6. Chief Financial Officer Comments

- 6.1 This scrutiny review has identified a number of areas having potential financial implications, in particular recommendations 2, 3, and 10. In addition recommendations 1 and 5 suggest the potential for schools, as partners, to use their delegated resources in ways which can have positive effects on reducing Teenage Pregnancy, following the example set by Woodside High School.
- 6.2 The future of grant funding streams such as those through the Area Based Grant (ABG) are subject to some uncertainty post April 2011. It is therefore important that all relevant funding streams, across partners, are identified in the way suggested at paragraph 9 with a view to delivering cost effective services in the future.

10. Consultation

- 10.1 The review received evidence from a wide range of stakeholders, including service commissioners and providers. It also received an indication of the views of actual and potential service users through engagement with Haringey Youth Council. This was supplemented by documentary evidence on the views of young people in the borough that was obtained through surveys that have taken place involving groups of them.

- 11. Service Financial Comments:** The report focuses on strategic and policy issues arising from partnership activity undertaken by the Council and its partners. The recommendations generally refer either to services that are funded by area based grant (ABG) or commissioned by NHS Haringey. Any specific direct financial implications arising from the recommendations are referred to within the report albeit on a preliminary basis. A fuller analysis of the financial implications will be included in

the formal response to the review by the Council and its partners, including schools.
