(Please read guidance note 2)

The Metropolitan Police Service are applying for a summary review of the above premises on the grounds that they are associated with serious disorder.

1.On 3 August 2026, the London Borough of Haringey Licensing Sub-Committee revoked the premises licence following a review concerning crime, disorder and management failings. The premises licence holder has appealed the decision and continues to operate pending the outcome.

2.On 25 October 2026, at approximately 01:55 hours, a large-scale fight occurred immediately outside the premises involving a group of males. Five males reportedly sustained injuries consistent with actual bodily harm.

3.Subsequent police enquiries identified information alleging that an assault had taken place inside the premises, during which a male was punched in the face following an altercation. The disorder reportedly continued outside onto the public highway.

4.An informant further alleged that no SIA-licensed door supervisors were on duty at the time of the incident and that the premises manager was absent -Contrary to Annex 2 Conditions

5.When police attended the premises and requested CCTV footage, staff stated that nobody present knew how to operate the CCTV system and that the manager was not on site.

6.Despite subsequent requests by PC Costache to the designated premises supervisor, the relevant CCTV footage has not been provided to police to date. The circumstances of any potential breaches of licence conditions remain under investigation.

7.The premises have a previous history of violence, disorder and concerns regarding management and security arrangements, which resulted in the Licensing Sub-Committee's decision to revoke the premises licence
.

8.Police are concerned that further serious violence has occurred whilst the premises continue to operate pending appeal, raising significant concerns regarding the effectiveness of management and security arrangements.

9.The Metropolitan Police consider that the latest incident, together with the subsequent information linking an assault to the interior of the premises and the previous licensing history, provides grounds for the premises to be regarded as associated with serious disorder.

10.Police therefore request an expedited review under Section 53A of the Licensing Act 2003 and ask the Licensing Authority to consider immediate interim steps, including suspension of the premises licence, to prevent further serious disorder and protect members of the public

Notes for guidance

1. A certificate of the kind mentioned in the form must accompany the application in order for it to be valid under the terms of the Licensing Act 2003. The certificate must explicitly state the senior officer's opinion that the premises in question are associated with serious crime, serious disorder or both.
Serious crime is defined by reference to section 81 of the Regulation of Investigatory Powers Act 2000. In summary, it means:

- conduct that amounts to one or more criminal offences for which a person who has attained the age of eighteen and has no previous convictions could reasonably be expected to be sentenced to imprisonment for a term of three years or more; or
- conduct that amounts to one or more criminal offences and involves the use of violence, results in substantial financial gain or is conduct by a large number of persons in pursuit of a common purpose.
  Serious disorder is not defined in legislation, and so bears its ordinary English meaning.

2. Briefly describe the circumstances giving rise to the opinion that the above premises are associated with serious crime, serious disorder, or both.
