

ALEXANDRA PARK AND PALACE CHARITABLE TRUST BOARD

Agenda Item 10

18th September 2025

Report Title: Finance Report

Report of: Emma Dagnes OBE, Chief Executive

Purpose: To present forecast against budget 2025/26 for Alexandra Park and Palace Charitable Trust.

Local Government (Access to Information) Act 1985 - N/A

1. Recommendations

To Note Forecast against Budget 25/26

2. Introduction

- 2.1 Like many charities operating in the cultural, heritage, and hospitality sectors, Alexandra Park and Palace Charitable Trust is encountering several significant challenges. These include economic uncertainty, rising operational costs, and increasing pressures within the labour market. Collectively, these factors create difficulties in maintaining a balanced budget for the Trust while also striving to grow the profit margin (Gift Aid) within the trading company.
- 2.2 Across all the sectors that we operate in, we are vulnerable to external shocks, such as war impacting utilities and supply chain, climate change which we are experiencing first hand with the entire estate coming under significant pressure and impact from adverse weather conditions leading to cancellation of events or low footfall due to customers not wishing to attend in bad weather, and shorter dwell time / reduced spend.
- 2.3 The competitor landscape across all the Trusts subsidiaries Food & Beverage, Events, Theatre, Ice Rink also continues to grow and strengthen. Additionally, evolving customer, client, visitor and stakeholder expectations, particularly regarding sustainability and digital experiences, require significant investment in innovation.
- 2.4 Therefore, adapting to these challenges requires discipline and focus on our Strategic Vision and Goals, exemplary strategic planning, digital transformation and a strong policy for fundraising and support. All of which are set out in the Trusts Vision, Goals and Operational Business Plan.

3. **Vision, Mission, Purpose, Goals & Values**

- 3.1 When preparing the annual budgets, APPCT adheres to its established strategic framework, as outlined below at high level.
- 3.2 Our Vision is to create **“A Sustainable Home For All That We Do”** *Enabling everyone to experience inspirational culture, world-class entertainment, unique heritage, life-enriching creative and educational opportunities and restorative green space. Forever.*
- 3.3 Our Mission as set out in our 1985 Act of Parliament is to **“To Repair, Maintain, Restore for the enjoyment of the public”**
- 3.4 Our Purpose is to **“Enrich lives, through great experiences, forever”**
- 3.5 Our 10 ambitious goals are: Build Climate Change Resilience, Safeguard Our Green Lung for London, Protect Our Heritage Assets, Restore Derelict Spaces, Strengthen Our Overall Resilience, Establish New, Exciting Partnerships Inspire, Engage Our Communities, Create A Great Place To Work, Provide Great Entertainment & Culture For All, Protect our Archives and Share our Stories in Innovative Ways.
- 3.6 Underpinning all our strategic aims are our Values; We are Collaborative, We are Passionate & Fun, We are Resourceful, We are Bold, We are Open & Genuine.

4. **Operational Business Plan 25/26**

- 4.1 In the 2024/25 financial year, Alexandra Park and Palace (APP) introduced a new Operational Business Plan aligned with its updated Vision and Goals. The first year provided an opportunity to test key concepts and approaches, allowing for refinement ahead of the plan's further development into the following year 25/26. While work is ongoing, the high-level Operational Business Objectives for the purposes of this report are outlined below:
- Ensure the achievement of financial and fundraising targets by fostering a culture of collaboration.
 - Develop and implement a structured process for the collaborative planning, development and delivery of strategic projects and programs.
 - Implement and enhance the "Brilliant Basics" framework to set and elevate standards across all areas and aspects of the organisation.
 - Embed organisational strategies and policies by fostering a culture of empowerment and recognition.
- 4.2 Measures and metrics are set out in the Business Plan in detail; the following are examples for the purposes of the report and not an exhaustive list.

Example KPI's

- Trust to achieve a sustainable budget
- Revenue Growth Rate
- Gross Margin / Net Margin
- Donations per paying customer
- Basket donations
- Staff Turnover
- Mandatory Training Completion rate
- Net Promoter Score

5 Financial Performance and 2025/26 Budget Considerations

- 5.1 An important key performance indicator (KPI) in the Operational Business Plan is achieving a sustainable budget position for the Trust, following multiple years of operating at a deficit. While the financial year 2024/25 indicates that the Charity is on track to meet this target. This position includes consideration for repayment of all loans.
- 5.2 During the development of the 2025/26 Trust Budget, achieving a sustainable position proved challenging. However, through extensive efforts to identify cost savings and establish a clearer understanding of the revenue generated in-year— which contributes to the charity via gift aid in the following financial year— the Trust has successfully achieved a balanced budget. Nonetheless, the financial challenges remain, necessitating ongoing mitigation strategies.

5.3 Financial Challenges and Mitigation Strategies

Financial Challenges: Increases and unavoidable cost pressures, including:

- Insurance Premiums: Budget assumptions include a 6% increase, however this came in at 5%
- National Insurance Contributions: Recent increases of employers NI from 13.8% to 15% have directly impacted the salary budget.
- Estate Guarding Costs: Compliance with new legislation necessitates enhanced site security measures, leading to increased expenditure.
- General Cost Inflation: Rising construction and wage costs continue to affect the Trust's repairs and maintenance budgets.
- General Cost Inflation: Impacts on both gross and net profit margins of the subsidiary in turn impacting gift aid to the charity.

Mitigation Strategies: To mitigate a worsening deficit position, the Trust is implementing several strategies, including:

- Restoration Levy collected on behalf of the Trust recognised in year rather than in arrears, set out in more detail under section 6 within this report.
- Car Park Charges: The Trustee Board have approved for reasonable increases to take effect on 1st April 2025
- Fundraising: Increased fundraising targets, including the introduction of a Patron Scheme, installation of Tap to Donate terminals, and the launch of a significant capital campaign targeting trusts and foundations.
- New Leases and Tenants: Expanding estate tenancy opportunities to generate new revenue streams, including the successful in-sourcing of the Golf Course and future insourcing of the Boating Lake Café.

Operational Efficiencies: In parallel, the Trust has undertaken a rigorous review of its operational costs to identify efficiencies and savings:

- Resource Amalgamation: Cross-departmental collaboration and resource sharing to optimise efficiency as well as potential recruitment freeze in the final two quarters of the financial year 2025/26
- Cost Reassignment: Redistribution of certain operating expenses under the cost-sharing agreement with the trading subsidiary, such as cleaning services.

Strategic Investments: Despite financial constraints, the Trust remains committed to strategic investments in alignment with its long-term objectives:

- People: Continued investment in staff and volunteer development, well-being to attract and retain talent within available resources.
- Technology & IT: Enhancing digital capabilities to drive operational efficiency and support the Trust's charitable mission.
- Repairs, Restoration, and Maintenance: Prioritising essential estate maintenance to support the needs of approximately five million annual visitors.

- 5.4 While achieving a sustainable budget for 2025/26 has presented significant challenges, the Trust is committed to proactively addressing cost pressures through revenue generation, operational efficiencies, and targeted investments. Ongoing strategic measures will continue to strive towards a future of financial stability for the Trust.

Total Expenditure	(5,302,458)	(5,304,521)	63	0%
Surplus / (Deficit)	441,539	350,695	88,843	20%

6.2 Notes on Forecast:

Unrestricted income:

Income within the Trust is ahead of target by 2%, £88.8k. This is mainly due to the operating profit for APTL for 2024/25 ending up higher than budgeted.

1. Restoration Levy: The 2025/26 in year Restoration Levy remains as budgeted at this stage of the year
2. Gift Aid: This is forecast to increase by 5%, £68k, as operating profit from APTL for 2024/25 landed £91k above budget, net by a £23k bad debt provision adjustment . Accounts are currently being audited, but we do not expect any changes.
3. Grants: There is no inflationary increase in the amount to be received from the Corporate Trustee per the agreed terms.
4. Car Parking: Increases went ahead as planned on the 1st of April and income is currently in line with budget
5. Leases: 2% ahead of budget, due to Cricket Club lease free period end not being budgeted.
6. APTL licence: There is no inflationary uplift assumed. Any uplift would have a corresponding negative impact on future gift aid. It is more critical to secure third-party income.
7. Creative Learning: On target for 2025/26.

8. Donations: This is an emerging income stream which requires the foundations to be built to see larger sums in future years. Progression is slow but positive we anticipate ending the year being slightly ahead of budget.
9. New licences and leases are showing as 10% up vs budget for 2025/26, but this favourable variance is due to a one-off recharge to a tenant. This has been net by the same spend within maintenance costs. Licence and Lease income is as expected for 2025/26.

Unrestricted expenditure:

Overall expenditure is on target vs budget. Operating costs are running slightly behind, but this has been net by savings made in other areas of the business

10. Operating costs: Operating costs are higher than budget by 1%. This is mainly due to an unexpected increase in rates. Discussions are being had with the Business Rates team to see if we can reduce this cost.
There has also been some additional unbudgeted investment expenditure in IT. This is to strengthen our IT infrastructure e.g Upgrade of the Firewall.
11. Salaries are currently running 1% behind budget. This is mainly due to agency staff covering vacant full time roles, as well as unrestricted funds currently covering one role usually covered by restricted funds. As projects emerge and funds are secured throughout the year, this role will be covered by those restricted funds.
12. Maintenance: Remains largely on target for 2025/26, but there is a challenge to remain within budget with inflationary increases, where grant funding from Corporate Trustees remains at the same level and grants cannot be used for all aspects of Park and Palace maintenance.
13. Security: Slightly down vs budget. Security for car parking is a variable cost. Costs were slightly higher in April due to more events taking place.
14. Insurance: Small saving made against budget, as insurance for 2025/26 came in less than budgeted.
15. Utilities: 3% up against budget due to a prior year credit note being received for gas.

7 Risks

- 7.1 As set out above the Trust has worked hard to ensure effective financial management and taken a proactive approach to identifying and mitigating potential budgets risks. However, that does not mean there are no risks, and the Trustees should note the following:
 - Income shortfalls: Potential underperformance in fundraising and car park charging which are predicated on footfall and spend per head.
 - Cost overruns: Unexpected increases in costs due to unforeseen emergencies in particular relating to the building and its infrastructure.
 - Economic Challenges: Impact of external economic factors such as inflation, war, global turmoil impacting supply chains and utilities.
 - Regulatory and Compliance Changes: Changes increasing financial obligations and pressures.
 - Supplier & Contractual Dependencies: The Trust has several large contracts that will be re-tendered this year. The aim will be to keep costs in line with past expenditure, however there may be increases which to mitigate would require service cuts.
- 7.2 While budget risks are inherent, the Trust remains committed to sound financial management and reporting and will continue to keep all stakeholders and trustees apprised of shifts in risk through our risk management reporting.
