period ended on 3 March 2024.

LTN exemptions are available for:

- Haringey Blue Badge holders
- People with health conditions and professional carers who meet the Individual Circumstances criteria
- Urgent safety matters
- Special educational needs and disabilities (SEND) transport
- Haringey services transporting people with disability and Transport for London's Dial-a-Ride service
- Council refuse and cleansing services
- Emergency services

Have your say by 20 September 2024

We welcome your feedback; the easiest way to provide this is by completing the online questionnaire **boundsgreenltn.commonplace.is**

You can also reach the questionnaire by scanning the QR code.

Paper copies of the questionnaire are available by calling our dedicated LTN phone line on 020 8489 4787. Alternatively, you can pick up a copy at:

- Alexandra Park Library, Alexandra Park Road, N22 7UJ
- Broadwater Farm Community Centre, Adams Road, N17 6HG
- Coombes Croft Library Tottenham, High Road, N17 8AG
- Marcus Garvey Library, 1 Philip Lane, N15 4JA
- St. Ann's Library, Cissbury Rd, N15 5PU
- Wood Green Library, 187-197A High Road, N22 6XD

You can return a completed paper questionnaire by sending it to the following Freepost address (no stamp required):

Frontline Consultation
Freepost Plus RTKX-AJJC-ULRY
London Borough of Haringey
10 Station Road
Level 4, Alexandra House
London, N22 7TY

All responses must reach the council by 20 September 2024.

Disabled person or a carer?

Separate surveys are being carried out with disabled people and carers, to seek their view on the LTN. If you are a blue badge holder living in Haringey, we will be contacting you separately. You can participate via

Disabled people:

www.haringey.gov.uk/ltndisabledpersonsurvey

Carers: www.haringey.gov.uk/ltncarerssurvey

What happens next?

After the consultation closes on 20 September 2024, Haringey Council's Cabinet will take a decision on whether to make the trial LTN scheme permanent.

The council has been monitoring data such as traffic, air quality, road safety, crime, and bus journey times. This data, together with your feedback, will help inform the council's decision.

This decision is expected to be taken on 10 December 2024.

If returning by post, fold page and secure with tape or glue.

BOUNDS GREEN LTN QUESTIONNAIRE

Haringey Council is conducting this questionnaire to understand how you feel about the trial Low Traffic Neighbourhood (LTN).

Your response will help us better understand any impacts, benefits or challenges that the LTN brings to you.

We introduced the trial LTN because we wanted to reduce the overall volume of traffic in and around the area so that the community can walk, cycle and wheel in cleaner air and safer streets.

The trial LTN is designed to create Streets for People, part of our ambition to create a fairer, greener borough.

The guestionnaire comprises of four sections:

- A. About you
- B. About your experience of the trial LTN
- C. About your experience with exemptions
- D. Equality monitoring (optional)

For further information please visit: www.haringey.gov.uk/ haringey-streets-people

All responses must reach the council by 20 September 2024.

Thank you for your participation

Data Protection and Privacy Statement: www.haringey.gov.uk/contact/

boundsgreenltn.commonplace.is

A: About you and your connection to the LTN

A1. Where do you live in relation to the LTN?

This section asks about you and your connection to the trial LTN. Your responses to these questions will help us to understand your views more clearly.

You can check if you live in a LTN at: www.haringey.g	ov.uk/check-live-in-ltn
☐ I live within Bounds Green LTN	☐ I live in a different London Borough
☐ I live on a boundary road surrounding Bounds Green LTN	I live outside London
☐ I live in another part of Haringey	
A2. If you live in a different London Borough, which	:h borough?
A3. If you don't live within the LTN or on a boundary r	oad surrounding the LTN, what is your connection to the are
☐ I work within the LTN	☐ I travel through the LTN
I work on a boundary road surrounding the LTN	☐ I travel along boundary roads surrounding the LTN
I visit friends, family, shops, services, clients, school within the LTN	
I visit friends, family, shops, services, clients, school on boundary roads surrounding the LTN	pls
A4. What is your home postcode?	
This information is only required to understand how v boundary roads and will not be used for personal iden	views differ between people who live in the LTN and outside/ontification purposes
A5. What is the name of the street where you live	?
This information is only required to understand how v boundary roads and will not be used for personal iden	riews differ between people who live in the LTN and outside/ontification purposes
A6. If you are a responding on behalf of a business, w	hat is the postcode of your business?
A7. If you are a responding on behalf of a business, w	hat is the name of the street where your business is located?
A8. Do you have a disability?	
By disability we mean a person who is disabled, is living	a with a disability or has a long-torm boalth condition
	I don't have a Blue Badge)
ino ines (mave a blue bauge) intes (i	rdori triave a blue bauge)

D - Equality Monitoring - Optional

The following questions are optional; you are not required to provide answers. However, your response will help us understand how the LTNs may affect some of the protected characteristics outlined in the Equality Act 2010.

Collecting, analysing, and using equalities information helps us to understand how our policies and activities are affecting various sections of our communities and helps us to identify any inequalities that may need to be addressed. We will be grateful if you could complete this form. The information you provide on this form will be held in the strictest confidence and only be used for the purpose stated above.

D1. Age		
Which age group applies to you?		
☐ Under 17 ☐ 22-29	40-49	60-74 Prefer not to say
☐ 17-21 ☐ 30-39	50-59	75+
D2. Sex		
What best describes your sex?		
☐ Male ☐ Female ☐ Pro	efer not to say Othe	r

SURVEY OF DISABLED PEOPLE - HARINGEY'S TRIAL LTNs

As we approach the end of the low traffic neighbourhood (LTN) trials, we are seeking your views. Your feedback, together with data we have collected and are analysing, will enable the council to decide whether to make the LTNs permanent.

Haringey Council is conducting this survey to understand how disabled people, including those with a long-term health condition, feel about the trial LTNs. Your responses will help us better understand the impacts, benefits and challenges that LTNs bring to you and other disabled people.

Background

In 2022, we introduced our three Streets for People LTN trials in Bounds Green, Bruce Grove West Green and St. Ann's because we wanted to reduce the overall volume of traffic in and around the area so that more people can walk, cycle and wheel in cleaner air and safer streets.

The trial LTNs were created by introducing traffic filters which prevent motor vehicles from passing through, unless they have an exemption. The aim was to reduce the number of motor vehicles cutting through local streets and to encourage, where possible, local journeys to be taken by sustainable modes.

The filters all have traffic signs, most have planters and are enforced by cameras allowing police, fire and ambulance service vehicles to pass through. All properties within an LTN are accessible by motor vehicle, but the route taken to reach them may have had to change.

We introduced the LTNs with exemptions in place which allow anyone to apply to the council for permission to drive through some of the traffic filters if they meet our exemption criteria.

Interim LTN review

In early 2023, after the trials had been in place for a short time, we asked for feedback on how the LTNs were working and whether you wanted the council to make any changes. After listening to all feedback received, including from disability and community groups, and analysing the before and after data we introduced some improvements on 4 September 2023.

The changes included:

 extended the exemptions we offered so that all Blue Badge holders living in Haringey could apply to drive through most of the traffic filters that are enforced by camera (previously, exemptions were available only for Blue Badge holders who lived within or on the immediate boundary of the LTN)

 allowing special education needs and disabilities (SEND) vehicles to also drive through diagonal traffic filters

As these LTN improvements were changing how people move around by car, we introduced them under new trials.

The new trials started on 4 September 2023, and each can legally remain in place for a maximum of 18 months, to 3 March 2025. The first six months of the trials provided a statutory consultation period when formal objections to the traffic order could be made, this period ended on 3 March 2024.

LTN exemptions are available for:

- Haringey Blue Badge holders
- People with health conditions and professional carers who meet the Individual Circumstances criteria
- Urgent safety matters
- Special educational needs and disabilities (SEND) transport
- Haringey services transporting people with disability and Transport for London's Dial-a-Ride service
- Council refuse and cleansing services
- Emergency services

Have your say by 20 September 2024

We welcome your feedback; the easiest way to provide this is by scanning the QR code and completing the online questionnaire which can also be found at www.haringey.gov.uk/ Itndisabledpersonsurvey

Alternatively, you can complete this paper survey and return it to us using the following Freepost address (no stamp required):

Frontline Consultation Freepost Plus RTKX-AJJC-ULRY London Borough of Haringey 10 Station Road Level 4. Alexandra House London, N22 7TY

All responses must reach the council by 20 September 2024.

Are you a carer?

A separate survey is being carried out with carers, to seek their view on the LTN. If you are a carer you can participate via: www.haringey.gov.uk/ **Itncarerssurvey**

What happens next?

After the consultation closes on 20 September 2024, Haringey Council's Cabinet will take decisions on whether to make the trial LTNs permanent.

The council has been monitoring data such as traffic, air quality, road safety, crime, and bus journey times.

This data, together with your feedback, will help inform the council's decisions which are expected to be taken on 10 December 2024.

The questionnaire comprises of five sections:

- 1. About you
- 2. About your experience of the trial LTNs
- 3. About your experience with exemptions
- 4. Equality monitoring (optional)
- 5. Your feedback on this questionnaire (optional, but your answers will help us continually improve how we engage)

Thank you for your participation

1532.55 LTN disability questionnaire A4.indd 5 16/08/2024 9:32 am

Section 2: Your experience with our three trial Low Traffic Neighbourhoods (LTNs)

In 2022, we introduced our Streets for People Low Traffic Neighbourhood trials in Bounds Green, St Ann's and Bruce Grove West Green because we wanted to reduce the overall volume of traffic in and around the area, enable safer walking, cycling and wheeling so that the whole community can benefit from cleaner air and safer streets.

The trial schemes were created by introducing traffic filters in several places that do not allow motor vehicles to drive through. The filters all have traffic signs, most have planters and are enforced by cameras allowing police, fire and ambulance service vehicles to pass through. All properties within an LTN are accessible by motor vehicle, but the route taken to reach them may have had to change.

For further information about LTNs please visit www.haringey.gov.uk/haringey-streets-people

14. How aware are you of the trial	LTNs in Ha	ringey?				
☐ Very aware ☐ Aware		Neither av	vare or unawa	are	Unaware	
☐ Very unaware ☐ Prefer not	to say					
15. In general, how do you feel abo	ut the trial	LTNs?				
Very	positive	Positive	Neutral N	legative Ve	ry negative	Don't know
Bounds Green LTN

17. Bounds Green LTN

Since Bounds Green LTN was introduced, to what extent do you agree or disagree with these statements?

	Strongly agree	Agree	No change	Disagree	Strongly disagree	Don't know/ prefer not to say
It is easier to cycle, use an adapted cycle or mobility scooter						
It feels safer using the street in the day (road safety)						
It feels safer using the street in the night (road safety)						
It is easier to walk, use a walking aid or wheelchair						
It is easier for me to make the trips I need to make						
It is easier for me to get to local shops and services						
It has made me take fewer trips by car						
It has made it easier for me to get to friends and family						
I feel safer using the street during the day (personal safety)						
I feel safer using the street during the night (personal safety)						
The area feels quieter (less noisy)						
The air feels cleaner (less polluted)						

18. Bruce Grove West Green LTN

Since Bruce Grove West Green LTN was introduced, to what extent do you agree or disagree with these statements?

	Strongly agree	Agree	No change	Disagree	Strongly disagree	Don't know/ prefer not to say
It is easier to cycle, use an adapted cycle or mobility scooter						
It feels safer using the street in the day (road safety)						
It feels safer using the street in the night (road safety)						
lt is easier to walk, use a walking aid or wheelchair						
It is easier for me to make the trips I need to make						
It is easier for me to get to local shops and services						
It has made me take fewer trips by car						
It has made it easier for me to get to friends and family						

	Strongly agree	Agree	No change	Disagree	Strongly disagree	Don't know/ prefer not to say
I feel safer using the street during the day (personal safety)						
I feel safer using the street during the night (personal safety)						
The area feels quieter (less noisy)						
The air feels cleaner (less polluted)						

19. St. Ann's LTN

Since St. Ann's LTN was introduced, to what extent do you agree or disagree with these statements?

		•				
	Strongly agree	Agree	No change	Disagree	Strongly disagree	Don't know/ prefer not to say
It is easier to cycle, use an adapted cycle or mobility scooter						
It feels safer using the street in the day (road safety)						
It feels safer using the street in the night (road safety)						
It is easier to walk, use a walking aid or wheelchair						
It is easier for me to make the trips I need to make

	el patterns been affected more at certain tim nich travel modes (walking, cycling, driving, bu	
<u> </u>		

Section 3: Your experience with LTN exemptions

An exemption allows people to drive through some of our camera enforced traffic filters. You will recognise the filters as they have planters and signage.

All Blue Badge holders living in Haringey can apply for a Blue Badge exemption and can nominate one vehicle that either belongs to themselves, a carer, or family member / friend that may care for them. Professional carers supporting residents in Haringey can also apply for an exemption under our Individual Circumstances criteria.

For further details about the LTN exemptions please visit: www.haringey.gov.uk/ltn-exemptions

24. Exemptions						
Did you know the council offers LTN exemp	otions?

Section 4: Equality Monitoring – Optional

The following questions are optional; you are not required to provide answers. However, your response will help us understand how the LTNs may affect some of the protected characteristics outlined in the Equality Act 2010.

Collecting, analysing, and using equalities information helps us to understand how our policies and activities are affecting various sections of our communities and helps us to identify any inequalities that may need to be addressed. We will be grateful if you could complete this section. The information you provide on this form will be held in the strictest confidence and only be used for the purpose stated above.

32. Age		
Which age group applies to you?		
☐ Under 17 ☐ 22-29	☐ 40-49 ☐ 60)-74 Prefer not to say

SURVEY OF CARERS -HARINGEY'S TRIAL LTNs

As we approach the end of the low traffic neighbourhood (LTN) trials, we are seeking your views. Your feedback, together with data we have collected and are analysing, will enable the council to decide whether to make the trial LTNs permanent.

Haringey Council is conducting this survey to understand how carers feel about the trial LTNs. Your response will help us better understand the impacts, benefits and challenges that the LTNs bring to you and those that you care for.

1532.55 LTN carers questionnaire A4.indd 1 16/08/2024 9:

Background

In 2022, we introduced our three Streets for People LTN trials in Bounds Green, Bruce Grove West Green and St. Ann's because we wanted to reduce the overall volume of traffic in and around the area so that more people can walk, cycle and wheel in cleaner air and safer streets.

The trial LTNs were created by introducing traffic filters which prevent motor vehicles from passing through, unless they have an exemption. The aim was to reduce the number of motor vehicles cutting through local streets and to encourage, where possible, local journeys to be taken by sustainable modes.

The filters all have traffic signs, most have planters and are enforced by cameras allowing police, fire and ambulance service vehicles to pass through. All properties within an LTN are accessible by motor vehicle, but the route taken to reach them may have had to change.

We introduced the LTNs with exemptions in place which allow anyone to apply to the council for permission to drive through some of the traffic filters if they meet our exemption criteria.

Interim LTN review

In early 2023, after the trials had been in place for a short time, we asked for feedback on how the LTNs were working and whether you wanted the council to make any changes. After listening to all feedback received, including from disability and community groups, and analysing the before and after data we introduced some improvements on 4 September 2023.

The changes included:

 extended the exemptions we offered so that all Blue Badge holders living in Haringey could apply to drive through most of the traffic filters that are enforced by camera (previously, exemptions were available only for Blue Badge holders who lived within or on the immediate boundary of the LTN)

 allowing special education needs and disabilities (SEND) vehicles to also drive through diagonal traffic filters

As these LTN improvements were changing how people move around by car, we introduced them under new trials.

The new trials started on 4 September 2023, and each can legally remain in place for a maximum of 18 months, to 3 March 2025. The first six months of the trials provided a statutory consultation period when formal objections to the traffic order could be made, this period ended on 3 March 2024.

LTN exemptions are available for:

- Haringey Blue Badge holders
- People with health conditions and professional carers who meet the Individual Circumstances criteria
- Urgent safety matters
- Special educational needs and disabilities (SEND) transport
- Haringey services transporting people with disability and Transport for London's Dial-a-Ride service
- Council refuse and cleansing services
- Emergency services

Have your say by 20 September 2024

We welcome your feedback; the easiest way to provide this is by scanning the QR code and completing the online questionnaire which can also be found at

www.haringey.gov.uk/ltncarerssurvey

Alternatively, you can complete this paper survey and return it to us using the following Freepost address (no stamp required):

Frontline Consultation Freepost Plus RTKX-AJJC-ULRY London Borough of Haringey 10 Station Road Level 4, Alexandra House London, N22 7TY

All responses must reach the council by 20 September 2024.

Do you consider yourself disabled?

A separate survey is being carried out with disabled people, to seek their view on the LTN. If you are disabled you can participate via:

www.haringey.gov.uk/ Itndisabledpersonsurvey

What happens next?

After the consultation closes on 20 September 2024, Haringey Council's Cabinet will take decisions on whether to make the trial LTNs permanent.

The council has been monitoring data such as traffic, air quality, road safety, crime, and bus journey times.

This data, together with your feedback, will help inform the council's decisions which are expected to be taken on 10 December 2024.

The questionnaire comprises of six sections:

- 1. About you
- 2. About the person you care for
- 3. About your experience of the trial LTN
- 4. About your experience with exemptions
- 5. Equality monitoring (optional)
- 6. Your feedback on this questionnaire (optional, but your answers will help us continually improve how we engage)

Thank you for your participation

Section 3: Your experience with our three trial Low Traffic Neighbourhoods (LTNs)

In 2022, we introduced our Streets for People Low Traffic Neighbourhood trials in Bounds Green, St Ann's and Bruce Grove West Green because we wanted to reduce the overall volume of traffic in and around the area, enable safer walking, cycling and wheeling so that the whole community can benefit from cleaner air and safer streets.

The trial schemes were created by introducing traffic filters in several places that do not allow motor vehicles to drive through. The filters all have traffic signs, most have planters and are enforced by cameras allowing police, fire and ambulance service vehicles to pass through. All properties within an LTN are accessible by motor vehicle, but the route taken to reach them may have had to change.

For further information about LTNs please visit www.haringey.gov.uk/haringey-streets-people

20. How aware are you of the trial l	TNs in Harir	ngey?

Section 4: Your experience with LTN exemptions

An exemption allows people to drive through some of our camera enforced traffic filters. You will recognise the filters as they have planters and signage.

All Blue Badge holders living in Haringey can apply for a Blue Badge exemption and can nominate one vehicle that either belongs to themselves, a carer, or family member / friend that may care for them.

Professional carers supporting residents in Haringey can also apply for an exemption under our Individual Circumstances criteria.

For further details about the LTN exemptions please visit: www.haringey.gov.uk/ltn-exemptions

Section 5: Equality Monitoring - Optional

The following questions are optional; you are not required to provide answers. However, your response will help us understand how the LTNs may affect some of the protected characteristics outlined in the Equality Act 2010.

Collecting, analysing, and using equalities information helps us to understand how our policies and activities are affecting various sections of our communities and helps us to identify any inequalities that may need to be addressed. We will be grateful if you could complete this section. The information you provide on this form will be held in the strictest confidence and only be used for the purpose stated above.

40. Age		
Which age group applies to you?
