Dear Haringey Licensing Team, Dear Daliah Barrett,

I would hereby like to formally request a review of the license for the venue **The Archives at Unit 10, High Cross Centre, 1 Fountayne Road, London N15 4QL in Tottenham.**

As a resident of Ferry Lane Estate, and a leaseholder of a property directly opposite the premises of The Archives (across the railway line), in Erskine Crescent, London N17 xxx, I am alarmed by the very loud noise we can hear in our home coming from regular live music events held in the outdoor area on the premises.

Loud live events have been held throughout the warmer months last year, and have recently started again. I have not noted down every event I have witnessed, but can say that they occur on a regular basis, especially on weekends (Thursday - Sunday), from sometime in the afternoon until late. The last event I have witnessed was yesterday (17 May 2026) from about 3-11pm. Please find attached 2 videos of the event witnessed yesterday on Sunday 17 May 2026.

Judging from what we can see and hear from our balcony and from photos and videos taken by neighbours who visited the site, I would describe the outdoor venue set-up as a large lightweight canopy with lighting, large video screens and a very powerful sound system. No acoustic barrier has been put in place.

When events are on, the noise perceived in every room of our home is deafening, even when all windows are closed. It overpowers any conversation, TV, radio etc. It makes it impossible to sleep or even just rest, relax or read. The bass of the sound system makes that walls of our building vibrate. The relentless noise is causing me and my partner significant stress and exhaustion, and effectively renders our home uninhabitable during these events. Especially in the summer months we had to avoid opening our windows while events were on and could not use our balcony. We have on several occasions had to leave the house to find peace and calm elsewhere.

We have reported the issue to Haringey's noise team on several occasions last year, online and via the noise app, but have not received a response, and I have again reported the noise nuisance online to the Noise team at Haringey this week ([reference no wk602996](#)). The frustration over the issue has impacted our health and wellbeing. I have therefore started to talk to other local residents about the issue and found they feel the same way and are exhausted. The thought that we will have to again endure this situation will throughout the whole summer is frightening.

Lorna Reith of our local residents association FLAG (Ferry Lane Action Group) has contacted you about the issue and received a copy of the license for The Archives. On page 8 of this license it says that:

"All external doors and windows shall be kept closed, other than for access and egress, when regulated entertainment is taking place on the premises. Clear and prominent notices shall be displayed and maintained at all exits in a place where they can be seen and easily read by customers requiring customers to leave the premises and the area quietly." This clearly means that events are only allowed indoors, and that any noise outside must be prevented as set out in a noise management plan. **The events held at the premises are therefore in breach of this license, and must stopped!**

It furthermore says that *"The premises licence holder will devise, record and implement a noise management plan, a copy of which will be kept on the premises and made available to any member of the responsible authorities on request. The noise management plan will be reviewed, updated and amended as appropriate at least once every 12 months and a copy of the revised noise management plan shall be provided to any of the responsible authorities on request."* **Could you please send me a copy of the noise management plan that must have been provided by the license holder?**

I hope that on the basis of my complaint above and those of other local residents, you will review the license provided to The Archives, enforce the noise management plan and put a stop to outdoor events on the premises.

With kind regards

Annelie Kops
