Allowing the premises to remain open for longer hours could cause public nuisance due to patrons coming and going and possible congregating outside the premises. There are residential properties above the premises and residents have a right to enjoy a quite peace home life.

Taking this application into consideration Police suggest the following hours:

**Hours open to Public**

The Police Licensing team have looked at the premises compliance as a whole and any evidence available to them to come to a decision in this application.

On Saturday 12<sup>th</sup> of April 2025, licensing officers conducted a visit to the premises during a boxing event when the applicant applied for a TENS that was granted. The applicant gave conditions in his TENS application which offered measures to mitigate risk, and the TENS was granted with these conditions in place however on attendance to carry out a compliance check of said TENS officers found breaches. A notification of alleged offences under the Licensing Act 2003 was issued (see annex 1) and upon speaking to the applicant of the TENS Mr Tekleweni Ghebreselassie did not

appear to have full knowledge of the conditions in his own TENS application. However, Police acknowledged that these breaches were corrected there and then, and he worked with Police to be compliant. This does not however excuse that the applicant should not have had breaches at all.

Police carried out a full licence compliance visit on Wednesday 17<sup>th</sup> of December 2025 and encountered breaches of the premises licence.

A notification of alleged offences under the Licensing Act 2003 was issued to the applicant, these breaches were relating to Section 136(1) Carrying on or attempting to carry on licensable activity on or from any premises otherwise and in accordance with an authorisation or knowingly allowing a licensable activity to be carried on. (see annex 2)

On Tuesday 06<sup>th</sup> of January 2026, licensing officers re-visited the premises, and all the breaches had been corrected.

Whilst I acknowledge the applicant has corrected the breaches of conditions on his premises licence, it does not reassure me that the premises has been conducting licensable activity responsibly.

Conditions are given to a premises to uphold the licensing objectives, and these are mandatory and not optional.

**Police are seeking conditions to be added to the licence to strengthen the licence as follows:**

#### **THE PREVENTION OF CRIME AND DISORDER**

CCTV shall be installed, operated, and maintained, to function all times that the premises is open for licensable activities. Said CCTV will comply with the following criteria:

- (a) The premises will ensure that the system is checked on a regular basis to ensure that the system is working properly and that the date and time are correct.
- (b) There will be a camera on the entrance to the premises, to capture a clear image of anyone entering.
- (c) The system will provide coverage of the interior of the premises accessible to the public.
- (d) The system will record in real time and recordings will be date and time stamped.
- (e) At all times during operating hours, there will be at least 1 member of staff on the premises who can operate the system sufficiently to allow Police or authorised Council officers to view footage on request.
- (f) Recordings will be kept for a minimum of 31 days and downloaded footage will be provided to the Police or other authorised officers on request (subject to the Data Protection Act 2018) within 24 hours of any request.
- (g) Signage stating that CCTV is in operation will be clearly and prominently displayed at the premises.

An incident and refusal log [whether kept in written or electronic form] shall be kept at the premises, and made available on request to the Police or an authorised officer, which will record:

- (a) Any and all allegations of crime or disorder reported at the venue
- (b) Any and all complaints received by any party
- (c) Any faults in the CCTV system
- (d) Any visit by a relevant authority or emergency service
- (e) Any refused sales of alcohol
- (f) Any and all ejections of patrons

Police suggest the following conditions be added to the operating schedule:

At least One SIA officer to be on duty from 21:00 Hours on Friday and Saturday until the premises is closed, and patrons disperse from the area. This is to be risk assessed by the premises if more are required.

#### **MATCH DAY and EVENTS CONDITIONS:**

The Licensee is to ensure the following Police conditions are complied with on football match days at Tottenham Hotspur Stadium, and all event days:

- The sale of alcohol shall not take place before 11:00 Saturday and Sunday.
- On match/ event days all drinks will be served in Plastic or polycarbonate glass Four (4) hours before start time and until one hour after the end of the match/event.
- No glass bottles are served 4 hours before start time and until one hour after the end of the match/event.
- On match/event days a minimum of two (2) SIA security will be hired at the premises and SIA Security staff shall wear body worn video cameras and high visibility clothing so easily identified.
- No more than 6 persons shall be permitted to smoke outside the front of the premises at all times on match/event days.

## **PUBLIC SAFETY**

The premises shall permit a maximum of sixty (60) patrons on premises at any time.

All emergency exits shall be always kept free from obstruction.

The premises licence holder shall cooperate with local authorities, violence reduction partnerships and law enforcement agencies to regularly review and improve safety measures as and when required.

## **THE PREVENTION OF PUBLIC NUISANCE**

No more than 6 persons shall be permitted to smoke outside the front of the premises after 21:00. The area shall be adequately supervised to control the number and behaviour of patrons and to ensure that they do not block the highway or cause a noise nuisance.

Any person who appears intoxicated or whose behaviour causes nuisance or disorder will be refused entry or service and shall be asked to leave.

No new admissions on Fridays and Saturdays after 00:30 hours.

## **Summary.**

The Police fear that without adequate safeguards in the form of premises licence conditions being in place, control of the premises could easily be lost and a risk posed to both patrons and the wider community in the form of crime and disorder. Therefore, to uphold the licensing objectives I have proposed reduced hours and some robust conditions. The premises can utilise TENS to enhance their licence as they have done previously.

This representation is on the basis that the old premises licence is surrendered upon of the grant of the new premises licence.

If agreed by the applicant, we would withdraw our representations contingent upon that agreement.

Kind regards,

PC Costache  
North Area Licensing Officer
