Subject: Objection Slim Chickens alcohol licence

We own the ground floor flat, A Alexandra Road. Over recent years we have experienced more and more anti social behaviour involving alcohol and drugs. As a neighbourhood we try hard to support each other.

The idea of a late night drinking place at the end of our road is scary indeed! We wholeheartedly object. Buying the odd chicken drumstick to permit you to drink from 09.00am to 11.00pm is a recipe for disaster and we foresee a large problem for the corner of our road.

Historically we have had people with problem drinking hanging around the corner of our road, urinating in Martins Walk, and this can be intimidating for residents.

I hope you will give consideration to our concerns when assessing this application.

Kind regards

Claire and Mark Bennett
