

**Haringey** Council

Agenda item:

**Audit Committee**

**On 24 June 2010**

Report Title: Corporate Risk Register

Report authorised by: Director of Corporate Resources

*J. Paine 16/6/10*

Report of and Contact Officer: Anne Woods, Head of Audit and Risk Management

Tel: 020 8489 5973

Email: [anne.woods@haringey.gov.uk](mailto:anne.woods@haringey.gov.uk)

Wards(s) affected: All

Report for: Non-key decision

**1. Purpose of the report**

1.1 To provide a copy of the latest Corporate Risk Register for review.

1.2 To report on business units' and departments' actions to monitor, review and update risk registers in compliance with the Council's risk management strategy.

**2. State link(s) with Council Plan Priorities and actions and/or other Strategies:**

2.1 Audit and Risk Management contribute to the Council priority to deliver excellent, customer focused, cost effective services by ensuring that the Council's risk management framework is in place and operating effectively. Internal audit reviews key risk registers, the controls in place to manage the identified risks. Recommendations for improvement are made, where appropriate.

**3. Recommendations**

3.1 The Audit Committee reviews the current version of the corporate risk register, which has been prepared in accordance with the Council's risk management strategy.

3.2 The Audit Committee considers whether any further risks should be included in the corporate risk register at this time.

**4. Reason for recommendation(s)**

4.1 The Audit Committee is responsible for approving the Council's Risk Management Policy and Strategy as part of its Terms of Reference. In order to facilitate this, and

provide information on its implementation across the Council, progress reports are provided on a regular basis for review by the Audit Committee.

#### **5. Other options considered**

5.1 Not applicable

#### **6. Summary**

6.1 The internal audit service makes a significant contribution to ensuring the Council's risk management framework is implemented across all departments and business units of the Council.

6.2 This report provides an updated corporate risk register for review and confirms the current status in respect of business units and departments' compliance with the corporate risk management strategy.

#### **7. Head of Legal Services Comments**

7.1 The Head of Legal Services has been consulted in the preparation of this report, and advises that there are no specific legal implications which arise out of the report, to include its recommendations.

#### **8. Chief Financial Officer Comments**

8.1 As stated in paragraph 12.1, there are no direct financial implications from this report as the work associated with implementing, updating and monitoring the Council's various risk registers is included within service budgets.

8.2 Clearly, the risks themselves highlighted within Appendix 1 could have financial implications if the risk materialises but, should this occur, the impact, mitigation and reporting of these would normally be addressed in a separate report. Any significant implications would be reported to the Audit Committee as part of the agreed Terms of Reference.

#### **9. Head of Procurement Comments**

9.1 Not applicable

#### **10. Equalities and Community Cohesion Comments**

10.1 This report deals with how risks are managed across all areas of the Council, which have an impact on various parts of the community. Improvements in managing risks and controls will therefore improve services the Council provides to all sections of the community.

## **11. Consultation**

11.1 No external consultation was required or undertaken in the production of this report. Consultation is undertaken with respective service managers, Assistant Directors, Directors and Assistant Chief Executives when risk registers are reviewed and audit reports produced.

## **12. Service Financial Comments**

12.1 There are no direct financial implications arising from this report. The work within internal audit to implement the Council's risk management framework is part of the contract with Deloitte and Touche which was awarded following a competitive tendering exercise in compliance with EU regulations from 1 April 2007. The costs of this contract and managing the corporate risk management policy are contained and managed within the Audit and Risk Management revenue budget. Service departments manage risks as part of the routine work to achieve their business plans and costs are contained within their revenue budgets.

## **13. Use of appendices**

13.1 Appendix 1 – Corporate Risk Register May 2010.

## **14. Local Government (Access to Information) Act 1985**

14.1 For access to the background papers or any further information please contact Anne Woods on 0208 489 5973.

## **15. Background**

15.1 The Council's Risk Management strategy is reviewed on an annual basis to ensure that it reflects current operational requirements and best practice. The latest version was approved by the Audit Committee at its meeting on 25 March 2010.

15.2 The Chair of the Audit Committee requested that a report on risk management and compliance with the Council's strategy be presented to the Committee on a quarterly basis. The review and testing of risk registers forms part of the 2010/11 annual audit plan which was approved at the Audit Committee meeting on 25 March 2010. This is an ongoing process to ensure the key controls to manage identified risks are effective and operate as intended.

15.2 Risk registers for all business units, departments and the corporate register are all integrated into the Council's performance management system (Covalent) and managed by the respective business units.

## **16. Risk Registers**

- 16.1 Risk registers for business units and directorates are reviewed in accordance with the Council's risk management strategy. As at 31 May 2010, all business units, departmental and corporate risk registers complied with the risk management strategy and had been reviewed in line with the quarterly reporting deadlines.
- 16.2 Covalent automatically sends email reminders to the business unit representatives when updates are due and the system will provide an audit trail to allow for monitoring and follow up by Internal Audit. Internal Audit also provides resources (as part of the annual audit plan) to assist business units on an ongoing basis and to ensure that all actions and updates are being done in accordance with the relevant timescales.
- 16.6 The corporate risk register is reviewed on a quarterly basis by the Chief Executive's Management Board and reported annually to the Audit Committee.
