

Haringey Pharmaceutical Needs Assessment

Consultation

15th Oct – 17th Dec 2010

Why do we need a Pharmaceutical Needs Assessment?

- The government has asked all Primary Care Trusts to put a Pharmaceutical Needs Assessment in place by February 2011
- Assesses needs of people living within Haringey.
- Assesses how pharmaceutical services (e.g. dispensing of medicines, advice on management of minor illness, review of medicines use) are meeting that need or could meet that need
- Highlight whether there are gaps in the pharmaceutical services and how the gaps may be addressed.

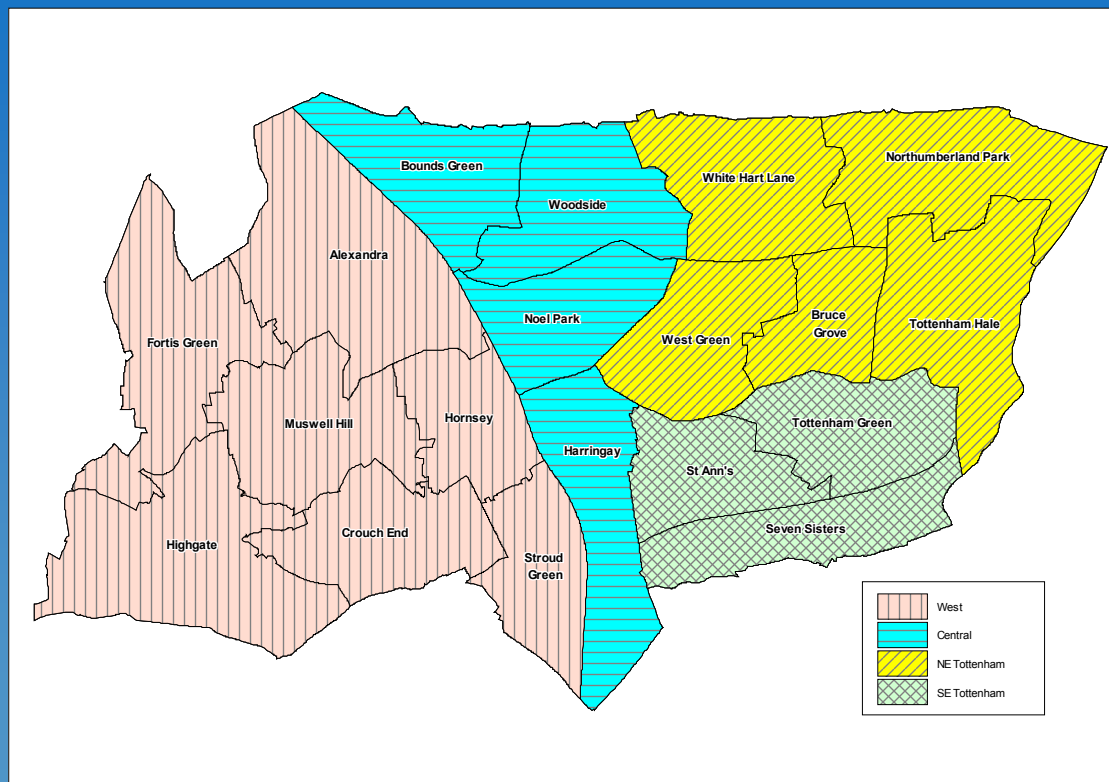

What's in the Pharmaceutical Needs Assessment?

- A complete picture of current community pharmacy and dispensing services in Haringey
- Local Health Needs
- Access and Services (mapping need against provision)
- Patient Experience (from questionnaire)
- Essential Services (e.g. dispensing, health promotion)
- National Advanced Services – Medicines Use Review
- Local Enhanced Services (e.g. smoking cessation/Minor Ailments Scheme)

Haringey Neighbourhoods

Haringey has been divided into four very distinctive geographical regions. These have differing health needs and demographics.

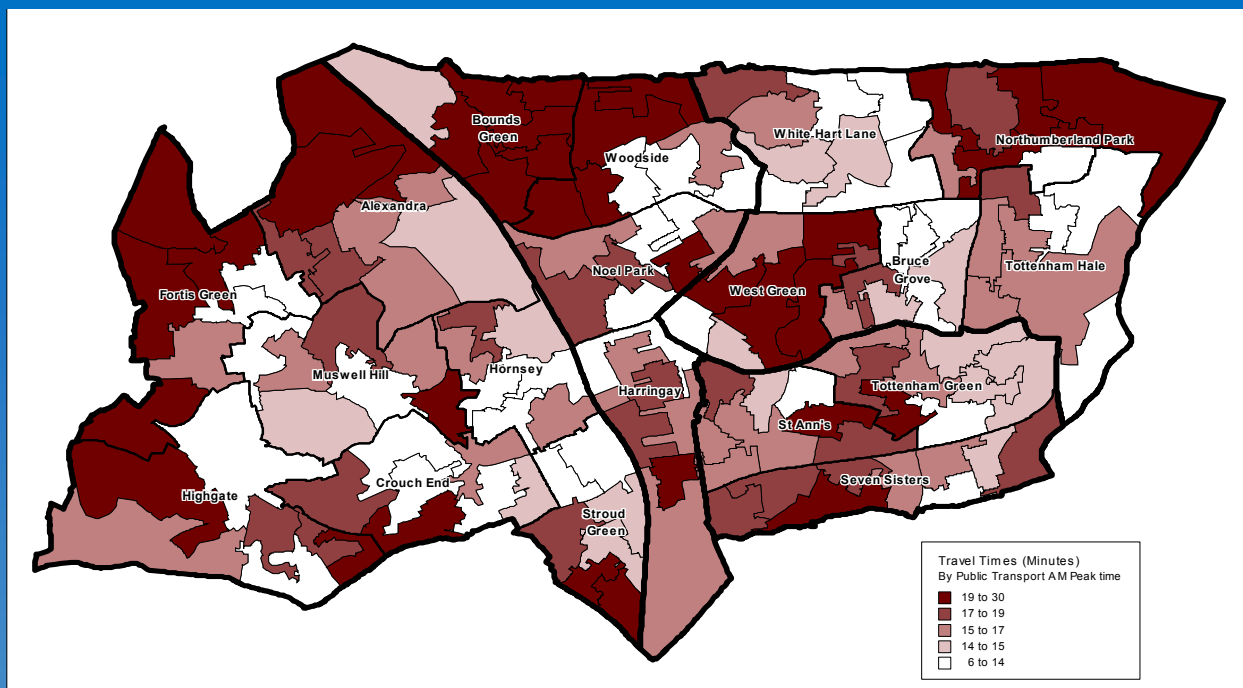

West
Alexandra
Crouch End
Fortis Green
Highgate
Hornsey
Muswell Hill
Stroud Green

NE Tottenham
Bruce Grove
Northumberland Park
Tottenham Hale
West Green
White Hart Lane

Central
Bounds Green
Haringey
Noel Park
Woodside

SE Tottenham
St Ann's
Seven Sisters
Tottenham Green

Access to Pharmacy Services.

Map showing the average time it would take to travel from each area to the nearest pharmacy by public transport.

In some cases it might be quicker to walk.

	West	Central	North East	South East	Haringey	PCT Cluster	London	England
Number of pharmacies	17	15	11	13	56	297	1,777	10,475
Population	79,245	49,331	65,403	42,400	236,379	1,261,000	7,619,800	51,444,200
Average number items dispensed per pharmacy					4,059	4,508	4,510	6,129
Pharmacies per 100,000 population	21.5	30.4	16.8	30.7	23.7	23.6	23.3	20.4

Advanced & Enhanced Services.

Number of pharmacies of the 56 that provide each of the following services and any gaps identified

Service	Number of Pharmacies	% of pharmacies	Gaps in provision	Room for improvement
Medicines Use Review	51	91%	No	Possibly Targeting MURs
Smoking Cessation	42	77%	No	No
Chlamydia Screening and Treatment	28 / 26	50% / 48%	No	Review the uptake and commissioning
Emergency Hormonal Contraception (EHC)	18	32%	No	No
Minor Ailments Scheme	56	100%	No	No
Supervised Consumption of Subutex and Methadone	30	54%	No	DASH to review
Needle Exchange Scheme	17	30%	No	DASH to review
Hepatitis B and C Screening and Hepatitis B Vaccination	4 (pilot)	7%	No	DASH to review
Anti-Coagulant and Stroke Prevention Service	1 (and 5 GPs)	2% (11%)	No	No

Potential additional enhanced services.

Table showing the potential additional enhanced services according to priority (4=high, 1=low):

Services	Score	No. Pharmacies Willing To Provide
Medication Review	4	20
Language Access Service (Language line piloted in one pharmacy)	4	29
Medicines assessment and compliance Support Service	4	27
Vaccination Service	4	38
Screening Service (currently commissioned for Chlamydia & Hepatitis B & C)	4	37
Prescriber Support Service	3	40
Care Home Service (recently decommissioned)	3	39
Obesity Management (Adults & Children)	3	42
Vascular Risk Assessment (NHS Health checks)	3	44
Disease Specific Medicines Management Services	3	48
Gluten Free Food Supply Service	2	39
Independent, Supplementary Prescribing Service	2	42
Home Delivery Service	1	20

What will happen with the information gathered during the consultation process?

Haringey

- Survey will seek public's view of the draft PNA
- Will help to inform PCT of gaps which may be missing
- Highlight problems or issues which PCT may not have known about.
- Final PNA will be signed off by Board in Jan 2011
- Published on NHS Haringey website in Feb 2011

Conclusion & Any Questions?

- We have concluded that there are no gaps in the provision of Pharmaceutical Services in Haringey
- Please ask if anything in the PNA is not clear.
- Please visit the NHS Haringey website to see the full PNA:
