Stakeholder Engagement Findings

- 2/3 businesses - markets add benefits
- 3/4 businesses think that their centre would benefit from more markets
- Preferred locations are in centre
- Residents look for atmosphere, healthy food, choice of goods, location and friendly traders
- Residents looking for similar attributes in new markets in Haringey.

Benchmarking

- The offer needs to be more than just retail
- Add services, catering, wellbeing, leisure and arts
- Strong visual impact, clear branding and good promotion
- Options to eat/sit when visiting markets
- Markets need to be integral and explicitly included in council policies
- Additional events, themed markets and activity generate repeat visits
- Support new start-ups, pop-ups, temporary uses, young traders.

Haringey Markets Strategy Conclusions

- Residents in the borough like markets and use them regularly
- Businesses and stakeholders see the benefit of good quality well delivered markets
- Wood Green, Crouch End, Tottenham and Muswell Hill can sustain and accommodate more commercial markets
- Role of Council in creating and supporting new markets is as enabler, curator, facilitator and promotor of markets; not as a direct operator.

Key Recommendations

- Increase the number of 'market days'
- Create a Market Operators Forum
- Increase markets' profile and awareness
- Work with market operators to nurture and improve markets provision
- Facilitate three new market locations by Dec 2025 in CE, MH and TH
- Work with private market operators
- Deliver a marketing and branding strategy for Haringey markets.
