

Haringey Council

Agenda item:

**Cabinet**

**8<sup>th</sup> February 2011**

Report Title:	<b>Medium Term Financial Planning 2011/12 to 2013/14</b>
Forward Plan reference number:	
Report of:	<b>Director of Corporate Resources</b>
Signed:	<i>J. Parker 4/2/11</i>
Contact Officer :	<b>Kevin Bartle, Lead Finance Officer</b>
Telephone:	0208 489 5972
Wards(s) affected:	<b>All</b>
Report for:	<b>Key decision</b>

### **1. Purpose**

1.1 To provide a Medium Term Financial Plan covering the three years to March 2014 with a revised assessment in each of the next three years of the General Fund, Dedicated Schools Grant (DSG), Housing Revenue Account (HRA) and the Capital Programme including:

- The financial resources available to the Council;
- The cost of providing existing services; and,
- The overall level of savings that have been and still need to be identified to give a balanced, sustainable budget over the medium term financial planning period.

1.2 To consider the Cabinet's proposed budget package for 2011-12 and later years.

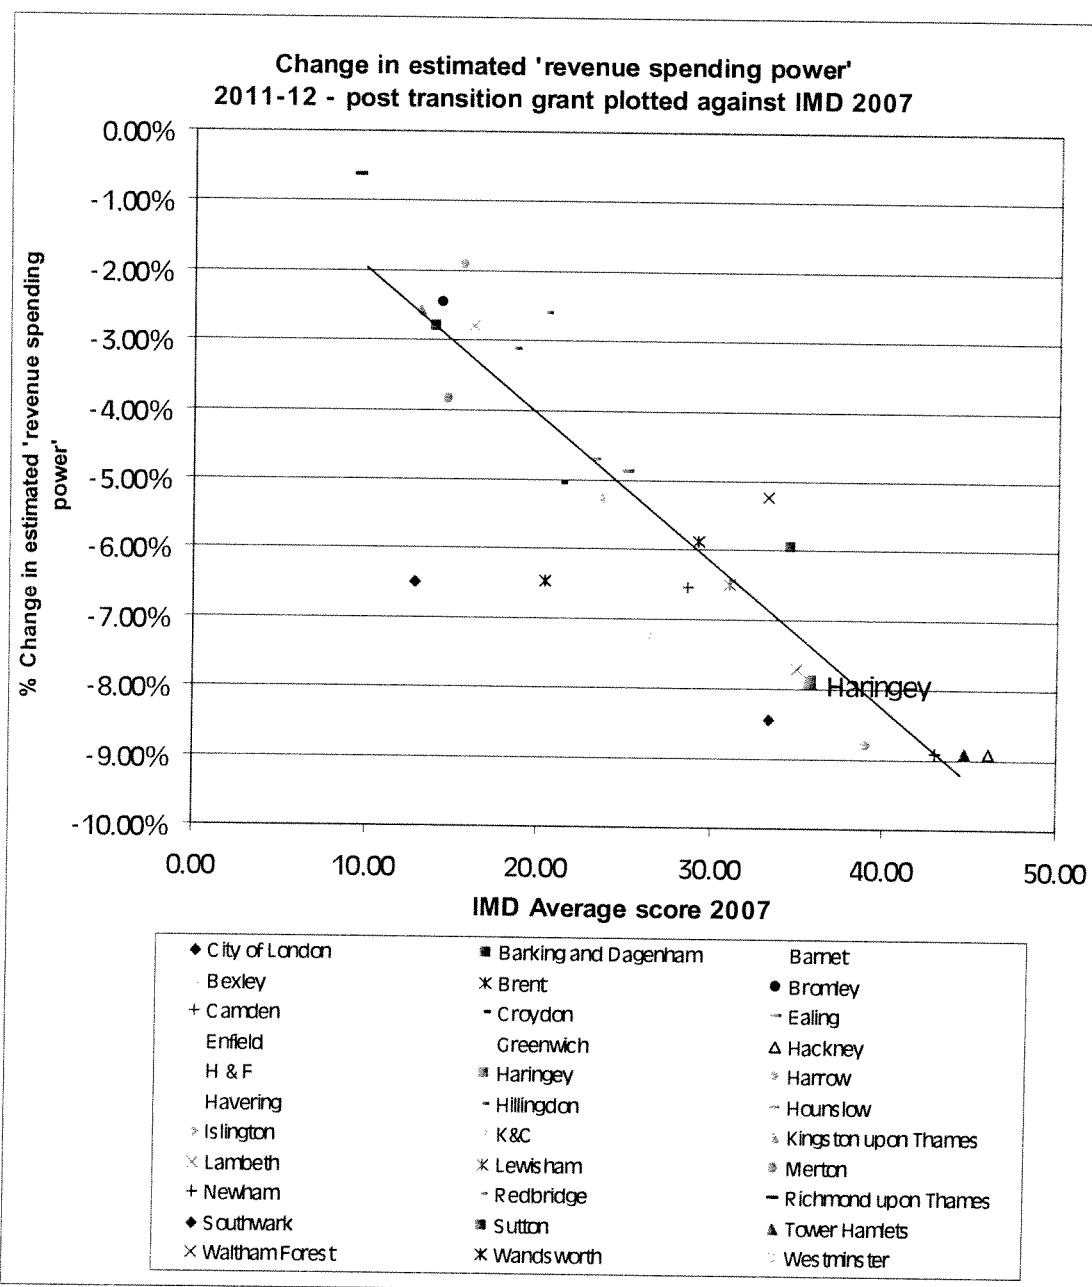

### **2. Introduction by Cabinet Member for Finance and Sustainability**

2.1 It feels worth repeating, that the scale of these Government cuts mean that Haringey will face the largest cuts since its inception. We stand opposed to the depth and speed of cuts, not just to ourselves but to the public sector. We reject the notion that the level of these cuts are either necessary, prudent, or without harm. To give an idea of the scale of these cuts, we will see the level of public spending as a proportion of GDP reduced to levels lower than were even witnessed during

the era of Thatcher's premiership. In fact these cuts are amongst the highest of any G20 country, and higher than those demanded of Ireland and Greece, which are in a much more economically perilous situation than that of the UK, as measured by the differential price in the bond markets.

- 2.2 I feel it necessary to highlight this, because we believe that the cuts are not only too fast and too deep for the Council, but we believe they will be damaging to the economy as a whole, both locally and nationally. In particular I am deeply concerned that about the last quarter's GDP figures and the impact this is likely to have in Haringey, which is already suffering from among the highest levels of unemployment in London.
- 2.3 We believe these cuts deny the opportunity for growth and with it the opportunity to close the deficits through the increased revenues the Treasury receive as economic activity increases. We endorse the view from a wide number of institutions that the Government needs to develop a Plan B and reverse these cuts, and remain disappointed by the lack of vision of how we are going to drive growth in our economy, and dismayed that there is still to date no Growth White Paper as promised.
- 2.4 The most extreme impacts of this directly impact on our financial plan with a need to ensure we meet our statutory obligations to service the increased demand on services from the most vulnerable in families. For example the IFS says that the government budgets will see the first rise in child poverty in 15 years, with the number of people entering absolute poverty in the next three years of 900,000. Given this, any claim that the Spending Review represents an agenda of fairness requires us to adopt a definition of that word that we simply don't recognise.
- 2.5 We had hoped that the government would phase the cuts in a manner which would enable us to transition the Council's services more smoothly and with minimum harm to services, but the front loading of cuts now means that we are required to find well over half of our savings next year alone, in addition to the unprecedented in-year cuts which have required us to deal with lost monies of £17m.
- 2.6 The settlement will require Haringey Council to save £41m next year alone and a total shortfall of £84m over the next three years. This essentially means that for every £10 we had, we will only have £6.50, which would be painful on any household budget, let alone the Council's. The notion that these levels of savings can be found easily and without detriment to vital services and to the good people of our borough is to deny fact. Already I have been moved by some of the submissions I have received from residents across the borough during the consultation, and they stand as a testament against the notion that the public sector can do no good, that they represent poor value for money, and that they make no difference to people's lives.
- 2.7 Given my responsibilities on sustainability the changes to the carbon reduction commitment to a carbon reduction tax cannot pass without comment. This feels like an extremely disappointing and regressive measure. Given the need to reduce carbon emissions in the public sector it is hoped revenues derived should be ring fenced for re-investment for initiatives to deliver greener public services.

2.8 Perhaps most shocking of all is the fact that the government has decided to essentially redistribute resources from councils with high levels of deprivation to other areas. This report highlights the governments own figures on this, where the impact on Haringey's spending power is over 3000% higher than for example Dorset County Council. This creates the real double whammy of the spending review, which has ultimately created more pressure on and removed more resources from populations that serve more deprived and more vulnerable communities. In particular the brutal fact is that the government have in all handed the deepest cuts to those boroughs suffering from the deepest levels of deprivation.

2.9 I feel that as well as the severe reductions to our services, I also feel compelled to highlight the significant reductions in capital funding which will deny us much needed investment in our borough. In particular we expect this to dramatically

impact on our regeneration and housing programmes. The 75% reduction to the decent homes programme nationally is yet another example of an economically and socially backward policy that will hurt the most vulnerable and undermine the fragile construction sector which provides jobs for many in our borough.

- 2.10 We stand opposed to these cuts. The speed and depth have left the Council with very little room for manoeuvre, and very few choices. The extremely late disclosure of our settlement, and the lack of information that has been forthcoming from the Department of the Communities and Local Government have been extremely unhelpful to our ability to identify all the savings at this stage of the budget process. Given the scale of cuts we wanted to ensure residents the maximum opportunity to shape the future of our borough and to ensure we identified the services and activities of most value to residents. The large bulk of the savings will force us to make a fundamental restructuring of our organisation, which will see a high level of job losses which have already been announced. If it is the shared ambition of the Coalition Government to 'unleash "chaotic" effects across local communities' as suggested recently by Nicholas Boles MP, they have certainly succeeded.
- 2.11 This document sets out how we intend to remove the £41m from our budgets. We have as a Council prioritised cuts to our back office in order to protect as much as possible our frontline services. We have where possible, sought to join up services, to deliver them smarter, and we are also pursuing shared services to drive efficiency savings in partnership with some of our neighbouring boroughs. However, too much store is being placed on such measures and to suggest that these are a panacea for dealing with this savagery ignores the sheer scale of the cuts being inflicted on both Haringey's budget and those of the sector as a whole.
- 2.12 Sadly, these cuts, and in particular the frontloading of them, mean reductions to services are simply unavoidable, and we have no doubt that that this will impact on residents, on our workforce, on the strength of the voluntary sector and other third party providers, and on our local economy. Coupled with cuts to the police, schools and the NHS, we are committed to making sure we face into the challenges in Haringey, with our partners.
- 2.13 To this end, I am dismayed by those who continue to talk about 'soft cuts' without being able to give this term clear definition. We don't recognise this term, and I believe it is offensive to the people who work hard to deliver these services, and more importantly those people who value receiving it.
- 2.14 The Coalition Government continue to demand of local councils that we behave more like businesses, and in doing so they completely ignore the role of local government, and our public sector partners in our purest economic terms – namely, the risk-takers of last resort – providing and/or guaranteeing key services the private sector cannot. In doing so they create a false trichotomy between the public, voluntary and private sectors.
- 2.15 Even so, if the government requires us to behave more like a business, they need to get serious about giving us the same sort of flexibilities the private sector enjoys. In particular, the refusal by the government to allow us to capitalise the restructuring and redundancy cost associated with reducing our budget to the

required level makes this a high risk budget which will severely deplete our reserves, and make it extremely difficult to deliver further savings unless the government change their position on this. In short this has meant that it will cost us in excess of £5 for every £10 we cut over the coming year.

- 2.16 We have listened to the residents of this Borough, and are warmed by both the quantity and tone of response. In shaping our response we are determined to honour our belief and our commitment to One Borough, One Future.
- 2.17 Specifically, Haringey stands as the most unequal Borough, in what is the most unequal city in the developed world, with levels of inequality not seen in the UK since the 1920's (not coincidentally in our view – just before the Great Depression), and not seen in London for 200 years. We believe the impacts of these are not just felt by the most vulnerable, we believe it undermines community trust, and most of all it undermines the sustainability of our economy – making it more difficult for us to consume that which we produce, driving down economic growth.
- 2.18 We are proud of some of the achievements we have made over the last 13 years – a rise in education standards and performance, reduction in poverty and child poverty, and a rise in employment. But we still have much to do – which is why we have set out our determination to tackle inequality head on – because we believe it will create a more prosperous, thriving, borough for all of us to work, live and enjoy. We have no doubt that this will be made more challenging within the current settlement, and under current measures that will see the first rise in absolute poverty in 15 years, but we are undeterred and committed to our role as an activist Council, working hard for its residents, with an ambition to work with our partners to create that better future for Haringey.

### 3. Recommendations

- 3.1 To note the outcome of the consultation process on the Budget set out in Section 17 and to note the ongoing consultation covering the proposals set out in Appendix 6.
- 3.2 To approve the overall Medium Term Financial Plan as set out in Appendices 1 and 2.
- 3.3 To approve the new investment proposals set out in Appendix 3.
- 3.4 To approve the changes and variations set out in Appendix 4.
- 3.5 To approve revisions to previously agreed investment and savings proposals set out in Appendices 5.1 and 5.2
- 3.6 To approve in principle the new savings proposals set out in Appendix 6. Each of the proposals represents a decision which will in the future be considered by the responsible Directorate and, where appropriate, the responsible Cabinet member. Where appropriate certain of these will be the subject of consultation and of equality impact assessment when they come to be considered and a decision as to whether or not to proceed will be taken at that time. In the event that the relevant

decision-maker decides not to proceed, with the result that savings are not realised, there will be an enquiry as to whether equivalent savings can be found elsewhere in the budget. Accordingly, Cabinet with the Leader's agreement delegates final decisions on the savings to be adopted to Directorates and where appropriate to the relevant Cabinet members within their portfolio responsibilities, following appropriate consideration of the results of any consultation and with due regard to the Council's duties under the Equality Act 2010.

- 3.7 To note that significant savings still have to be identified to deliver a balanced budget in 2012-13 and 2013-14.
- 3.8 To approve the level of un-earmarked general fund reserves of £10.5million and specific and other reserves as set out in Appendix 7.1.
- 3.9 To approve the proposals for the Children and Young People's Service Dedicated Schools Grant budget set out in Section 13 and Appendix 8.
- 3.10 To agree the proposals for the Housing Revenue Account budget set out in Section 14 and Appendix 10.
- 3.11 To approve the housing rent increases at an average of £5.36 per week (6.5%).
- 3.12 To approve the housing tenant service charge changes set out in Section 14.13.
- 3.13 To approve proposals for the capital programme and funding set out in Section 15 and Appendix 11.
- 3.14 To approve the proposed general fund budget requirement for 2011-12 of £286.169m net of Dedicated Schools Grant, subject to the decisions of precepting and levying authorities.
- 3.15 To agree the indicative criteria set out in Appendix 8 to be applied by all Directorates both in the consultation concerning and in the determination of the future funding of Third Sector organisations, and other organisations where appropriate.
- 3.16 To note that this budget report will go to Council on 24<sup>th</sup> February 2010 including the final decision on the budget and the council tax for 2011-12.

#### **4. Local Government (Access to Information) Act 1985**

4.1 The following background papers were used in the preparation of this report:

- Report of the Director of Corporate Resources to the Cabinet on 21<sup>st</sup> December, 2010 – Medium Term Financial Planning 2011/12 to 2013/14
- The Local Government Finance Settlement for 2011-12 and the Provisional Settlement for 2012-13
- HM Treasury Spending Review documents

## **5. Background**

- 5.1 The Council's integrated financial and business planning process is the key mechanism by which plans and strategies are reviewed to ensure the performance and priorities are being met and that resources are allocated effectively to underpin their achievement. The process culminates in changes to the budget and medium term financial strategy that delivers a revised Council Plan. The plan reflects the Council's own priorities and contributes to the wider Sustainable Community Strategy delivered in conjunction with the Haringey Strategic Partnership.
- 5.2 The draft Medium Term Financial Plan (MTFP) as presented to Cabinet on 21<sup>st</sup> December 2010 showed a projected three year funding shortfall of £86.9m. With savings proposals of £28.4m identified up to that date this left £58.5m in savings still to be identified over the three year planning period with £34m of that to be found in 2011-12.
- 5.3 Since the December meeting a considerable amount of work has been undertaken to develop further savings proposals. These proposals are now being presented in light of the feedback from an extensive budget consultation process and the budget scrutiny process. The savings proposals involve significant policy changes and will require a major transformation in the way the Council operates under the significantly reduced resource base. The MTFP is summarised in Appendix 1 and Appendix 2.
- 5.4 The Council has made representations to Communities for Local Government and the Housing Minister, Grant Shapps, over the proposed level of grant settlement for the next three years and highlighted both the special circumstances affecting Haringey and the Council's specific concerns over the Formula Grant allocation methodology.
- 5.5 As part of its consultation response the Council made a number of specific requests to the government:
- Consider Haringey's special circumstances particularly in respect of children's services and provide £7.4m one off funding;
  - Consider Haringey as inner London rather than outer London and rescind the proposal to reduce the Area Cost Adjustment;
  - Ensure that Haringey retains band 1 flooring;
  - Allow Haringey to defer £15m of cuts until 2012/13 and £5m to 2013/14 by way of transition grant funding;
  - Allow Haringey to capitalise £15m of redundancy costs in 2010/11 and 2011/12, through the use of borrowing or capital receipts;
  - Remove the uncertainty of the allocation of the £3m of NHS funding to support social care and benefit health by paying the funding direct to the Council and,

- Rescind the proposal to top slice the Grant Settlement as an Academies adjustment and make such adjustments to individual authority allocations based on the actual number of Academies in each local authority area.
- 5.6 However, the government have not responded in a positive way to any of these requests and the final grant notification shows no changes to the provisional settlement figures.
- 5.7 The proposals that form the basis of the proposed MTFP for the period 2011-2014 and are contained within this report are therefore based on the final grant settlement notification. This report proposes a budget package for the three year planning period and is in 11 Sections:
- Strategic Approach (Section 7)
  - Financial Resources (Section 8)
  - Budget Pressures (Section 9)
  - Budget Process and Savings Proposals (Section 10)
  - Equalities Impact Assessment (Section 11)
  - Risks and Opportunities (Section 12)
  - Dedicated Schools Grant (Section 13)
  - Housing Revenue Account (Section 14)
  - Capital Programme (Section 15)
  - Treasury Management Strategy (Section 16)
  - Consultation (Section 17)
- 5.8 The detailed assumptions that support the proposed MTFP are set out below and in the attached Appendices.

## 6 Appendices

- Appendix 1 – Summary of the Medium Term Financial Plan
- Appendix 2 – Detailed analysis of the Medium Term Financial Plan by service area
- Appendix 3 – Detailed analysis of projected budget revenue investments resulting from increased service demand and higher unit costs
- Appendix 4 – Other changes and variations
- Appendix 5 – Pre-agreed revenue investments and savings schedule
- Appendix 6 – Detailed HESP savings proposals
  - Appendix 6.1 – new savings proposals
  - Appendix 6.2 – proposals to December 2010 Cabinet
- Appendix 7 – Reserves and Risk Evaluation
  - Appendix 7.1 – Reserves and their Adequacy
  - Appendix 7.2 – Risk Evaluation
- Appendix 8 - Indicative criteria for the determination of funding scheme decisions
- Appendix 9 - The proposed budget for 2011-12 for Children and Young People's Service - Dedicated Schools Grant (DSG)
  - Appendix 9.1 – DSG Budget Strategy
  - Appendix 9.2 – Recommendations of Schools Forum

Appendix 10 – The Housing Revenue Account Medium Term Financial Plan

Appendix 10.1 – HRA MTFP 2011-12 to 2015-16

Appendix 10.2 – HRA new investment

Appendix 10.3 – HRA existing savings

Appendix 10.4 – HRA new savings

Appendix 10.5 – HRA summary of budget variations

Appendix 11 – Capital Programme

Appendix 12 – Recommendations of the Overview and Scrutiny Committee and the Cabinet response

## 7 Strategic Approach

- 7.1 Since the election of the Coalition Government there have been many announcements signalling significant reform in areas as wide-ranging as the NHS, regeneration, housing, schools and the welfare system. Following the October 2010 Spending Review and the December 2010 local government settlement, there will be a reduction in funding of approximately 28% over the next four years.
- 7.2 The financial settlement for Haringey represents a significantly higher level of reduction than expected. Haringey's funding shortfall for 2011/12 requires it to find £41m of savings and a further £43m over the next two years (total shortfall over three years of £84m). In overall cash terms the settlement for 2011-12 represents a confirmed grant loss of £34m. The reductions have been front loaded so that most cuts need to be made in 2011/12 resulting in the money available to public services being reduced more steeply and more quickly than ever before.
- 7.3 The Government's policy changes combined with the financial situation are changing the landscape for the public sector and represent significant challenges for the Council.
- 7.4 Hence the Council is reviewing the outcomes and priorities for Haringey and how these will be delivered. Two landmark papers describe the Council's policy approach and the future shape of the Council. The forthcoming policy paper One Borough One Future - Ambition for the "Better Society" sets out the vision for the kind of borough the Council wants and proposes outcomes and priorities for the future. It describes the imperative of tackling inequality in Haringey if we are to create a Better Society for its residents to live, thrive, and work. The Rethinking Haringey paper sets out the current challenges facing the Council and the plans for transforming its approach to delivering services that are responsive to need and with more emphasis on securing outcomes for our residents over direct delivery of service by the Council overall.
- 7.5 **The Council is committed to shaping and building, with our partners across all sectors, a Haringey that is more thriving, healthier, safer, sustainable place, empowering its residents and communities.**
- 7.6 During 2011 the Council will agree priorities and actions linked to these outcomes based on evidence of need and available resources. They will form the basis of the Council's outcomes framework and following agreement of the final budget proposals,

the new Council Plan. In addition departmental business plans will be developed to be published in May 2011.

## 8 Financial Resources

8.1 The Council now has five main streams of financial resources:

1. Formula Grant
2. Core Grants
3. Council Tax
4. Fees and Charges
5. One-off use of Reserves

### **Formula Grant**

8.2 The budget year 2010-11 is the last of the three years under the direction of the Comprehensive Spending Review (CSR) 2007, which was issued in October 2007 and set totals for national and local government expenditure together with Treasury-led policy directions. The budget for 2011-12 is the first one under the new Coalition Government and also the first under the new Spending Review announced on 20 October and the Final Local Government Settlement for 2011-12 announced on 31<sup>st</sup> January 2011.

8.3 The overall grant settlement allocated £182.5m to Haringey in 2011-12 with a provisional allocation of £170.6m in 2012-13. The 2011-12 allocation comprises £153.2m in Formula Grant and £29.2m in Core Grants (excluding any New Homes Bonus but including an assumed £2.5m in Council Tax Freeze Grant). The Core Grants also include £3.0m in NHS funding to support social care and benefit health (£2.8m in 2012-13). Whilst it is expected that this funding will be transferred from the PCT in 2011-12, going forward for planning purposes in the MTFP this has been excluded.

8.4 The Formula Grant element of the settlement is based on a complex distribution methodology which takes into account the following "blocks":

1. Relative Needs - This reflects factors that affect the costs of service delivery, such as levels of deprivation or labour costs in different areas. Those areas of greatest need will receive more Formula Grant.
2. Relative Resources - This reflects the income that councils are able to raise locally by collecting council tax. Areas with a higher council tax base will receive less Formula Grant.
3. Central Allocation - This is shared on a 'per capita' basis.
4. Specific Grants – This is a new element that 'tailors' the specific grants that have been rolled-in to the Formula Grant on an authority by authority basis.

Finally, having allocated the grant through the four blocks outlined above the overall Grant reduction is 'capped' through a 'Grant Floor' mechanism.

8.5 This year the distribution methodology has been changed giving a greater weighting to relative needs and less weighting to central allocation. This should have been to the

benefit of Haringey although the lack of transparency in the methodology makes it impossible to see any apparent benefit, especially as the Council remains on the grant floor.

- 8.6 Although the government sought to portray the settlement as representing less than a 10% year on year reduction it did so by changing the basis on which the year-on-year movement has been calculated. Instead of confirming the 12% funding reduction as indicated in the Spending Review announcements the government has moved to a 7.9% "change in estimated revenue spending power". Revenue spending power has been defined as the Council's combined income from government grants and Council Tax.
- 8.7 Thus by increasing the base figure in the calculation the grant reduction is a smaller percentage. Furthermore this change also masks the additional reduction in Core Grants with uncertainty around another £2.3m in former specific grant funding through a failure to make any reference at all to the grants concerned. Clarification on the position of the various grants continues to be sought.
- 8.8 The current projected reduction in the Council's funding allocation is actually 13% less in 2011/12 (excluding Council Tax Grant) and in cash terms is estimated as £42.3m over the Council's three year planning period profiled as follows:

	2011-12 £million	2012-13 £million	2013-14 £million	Total £million
Grant Settlement (excluding Council Tax Grant but including the assumed transfer of NHS funding)	179.9	168.0	164.5	
Reduction from 2010-11 base after adjusted for roll-in (£206.8m)	-26.9	-11.9	-3.5	-42.3
% Reduction (year-on-year)	13%	7%	2%	

The grant settlement figures for 2012-13 are still provisional and may change. Any significant change would be a risk to the budgets as currently presented in this report from 2012-13 onwards.

### Grant Floors

- 8.9 In the past, Government has set a single 'floor' to limit the effects of year on year changes in grant allocation. This is also called 'damping'. Instead of just a single floor, this year councils have been grouped into four bands with four different floors. These bands/floors are based on the percentage of a Council's funding requirement financed from formula grant (i.e. the relative level of grant dependency).
- 8.10 For 2011-12 the floors have been set to damp the overall level of grant reduction within each band. There are 25% (38) of education/social service authorities in each banding. Haringey's percentage funding is currently 58.89% ranking it 36<sup>th</sup> and therefore in Band 1. Despite the loss of grant this ranking has benefited the Council by £2m as Sheffield Council (with a funding level of 58.6%) is ranked 39<sup>th</sup> and therefore falls in Band 2. The Band 2 floor is 12.3% compared to 11.3% in Band 1: this 1% in effect reduces the level of grant loss to the Council by £2m.

Table: Education/Social Service authority floor levels, 2011-12 and 2012-13

Floor band	2011-12 floor	2012-13 floor	No. of London Authorities
Band 1 (most dependent)	-11.3%	-7.4%	17
Band 2	-12.3%	-8.4%	3
Band 3	-13.3%	-9.4%	9
Band 4 (least dependent)	-14.3%	-10.4%	4

### Core Grants

- 8.11 The Grant Settlement also confirms the announcements in the Spending Review that the number of separate specific grants is being reduced from over 90 to 10 new 'core' grants as follows:
- Early Intervention grant
  - Public Health grant (from 2013-14)
  - Learning Disabilities
  - New Homes Bonus
  - Council Tax Freeze Grant (see Section 8.12 below)
  - Housing Benefit and Council Tax Administration Grant
  - PFI Grant
  - Dedicated Schools Grant including the Pupil Premium (see Section 13 below)
  - Preventing Homelessness
  - NHS grant to support care and benefit health

Whilst DSG and the NHS grant will continue to be ring-fenced none of the other grants will be, thus potentially giving the Council greater flexibility. There is, however, a considerable lack of clarity around the NHS grant, both in terms of the allocation methodology and how the grant may be used and discussions are currently taking place with the Primary Care Trust to agree the transfer of funding to the Council under Section 256 agreements. The MTFP assumes the transfer of the £3m funding allocation in 2011-12 to support the cost of services reflected in the current service proposals of the Director of Adult, Culture & Community Services.

### Council Tax

- 8.12 As part of the Spending Review and Grant Settlement the Government has announced that local authorities who freeze their Council Tax in 2011-12 will have the resultant loss to their Council Tax income funded at a rate of 2.5% in each year of the Spending Review period.
- 8.13 The Government has already consulted on proposals to hold local referendums to veto excessive Council Tax increases. The scheme proposed that the Secretary of State will each year determine principles regarding levels of Council Tax and any

authority planning an “excessive” Council Tax increase will be required to prepare a ‘shadow budget’ and will be required to hold a local referendum of all registered electors by no later than the first Thursday in May.

8.14 In considering the level of Council Tax for 2011-12 the Council should have regard for:

- The level of non-Council Tax funding resources that will be available in each of the next three years;
- The on-going level of demand for services;
- The views of residents, the trade unions, businesses and other interested parties;
- The level of efficiency savings and service reductions that can realistically be delivered;
- The likely restrictions on any proposed Council Tax increases and the level of grant being offered by the government over the next four years to those Councils that freeze their Council Tax in 2011-12;
- The general economic climate and the additional financial burden that any increase will have on Council Tax payers.

The MTFP is based on the Council electing to freeze Council tax in 2011-12 and therefore qualify for £2.5m in grant funding in each of the next four years. For financial planning purposes only, the MTFP incorporates an assumed 2.5% per annum increase in Council Tax from 2012-13 onwards. The Council will make its decision on potential future Council tax levels as the medium term financial picture becomes clearer.

8.15 The projected income from Council Tax in 2011-12 is £102.5m based on 90,174 Band ‘D’ equivalent properties and a collection rate of 96% (the projected collection rate for 2010-11 is 96%).

### **Council Tax Benefit Subsidy**

8.16 The Government also announced in the Spending Review (and in a subsequent White Paper) that it will reduce subsidy on Council Tax Benefit (CTB) by 10% and localise it from 2013-14. This is potentially a major issue for those residents who are eligible for receipt of CTB should the Council be forced to pass on the reduction; significant hardship could result for those individuals affected. Analysis of the reductions in benefit across the country shows Haringey as one of the worst hit in terms of reduction per head of population. Whilst, on the one hand, this could give local authorities flexibility to tailor the scheme to meet local priorities the obvious concern is that unless the Council reduces the level of benefit it provides in line with subsidy levels then the overall Council Tax income will be reduced.

8.17 In 2010-11 a 10% reduction in CTB subsidy would have cost the Council £3.7m without a corresponding reduction in benefits. In fact even if the level of benefits is reduced the Council would need to anticipate a fall in its collection rate.

8.18 The MTFP includes a provision of £4.0m from 2013-14 based on the assumptions that the level of benefit continues to increase and the Council chooses not to recover any loss in subsidy from the affected Council Tax payers. However, the Council will need

to give proper consideration to its policy in this regard and as further details of the proposals emerge the level of provision will be reassessed.

### **New Funding Sources in the Future**

8.19 The Government has recently published a White Paper that proposes to give local authorities new opportunities to raise additional funding. These include:

- The establishment of 24 government-approved Local Enterprise Partnerships (LEPs) with the GLA taking on the role of stimulating economic growth in London;
- the introduction of Tax Increment Financing (TIF) under which local authorities would retain the business rate uplift generated from development and use this funding stream to borrow for infrastructure needed to start the development;
- a New Homes Bonus to incentivise house-building locally through which the government will match fund the additional council tax for new homes and properties brought back into use for six years after being built;
- a local government Resource Review which will consider whether the government should establish a Business Increase Bonus scheme or enable Councils to retain locally raised business rates;
- local authorities will also be allowed to keep additional business rates generated from hosting renewable energy projects.

The views of local authorities are being sought with the Resource Review being launched in early 2011.

8.20 The New Homes Bonus is the only funding stream that seems likely to offer the Council any additional funding in 2011-12. Based on the property information contained in the Council's annual Council Tax Base Statistics (CTB1) for 2009 and 2010 it is estimated that the Council could receive some £1.2m in new grant funding from 2011-12. This sum has therefore been included in the MTFP in each of the next three years. The government is still consulting on this and it is expected to announce the final scheme alongside the Formula grant notification later in February.

8.21 Over the medium term planning period though, it is unlikely that the other opportunities will generate significant additional general fund revenue resources. The position will be kept under close review and the results of the various consultation processes will be monitored with the potential revenue implications assessed and incorporated into future revisions of the financial plan once the associated proposals have been finalised.

### **Fees and Charges**

8.22 A full review of fees and charges across all service areas was completed in the last quarter with recommended increases reported to Cabinet and General Purposes Committee on 21<sup>st</sup> December 2010. These increases that came into effect in January 2011 are reflected in the savings proposals detailed in Section 10.

8.23 The government has announced the intention to give greater freedoms and flexibilities to local authorities through new devolved powers in the proposed Localism Bill. This may, in time, afford the Council the opportunity to revise a number of existing fees and

charges which are currently determined by statute. In the event that such powers are devolved then proposals will be brought to Members for further changes in existing charging structures that better reflect local demand and the cost of associated service provision.

## Reserves

- 8.24 It is projected that the Council will have un-earmarked General Fund Reserves of £10.5million as at 31 March 2011 (the same as at 31 March 2010). This assumes that the forecast overspend in 2010/11 is reduced and a balanced position for the year is assumed. Given the scale of the savings being proposed as part of the MTFP and the significant risks identified in Section 12 below it is proposed that reserves should not be used to fund on-going expenditure and, where possible, earmarked reserves should be maintained.
- 8.25 The Council holds a number of reserves which are detailed in Appendices 7.1 and 7.2 and can be categorised as follows:
1. Un-earmarked (General) Reserves: these are held to cover the net impact of risks and opportunities and other unforeseen emergencies.
  2. Earmarked (Specific) Reserves: these are held to cover specific known or predicted financial liabilities.
  3. Other Reserves: these are reserves which relate to ring-fenced accounts which cannot be used for general fund purposes (e.g. Housing Revenue Account and Schools)

The summary in Appendix 7.1 also shows the projected movement on the reserves for both the current financial year 2010-11 and 2011-12.

- 8.26 It is imperative that the un-earmarked general reserves are adequate to meet the assessed net financial impact of the risks and opportunities detailed in Section 12 below. This assessment is set out in Appendix 7.2 and shows service related risks of around £10m.
- 8.27 Thus the un-earmarked reserves of £10.5m brought forward from 2009-10 is estimated to be adequate to meet the Council's current projected net risks and opportunities.
- 8.28 The Council is facing potential redundancy costs of an estimated £25m as a result of the staffing reductions implicit in the savings proposals (see section 10 below) in respect of 2010/11 and 2011/12. Although the Council has an earmarked transition reserve to meet these costs it will not be sufficient. Redundancy costs can be capitalised with government approval.
- 8.29 The Council has received approval for £780k for 2010/11 and is still waiting to hear if any further capitalisation for 2010/11 will be forthcoming. Approvals for 2011/12 will not be known until after the budget is set. Indications are that approvals are substantially below the sums requested by authorities. The extent to which the Council cannot capitalise redundancy costs means that revenue reserves will need to be utilised. The Council only has the transition reserve and debt repayment / capital

reserve available and it is proposed that these are earmarked to fund redundancy costs as set out below:-

<b><u>Proposed funding of Redundancy Costs</u></b>	
	<b>£m</b>
Transition Reserve	10.0
Debt Repayment / Capital Reserve	13.0
Capitalisation – approved 2010/11	0.70
Capitalisation – estimated 2011/12	1.30
<b>Total</b>	<b>25.0</b>

The use of the debt repayment / capital reserve will reduce the Council's flexibility regarding the capital programme and the refinancing of debt. It will also take away contingency sums earmarked for the risk on the recovery of Icelandic bank investments. If capitalisation approval is received the debt repayment / capital reserve will be partly or fully reinstated.

## 9      Budget Pressures

### Service Demand and Unit Cost Pressures

- 9.1 The Council's budget monitoring reports over the first nine months of 2010-11 have been highlighting significant cost pressures particularly in the Children and Young People's Service, Adult Social Services and Homelessness. The management action that has been necessary to contain these budget pressures, as well as dealing with the in-year reduction in Government funding, will now be largely reflected in longer term savings proposals. However, these budget pressures will continue over the financial planning period and therefore need to be reflected in the new base budgets against which savings decisions will be considered.
- 9.2 A schedule detailing the budget pressures in each service area is attached as Appendix 3. Over the three year planning period the growth pressures total some £16.8m with £14.2m in 2011-12. These pressures are summarised below.
- Looked after Children and Safeguarding (£7.4m from 2011-12) – increased numbers of children in care and those with no recourse to public funds.
  - Adult Social Care (£4.4m from 2011-12) – a higher demand for services, including in learning disabilities with children transitioning into adult social care. There is also a significant reduction in anticipated NHS joint funding.
  - Homelessness Temporary Accommodation (£2.2m from 2011-12) – resulting from the housing benefit subsidy changes introduced on 1st April 2010 and further changes to the benefit system being introduced by the Government.
  - Benefits and Local Taxation (£0.2m from 2011-12) – reflecting the additional cost of administering an increasing number of benefit claimants and maintaining existing service standards.

## **Other Changes and Variations**

9.3 In addition to the specific budget pressures there are a number of general cost pressures that the Council will face over the planning period.

- Inflation – the Government's projections for Consumer Price Index (CPI) inflation reflected in the Spending Review are 2.4% in 2011, 1.9% in 2012, and 2.0% in 2013 and 2014. The Governor of the Bank of England is already warning that the 2011 projections are optimistic, particularly given the 2.5% increase in VAT from January 2011. Whilst the Government has stated that it expects a period of wage restraint across all public services a provision will be factored into the planning assumptions. Furthermore there is a 1% increase in the employers' National Insurance rate from April 2011.

Since reporting the inflation provision to Cabinet in December 2010 it is considered to be possible to reduce the allowance for general expenditure (excluding third party contracts) by £1.2m. The overall provision for pay and inflation, therefore, is reduced to £5.3m as shown in Appendix 4. This will require budget holders to manage without the expectation of inflation allocations on certain elements of their budget.

- Another area of considerable price volatility is the cost of energy. Although Corporate Procurement has successfully driven down unit costs the current wholesale prices have gradually increased over the past three months and all energy users could face significant price increases over the next twelve months. Provision has therefore been included to cover unavoidable price increases to goods and services although Corporate Procurement will be working with service managers to negotiate lower prices wherever possible.
- Equal Pay/Single Status - a new package of pay and conditions was agreed in September 2008. The pay arrangements in terms of the back-dated compensation were resolved and paid last year and an estimate of the potential on-going costs going forward will be included in the budget.
- Concessionary Fares - London Councils previously agreed to revise the allocation of the cost of the concessionary fares levy to move towards actual usage data and this is being phased in. The GLA has already notified the Council of an increase of £3.7million for 2011-12. However, further substantial increases are forecast due to further reductions in grant funding from the Mayor of London as well as the continuing impact of the change in the method of distribution.
- North London Waste Authority – an increase of £0.5m for 2011-12 has already been confirmed by NLWA. Whilst this increase is significantly less than had been originally assumed, the increase has been adjusted through the planned one-off use of NLWA reserves. With on-going projected increases in both waste tonnages and the statutory increases in landfill tax there will be more significant rises in NLWA in future years. Furthermore, now that the plans for the major procurement to secure new long term recycling and environmentally sound disposal facilities are in doubt following the Government's withdrawal of PFI credits the future cost implications for all of the member boroughs is unclear.

- Employer Pension Costs - the next actuarial triennial valuation will be finalised before April 2011. However, current indications are that the pension fund is 70% funded with ever increasing life expectancy giving rise to higher long term liabilities and employer contributions. However, following discussions with the Actuary and taking account of the above, it is proposed that there is no change to employer contribution rates.
- The Government has commissioned a report from Lord Hutton into the future financing of public service pensions and significant changes to the scheme are anticipated. An increase in employee contributions and amendments to the existing final salary arrangements are predicted. Once the report is released it will be possible to start to consider the funding implications.
- Risk Provision – in future years there are significant risks to the level of government funding from 2012 onwards and the Council will see further increases in the demand for Children's Services, Adult Social Care and Housing Services as a result of the Government's proposed changes to the Welfare Benefits System with a consequential increase in service costs.
- Alexandra Palace and Park - the long term future will be the subject of further consideration and consequently the Council's financial support to the Charity will need to be reviewed in light of the Council's considerable financial challenge. Work will need to commence to formulate a master plan for the Palace with the aim to secure its long term future. Progress is being made on this with some early work being undertaken on an options appraisal/feasibility study. The underlying revenue deficit is in the order of £2m per annum and the expectation from the Council is that this will be reduced through efficiency and other savings proposals over the financial planning period.
- Carbon Trading – the Government has announced proposed changes to the carbon Trading Scheme which in effect turn it into a carbon tax. This is a disappointing change given that the Council has continued to give a high priority to environmental improvement and this change in direction will make it even more difficult to achieve our green agenda objectives. There is continued uncertainty as to whether the Council will become liable for the tax on schools carbon emissions and although the payments under the scheme will not be due until 2012 (based on 2011-12 consumption) provision will need to be included in the budget from next year. Elsewhere on the agenda Cabinet is being asked to allocate £0.5m of the Financing Reserve and provide up to £1m in prudential borrowing to top up the Sustainable Investment Fund. This funding will finance invest-to-save projects that will reduce both the Council's energy costs and carbon emissions.
- Other – there are other smaller provisions that need to be included in the MTFP to cover the potential debt financing cost changes.

9.4 The potential overall additional cost to the Council of some £37m over the three year financial planning period from the above budget pressures is detailed in Appendix 4.

## 10 Budget Process and Savings Proposals

10.1 The strategy for dealing with the considerable budget gaps from 2011-12 onwards is already well advanced. There are three key strands which have been developed through a Haringey Efficiency and Savings Programme (HESP):

- Significant 'back office' efficiencies will be achieved through the '**support functions review**' in order to protect front line services as much as is possible;
- Services to be reduced or discontinued will be identified in the '**strategic service reviews**'; this will involve prioritising resources to the most vulnerable in the Borough and other changes could include reconfiguration, shared services, social enterprises, reviewing policy options and discretionary areas of spend.
- We will bring together commissioning activities by developing a '**strategic commissioning**' function that will focus our resources on desired outcomes over and above delivery and process.

In addition the Council will be undertaking a major organisational restructuring, which will include reducing the number of managers through de-layering and increasing spans of control.

10.2 As part of the 2010-11 financial and business planning process the Council has already approved a number of revenue investments and savings which will impact on the MTFP. These show a net saving of £4.8m and are detailed in Appendices 5.1 and 5.2. The new savings proposals total £62.4m over the three year planning period are detailed in Appendices 6.1 and 6.2. This figure includes £28.4m of savings proposals already reported to Cabinet in December (Appendix 6.1) and new savings proposals totalling £34m (Appendix 6.2).

10.3 However, having reviewed the detailed budget reduction submissions it is evident that two of the proposals may require longer lead in times and a separate contingency of £1.8m has been included for these items which moves the savings from 2011-12 to 2012-13 as detailed in Appendix 6.2.

10.4 Furthermore, given the scale of the organisational changes necessary to achieve over £40million of savings in one year, implementation delays alone could be £3.5m per month across the full range of savings. With this in mind it is considered appropriate to hold a designated £2m contingency in the budget in addition to general balances. However it is recognised that the position is very tight and it is suggested that more savings are identified for realisation in 2011-12 over and above those identified in this report. This will assist in mitigating these risks and help prepare for 2012-13 and will be reported to Cabinet as part of the regular budget monitoring process.

10.5 As has already been identified, the additional grant loss in 2012-13 and 2013-14 contribute to the need to identify further savings in those years of some £42m to provide a balanced budget over the whole of the financial planning period. The proposals in this report identify £21m of savings leaving a further £21m to identify.

These additional savings proposals will need to be developed over the next twelve months in the light of the implementation of the existing proposals and other changes in government legislation.

- 10.6 It must also be recognised that there are costs associated with delivering a savings and efficiency programme of this scale. As has already been stated in paragraph 8.28 above, the Council has an earmarked Transition Reserve of £10.2m to fund the associated transition costs of redundancies, decommissioning, and investment necessary to deliver longer term efficiencies and change. This will need to be supplemented.
- 10.7 Indeed, the Council has already asked staff to volunteer for redundancy with the total redundancy costs of approximately 1,000 staff likely to be around £25m.
- 10.8 The transition costs will be kept under constant review and reported to Members as the position is clearer and as part of the overall budget monitoring process.

## 11 Equalities Impact Assessment

- 11.1 Under the Equality Act 2010 and the Public Sector Equality Duty (PSED), the Council needs to assess the impact of the budget proposals, and pay due regard to the equality duty. This duty as set out in the Act, covers the following protected characteristics (also referred to as protected groups): age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.
- 11.2 Prior to the making of any final decision the Council will assess the impact of the budget proposals by conducting Equality Impact Assessments (EqIAs), starting with an initial screening which considers whether there is a need for a full EqIA. The Council has an established EqIA corporate process, tools and guidance in place whereby relevant managers have responsibility for undertaking the impact assessment, Directorate Equality Forum Chairs ensure that EqIAs are completed and make recommendations for sign off by directors. A key element of the Council's EqIA process is consultation and engagement with the public, service users, community groups, the voluntary sector and our partners. All final decisions on proposals that require an impact assessment must take into account the outcomes and recommendations of the EqIA.
- 11.3 Accordingly the outcomes and recommendations of EqIAs should form the Equality/Legal comments in any report. EqIAs are published on the Council's website and where practicable, they are appended to the relevant reports. Actions arising from EqIAs are included in departmental business plans to ensure that these are implemented and progress monitored.
- 11.4 The indicative criteria to be applied by all Directorates both in the consultation concerning and in the determination of the future funding of Third Sector organisations, and other organisations where appropriate, is set out in Appendix 8.

## **12 Risks and Opportunities**

- 12.1 When setting the draft MTFP, Service Directors have provided their best estimate of their service costs and income based on the information currently available. However there will always be factors outside of the Council's direct control which will vary the key planning assumptions that underpin those estimates.
- 12.2 There are a number of significant risks that could affect either the level of service demand (and therefore service delivery costs) or its main sources of funding. In addition there are general economic factors, such as the level of inflation and interest rates that can impact on the net cost of services.
- 12.3 Similarly there are opportunities either to reduce costs or increase income which will not, as yet, have been fully factored into the planning assumptions. The main risks and opportunities are summarised below.

### **Risks**

- Reduction in service standards and/or performance
- Increasing service demand
- Impact of Housing Benefit and other welfare benefit changes
- Delay or non-delivery of savings proposals
- Inflation
- Shortfall in revenue due to general economic climate
- Outstanding and pending legal claims
- Further reduction in NHS joint funding
- Increase in bad debts

### **Opportunities**

- New freedoms and flexibilities
- New income streams as a result of government White Paper
- Potential additional savings from Alexandra Park and Palace Trust

- 12.4 An evaluation of these risks forms part of the analysis detailed in Appendix 7.2. An assessment of the possible impact of these risks and opportunities will also form the basis of an on-going review of Reserves and Contingencies.

## **13 Dedicated Schools Grant**

- 13.1 2010-11 is the final year of the current multi-year funding settlement for the Dedicated Schools Grant (DSG). The government has now confirmed DSG funding details for 2011-12 and that it has continued with the 'spend-plus' methodology for distributing DSG in that year; this means that the earliest point at which there could be a reversion to a formula based DSG allocation (including a more equitable Area Cost Adjustment (ACA) factor for Haringey) would be 2012-13.

13.2 The announcement identifies that DSG has, for 2011-12, been maintained at 2010-11 cash levels on a per pupil basis which is a real terms reduction to school funding. The grant has also been broadened to include a number of previously separate grant funded resources which have been included in DSG at the same per pupil level as for 2010-11. Those grants now included within DSG are:

- London Pay Additional Grant;
- School Standards Grant (incl. Personalisation);
- School Development Grant (incl. Specialist Schools);
- School Lunch Grant;
- Ethnic Minority Achievement Grant (EMAG);
- 1-2-1 tuition (making good progress);
- Extended Schools (sustainability and subsidy elements);
- National Strategies (Targeted Support for Primary and Secondary); and
- Diploma Delivery Grant.

In addition resources for the extension of the Free Entitlement for 3 and 4 year olds will be subsumed into the DSG adjusted to reflect population changes and the new enhanced Guaranteed Unit of Funding (GUF).

13.3 In summary therefore the Council's 2010-11 per pupil (GUF) of £5,364.29 taken together with the value of the above grants at 2010-11 levels on a per pupil basis (£942.51) gives a 2011-12 GUF of £6,306.81. Whilst final pupil numbers will not be known until June 2011 at the earliest we have, based on the above information and 2010 pupil numbers, exemplified a DSG for the Council, which amounts to £204.615m. Once the annual school level census (PLASC) has been undertaken (January 2011) and validated a revised estimate of pupil numbers will be used to set school budgets.

13.4 On 20<sup>th</sup> December the Young People's Learning Agency (YPLA) who, amongst other things fund post 16 provision, issued a statement on 16-19 funding setting out that providers can also expect a real terms cut in funding. The YPLA expects the reduction in average funding per learning to be no more than 3% which it will achieve through transitional funding arrangements.

13.5 The YPLA also announced the intention to consult on a single National Funding Rate, remove some specific grants only payable to school VI form providers and to introduce a Young People's Premium in 2012.

13.6 A key element of the announcement, and the subject of previous consultations in 2010, is the introduction of a Pupil Premium (PP) for disadvantaged pupils up to age 16 in schools. The PP is to be provided by way of a separate ring-fenced grant within the overall Schools Budget Settlement and which must be passed on to schools with disadvantaged pupils. The level of the Pupil Premium in 2011-12 has been set at a flat rate of £430 per disadvantaged pupil; despite indications to the contrary in the government's final consultation papers, no enhancement for differential Area Costs is to be added to the Pupil Premium meaning that its value to Council's such as Haringey which has high levels of child poverty is reduced relative to others. Children who have been looked after for more than 6 months will also attract the Pupil Premium of £430 and the children of service personnel will attract a Pupil Premium of £200.

- 13.7 The government has previously indicated their expectation that schools can make efficiency savings from procurement and 'back office' functions and it appears that they have reflected this in their calculation of the pressures facing schools and therefore in the level of the Minimum Funding Guarantee (MFG) for schools. The MFG, which will take account of the transfer of grants, inflation and assumed efficiencies, has been announced at negative -1.5%.
- 13.8 In addition, and following its deferral by a year, all authorities will have to implement an Early Years Single Funding Formula (EYSFF) from April 2011. This will be used to fund all settings providing the free entitlement (15 hours per week over at least 38 weeks) to 3 and 4 year olds.
- 13.9 The Schools Forum met on 17 January 2011 where their views on the Strategy for the Schools Budget, together with consideration of the final formula for the EYSFF, were sought. The Forum were asked to consider detailed papers and give their views on a number of recommendations; their views in the form of recommendations relating to both of those reports are summarised in Appendix 9.2. The Cabinet, at its meeting of 25 January 2011, were asked to consider and approve the proposed EYSFF.
- 13.10 The financial effects of the budget strategy proposals put to the Schools Forum are summarised in Appendix 9.1. The Cabinet has the final decision making power in relation to those recommendations appended to this report with the exception of School Forum ref: 8.38 which rests with the Forum.
- 13.11 The government has also announced the basis for calculating schools' Devolved Formula Capital (DFC) allocations which, on a like for like basis, indicate a reduction of 80% over 2010-11 levels.

## **14 Housing Revenue Account**

- 14.1 The Department for Communities and Local Government (CLG) has now issued the final figures for the 2011-12 Housing Revenue Account Subsidy determination which form the basis of the proposed HRA Medium Term Plan which is attached as Appendix 10.1.
- 14.2 The target level of balances for the HRA has been set at £5m to reflect the risks associated with the management and maintenance of the housing stock. This is broadly achieved over the three year planning period.
- 14.3 The MTFP for 2011/12 includes £3m for new efficiencies and savings (Appendix 10.4) in potential new efficiencies and savings to set against this target. This is in addition to £0.352m (Appendix 10.3) of existing efficiencies in 2011/12 identified in last years plan.
- 14.4 New investment amounts to £1.705m (Appendix 10.2) in 2011/12 although this primarily relates to the one year restructuring costs of the HfH Property Services Division at £1.455m. This estimate represents the high end of expected costs should

it be appropriate to enhance payments following the current ongoing negotiations with staff and trade unions.

- 14.5 The HRA capital financing charges and associated housing subsidy implications have also been reviewed. These now incorporate a reduction in estimated interest rates on outstanding debt from 6.18% to 5.83% reflecting the redemption of some high interest debt during 2011/12. The savings from this change amounts to £182,000 net of adjustments to subsidy.
- 14.6 All proposed changes have been incorporated in the HRA MTFP for 2011/12. The updated forecast including details of changes between years is set out in Appendix 10.5. The impact on HRA balances is summarised in the table below.

	2011/12 £000	2012/13 £000	2013/14 £000
Opening HRA Working Balance	4,728	5,019	5,581
In-Year Use of Balances	291	562	945
<b>Closing HRA Balance</b>	<b>5,019</b>	<b>5,581</b>	<b>6,525</b>

- 14.7 The subsidy figures have been constructed on a similar basis to that used in previous years. CLG intends to continue with the existing HRA subsidy system until a reformed system of council housing finance is implemented. It is anticipated that these new 'Self Financing' arrangements will come into effect from April 2012 at the earliest. Indeed local authorities are still awaiting the outcome of the consultation process which closed in July 2010 with the Government announcing its intention to use the Devolution and Localism Bill to abolish the current HRA subsidy system.

### **Management and Maintenance Allowances**

- 14.8 Within the subsidy determination Management and Maintenance Allowances are increased by 5.1% to £2,295 per dwelling. Taking into account the reduction in dwellings, this represents an increase in the overall allowances of £1.771m. The Major Repairs Allowance (MRA) per dwelling has increased by 5.7%. Taking account of the reduction in dwellings this represents a cash increase of £0.713m.

### **Rents and Restructuring**

- 14.9 The subsidy determination gives a guideline rent increase of 6.4% per dwelling. This is based on the September 2010 RPI inflation of 4.6% and rental convergence with Housing Association rents by 2015-16.
- 14.10 The average weekly dwelling rents, with caps and limits applied under the government's rent restructuring policy, will increase from £82.13 to £87.49. This is a cash increase of £5.36 per week (6.5%). There will be differing increases across dwellings and a further analysis considering the range of increases is set out below.

### Forecast weekly dwelling rents for 2011/12

No. of bedrooms	With Caps and Limits applied		
	Minimum £	Maximum £	Average £
Bedsit	54.33	95.81	69.72
1	45.37	113.65	74.85
2	65.44	124.79	87.37
3	61.82	132.95	100.58
3+	72.51	156.63	117.10
All dwellings	45.37	156.63	87.49

### Percentage change in weekly dwelling rents for 2011/12

No. of bedrooms	With Caps and Limits applied		
	Minimum %	Maximum %	Average %
Bedsit	3.3%	9.1%	6.9%
1	3.1%	9.9%	6.5%
2	4.2%	8.4%	6.6%
3	4.1%	8.6%	6.5%
3+	4.5%	8.1%	6.4%
All dwellings	3.1%	9.9%	6.5%

It has been past practice for CLG to compensate local authorities for the loss of rent income from applying the Caps and Limits to certain rent increases. Compensation has been applied through adjustment to the following year's subsidy entitlement. The estimated loss from applying the Caps and Limits is £340,000 in 2011-12. However, CLG has not as yet confirmed whether they will continue to fund the cost in 2012-13 and the Council will be seeking assurance that this funding will continue. The HRA MTFS assumes that this compensation will continue.

### **Service Charges**

- 14.11 In addition to rents tenants receive separate service charges for specific services that they receive. Charges are made for the following services

- Concierge services
- Caretaking
- Grounds Maintenance
- Street Sweeping
- Light and Power (Communal Lighting)
- District Heating
- Water

Each of the above charges have been reviewed to establish the extent to which each covers the cost of provision. The objective of the charges is to cover the cost of provision without penalties in housing subsidy.

- 14.12 The service charge recovery takes account of income from leaseholders and the same cost apportionment principles have been applied in calculating charges for both leaseholders and tenants.

- 14.13 The review of charges has considered the forecast cost of services for 2011/12 and where income has exceeded actual costs prior years which can be applied to offset increases in 2011/12. Based upon current forecasts most of the service charges can be held at current levels in 2011/12. However, Thames Water Authority has provisionally indicated that charges will be increased by 4.5% in 2011/12. The proposed charges from April 2011 are set out in the table below.

**SUMMARY OF SERVICE CHARGE PROJECTIONS 2011-12**

Option	Existing Charge per week 2010/11 £.p	Increase %	Increase £ .p.	Proposed New Charge 2011/12 £.p
Concierge	15.23	0	0	15.23
Grounds Maintenance	2.41	0	0	2.41
Caretaking	5.57	0	0	5.57
Street Sweeping	2.98	0	0	2.98
Light and Power (Communal Lighting)	1.06	0	0	1.06
District Heating	9.02	0	0	9.02
Water	5.33	4.5%	0.24	5.56

Information regarding charges for the upgrade of digital aerial services, and the maintenance of un-adopted roads is currently being evaluated.

## 15 Capital Programme

- 15.1 The Spending Review announcement in October indicated that capital funding from all government departments to Councils would fall by around 45 per cent over the Spending Review period and the Finance Settlement has confirmed these reductions. This has had a significant impact for the Council as previous capital programmes had largely been financed by government grant, supported borrowing approvals or other external funding, although discretionary local schemes with a high priority have been funded by capital receipts. The externally funded programme being proposed by Services for 2011/12 to 2013/14 generally factors in these restrictions on capital funding.
- 15.2 The proposed capital programme for 2011/12 to 2013/14 is summarised in Appendix 11. This also shows the individual schemes within each service area and their associated sources of funding. The three main sources of funding are external grants, capital receipts and reserves and prior year un-used supported borrowing allocations.
- 15.3 As part of the Finance Settlement the Government announced that new supported borrowing approvals will no longer be available from 2011/12 (see paragraph 15.12 below for further details). Prudential borrowing remains a source for funding capital

investment. However, its use will need to be assessed on a project by project basis and a clear business case must be submitted which properly demonstrates that the revenue borrowing costs are affordable within service budgets, otherwise it is unlikely to be approved.

### **Children and Young Peoples Service**

- 15.4 The Building Schools for the Future (BSF) construction programme will formally close in 2011/12 with the completion of the last two projects at Heartlands in April 2011, and Woodside in September 2011. Remaining expenditure on these two projects and the payment of outstanding retentions and fees on the rest of the programme comprises the majority of planned spend in 2011/12. Ongoing contract management and refresh of equipment within the ICT managed service will continue over the next 3 years to September 2013 when the current contract ends.
- 15.5 The main continuing investment projects in the Primary sector are: Broadwater Farm Integrated Learning Campus, the expansion of Rhodes Avenue to three forms of entry, and a project at Mulberry Primary School to replace life expired infant classrooms and improve extended service provision.
- 15.6 The currently proposed CYPS capital programme for 2011/12 to 2013/14 is underpinned by £9.2m of supported borrowing allocations from Government up to and including 2010/11 but previously unused. The funding is largely phased in the latter two years of the programme. Due to the workings of the formula grant system the Council will not in practice receive any additional cash funding to support the associated borrowing cost. The associated debt financing costs have been built into the Medium Term Financial Plan (see also paragraph 15.12 below).
- 15.7 The government has recently indicated that it will be reviewing schools capital grant allocations.

### **Housing Revenue Account**

- 15.8 The only confirmed capital funding stream for the HRA is the Major Repairs Allowance (MRA) for 2011/12 amounting to £13.5m. The current HRA programme is therefore significantly based on this funding stream with some additional funding being provided from corporate resources and leaseholder contributions to fund the proposed programme for 2011/12 of £17.5m. The position for later years is currently uncertain and only indicative figures are included based mainly on the current MRA which is the Government's assessment of the minimum investment required to maintain homes at a decent standard.
- 15.9 For Decent Homes, the Finance Settlement for Haringey indicates that funding for 2011/12 will be substantially reduced from current assumptions by around 60%. Furthermore the CLG have announced that funding allocations will be determined via a bidding process being managed by the Homes and Communities Agency (HCA). The deadline for submission of bids for 2011/12 was 11 January 2011 and allocations are likely to be announced in February at the earliest. If the Council's bid is successful the approved funding will be added to the HRA capital programme at that time.

## **Other Services Capital Programme**

- 15.10 Details of the proposed schemes within ACCS, Corporate Resources and Urban Environment proposed capital programme are included in the Appendix. The ACCS programme is mainly funded from grant resource, e.g. disabled facilities grant and heritage lottery fund. The Corporate Resources and Urban Environment programmes are mainly funded from capital receipts. The latter also includes the capital element of the Transport for London funding which was announced during December and totals £2.8m for Haringey.

## **Invest-to-Save Opportunities**

- 15.11 The capital programme currently includes two schemes within the Accommodation Strategy which will only proceed if they can be supported by a self-financing business case. It is likely that as part of the Council's transformation programme there will be other invest-to-save opportunities that will be incorporated into the capital programme as and when a business case with an appropriate pay-back period has been approved by Members.

## **Capital Receipts and Reserves**

- 15.12 With respect to internal resources, the forecast capital receipts over the planning period 2011/12 to 2013/14 continue to reflect the prevailing uncertain and difficult property market conditions. It is estimated that approximately £19.8m of new usable capital receipts will be available over the planning period phased £9.3m in 2011/12, £7m in 2012/13 and £3.5m in 2013/14. The proposed schemes to be funded from these and other internal resources, e.g. reserves, as considered by Cabinet on 21 December 2010, are based on the Council's investment priorities and also to enable essential health and safety issues to be addressed. The programme allows for the repayment of the Schools Modernisations Grant back to CYPS in 2012/13 as planned.
- 15.13 A robust approach to delivering best value in respect of capital receipts will be adopted. The council may consider using the facility of borrowing.

## **Supported Capital Expenditure (SCE)**

- 15.14 The Finance Settlement announced the abolition of supported capital expenditure allocations from 2011/12. Some priority investment supported through this funding stream may alternatively continue to be supported by capital grants but currently there is no further detail on this. This decision could significantly affect the CYPS and HRA capital programmes in the future as this source of funding accounted for approximately £11m of allocations in 2010/11, £4.7m for CYPS and £6.3m for HRA.

## **Capitalisation of Redundancy Costs**

- 15.15 There is a risk within the overall capital budget regarding the funding of redundancy costs. This is dependent on the nature of any capital authorisation given by the government: if that authorisation is by way of prudential borrowing then this will not

impact on the capital programme as presented. However, if the authorisation is by way of the use of capital receipts then it may be necessary to review the other services element of the Capital Programme to release capital resources to fund these redundancy costs. This will be assessed in the near future.

## 16 Treasury Management Strategy

- 16.1 The Treasury Management Strategy Statement for 2011-12 was approved by General Purposes Committee on 11<sup>th</sup> January and Cabinet on 25<sup>th</sup> January 2011 in accordance with the CIPFA Treasury Management Code of Practice. The report set out the proposed strategy with regard to borrowing, the investment of cash balances and the associated monitoring arrangements.
- 16.2 The key factor underpinning the strategy for 2011/12 is that short term interest rates are expected to remain very low throughout the year in contrast to medium and long term rates. This means that there will be a “cost of carry” if funds are borrowed in advance of capital expenditure being incurred. Therefore the Council anticipates continuing to run a strategy of keeping cash balances low and investing short term, so only borrowing when required.
- 16.3 Some limited additions to the Council’s lending list were proposed in order to provide some further investment capacity. These proposals were put forward having taken advice from the Council’s treasury management advisers and were deemed prudent enough to ensure the credit rating of the Council’s investment portfolio remains high.
- 16.4 The proposed prudential indicators set out in the report were based on the capital programme as detailed in Section 15 above and Appendix 10. They do not reflect the funding of Decent Homes or any capital grants that may be forthcoming in lieu of supported borrowing. The government have not yet made clear how much will be allocated to the Council or how it will be funded. Once this is clear, the prudential indicators will need to be revisited and if necessary revised. Any revisions to the indicators will need to be approved by full Council.

## 17 Consultation

### Public Consultation

- 17.1 The Council informed, consulted and engaged residents on its main budget process in line with the participatory budgeting agenda and the Audit Commission criteria regarding engagement with communities in the financial planning process.
- 17.2 Planning for, and implementation of, the consultation began prior to the announcement of the Government’s Spending Review on 21 October 2010 and Local Government Settlement (LGS) on 13 December – both of which fell within the consultation period.

- 17.3 The consultation could not be delayed until these were announced because of the requirement for the Council to set a legal budget in February 2011. The objectives of the consultation – entitled *Shaping Our Future* – were therefore to:
- Tell people about the spending choices the Council would have to make about services when allocating limited money in future;
  - Enable people to tell the Council what, if any, changes to services they would support; and
  - Capture ideas for saving money and views about the effects of the Government's spending plans locally.
- 17.4 The consultation was undertaken using an online and paper questionnaire both of which contained an invitation to take part as well as factual information about the Council's budget and its services. The paper questionnaire was widely available from the Council's main offices, customer contact centres, libraries, sports and leisure centres and park cafes. It was also distributed with the help of schools and children's centres, area assemblies and partner organisations (inc. HAVCO and Age UK Haringey).
- 17.5 The consultation was supported by a range of activity: three Haringey People articles; press releases; street posters; attendance by Cabinet members and officers at Area Assembly and Haringey Youth Council meetings during the consultation period; the Council's main web site; and YouthSpace web site. The consultation, and the issues it raised, was also covered by the local press.
- 17.6 The online and paper questionnaire included an explanation of the Council's funding sources together with an outline of the overall budget spend across nine service areas, and the Council's current estimated allocation per household across ten service areas. These attempted to communicate complex financial issues in a straightforward way. Participants were asked: how they would allocate funding; what changes to services they would support (if any); and whether or not they used the service they were commenting upon. The scope of the questions was limited given the estimated savings to be made and the requirement that the Council set a legal budget.
- 17.7 Consultation commenced on 4 October. An e-mail was sent to all 'Have Your Say' Haringey Group partners and other Council staff asking them to promote the consultation through their contacts and networks (both on and off line). This was designed to increase the number of residents, businesses, voluntary and community groups and young people taking part. Consultation was due to close on 3 December, but was extended to 17 December to compensate for time taken to produce the paper questionnaire. On 30 November the extension to the deadline was publicised on a wide range of outdoor poster sites in prominent positions around the borough.
- 17.8 Because of the importance of, and impact of, the consultation on every household in the borough, the Council distributed 97,000 questionnaires. 739 completed questionnaires and 10 e-mails were received compared with 20 in the previous year's consultation process.

17.9 The majority of responses were submitted by individuals and included 1,042 ideas and comments. A summary of the findings and main comments are as follows:

- The majority rated rubbish collection and recycling services as very or fairly important; and CCTV as fairly or very unimportant;
- When invited to do so, the majority of respondents allocated a total amount of £4,500 per household across ten service areas (which is broadly the same amount the Council currently spends);
- However, analysing the amounts respondents allocated to each service area individually reveals the following differences from the Council's current allocation:
  - Respondents would allocate less or the same amount to schools and children's centres, children's safeguarding, support for the elderly and people with disabilities, libraries, culture, sports and leisure and environmental services; and
  - Respondents would allocate more than currently spent to tackling crime and anti-social behaviour, reducing carbon emissions, dealing with housing and homelessness, regeneration and access to jobs and training, and support for community organisations.
- Overall, responses support getting others to provide the service for older people and sports and leisure services; reducing library opening times; stopping all landscaping and building in parks and open spaces unless fully funded by others; and working with others to achieve greater efficiency in the delivery of environmental services. They do not, however, support any of the options for change for pre-school facilities.
- Except for users of parks and open spaces and environmental services (who supported stopping all landscaping and building in parks and open spaces unless fully funded by others and working with others to achieve greater efficiency in the delivery of environmental services respectively) the users of the other four services did not support any of the options for change.

17.10 Non-users support: getting others to provide services for older people and pre-school facilities; reducing the opening times of libraries, sports and leisure centres and parks and open spaces; and working with others to achieve greater efficiency in the delivery of environmental services.

17.11 The main issues raised by the 1,042 ideas and comments were about:

- More effective and efficient use of resources through greater means testing and charging of those able to pay for older peoples services;
- Requests that the Council not make any changes to libraries because of their social, cultural and economic role in the life of the borough and/or generating

more income to help finance the service through increased charges, rental/concession space and greater use of technology;

- Ways of generating income in order to finance sports and leisure services through increased and varied charges, more efficient use of centres for corporate business use and health promotion;
- The use of volunteers to encourage greater community involvement and ownership in the maintenance and management of parks and open spaces;
- Use of 'invest to save' in order to increase recycling and reduce collections; generation of more income through fines, penalties and charges; and a request not to make any changes (for public health reasons) in order to maintain and improve levels of cleanliness by the borough's environmental services;
- Securing adequate funding for public services in the borough by Council opposition to the cuts through campaigning and lobbying for increases in taxation; and
- The content and scope of the consultation itself relating to question design, information provided and cost.

- 17.12 The Council will continue to inform, engage and consult residents and service users in order to deal with the ramifications of the unprecedented spending reductions it faces.

### **Haringey Strategic Partnership**

- 17.13 Since June 2010 there has been an on-going dialogue with the Haringey Strategic Partnership (HSP), its sub groups and in community meetings on the impact on Haringey of the Comprehensive Spending Review and in particular the cuts to the area based grant. Theme boards have confirmed their priorities for the coming year and undertaken work to identify the cuts that need to be made and the likely impacts. Further discussion with local community and voluntary groups to provide an opportunity for them to discuss the proposals with councillors and senior managers is planned for February.

### **Schools**

- 17.14 The Schools Forum met on 17 January 2011 where their views on the Strategy for the Schools Budget, together with consideration of the final formula for the EYSFF, were sought. The Forum considered detailed papers and endorsed all of the recommendations in the covering reports. A full list of the recommendations of the Forum on both the EYSFF and 2011-12 DSG Budget Strategy are attached as Appendix 9.2.

### **Housing Tenants**

- 17.15 Consultation with tenants has been carried out on the new basis started last year. From 2010-11 there was a single consultation paper covering both rents and service

charges. This detailed proposed changes in rent and service charges for each tenant in a single statement. This was mailed directly to tenants with the opportunity to make a written response or through a telephone advice and response line. The consultation has been carried out based upon the proposed rent increase of 6.6% together with proposed service charges from April 2011.

- 17.16 The table below represents the summary of responses from tenants.

<b>Response</b>	<b>Negative</b>	<b>Neutral</b>	<b>Positive</b>	<b>Grand Total</b>	<b>% Response</b>
Email	8	0	0	8	3%
Phone	28	18	6	52	20%
Written	130	24	26	180	75%
<b>Grand Total</b>	<b>166</b>	<b>42</b>	<b>32</b>	<b>240</b>	<b>100%</b>
<b>% Response</b>	<b>69%</b>	<b>18%</b>	<b>13%</b>	<b>100%</b>	

- 17.17 The 166 ( 69% ) negative responses were by and large from those in work who were already having to face pay freezes and considered the rent & water rates increases unacceptable. The feeling was very strong amongst this group and whilst many accepted that a rise was inevitable, the effect of a weekly rise of £5 or £6 per week was of serious concern to those tenants.

### **Other Stakeholders**

- 17.18 In addition to the extensive consultation detailed above the Council has also presented the budget proposals to the Trade Unions and other stakeholders. The proposals for savings set out in Appendix 6.1 and 6.2 contain significant reductions in what had previously been schemes for grant funding a variety of organisations. The majority of these organisations are third sector organisations, comprising voluntary organisations, community organisations and others. However, there are also a lesser number of private sector organisations that receive funds through the grant funding arrangements. The significant savings in the grant funding arrangements will require consultation with these organisations and the determination of new funding arrangements through the application of criteria designed to reflect the new priorities of the Council. Attached at Appendix 8 are indicative criteria for use by individual Directorates when taking funding decisions under particular funding schemes. Each Directorate will tailor these criteria to its particular needs and will apply them initially on an indicative basis for the purpose of consultation. Each Directorate will consult appropriate organisations following the application of its detailed criteria. The responses to the consultation will be taken into account in making the final determination, including any relevant comments concerning the detailed criteria themselves.

## **Overview and Scrutiny**

- 17.19 The Overview and Scrutiny Committee met on 5<sup>th</sup>, 17<sup>th</sup> and 31<sup>st</sup> January 2011 to consider the Council's Medium Term Financial Plan. Particular attention was given to the proposed savings set out in Appendix 6 of this report, but all areas of the plan were given consideration by the Committee.
- 17.20 The Cabinet has given careful consideration to the specific recommendations made by the Committee and both the recommendations of the committee and the Cabinet's responses are set out in Appendix 12 (to be tabled).

## **18 Summary**

- 18.1 The projected available funding available for 2011-12 as reported to Cabinet in December 2010 required savings to be identified totalling £46.5m to deliver a balanced budget for that financial year. Since the December meeting however, additional potential funding of £2.7m has been identified (£1.5m increase in the Council Tax base and £1.2m in New Homes Bonus) together with a reduction in the projected provisions required for inflation (£1.2m less), NLWA (£1.0m less) and pension and other costs (£0.6m). This has brought the saving requirement down to £41.0m.
- 18.2 Nevertheless, this remains an incredibly challenging requirement, representing as it does over 14% of the Council's net budget: and all to be achieved within a twelve month period. Savings of this magnitude will have a profound impact on the level of service provision that can be provided to residents and local businesses and the way in which those services are delivered.
- 18.3 As the MTFP indicates, the government's current spending plans will continue to put strains on the Council's available funding, notwithstanding the new 'freedoms and flexibilities' promised through the localism agenda. The current projected savings still to be identified in 2012-13 and 2013-14 total a further £42m. Recent growth figures announced for the national economy suggest that the country is still a long way from seeing an economic recovery.
- 18.4 This will mean that the level of demand for the Council's services, particularly from the most vulnerable in our society, will continue to increase the spending requirement whilst the available resources continue to be squeezed.
- 18.5 The current proposed Medium Term Financial Plan reflects those risks (and to a lesser extent opportunities) that can be realistically assessed at this point in time. However, the scale of social change that will be driven by the Government's proposals from its Spending Review will mean that the Council will need to review on at least a quarterly basis the robustness of the key planning assumptions and be prepared to adjust the plan accordingly.

19      **Comments of the Head of Legal Services**

- 19.1     The Council is under a statutory duty to set a balanced budget having regard to the report of its Chief Financial Officer as to the robustness of the estimates and the adequacy of proposed financial reserves. This must be preceded by a robust and comprehensive Medium Term Financial Plan. The report proposes to Members that a process of consultation be undertaken on the HESP proposals for savings which will involve relevant groups of the community, service users and staff. The Council must have due regard to its duties under the Equality Act 2010 when taking final decisions on the savings proposals and this in appropriate cases will include the carrying out of equality impact assessments and considering the results of these before taking final decisions. Members are reminded that in cases where a proposal involves a change to arrangements to meet a statutory duty, members will need to be assured before taking a final decision that the proposals for an alternative means of meeting that statutory duty are adequate.

## SUMMARY OF MEDIUM TERM FINANCIAL PLAN TO MARCH 2014

### Appendix 1

	2011-12 £'000	2012-13 £'000	2013-14 £'000	Totals £'000
Total Net Service Cost Brought-forward	307,829	286,169	273,939	
Changes and Variations	23,648	11,173	18,863	53,684
Prior-year Agreed Growth	(640)	(203)	(25)	(868)
Prior-year Agreed Savings	(3,614)	(283)	-	(3,897)
<b>Total Funding Requirement before Savings</b>	<b><u>327,223</u></b>	<b><u>296,856</u></b>	<b><u>292,777</u></b>	
Total Projected Available Funding	286,169	273,939	273,039	
<b>Total Savings Requirement</b>	<b><u>(41,054)</u></b>	<b><u>(22,917)</u></b>	<b><u>(19,738)</u></b>	<b><u>(83,709)</u></b>
Savings Proposals - December Cabinet	(12,564)	(10,114)	(5,675)	(28,353)

### Appendix 3

#### New Revenue Investment Proposals

Ref	Directorate	Business Unit	Proposed Use of Investment & Justification (KPIs etc)	2011/12 over 2010/11	2012/13 over 2011/12	2013/14 over 2012/13	Total	Impact on Service / Performance	Priority
1	Adults Culture & Community Services	AC02 Adult Social Care Services	Reduced contributions from NHS - Haringey, regarding Learning Disabilities service users.	£000	£000	£000	£000	685 The NHS fund a number of NHS Continuing Care packages and placements and part fund a number of establishments.	A Healthy Caring Haringey
2	Adults Culture & Community Services	AC02 Adult Social Care Services	Reduced contributions from NHS - Haringey, regarding Mental Health service users.	695				383 As above	A Healthy Caring Haringey
3	Adults Culture & Community Services	AC02 Adult Social Care Services	Demographic pressures Mental Health. Increasing client numbers year on year have resulted in an uncontainable pressure in 2009/10 and 2010/11.	383				556 Despite using prescribed pricing tools; managing the interface between health and social care Haringey attracts a high number of mental health users from inner city boroughs, coupled with the reduction in acute beds in the MHT and acute commissioning spend.	A Healthy Caring Haringey
4	Adults Culture & Community Services	AC02 Adult Social Care Services	Demographic pressures Older People. Increasing client numbers year on year have resulted in an uncontainable pressure in 2009/10 and 2010/11.	455				455 In line with national trends and demographic pressures Haringey is experiencing growth in Older Peoples Services. Again, as for all client groups, despite the vigorous application of pricing tools a funding pressure has emerged over recent years.	A Healthy Caring Haringey
5	Adults Culture & Community Services	AC02 Adult Social Care Services	Demographic pressures Physical Disabilities. Increasing client numbers year on year have resulted in an uncontainable pressure in 2009/10 and 2010/11. Additional growth is anticipated	466	244	169	879 As above (older people)		A Healthy Caring Haringey
6	Adults Culture & Community Services	AC02 Adult Social Care Services	Transition - To fund the increased needs of young people when they leave school or reach 18 in 2011-14. All client groups. A total of 184 children over 3 years. Assumes health income of £1.4m.	1,847	2,575	2,316	6,738	Without the transition growth we will be unable to fund the new cases coming through from CYPs to Adults services. The commissioning budget will significantly overspend particularly since these new cases tend to have very high needs and high spend attached. Although everything possible is done through the transition process to achieve good value for money prior to the transfer to adult services this does not negate the financial impact of these transition cases.	A Healthy Caring Haringey
Adults Culture & Community Services Total				4,402	2,819	2,485	9,706		
7	Children & Young People	Children & Families	To fund the appropriate structures in Safeguarding and Support / First Response to enable the effective evaluation of children for care services.	715			715	Increase in costs necessary to accommodate the increased number of Children being referred and assessed for care services.	A Safer Haringey

## New Revenue Investment Proposals

Ref	Directorate	Business Unit	Proposed Use of Investment & Justification (KPIs etc)	2011/12 over 2010/11	2012/13 over 2011/12	Total	Impact on Service / Performance	Priority
				£'000	£'000	£'000		
8	Children & Young People	Children & Families	Demographic pressures - Looked after Children. The number of LAC has continued to increase above the number assumed in the base budget.	4,000	(1,983)	(741)	1,276	Necessary to cope with the full year effects of the current number of children in care. Future years' reductions dependent on successful management action.
9	Children & Young People	Children & Families	An increase in the legal costs budget which is necessary to reflect an increasing children in care population due to increase in child care cases.	500			500	Volume increase in legal case work associated with the higher number of Children-in-Care. Delays in representing cases in court leads to higher costs and potentially worse outcomes for C-i-C.
10	Children & Young People	Children & Families	This is necessary to fund a range of costs associated with families with children who have No Recourse to Public Funds as a result of their immigration status.	1,000			1,000	Establishment of base budget provision for group unsupported by grant. This group has no other means of supporting their families and therefore children are potentially at risk.
11	Children & Young People	Children & Families	To fund client related expenditure in respect of homeless 16 and 17 year olds who must, following court judgement, receive services as a LAC.	301			301	To accommodate the on-going pressure in this area caused by the Southwark Judgement, which places an obligation on authorities to recognise this client group as being entitled to care services.
12	Children & Young People	Children & Families	To provide the appropriate allowances for those looking after children as 'Special Guardians' as an alternative to other care arrangements.	521			521	To achieve more cost effective placement of children through the SG route rather than more expensive placement alternatives.
13	Children & Young People	Children & Families	To fund the appropriate structures in the Children-in-Care Service to provide effective services for those children placed in care and ensure the best long term care solution is achieved.	325			325	Increase in costs necessary to accommodate the higher numbers of Children-in-care and the appropriate staff infrastructure.
<b>Children &amp; Young People Total</b>				<b>7,362</b>	<b>(1,983)</b>	<b>(741)</b>	<b>4,638</b>	
14	Corporate Resources	BLT	On going economic downturn could continue to place pressure on workload for the division, impacting on the performance of housing and council tax benefit days to pay. As in 2010 /11 additional resources may be needed to meet the pressures in 2011/12, if performance is to be maintained or improved. If economy picks up, may not be required 2012/13+	200	0	0	200	The last 7 months have seen a reduction in the combined Days to Pay for New Claims & Changes of Circumstances (NI 181), largely brought about by improvements in staff productivity, more efficient operational processes and the steady reduction in the build up of old outstanding claims. However the on going impact on our workload from the current economic climate and the need for us to undertake other proactive measures in running an efficient service (data matching, running off control reports, subsidy control & cleansing) continue to add to our pressures. Without additional resources, maintaining current performance, and achieving further improvements, is likely to be a challenge for the Service.

## Haringey Efficiency and Savings Programme - Proposals presented to Cabinet in December 2010

### Appendix 6.1

Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	Impact on Performance	(Service Delivery)	Equality Impact Assessment Required
<b>People and Organisational Development Service/ Policy, Performance, Partnerships and Communication/ Chief Executive</b>								
1 HR and OD&L	Review of HR services - to determine a revised service offer that will deliver the support and service that the organisation needs to manage its people resource within the constraints of a reduced and limited cash budget.	259	0	0	259	HR service is critical to ensuring that the Council manages people change. The future service will be focussed on enabling this change.		EIA screening tool
2 HR and OD&L	Review of OD&L - The review of Organisational Development activity will aim to improve the OD Service. Offer to the council in the context of the need for savings and efficiencies.	187	60	80	327	OD service to focus on helping the Council manage change in a period of transition.		EIA screening tool
3 Human Resources	Apprenticeships & Trainees - cessation of corporate scheme	165	0	0	165	The current labour market is proving sufficient to provide staff.		
4 Chief Executive's Service	CE projects budget - reduce by 25%	17			17	Improved corporate planning of spend across the authority should reduce the need to fund one-off projects by the Chief Executive and should not impact on delivery.	Yes	
5 Policy and Performance	Cease Equalities Events Funding	47			47	Events will need to be delivered through alternative routes such as the 47 Third Sector.	No	
6 Policy and Performance	Review of Customer Focus budget within Policy & Performance - a phased reduction to allow the development of customer insight.	117			117	Activity around the Wow awards will cease along with the subscription to the Institute of Customer Service. An internal staff recognition scheme will be developed to recognise staff achievements.	No	
7 Secretariat	Review of secretariat - reduce staffing and associated running expenses	45			45	This is the secretarial support for the Chief Executive's services which will be managed.	No	
8 Policy and Performance	Review central feedback function - proposals to amend current corporate complaints procedure and centralise the handling of Members enquiries etc. linked to an upgrade of the 'Respond' database	65	50	50	115	A review of the process for managing feedback will allow the reduction to be managed.	Yes	
9 Communications and Consultation	Review of Translation & Interpretation Service - re-assess balance between in-house and external service provision	124	0	0	124	Alternative models of delivery will ensure that a service remains available where it is required.	Yes	
POD/PPPC/CE Grand Total		961	125	130	1,216			
<b>Corporate Resources</b>								
10 Corporate Property	Reduce Corporate Landlord and Repairs and Maintenance - This will reduce the Maintenance and Repair spend on both Operational and Commercial properties within the Council's Portfolio	70	0	0	70	Reduction on non-urgent priority repairs and maintenance undertaken. Impact on services minimised through prioritisation.	No	
11 Corporate Property	Reduce Facilities Management specification- amongst other measures, this will remove the free vend facilities for staff and replace with pay vend.	50	0	0	50	Impact on staff, Members and visitors as no free vend refreshments will be available. Pay vend will be the only facility available.	No	
12 Corporate Property	Corporate management of property efficiency and Service Reduction This proposal aims to release further efficiencies by extending Corporate Management of Property (CMP) and reduce the level of general advice and readily available provision of in-house services.	120				Reduction in general advice and in-house level of valuation, commercial and asset management support to Members and Directors in relation to major projects, acquisitions and disposals. Work requests will be subjected to priority and rationing as well as extended response times.	No	
13 Corporate Property	Reduction in Building Maintenance This proposal is in two parts: 1. Reduce or stop maintaining the current buildings portfolio unless it is a statutory requirement, health and safety risk or essential to keep the services operational. 2. Reduce the maintenance budget on the basis that the number of service operations buildings (libraries, leisure centres, day centres, community centres, museums etc) is reduced in the medium term.	150	125	125	400	Whilst every effort will be made to prioritise repairs and maintain building compliance (not necessarily fitness for purpose). Some disruption to occupying services and building closures is likely. A reduction will increase decay and reduce the opportunity for Carbon Reduction measures. Increased risk of dilapidation claims for leasehold obligations. A reduction in this budget means that there will be less available for savings put forward by other Departments relating to building reductions including through the accommodation strategy.	EIA screening tool	

## Haringey Efficiency and Savings Programme - Proposals presented to Cabinet in December 2010

### Appendix 6.1

	Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	Impact on Performance (Service Delivery)	Equality Impact Assessment Required
14	Corporate Property	<b>Reduction in Soft Facilities management</b> 1. reduce the level of office related services provided to employees, councillors, visitors and customers by removing or reducing such activities as reception, meeting room support, post delivery, visitor management. 2. reduce the soft FM budget on the basis that there will be fewer offices and office users to support in the medium term (removal of at least one major office building).	150				Reduction in service levels will impact on occupying services with more self help required. This to include room bookings/ID/stationery management and building support. This will impact negatively on the productivity of other staff.	No
15	Corporate Property	<b>Reduction in Office Accommodation</b> This proposal is to continue implementation of the accommodation plan by seeking opportunities to further intensify the use of space thereby further reduce the retained portfolio.				1,200	Options for further savings can be based on reductions in the size of the Council's workforce. Removing one of the large buildings would release circa £1.2 million subject to being able to dispose or surrender/assign the lease. It is emphasised that this is a medium term 1,200 proposal based on staff reduction and the figure stated is a full year effect once all premises holding costs have been removed. Loss of space and facilities with potential impact on business efficiency, customer service and loss of flexibility. This will impact on Customers with fewer locations and service points.	No
16	Corporate Property	<b>Savings on Security costs at Customer Service Centre's</b>			11	32	43 Review of Security Contract	Yes
17	Corporate Finance	<b>Haringey Payments Service -close Thursday evenings &amp; Saturdays</b>		18	0	0	The front line cashiers' office has now been closed on Saturday mornings and late nights on a Thursday. Both of these sessions had 18 fewer transactions than normal working hours and has not, so far, appeared to result in any marked diminution of service provision.	No
18	Corporate Property	<b>Increase Staff car parking Charges</b> - This proposal is to increase the level of staff car parking charges.	15	0	0	15	Reduction in staff benefit. This will also be affected by any reduced designated essential users.	EIA Screening tool
19	Corporate Property	<b>Open staff car parks in evening and at weekends - External Hire</b>	6	0	0	6	Impact on staff parking income minimised by hire outside of office hours.	No
20	IT	<b>IT Service implement Value for Money (phase 2)</b>	300	0	0	300	Aligns IT Services with the outcome of the IT Value for Money SFR and impacted although the number of deleted posts will be lower	EIA Screening tool
21	Legal	<b>Centralise Legal budgets and Managed demand</b>	40	105		145	Reduction of administration costs in terms of managing a trading account and reduction of legal costs through demand management	No
22	BLT	<b>HB overpayment recovery project</b> -The Benefits and Local Taxation Service are responsible for the recovery of Housing Benefit Overpayments(HBOP). The income achieved by overpayment recovery is additional income to the Council. It is proposed by investing in additional resource to this area, that income can be multiplied.	274	0	0	274	No impact	No
23	Customer Contact	<b>Integration of Customer and Benefits and Local Taxation Services</b> to provide both a phase one approach to implementation of the revised customer contract operating model and a tactical solution that focuses on handling customer enquiries at the first point of contact.	521	270	0	791	Positive impact on performance, customer satisfaction and activity based cost.	Yes
	<b>CR Grand Total</b>		<b>1,714</b>	<b>511</b>	<b>1,357</b>	<b>3,582</b>		
	<b>CROSS COUNCIL</b>	<b>Reduction in the use of Mobile Phones</b>						
24	Council wide	• To achieve a reduction in total mobile call charges (percentage to be defined by further investigation) • To establish clear eligibility criteria for mobile phone allocation and policies for mobile phone usage. • To enable central enforcement of mobile phone usage	150	0	0		No impact on service performance anticipated - mobile phones will still be allocated to staff where clear eligibility criteria exist to meet service needs.	No

## Haringey Efficiency and Savings Programme - Proposals presented to Cabinet in December 2010

### Appendix 6.1

	Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	Impact on Performance	(Service Delivery)	Equality Impact Assessment Required
25	ICT Efficiencies	ICT Efficiencies The purpose of this initiative is to generate additional savings in ICT from contract negotiations over and above the pre-agreed savings already targeted in this area.			150		As well as continuing the current work to negotiate reductions in existing IT contract costs, this initiative also involves working with 150 Business Units to determine whether functionality currently provided in their Business IT systems can be removed, thereby reducing further contractual costs.		No
26	Cross Cutting	Procurement and Account Payable Process -To centralise the goods and supplies procurement process [including invoice processing] with the aim of achieving efficiency and cashable savings.			312	104	416 There will be no adverse impact on performance. The main risk centres around resourcing high workloads in Q4 of each financial year.		No
27	Cross Cutting	Financial management Consolidation and process efficiencies To review and re-engineer the financial management service provided by the Council's finance function and put in place a new centralised finance structure that will deliver the agreed service and savings..	1,769	603	0	2,372	The savings that are planned from this review will be achieved by reducing the number of staff employed by the Council undertaking financial management and related activities. To ensure that the Council's financial management regime is not unduly compromised, budget holders will be expected to take more responsibility for this activity, interacting directly with the Council's general ledger (SAP).		EIA screening tool
28	Customer Contact	Programme to shift customers to online transactions . The programme will establish the costs, benefits and risks involved in establishing a revised operating model for customer contact that is streamlined and targeted to produce efficiencies	500	500	0	1,000	An analysis has been carried out of staffing resources deployed on customer contact across the Council, together with an analysis of contact volumes through different channels. This work has identified a number of areas with high staff numbers and high contacts in both "back" and "front" offices, particularly in BLT and Parking. Options are being developed to take forward the redesign and streamlining of these services to implement a significant increase in self service via the web and a reduction in other more expensive channels such as face to face and telephone contact.		Yes
29	Paybill efficiencies	Review contractual terms and Conditions of employment			2,500		2,500 Any review of employment terms will seek to reach consensual change via a collective agreement.		Yes
30	Human Resources	Improve health & safety co-ordination			133	100	0	233 Merge corporate and schools H&S teams	No
31	Smart Working Phase 2/Flexible working	Reduction in retained office accommodation - This Efficiency Programme initiative aims to further reduce the retained office space by reducing demand and increasing the density of use of the office space through more intensive use of workstations and the reduction of office based working.	0	150	250	400	Delivery of existing target on accommodation strategy and SMART working through rationalising the office space, reduction in buildings and changes in working practices		No
32	Spans of control and delayering	Review seeks to identify a reduction in management posts across the organisation by providing benchmark spans of control ratios.	400	1,000	1,100	2,500	The review will ensure that management roles are clearly defined thus minimising risks associated with reductions in numbers.		Yes
33	Cross Council Subjective Expenditure Reviews	A series of subjective expenditure reviews will be carried out to look at the overall activity undertaken by the council and identify the scope for delivering efficiencies by reducing expenditure, improving processes, achieving economies by bringing similar activities together across different directorates, eliminating duplication.	490	300	200	990	Reviews will be carried out under the VFM framework developed to examine cross council expenditure. The work will entail analysing financial information located in SAP; the protocol and processes in place and the current existing contracts. Initial reviews will be carried out in Learning and Training, Travel expenses and car allowances, subscriptions to other organisations, catering and project management fees. It is proposed that an ongoing programme of reviews is developed that will feed into future budget setting processes.		No
<b>Grand Total CROSS COUNCIL</b>			<b>3,754</b>	<b>5,257</b>	<b>1,700</b>	<b>10,711</b>			
<b>Adult, Culture and Community Services</b>									
34	Recreation Services	Implement in year price increase .This project seeks to increase the charges for recreation services by 5.5% in year to provide for additional income from 1st January 2011.	100	0	0	100	Potential reduction in throughput and related income. To be mitigated by varying increase across different activities/facilities and taking account of other LA/provider comparison		Yes

## Haringey Efficiency and Savings Programme - Proposals presented to Cabinet in December 2010

Appendix 6.1						
Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	Impact on Performance (Service Delivery)
35 Recreation Services	<b>Reduce Parks Support</b> - To reduce the use of consultants in Parks Service and review /reduce the operational support structure from 2011/12.	18	0	0	18	Reduced improvement capacity
36 Recreation Services	<b>Allotment fee increases - full cost recovery.</b> The average size of a plot is 5 poles (125square meters). The proposed increase will represent an additional cost to a plot holder (who do not receive a discount) of about £9.00 per annum, and £22.75 for non residents.	22			22	User take up/use of facility
37 Culture and Libraries	<b>ICT efficiencies and library staffing</b> - We have renegotiated the costs of our library management system and will also be making staffing efficiencies in libraries, at Bruce Castle museum and in the archives service.	384	0	0	384	The impact on library service users will be negligible. With particular reference to the staffing reductions at Bruce Castle and Archives these payroll efficiencies may result in some reductions in opening hours at the museum and in the archives search room but we will keep any reduction to a minimum.
38 Recreation Services	<b>Reduce Recreation Development Team:</b> This proposal is to reduce the Recreation Services development team by 2 ftes with effect from 1 April 2011 in order to produce an efficiency saving	71	0	0	71	Unit's ability to attract/secure external funding and progress both open space and leisure development projects
39 Recreation Services	<b>Tottenham Green Leisure Centre - Reduction of Reception Cover</b> as a result of introducing ticketing software. Following an embedding period it is anticipated that customers will make a shift in the way they access the leisure centre by using online bookings and self service kiosks. From April 2011 it will therefore be possible to reduce the cover in reception by the equivalent of 1 FTE post. This will be achieved through a reduction in cover hours no longer required.	27	0	0	27	User take up/use of facility
40 Recreation Services	<b>Review of Parks Management.</b> This project seeks to identify the future service options for the delivery of a Parks Management Service. The project will include Grounds Maintenance management of Parks. Consideration of the future Green Flag programme will be needed. Will need to take account of services/SLAs/trading with HfH and Urban Environment.	90	0	0	90	Reduced operational management capacity/cover. Will require formal process with employees and trade union representatives
41 Recreation Services	<b>Energy Consumption reduction</b>	49	50	0	99	Sports and Leisure are working with Corporate Procurement (Energy Management) to contribute to the Council's carbon management plan reduction targets. A number of schemes have been implemented and are leading to reduced utilities consumptions and costs.
42 Adults & Commissioning	<b>Cease ACCS trainee Social Worker scheme.</b> We ceased having any more social worker trainees over one year ago. The implementation of personalisation needs a different type of worker and not necessarily a qualified social worker. Most Boroughs stopped funding social work trainee schemes many years ago. Adult Services needs in terms of the social care assessment are different to the statutory role of the Children's social worker; we have much less statutory work. We have no recruitment issues.	37	0	0	37	Low impact
43 Adults & Commissioning	<b>Close Woodside Day Centre</b> - Woodside offers a specialist day centre service for approximately 45 vulnerable older people with mental health problems, Monday to Friday. All service users access the service via centre based disabled access transport. It is situated beside a children's nursery with which it has some links. It is a good service. The Woodside centre is a traditional wood framed building with relatively high maintenance costs. It has the smallest external space of all the day centres and lowest levels of independent customer satisfaction. In January 2009 the Care Quality Commission (CQC) Inspection said that whilst our services for older, vulnerable people were good, they commented that they were rather traditional outlook	149			149	Medium impact as this is a specialist service with little similar provision currently within the Borough. Reprovision will be by 149 review/reassessment with possible reprovision in other Older People's or Mental Health in-house or external day care services, or by Personal Budgets where appropriate.

## Haringey Efficiency and Savings Programme - Proposals presented to Cabinet in December 2010

Appendix 6.1						
Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	Impact on Performance (Service Delivery)
44 Adults & Commissioning	Cease Funding for Elderly and Disability Project -The Cypriot Centre offers culturally specific day care for Greek and Turkish Cypriot older people and people with physical disabilities. The Council currently has placed 34 service users on a spot purchase basis. The service also provides care and support for people from outside the Borough, in particular Enfield. This is a voluntary organisation with it's own management committee. The Council seconds 2 members of staff to manage the service in partnership with the Cypriot Centre. The proposal is to withdraw the 2 secondees and funding for the same. The project could continue without our input but the management committee would need to consider how they wanted to replace the management function.	94			94	Low impact for service users as the service should be unaffected by this proposal
45 Adults & Commissioning	Close or reconfigure all drop in centres for older people - There are 4 Council funded drop in centres for Older People; Abyssinia Court, Willoughby Road, The Irish Centre and Woodside House (separate building from Woodside Day Centre). The drop in centres are used solely by people who do not meet threshold into care services criteria; Substantial and Critical, and are seen as a preventative service. Their main function is to provide social contact and activities for the users. They are "walk in", non-assessed services which are not charged for. Service users purchase lunch (subsidised) if they wish through the Meals on Wheels contract. These centres also provide some 800 basic foot care sessions per year at no cost to service users. Some of the users with mobility problems are assisted to attend by use of day centre transport, utilising spare capacity within our centre based transport service.	181			181	Medium-high impact as this proposal will eliminate the last of the preventative in-house provider services for older people. Low service user impact beyond withdrawal of the foot care service.
46 Adults & Commissioning	Cease Salary Contribution to Jackson's Lane Luncheon Club A well established (early 1980's) luncheon club/arts club for older people which is based in Jackson's Lane Art Centre. This is not a council service. The Council contributes £10.3k towards the cost of a part time worker who is employed by Jackson's Lane. It is a non-assessed "walk in" service. Service users pay for their meals through the Arts Centre restaurant. A proportion of service users live out of borough as this Centre is on the Borough boundary.	10			10	Medium impact. The future of the service will depend on decisions made by the Jackson's Lane Board and in the wider context of Arts Council funding changes. These older people are not assessed as requiring an adult social care service.
47 Adults & Commissioning	Close an Older People's Residential Care Home .There are 3 in house residential homes for Older People in the Borough. This proposal is to close The Red House Residential Home (West Green Road). The Red House is a 34 bed home which provides a service to physically frail older people (17 beds) and also older people with dementia (17 beds). It is rated as Good by CQC (Care Quality Commission). However, this home is being proposed for closure as it has a higher unit cost than its direct comparator Cranwood. In addition, though refurbished, the building is relatively less suitable for purpose and has the least good external grounds.	(78)	792	(78)	792	High impact. The risk can be mitigated by detailed consultation and adjusting the timescale for the closure to allow for psychological adjustment to the change. All residents and their family/carers would have to be fully consulted for the statutory minimum of 90 days after which a considered decision can be made by Members. Following a final decision, and if necessary, individual care reviews would take place to establish the most appropriate form of care re-provision for the remaining individuals going forward, for example this must be alternative residential care, nursing home care, NHS Continuing Care and Extra Care
48 Adults & Commissioning	Close in house Home care Service /Create Reablement Service .The proposal is to close the in-house home care service which is a small, good quality, but relatively expensive service offering personal care to vulnerable adults: mainly vulnerable older people post hospital discharge (75% of referral rate). It is quality rated as Good by CQC. Two thirds of our personal home care service is commissioned from the independent sector and has been for many years. All of our externally purchased home care provision is also quality rated by CQC as Good. However, it is a very expensive service in comparison to all of our externally commissioned home care due to Local Authority pay and conditions. At approximately £36.00 per hour it is more than double the amount that our externally commissioned home care costs. As this is such a small, good quality but expensive service our view is to close and change this service to focus on reablement, which needs to be provided by an in house team.	(100)	1,162	(100)	1,162	Medium impact to service users. 75% of current in house home care service users only stay in the service for 6 weeks and are then passed to an external provider for long term care. The remaining 25% will be reviewed and passed to an external service of equivalent quality, Yes following appropriate transition arrangements.

## Haringey Efficiency and Savings Programme - Proposals presented to Cabinet in December 2010

### Appendix 6.1

Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000				2012/13 £'000				2013/14 £'000				Total £'000				Equality Impact Assessment Required
		2011/12 £'000	2012/13 £'000	2013/14 £'000	2011/12 £'000	2012/13 £'000	2013/14 £'000	2011/12 £'000	2012/13 £'000	2013/14 £'000	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	Impact on Performance	(Service Delivery)		
49 Adults & Commissioning	Introduction of reablement Service for all new referrals All new referrals to Adult Social Care to receive a period of reablement prior to completing the Self Directed Care pathway. It has been demonstrated that having a period of reablement, prior to agreeing a longer term package/personal budget, results in a lower cash value service being provided than might otherwise have been agreed.	224	647												High impact. The value of the efficiency is directly linked to the numbers of people passing through the care system. Moderate risk. 871 The model is based on national figures and, while likely to generate the levels of savings indicated, the model is national based model and may not equally apply to the Haringey demographic profile.	Yes		
50 Adults & Commissioning	Reduce Older People's Placement budget following Introduction of Extra Care Extra Care is a direct alternative to residential care in the main for vulnerable older people but for very vulnerable older adults (say 55+) with a mental health, dementia or learning/physical disability or substance use problem. Extra Care schemes means that whilst people can have their own 'front-door' which affords them a greater level of dignity and respect. There is 24 hour care available and with a personal budget this means that an older vulnerable person can have intensive care, but not have to move in to an institutionalised residential care environment. People's care will be funded through a combination of adult commissioning budget, housing benefit and central government benefits: Attendance Allowance and such like. Overall, this is a positive move: good quality, Value for Money (VfM) care enhancing life opportunities and outcomes such as improved health and well-being; greater choice and control and greater dignity and respect. There are two schemes that will go live in the next two years: • The Trees – operated by Hill Homes – 40 units in total due to open February 2011. This scheme • Roden Court – operated by One Housing – 40 units in total, due to open May 2012; and • The possibility of the conversion of Protheroe House to an Extra Care Scheme in the future.				304	304	304	0	0	0	608	Low						
51 Adults & Commissioning	Close Whitehall Residential Home for people with learning difficulties - Whitehall Street residential and respite home is a fifteen bed unit which offers 11 residential beds and 4 respite beds for people with learning disabilities. The proposal is to re-provide this service to enable people through personal and individual budgets to access more ordinary living options. The move from institutionalised care to supported living arrangements offers residents improved choice, flexibility, freedom and control, whilst offering greater value for money with the added benefit of access to housing benefits. At present the cost of an individual bed at this unit is £850/week. Through supporting living arrangements it is estimated to be an average cost of £850/week to adult social care.				(36)		273				237	Low to Medium.						
52 Adults & Commissioning	Close mental health day care centre The proposal is to close one of our adult mental health day centres and use personal and individual budgets to offer the opportunities currently provided there such as: art, music classes etc. via and adult education or training, alternative employment environment. This service is for younger adult people with mental health issues, so it is even more important to offer care and support when people need it in the most appropriate and 'normalised' environment.							81						Medium impact. 684 Centre acts as a stabilising influence in the lives of many of its service users. Some service users may receive an alternative service at the Clarendon Centre. However, this service was approximately 25% externally funded (Health grant and the former ABG) and could not continue if these funding streams were withdrawn.	Yes			

## Haringey Efficiency and Savings Programme - Proposals presented to Cabinet in December 2010

### Appendix 6.1

	Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	Impact on Performance	(Service Delivery)	Equality Impact Assessment Required
53	Adults & Commissioning	<b>Remaining OP Residential Home</b> - Closure of the remaining 2 Older People's residential homes. Cranwood is a 33 bed home and Broadwater Lodge is a 45 bed home. The principles for closure are the same as the proposal to close The Red House in Phase 1 of the efficiency programme.					High impact. The risk can be mitigated by detailed consultation and adjusting the timescale for the closure to allow for psychological adjustment to the change. All residents and their family/carers would have to be fully consulted for the statutory minimum of 90 days after which a considered decision can be made by Members. Following a final decision, and if necessary, individual care reviews would take place to establish the most appropriate form of care re-provision for the remaining individuals going forward. A new 70 bed residential care unit is due to open in the near future in Tottenham. In addition, increasing numbers of extra care housing properties will be coming on stream over the next 3 years. It is anticipated that it is possible to compensate for the loss of 112 Council beds within the independent sector.		Yes
54	Adults & Commissioning	<b>Mental Health Unit Closure Alexandra Road</b> - This is a 24/7, 365 days/year service to provide care and support to people with mental health problems who are in crisis and people usually stay there for a maximum of one week. It is an alternative to hospital care and provides a crisis service to 8 people when at full capacity.					Medium impact. Alexandra Road acts as a stabilising influence in the lives of many of its service users who are in crisis. Closing this service will result in a probable increase in hospital admissions. This service is jointly funded by NHS Haringey who are withdrawing funding. Council will not be able to afford to continue this service.		Yes
55	Adults & Commissioning	<b>Remaining OP day centre closures</b> -The two Older People's day centres affected are The Haven and Grange. The Haven provides a good quality specialist support to 50 older people with physical disability/sensory impairment. The closure of this service will be replaced by implementation of personal budgets as appropriate and/or an increase in community care packages including home care and meals on wheels.					High impact. To close both the Haven and Woodside day centres will result in a complete loss of non-dementia day services for older people.		Yes
56	Adults & Commissioning	<b>Further staffing efficiencies</b> -This saving comprises a number of staffing restructures including deletion of the Independent Chair of Safeguarding and a number of operational posts within front line services and assessment and care management.					Medium impact. Reductions in frontline staffing resources will have a direct impact on performance indicators to include waiting times for an assessment and the provision of services.		Yes
57	Adults & Commissioning	<b>Equipment and OT reductions</b> -A 10% reduction in Occupational Therapists and associated equipment expenditure.					Medium impact. Reduction in front line assessment capacity has a direct impact on performance in terms of waiting times for an assessment and service delivery. Reduction in the numbers of people benefiting from community equipment in line with the staffing reductions.		Yes
58	Adults & Commissioning	<b>Increase Adult Services Fees and Charges</b> - to increase charges for internal residential care, adjust the Fairer Contribution Policy Disability Related Expenditure (DRE) Disregard, amend the treatment of Adult Care Placements and to remove the weekly maximum Fairer Charging cap					No impact on service performance anticipated. However, the volume 280 of full charge payers may reduce causing a reduction in charges raised and therefore income collected.		Yes
		<b>ACCS Grand Total</b>							
		<b>Children and Young People's Service</b>							

## Haringey Efficiency and Savings Programme - Proposals presented to Cabinet in December 2010

### Appendix 6.1

Directorate/Service Area	Detailed Efficiency & Saving proposal	(Service Delivery)				Equality Impact Assessment Required
		2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	
59 School standards & improvement	<b>School Standards &amp; Inclusion Service</b> - The SS has been a key part of the improvement to schools (and other settings) securing year on year improvement in the attainment of pupils. The White Paper 'The importance of Teaching' makes clear that it is schools themselves who will be solely responsible for this in the future. The only role for the local authority will be to 'police' the progress of schools and trigger intervention where schools fail to make progress. Much of staffing in SSi has been paid for by grants (which cease or move to individual school budgets in 2011) or traded income with schools. Discussions with schools has not suggested wholesale buy-back of a central service and reduction is therefore appropriate. The proposal is for a small Core Group of staff to provide the monitoring required by the legislation.	299	0	0	299	Yes
60 Children and Families	<b>Transport</b> - This service provides transport to predominantly SEN pupils, which is a statutory service. Over £2.1m savings have been secured in the last 3 years. This further saving will come from the re-negotiation of certain terms and conditions that were agreed as part of the single status arrangements, procurement efficiencies and changing collection points and some vehicles. Further, the issues around transport will be picked up as part of the Fleet and Operational Transport Review to be undertaken with Urban Environment in 2001/2012	50	50	0	100	Yes
61 Business Support & Development	<b>Catering</b> - The Catering service can be run in a more cost effective way through the re-negotiation of certain terms and conditions that were agreed as part of the single status arrangements	50	100	150	300	Yes
62 Children and Families	<b>Children and Families Administration Review</b> - A review of administrative support functions in line with other similar activities across the Council. This will be sensitive to the need to continue support to social workers to avoid reducing time spent in casework with children and their families.	100	200	270	570	Yes
63 Children's Network Management	<b>Children's Network Management</b> - The changes in services being provided through the Children's network business unit allows the release of a senior manager	82	11	0	93	Yes
64 Children's Networks	<b>Participation</b> - This service provides for effective involvement of children & young people in development, delivery and evaluation of the services that affect their lives. In the future, this will be led by a reduced team to deliver key participation work, coordinating better the work of many services across the council and its partners. Key, core components such as the Youth Council and Children in Care Council will continue together with other work commissioned in response to specific events/needs. Better joining up with partners will provide a wide range of opportunities.	172	25	0	197	Yes

## Haringey Efficiency and Savings Programme - Proposals presented to Cabinet in December 2010

Appendix 6.1						
Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	Impact on Performance (Service Delivery)
65 Children's Networks	Connexions - The proposal is for a 75% reduction in provision, protecting services for the most vulnerable young people. A re-focusing of work through schools will ensure the most vulnerable identified at the earliest opportunity.	1,436	206	0	1,642	The government has announced potential changes in the requirement to provide information, Advice & Guidance (AG) as a universal service in the near future. Given the reduction already made to the former ABG, and the likelihood of further reductions as the ABG becomes incorporated with the Formula Grant and not ring-fenced, reduction in the Connexions Service is unavoidable.  A reduced Connexions service may result in an increasing number of young people not in Education, Employment or Training after the age of 16+.
66 Business Support & Development	<b>Administration and Business Support</b> - Reductions here take account of the winding up of the Business Support & Development (BSD) Business Unit, leaving residual support for the Director and 2 Deputies who will remain at Station Road.	129	18	147	Cuts in Business Support and Development taking account of the winding up of the business unit and of other management changes across the directorate – reducing PA posts from six to three.	
67 Business Support & Development	<b>Winding up of Business Support &amp; Development business unit</b> - Winding up the Business Support & Development Business Unit releases the Deputy post and three other management and support posts for deletion.	209	111	320	The BSD business unit is being decommissioned. Residual functions will be combined with central support services or relocated elsewhere in the directorate	
68 Business Support & Development	<b>Property/Capital Programme</b> - This relates to a down-sizing of the Team to reflect lower capital funding. The current proposal is for reduction of 1 member of staff and will be reviewed when the capital settlement from the Department for Education is announced.	39	6	45	The current proposal is a one post reduction. Most staff engaged on capital schemes are funded from those schemes and the size of the 45 team varies according to the size of the capital programme. Further efficiencies may in future result from sharing capital delivery resources across the council and with other authorities	
69 Business Support & Development	<b>HR &amp; Schools Personnel</b> - This is a traded service with schools and has been subsidised until now. This will secure full cost recovery of the service from schools.	129		129	As a traded service, schools can choose to use other providers. Should the customer base change, the service will be re-engineered to fit the future income.	
70 Business Support & Development	<b>Other minor BSD savings proposals</b> - There are a number of other small reductions within the BSD area including some non-staffing budgets and the deletion of a childcare sufficiency post.	53	4	57	This item is achievable because the childcare sufficiency assessment will not need fully updating for three years.	
71 Business Support & Development	<b>ICT Support Programme</b> - This service provides administrative and network support to Primary Schools as a Traded Service. The proposal is to cease this service to schools and eliminate the current subsidy. Schools will be supported to secure support from other commercial providers.	44	0	44	Schools will need to procure support from other providers. Some residual functions will be carried out by corporate ICT and other staff in the directorate.	
72 Behaviour and Inclusion	<b>Teenage Pregnancy and Parenthood</b> - This is a strategic priority for the council and its partners, particularly the NHS. It is also a priority for the new government which has identified Under-18 conception rates as one of the eight impact indicators in the DfE Business Plan. A smarter focus will provide focus on teenage contraception as part of our Public Health functions whilst maintaining support for teenage parents.	119	17	136	This proposal will allow for a sharper focus on work with teenage parents and the children of teenage parents as part of our Public Health responsibilities.	
73 Behaviour and Inclusion	<b>Early Years (Travellers Education Team)</b> - This service has provided advice, guidance, training and support to children's centres, schools and colleges. Over recent years much good work has been done to equip these settings to meet the needs of Traveller and Gypsy/Roma children so that they can now continue with their own resources.	186	27	213	It is proposed that this team will cease to exist from April 2011. The intention is that schools are now in a position to maintain support to Traveller and Gypsy/Roma students without additional support.	
						The aspect of the work undertaken with Traveller, Gypsy and Roma students with the strongest safeguarding implications is ensuring school attendance. This will continue to be the responsibility of the designated Education Welfare Officer, and also of the Education Welfare Service more broadly.

## Appendix 6.1

### Haringey Efficiency and Savings Programme - Proposals presented to Cabinet in December 2010

Directorate/Service Area	Detailed Efficiency & Saving proposal	(Service Delivery)			Impact on Performance	Equality Impact Assessment Required
		2011/12 £'000	2012/13 £'000	Total £'000		
7.4 Behaviour and Inclusion	<b>Behaviour Support and Inclusion Management</b> : This is a service largely funded by DSG and former ABG. It provides support to schools and other settings to help manage children with challenging behaviour. Improved facilities in school means that this external support is less needed than before.	158	23		The proposal is to reorganise these into a single cross phase support team, consisting of staff with multi-disciplinary experience that will work closely with our Pupil Support Centres and other services to maximise support to vulnerable children and young people. We will also maximise the new facilities in secondary schools to reduce exclusion and improve behaviour management.  • If there is an increase in referrals from schools, the service will need 181 to prioritise in a different way. • Children that meet the threshold for support may have to wait longer for a service. • Failure to embed this work in schools could see a rise and the demand for PRU provision, which remains a statutory obligation on the Council.	Yes
<b>CYPS Grand Total</b>		<b>3,255</b>	<b>798</b>	<b>270</b>	<b>4,323</b>	
<b>Urban Environment</b>						
75	<b>Review of Trading Standards</b> - reduction in administration and management together with cessation of food sampling.	100			100 Efficiency saving with no anticipated impact on service	Yes
76	<b>Reduction in noise complaint service provision</b> - cessation of out of hours response service and withdrawal of police support at weekends.	80			Reduction in service provision with potential for increased number of 80 complaints.	Yes
77	<b>Noise complaints</b> - reduction in extra patrols/extended response times	50			50 Further increase in service user dissatisfaction.	Yes
78	<b>Noise complaints</b> - out of hours surveillance only	50			Response will be limited to monitoring and witnessing rather than 50 intervention.	Yes
79	<b>Air quality monitoring</b> - reduction in sampling to match grant funding.	20			20 Reduction in service if grant funding is reduced or withdrawn.	Yes
80	<b>Trading standards inspection programme</b> - reduce under age sales surveillance and investigation of counterfeiting.	50			50 Potential increase in under age sales and counterfeiting.	Yes
81	<b>Street enforcement</b> - planned operations limited to normal working hours.	50			50 Potential increased non compliance out of hours.	Yes
82	<b>Increase FPNs smoking enforcement</b> - to include smoking in commercial vehicles	10			10 This is contrary to government guidance although permissible in law but may result in a backlash from commercial vehicle operatives.	Yes
83	<b>Street enforcement</b> - ward sharing	85			85 Less on street enforcement	Yes
84	<b>Remove support for Greenest Borough Strategy board &amp; programme</b>	35			35 Efficiency saving with no anticipated impact on service	Yes
85	<b>Strategic Housing Service</b>				At this stage the final shape of the restructure is not known but the front line impact will be minimised by focusing on management and back office functions as far as possible. This will mean a reduced ability 866 to take on additional projects and service improvement initiatives.	Yes
<b>UE Grand Total</b>		<b>963</b>	<b>217</b>	<b>216</b>	<b>1,396</b>	
<b>Total Savings Proposals presented to Cabinet in December 2010</b>		<b>12,564</b>	<b>10,114</b>	<b>5,675</b>	<b>28,353</b>	

## Haringey Efficiency and Savings Programme - New proposals to Cabinet 8th February 2011

### Appendix 6.2

	Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	Impact on Performance	(Service Delivery)	Equality Impact Assessment Required
<b>People and Organisational Development Service/ Policy, Performance, Partnerships and Communication/ Chief Executive</b>									
1	Policy and Performance	Review central feedback function - further proposals to amend current corporate complaints procedure and centralise the handling of Members enquiries etc. linked to an upgrade of the 'Respond' database			68		68	A review of the process for managing feedback will allow the reduction to be managed.	Yes
2	LDMS	<b>Restructure of the whole business unit.</b> Staff consultation underway and delegated form due to be signed on 7 Feb. Should largely be delivered by 1 April. Savings shown net of pre-agreed saving of £37k			466		466	Reduction in support to Members	Yes
3	HR	<b>Review of HR services</b> - to determine a revised service offer that will deliver the support and service that the organisation needs to manage its people resource within the constraints of a reduced and limited cash budget. This sum is over and above the sums reported to Cabinet Dec 21 but less the pre-agreed saving of £63k. This saving includes previously reported Health and Safety proposals.			202	302		HR service is critical to ensuring that the Council manages people 504 change. The future service will be focussed on enabling this change. HR provides support on employment matters	Yes
4	OD&L	<b>Review of OD&amp;L</b> - The review of Organisational Development activity will aim to improve the OD Service Offer to the council in the context of the need for savings and efficiencies. This sum is over and above the sums reported to Cabinet Dec 21 but less pre-agreed saving of £23k			460		460	OD will focus on providing support to the changes within the Council	Yes
5	OD&L	<b>Saving on spend for Adult &amp; Children Social worker training (formally ABG funded)</b>			232		282	Reduction in training	Yes
6	Policy and Performance	<b>Saving on activity within the HSE/LAA &amp; Equalities teams (formally ABG funded)</b>			159		159	Reduction in support to partnerships	Yes
7	Policy and Performance	<b>Savings on miscellaneous supplies &amp; services.</b>			107		107	None expected	No
8	Communications	<b>Marcoms</b> - further savings from centralised procurement budget once the marketing plan has been developed			64		64	None expected	No
9	Communications - Council Wide	<b>Following the outsourcing of Translation &amp; Interpretation</b> the proposal is to reduce the Council's overall translation budget by 60%			120		120	Cross council focus on which services require translation & interpretation	Yes
10	Communications	<b>Further staff reductions in Marcoms area over and above the SFR savings:</b> 1 x Business Support Officer Post; 1 x designer			80		80	Impact will be managed within service	No, existing EIA should cover
11	Member Allowances	<b>Following the Governance review it is proposed to merge some Committees.</b> This will achieve savings in Member's Special Responsibility Allowances (SRA's).			125		125	Proposals to be subject of an implementation working group	Screening
12	Electoral Registration	<b>Shared management of this service with Waltham Forest will deliver a saving against a senior management post</b>			35		35	Minimal impact	No
	<b>POD/PPPC/CE Grand Total</b>				2,168	302	0	<b>2,470</b>	
<b>Corporate Resources</b>									
13	Director of Corporate Resources	<b>Delate the vacant Executive Assistant Post</b>			52		52	Minimal Impact - post has been vacant all year	No
14	CR Cross Cutting	<b>Reduction in supplies and services across Corporate Resources</b>			230		230	None expected	No
15	Corporate Finance	<b>Reduce Insurance team by 1 post</b>			25		25	None - service review being undertaken to ensure statutory requirements of s151 can be maintained.	EQA completed for A&RM restructure. Will be updated to take account of reduction
16	Corporate Finance	<b>Reduction in internal audit contract days</b>			10		10	None - ongoing review of key risks and discussions with external auditors to ensure statutory requirements of s151 can be maintained.	No
17	Corporate Property	<b>Bring forward Reduction in Office Accommodation – letting out of empty space to commence immediately to realise savings earlier than previously anticipated.</b>			200	100	(300)	Reduced flexibility due to removal of decent space. This is bringing forward part of the savings planned in 2012/13 and 2013/14.	No
18	Corporate Property	<b>Bring forward part of Reduction in Building Maintenance</b>			150	(125)	(25)	Increased risk of building closures. This is bringing forward part of the savings planned in 2012/13 and 2013/14.	Screening
19	Corporate Property	<b>Outsource the building cleaning service together with a reduction in the service levels</b>			150	150	300	Reduced level of cleaning will impact on building users resulting in some initial complaints.	Yes

## Appendix 6.2

### Haringey Efficiency and Savings Programme - New proposals to Cabinet 8th February 2011

Directorate/Service Area	Detailed Efficiency & Saving proposal	(Service Delivery)				Impact on Performance	Equality Impact Assessment Required
		2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000		
20 Corporate Property	Rationalise management structure through a review of the teams and functions and cease the provision of some in-house services	320				Reduction in management capacity of 40% will impact overall performance and reduce ability to support staff development, corporate initiatives and planning. Cessation of capital project 320 management will impact ability to respond to directorates in respect of building improvements and new projects. Reduction in professional surveyor capacity results in the loss of qualification based career development opportunities.	EIA being carried out as part of the establishment review and consultation.
21 Legal	New Public Sector Mapping Agreement for England and Wales	20				From 1st April 2011 there will be a new collective digital mapping agreement called the Public Sector Mapping Agreement (PSMA). It will include local and central government as well as NHS organisations across England and Wales, who will all be able to access mapping data covering Great Britain and to share information based on OS mapping.	No
22 Legal	Reduce senior management posts by 25%	97				97 Reduction in senior management	Yes
23 Legal	Delete 12 lawyers and legal assistant posts	538				The deletion of 12 lawyers, including senior lawyers, and legal assistant posts relate to posts that are predominantly either currently vacant, covered by agency staff or are likely to become vacant through Voluntary Redundancy. They consist of legal staff posts in commercial and litigation and corporate divisions and result in extended response times and remove capacity to respond to upturns in demand.	Yes
24 Legal	Delete 4 admin/ business support posts	120				This reduction in Administrative staff will be achieved via a review conducted by a newly appointed Practice Manager. Administrative staff are key to enabling maintenance of performance levels in key legal areas and the reductions will have to be carefully planned.	Yes
25 Legal	Delete 2 Local Land Charges posts - sum over and above pre-agreed sum of £50k	10				120 Delete 2 Local Land Charges posts Two vacant posts to be deleted based on current levels of work	Yes
26 B&LT & Customer Services	Closure of Hornsey CSC	108	22			130 No visiting option for one side of the borough	Yes
27 B&LT & Customer Services	Closure of North Tottenham CSC	350	71			421 Increased enquiries and waiting times at South Tottenham CSC and Wood Green CSC.	Yes
28 B&LT & Customer Services	Saving resulting from grading review	250				250 No impact	Check existing EIA is sufficient
29 B&LT & Customer Services	Reduction of internal calls to switchboard	18				18 Benefit realisation dependant on comms and change management	No
30 B&LT & Customer Services	Management reshaping, delaying and reduction from the integration of CS/BLT over and above the sum included in Appendix 6 of 21 Dec Cabinet report.	478	(70)			The savings have been front loaded to give an implementation date of 1st June 2011. Resources require diverting to ensure a smooth change management approach and channel shift and process redesign needs to be implemented quickly for the savings to be achieved.	Yes
31 B&LT & Customer Services	Reduce hours of Call Centre from 8-6 to 9-5	30				408 Performance needs to be monitored closely to ensure that a reduction in staff and implementation resources does not have an immediate negative impact. Integration will require resources for skill and knowledge transfer and process redesign. Assumed reduction in partnership roles with no SLA's, and back office to receive agreed corporate standards.	Yes
32 IT	Increased savings from IT Service VFM phase 2 over and above the sum included in Appendix 6 of 21 Dec Cabinet report	580				580 Calls would be taken by Vangent who currently take our 'out of hours' 30 calls. The service is predominantly a messaging and re-direction service so no processing would be undertaken.	Screening

## Haringey Efficiency and Savings Programme - New proposals to Cabinet 8th February 2011

Appendix 6.2						
	Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000
33	Customer Services/IT	Delete vacant senior post	125			125
34	IT	Fund infrastructure renewal from borrowing	1,400	(600)	(300)	500
	<b>CR Grand Total</b>		<b>5,261</b>	<b>(452)</b>	<b>(625)</b>	<b>4,184</b>
	<b>CROSS COUNCIL</b>					
35	Customer Contact	Programme to shift customers to online transactions - The programme will establish the costs, benefits and risks involved in establishing a revised operating model for customer contact that is streamlined and targeted to produce efficiencies	(500)	500		0
36	Spans of control and delaying	Savings for spans of control and delaying reflected elsewhere	(400)			(400)
	<b>Grand Total CROSS COUNCIL</b>		<b>(900)</b>	<b>500</b>	<b>0</b>	<b>(400)</b>
	<b>Adult, Culture and Community Services</b>					
37	Recreation Services	Review resourcing of Parkforce activities and related support and partnership funding particularly in relation to British Trust for Conservation Volunteers and Metropolitan Police Managed activity.	100	38	0	138
	<b>Broadwater Farm Community Centre Efficiency</b>	The centre currently caters for the Broadwater Farm community, in terms of events, functions and some sporting activity both indoors and outdoors by means of a sports hall and outdoor pitch. The centre is operating at a deficit of £302k as per the 2010/11 budgeted position. There are a number of spaces for offices and meetings although lettings income is minimal. The Centre is now managed through the Sports & Leisure unit of Recreation Services, and an improvement plan has been developed/put in place. Improved efficiency will come from increased income (Health & Fitness and Premier League Sport project) and reduced staffing cost.	75	0	0	75
38	Recreation Services					
39	Recreation Services	White Hart Lane Community Sport Centre - The centre currently attracts over 200,000 visits, participating in sports activities. However, the centre is operating at a deficit of £478k as per the budgeted position and requires further capital investment to maintain the status quo. Revenue generation has been fairly flat for the last 10 years, especially since the development of Lea Valley Sports Centre which has taken many athletic events and activities. The focus has been to broaden the scope of WHLSCC which has sustained revenue but has not significantly reduced the deficit position.	0	100	378	478
		Officers are currently exploring a regeneration and redevelopment of the site in conjunction with North London Business Partnership, Rugby Football League Association, Harlequins RFLC, Skolars RFCL and Haringey Borough Football Club. This could save at least £478k over 2-3 years and is reflected in the summary profile. This proposal would be based upon the relocation of Haringey Borough FC to WHLSCC and the disposal of Coles Park.				
40	Recreation Services	Leisure Service Option Review - To identify future service options for the delivery of services with a significantly reduced subsidy from the Council. One off upfront costs of delivery are estimated at £100k.	(100)	600	0	500
41	Voluntary Sector	Recommission and efficiency from grant funding to voluntary/third sector and London Boroughs Grants Committee	396	370	0	766
		Equality Impact Assessment Required	No	No	Yes	Yes
		Post is vacant.				
		No impact on performance or delivery of the infrastructure programme				
		The customer contact savings from this proposal are more likely to be achieved in 2012/13 than 2011/12 given the other budget reductions being considered by the Council.				
		These savings are detailed in the relevant departmental sections.				
		n/a				
		Will need to renegotiate or not renew contract/grant agreements with 138 MPs and BTCPV, and a possible reduction in support for enforcement and green outreach work.				
		Achievement of income, but supported by in year capital spend and partnership with Tottenham Hotspur Foundation.				
		Level of cooperation amongst key stakeholders. Objections to the disposal of Coles Park. Requires significant level of capital investment for which no provision exists centrally.				
		Would involve a move to contracted management of leisure centres and a loss of direct control, together with the TUPE of existing 94 FTE staff. However the current range of facilities and services at the sites would be maintained.				
		London Councils are returning the funding with the expectation that the funding is invested in voluntary sector, demonstrating priorities 766 through a open/transparent process. The Council may be open to legal challenge from community and voluntary sector if the funding is not made available for the commissioning of services.				

**Appendix 6.2**

**Haringey Efficiency and Savings Programme - New proposals to Cabinet 8th February 2011**

Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000				2012/13 £'000				2013/14 £'000				Total £'000				(Equality Impact Assessment Required)
		2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	Impact on Performance				
42 Recreation Services	<b>Franchise Leisure catering at Park Road Leisure Centre and Tottenham Green Leisure Centre</b> - Park Road Leisure Centre has had a redundant area that has been redeveloped into a cafeteria and now has an operator in situ for a rent free period (20 months) in order to recoup the initial capital investment. Tottenham Green Leisure Centre already has a functional cafeteria which is operating at a deficit (managed in house). The approach is to have both cafeterias leased to ensure a consistent level of rental income, and delete existing net deficit operation at Tottenham Green.				9	27	0	36	None							Screening		
43 Recreation Services	<b>Commercial Leasing of Parks Based Facilities</b> - Develop commercial leisure provision in parks in partnership with private sector/third sector operators. Would provide new local facilities, external investment, increased use and an income stream. Consultation already completed on one scheme where opposition issues could be substantially mitigated.	25	50	25	100	100	25	25	100	100	100	100	100	100	100	100	Could improve range of recreation facilities and activities available in the borough but will attract some opposition to "Commercialisation"	
44 Cross Directorate	<b>Supplies and services budget reduction</b> - a temporary 10% reduction was made during 2011/12. This saving assumes the reduction to be permanent.	300			300			300	None							No		
45 Safeguarding & Strategic Services	<b>Senior Management</b> - Deletion of 1 Post				115					115	Low impact					No		
46 Safeguarding & Strategic Services	<b>Framework-I Systems Development Team</b> - Deletion of 2 posts				90					90	Medium impact. The team of 9 supports 900 end users, on the second largest system used by the council.					Yes		
47 Safeguarding & Strategic Services	<b>Financial Assessment Team</b> - Deletion of 2 posts				65					65	Significant potential impact on the support available to frontline staff in Adult Services, both in terms of assessing for charging purposes and in delivering the requirements of the personalisation agenda. The work done delivers approximately £1.m p.a. to the council. There is a risk that this will be less achievable with reduced numbers of staff.					Yes		
48 Safeguarding & Strategic Services	<b>Safeguarding Service</b> - Deletion of 1 post				62					62	Low impact					Yes		
49 Adults & Commissioning	<b>Assessment &amp; Care Management Practice Managers</b> - Deletion of 2 posts				100					100	Some reduction in management capacity to undertake the range of 100 managerial functions, but will be part of wider reorganisation of service					Yes		
50 Adults & Commissioning and Safeguarding & Strategic Services	<b>Admin &amp; Business Support Review</b> - Staffing reductions across the admin and business support functions in both Business Units				210					210	Low impact					Yes		
51 Recreation Services	<b>Wolves Lane Horticultural Nursery Staffing</b> - To reduce the current number of Parks Operative posts on site				48					48	Reduced horticultural production support					Yes		
52 Recreation Services	<b>Reduction in Parks Supervisory and Support Staff</b> - To reduce both Support and Team leader/charge hand capacity				70					70	Will reduce capacity, but be part of wider reorganisation of service					Yes		
53 Recreation Services	<b>Sports &amp; Leisure Management Reduction</b> - To rationalise and reduce the current management team establishment by 2 posts. This includes the deletion of the Technical Managers post, now that revised and centralised buildings maintenance is fully established				94					94	Reduced service management capacity					Yes		
54 Recreation Services	<b>Close Catering Unit at Tottenham Green Leisure Centre</b> - The centre currently has a small catering team, which has been scaled down in recent years. The catering business has actually operated at a loss of £2.8k in 2008/9 and £21k in 2009/10, and a deficit of £4.5k is projected for 2011/12. This position is unsustainable.				35					35	It is proposed that the centre moves to a franchised catering arrangement, and thus minimise any risk.					Yes		
55 Culture, Learning & Libraries	<b>Staffing and Book Fund Reductions</b>				200					200	Impact on service delivery due to the reduction in the level of stock held in the Libraries as well as further staffing efficiencies					Yes		

## Haringey Efficiency and Savings Programme - New proposals to Cabinet 8th February 2011

Appendix 6.2						
Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	Impact on Performance (Service Delivery)
50 Cross Directorate	Non Statutory Services - funded from the former ABG	1,331				These services deliver a range of preventative services, mostly commissioned through the voluntary sector (£272,779). * The savings will deliver efficiencies of £976,438 of WNF funding which will cease from 31/3/11 * It also includes £87,583 of services that have been decommissioned 1,381 in year 2010/11 * Some of the funding contributes to services to other Directorates in the Council: - Welfare to Work £30k (Urban Environment) - Contribution to CYPs contract (Open Door) £21k - Reaping the Benefits (PPPC), £84k, to finish 31/1/2011
57 Safeguarding & Strategic Services	Supporting People Programme Reduction					The retention of one generic floating support service would ensure that a number of people in their own homes will continue to receive some support to ensure tenancy sustainment. The retained services would then be re-designed with a view to moving 5,000 those relevant adult social care client groups into the personalisation agenda for future commissioning and focussing the programme on the Hard-To-Reach groups, within significantly closer working arrangements with strategic housing.
58 Recreation Services	Further Parks staffing efficiencies and Leisure Development.					This will lead to a 50% reduction in Parks and Open spaces maintenance regimes, a significant deterioration in the quality of open space, and potential claims from external funding bodies, particularly the HLF. The proposal will also lead to a further reduction of 19 posts.
<b>ACCS Grand Total</b>		<b>8,935</b>	<b>1,185</b>	<b>403</b>	<b>10,523</b>	
<b>Children and Young People's Service</b>						
59 Children's Network	After School Childcare - This service helps provide after school clubs across 14 play centres for children aged 5-14. The proposal is to secure new ways of making this provision through schools other Council providers, partners and a range of alternative providers.	576	0	0	576	As part of the changes to School Funding in 2011-12, resources from the extended services grant are being delegated to schools within their budgets, and we are intending to discuss with them a transitional arrangement for continuing to fund after school childcare provision for the most vulnerable using a small proportion of this resource; this would mitigate the impact that this reduction would otherwise have.
60 Children's Network	Youth Service - The work undertaken is an important part of preventative and early intervention work to reduce the numbers of young people entering statutory services and prevent poor outcomes, and this will be the key focus of future youth service provision. The proposed saving to the Youth Service budget is 75%, and managers are currently considering a range of options as to how this can be achieved whilst prioritising provision for at risk and vulnerable groups.	1,568	392	0	1,960	This represents a significant reduction in the funding for the Youth Service and will therefore result in a more focussed approach being adopted with reductions in the days on which services are available to young people. This means less centre based activity, more detached youth work through teams deployed to particular areas and the use of community based settings. The Council is working with the youth of the Borough to help determine the future shape of the service offer.
61 Children's Network	Early Years and Childcare - This currently enables us to support and deliver 18 children's centres and our statutory obligations regarding quality and access. The children centre programme and management, administration and commissioning of services will be reduced and services will be targeted to the most vulnerable families. The Family Information Service will also be integrated into the new early years structure.	5,236	1,283	0	6,519	This will result in a reduction to the number of centres designated as providing the core children's centre offer; those that are resourced to provide the full core offer will be targeted at those areas of most need in line with the original programme intentions.
62 School Standards and Inclusion	School Standards - review of previous proposals to make more use of grants subsumed into DSG e.g. EMAG. Subject to approval of DSG Budget Strategy.				250	The government has made it clear that schools will take responsibility for school improvement. The residual local authority role will be to 'police' the progress of schools and to trigger intervention where schools fail to make progress.

## Appendix 6.2

### Haringey Efficiency and Savings Programme - New proposals to Cabinet 8th February 2011

Directorate/Service Area	Detailed Efficiency & Saving proposal	(Service Delivery)				Equity Impact Assessment Required
		2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	
63 Children's Network Development	Integration of Behaviour, Attendance and Welfare service including management efficiencies.	159	11		170	This will result in more efficient ways of dealing with these related behavioural issues by giving managers cross service responsibility; 170 there should not be a particular reduction in services to children, families or schools.
64 Business Support and Development	Additional minor proposals and changes to phasing in the BSD Business Unit	103	(3)		100	Responsibilities have been distributed elsewhere within the service.
65 Children and Families	Children and Families - Proposals to reduce to essential posts required to process payments and invoices through centralisation and to reduce administrative support across Children and Families to those essential posts which help to manage the cost of professional staff were considered at December Cabinet. This additional proposal brings some of these savings forward and extends the scope.	415	95	(270)	240	These savings will further reduce the number of administrative and support posts where such reductions do not affect support to social workers doing casework with children and families.
<b>CYPS Grand Total</b>		<b>8,307</b>	<b>1,778</b>	<b>(270)</b>	<b>9,815</b>	
<b>Urban Environment</b>						
66 Frontline Services	Additional savings from new Public Realm contract above the level pre-agreed in the 2010-11 budget.	500				There will be no impact on performance. In determining the affordability envelope for the new waste contract it was assumed that ABG funding would no longer be available, and this has proved to be the case. Nevertheless, as part of the competitive dialogue process with bidders, negotiations have resulted in performance in key areas being maintained or improved.
67 Frontline Services	Increased income from Permit and Pay and Display Parking Charges	900	100			These increases are subject to statutory notification and for permit charges approval will be required under delegation to the Cabinet Member for Neighbourhood and Director of UFE (if no major objections are received) and for pay and display approval will be required by Cabinet on 22nd March 2011.
68 Frontline Services	Reduced cost of Street Lighting Contract	40				40 This is already in place and will delivered next year.
69 Community Housing Services	Licensing of Houses in Multiple Occupation	100				Beneficial impact from income generation from existing resources and 100 improved regulation of HMOs.
70 Planning, Regeneration and Economy	Restructure of Planning, Regeneration and Economy	210				This proposal would mean LBH Planning and Regeneration service would be one of the smallest in London. All work would need to be focused and prioritised through a more rigorous business plan process. 210 It will not be possible to deal with all desired planning policy, projects, regeneration and DM and BC work requested by members of the public and councillors.
71 Planning, Regeneration and Economy	Increased Section 106 drawdown	70				70 No impact
72 Planning, Regeneration and Economy	Increased demand and extra charges for pre-application advice	50				There will be no impact on performance. Should Govt regulations allowing planning fee increase be allowed (March 2011), this can be off set. Need to be careful fee increases do not reduce planning application numbers at a time of economic downturn.
73 Planning, Regeneration and Economy	Reduction in funding for Haringey Guarantee programme by the former ABG	700				This removes a significant proportion of HG funding which is used to tackle the furthest from the job market. The annual targets of 1-200 people into work and 60 apprenticeships, and 2-300 people into training will be affected. Families intoWork will also be affected. Targets could under achieve by 50%. The remaining budget will be used to fund transitional arrangements to the development of a social enterprise delivering economic development services including local delivery of programmes tackling worklessness.

## Haringey Efficiency and Savings Programme - New proposals to Cabinet 8th February 2011

Appendix 6.2						
Directorate/Service Area	Detailed Efficiency & Saving proposal	2011/12 £'000	2012/13 £'000	2013/14 £'000	Total £'000	Impact on Performance (Service Delivery)
Planning, Regeneration and Economy	Shared Economic Development service with Waltham Forest	75	25			Haringey and Waltham Forest Councils are working together to explore ways to provide high quality joint services. Shared services between the two boroughs can deliver services at reduced costs in a time of reduced resources. The shared service would involve reducing staffing levels from 12 (6 in each borough) to a total of 8 across both boroughs. The shared service will focus on tackling worklessness, social inclusion and promoting youth employment initiatives, there would be almost no capacity to focus on business enterprise, support, development and engagement activities.
74 Safer, Stronger Communities	Decommissioning of Neighbourhood Management Service and reduction in Priority Plan budgets	1,400				The impact on reducing to a minimum the funding of work on Area Priority Plans has been minimal as where councillors or senior officers had made commitments to residents, this work was carried out, with no new commitments being made. The proposal to close the 1,400 Neighbourhood Management Service includes recommendations to mainstream or transfer key functions to other services within the Council, hence mitigating against any impact the loss of NMS may cause.
75 Safer, Stronger Communities	Removal of one senior management post		100		100	No impact, as teams/services will be transferred to other 2nd tier managers across Council.
76 Safer, Stronger Communities	Cessation of funding for extra Haringey Police Provision to tackle high priority targets and Problem Solving activities to tackle locally identified crime reduction projects		305		305	No impact on Council officers' performance. Reduction in Police overtime for specific operations.
77 Safer, Stronger Communities	Cessation of funding for anti burglary support project (co-ordinator role and handy person)		35		35	Minimal impact as vulnerable people covered quite well over last three years of funding this work.
78 Safer, Stronger Communities	Cessation of funding for Independent Domestic Violence Advocate roles [1.5 FTE]		35		35	This funding was agreed for one year only: 2010/11.
79 Safer, Stronger Communities	Cessation of funding for Victim Support service for young people		45		45	This funding was agreed to set up this work during last couple of years and always known to be ending in March 2011.
80 Safer, Stronger Communities	Increase in HRA funding for ASBAT		250		250	No impact - balance of funding change, no change in level of service provision
81 Safer, Stronger Communities	Reduction of contribution to Community Transport in Haringey funded by the former ABG		80		80	No impact - scheme will now be funded from Core Sustainable Transport budgets
82 Director's Office	Implementation of One Frontline service		1,250	500	1,750	This is a restructure of the existing services and will mean that a number of service areas will be affected, reducing some service offerings and stopping some aspects of services. There would be less back office support and management roles and would mean having a clear action plan for delivering outcomes (limited to no flexibility for ad hoc requests outside the agreed planning process).
83 UE Cross-cutting	Implementation of Carbon Management and Sustainability Service		250	250		This is a merger of the existing Environmental Resources Projects, Transport Planning, Housing Strategy, Housing Enabling, Planning Policy and Design and Strategic Sites and Physical Regeneration Teams into an integrated Carbon Management and Sustainability Service. This will mean that a number of service areas will be affected, reducing some service offerings and stopping some aspects of services. There would be less back office support and management roles and would mean having a clear action plan for delivering outcomes and agreed priorities.
84 UE Cross-cutting	Urban Environment Business Support and Administration Review		150		150	The review will focus on rationalising administration and business support activities and roles across the Directorate.
85 UE Cross-cutting	UE Grand Total	6,545	875	0	7,420	Yes

## **Reserves and their Adequacy**

### **1. General Fund General Reserve**

The judgement on the adequacy of the general fund general reserve needs to reflect the risk management and financial control processes that are in place, and the residual risk of emergencies or unexpected events. For this purpose identification of the key risks is done in three ways:

- identification of risks during the financial planning and budget setting process as set out in the main report;
- risk assessment of the agreed investment and savings proposals in the agreed budget package, and;
- key risks identified, monitored and managed through the Council's risk management strategy and framework.

The calculation of the potential financial impact of these assessed risks has been done and in the light of this, it is regarded that £10.5m is an appropriate target level for the general fund general reserve over the three-year financial planning period. The risks set out in Appendix 7.2 assess a potential financial impact at £10.3m; the Director of Corporate Resources therefore regards the £10.5m figure as a prudent level to set aside.

The £10.5m target for general balances represents 4% of the Council's net budget requirement for 2011/12.

### **2. Services Reserve**

It is Council policy that service under and over spends are retained by the relevant service subject to approval by the Cabinet in the year end financial outturn report. This reserve earmarks those funds to be carried forward to the following financial year.

### **3. Insurance Reserve**

The insurance reserve is kept under review by the Head of Audit and Risk Management with the assistance of the Council's insurance adviser. A key variable is the split between this reserve and the level of insurance provision held elsewhere in the balance sheet. The last actuarial review concluded that this reserve was at an appropriate level. The Director of Corporate Resources is satisfied that the reserve constitutes adequate protection in respect of the self-insured risk. This self-insurance reserve is in addition to the separately procured insurance with a consortium of other London boroughs.

### **4. PFI Reserve**

The PFI reserve reflects the new arrangements following the suspension of services within the PFI contract. The opening figure reflects the remaining element after taking into account the pre-payment previously included elsewhere in the balance

sheet. The reserve will be used to manage the lifecycle fund requirements for schools in the suspended services period during the Building Schools for the Future investment programme.

### **5. Infrastructure Reserve**

The infrastructure reserve is a key financing resource for the programmes of renewal of assets for IT and property. This assists in spreading the costs of core replacement of assets as well as managing asset improvement programmes. It is current policy that revenue and capital underspends in these services are transferred to this reserve for future use.

The infrastructure reserve will remain in place to spread the cost of future infrastructure renewal programmes.

### **6. Transition Reserve**

The Transition Reserve is specifically earmarked for the costs associated with the Council's restructuring and savings programme.

This Reserve is to fund the associated transition costs of redundancies, decommissioning, and investment necessary to deliver longer term efficiencies and change. Given the scale of the transition programme there will be up to 1000 staff redundancies with an estimated cost of some £25m relating to the 2011-12 savings proposals. The Council is currently seeking government approval to capitalise this cost but to date has only received confirmation for £0.8m. The Director of Corporate Resources considers that all of this reserve should be earmarked for redundancy costs.

It should be noted that as a result of the Council's voluntary redundancy programme it is probable that some £5million of the reserve will have been applied by 31<sup>st</sup> March 2011 and all of the reserve will be used by 31<sup>st</sup> March 2012.

### **7. Financing Reserve**

The financing reserve is a key tool for managing the impact of financial plans from one year to another. This reserve requires balances to be at different levels year to year depending on the demand as identified through previous and current budget plans. This includes an amount set aside for the Sustainable Investment Fund (SIF) which supports invest-to-save projects designed to reduce the Council's CO2 emissions and reduce energy costs. Subject to the approval of Cabinet through a separate report on the agenda this fund will be increased by up to £0.5m through a reallocation of funding within the Financing Reserve. The overall balance on the financing reserve at 1 April 2011 is estimated to be £4.0m.

### **8. Debt Repayment / Capital Reserve**

This reserve has previously been used to set aside money that the Council has for repaying outstanding debt in the future and / or for the purposes of setting aside money earmarked for future capital investment. It had been considered to be used to fund the impairment from the non-recovery of deposits in Icelandic banks,

however, central government have allowed this to be capitalised over twenty years so this amount remains uncommitted. It has also been available to support the capital programme. However, given the scale of the redundancy costs the Council is to incur, this reserve will now be utilised and applied to these costs.

### **9. HRA reserve**

The judgement on the adequacy of the HRA general reserve needs to reflect the risk management and financial control processes that are in place, and the residual risk of emergencies or unexpected events. The government reduction in funding for the decent homes programme is indicative of the risks that this reserve is intended to support. Furthermore, the government proposals to reform the existing Housing subsidy arrangements from April 2012 will require a complete review of the MTFP over the next twelve months.

In the light of this, £5m is regarded as an appropriate target level for the HRA general reserve over the three-year financial planning period. The 2011/12 budget is balanced with no planned call the reserves. However, there is a target of £3.4m of on-going revenue savings to be identified for 2011/12. The Director of Corporate Resources therefore considers this reserve target to be a prudent level. This represents approximately 5% of the HRA turnover for 2011/12, broadly the same as last year.

### **10. HRA Major Repairs Reserve**

The balance on this reserve represents the amount unspent of the major repairs allocation (MRA) and will be used for future housing capital spend. This has been inflated in recent years as the government has allowed Decent Homes funding to be brought forward. However, as reported above, the structure of the HRA is likely to change from April 2012 and all HRA finances will therefore need to be reviewed over the next twelve months.

### **11. Schools Reserve**

The amount in the schools reserve is a consequence of the funding and spending of individual schools. A proportion of it reflects earmarked funding for future schools projects. The current expected level of the reserve at £3.5m represents 1.7% of the schools core funding. The projection for 2011/12 will not be finalised until individual schools budgets are calculated, which is subject to the pupil count data. A loan scheme has been introduced with the agreement of the school's forum, which acts like the Council's own Sustainable Investment Fund (SIF) and allows schools to borrow to invest in energy and carbon reducing improvements that can be repaid back to the general schools balances.

### **12. Overall**

The estimates of the reserves position, including earmarked and un-earmarked reserves for both the general fund and the HRA are detailed in the table below.

Reserve	Notes	Actual as at 31.03.2010 £million	Projected as at 31.03.2011 £million	Projected as at 31.03.2012 £million
<b>Non-earmarked</b>				
General Fund Balance	1	10.5	10.5	10.5
<b>Total Non-earmarked Reserves</b>		<b>10.5</b>	<b>10.5</b>	<b>10.5</b>
<b>Earmarked</b>				
Service Reserve	2	0.9	-	-
Insurance Reserve	3	8.6	8.6	8.6

<b>Total</b>		<b>75.9</b>	<b>59.1</b>	<b>38.5</b>

## Appendix 7.2

### Adequacy of Reserves – Risk Assessment

Three key assessment areas:

1. identification of risks during the financial planning and budget setting process as set out in the main report;
2. risk assessment of the agreed investment and savings proposals in the proposed budget package, and;
3. key risks identified, monitored and managed through the Council's risk management strategy and included in the corporate risk register.

	Budget exposure	Risk	Residual Impact
	£m	%	£m
<b>1. Budget Process</b>			
- Looked after Children	24.0	Residual impact of High to Low risks (75% to 25%) on specific areas within the overall service budgets	
- Adult Social Care	50.0		
- Temporary Accommodation	10.0		
- Capital Financing	20.0		
- Revenue Streams	50.0		
	<b>154.0</b>		<b>6.5</b>
<b>2. Savings Proposals</b>			
- Delivery Programme	41.0	High to Low Risk (75% to 25%) on specific savings proposals	4.8
- Transition Costs (e.g. redundancies)	25.0	Very High Risk of significant financial impact	25.0
			<b>29.8</b>
<b>3. Corporate Risk Register</b> (not already dealt with in 1 above)		Impact score (from risk register)	
- Corporate Statutory Requirements		5	
- Fraud		7	
- Capital / project delivery		7	
- Corporate IT systems		9	
			<b>2.0</b>
<b>4. Unidentified risks</b>			<b>1.0</b>
Less earmarked reserves and contingencies for the above			<b>-29.0</b>
<b>Grand total</b>			<b>10.3</b>

## Appendix 8

### Indicative Criteria for the Determination of Funding Scheme Decisions

<b>Criteria</b>	<b>Rationale</b>
<ul style="list-style-type: none"> <li><b>Link to strategic priorities</b> e.g. council priorities/Sustainable Community Strategy Outcomes/agreed HSP thematic board outcomes</li> </ul>	How this activity is essential to achieving council and partnership priorities
<b>Link to and statutory obligations</b>	Why the council needs to fund this activity
<b>Maximise outcomes:</b> link into performance measures	How this activity improves the wellbeing of local communities
<b>Impact/effect/improvement(s) of service delivery to local community</b>	<ul style="list-style-type: none"> <li>How we can focus this activity on people most in need</li> <li>What can make this activity more effective</li> <li>Other local bodies exist which could provide this activity e.g. the private sector, third sector or citizens could provide this activity, whole or in part</li> <li>How we make sure that payment to service providers links to achievement</li> </ul>
<b>Maximise value for money:</b> including long- and short-term financial savings	How we can provide this activity at lower cost
<b>Local connection/presence in Haringey</b>	Support local organisations and businesses where appropriate.

<b>Pupil Premium - Total</b>		<b>4.399</b>		

**Note 1:** The MFG calculation for the Schools Budget makes adjustments for NNDR, SEN and other adjustments and so does not multiply through. The MFG for schools and Centrally Retained resources includes rolled in grants.

**Note 2:** Although described as being added to headroom the MFG will seek to replicate the 2010-11 distribution and which will draw as a first call upon that headroom.

## Appendix 9.2

### **Recommendations from Schools Forum meeting held 17 January 2011 relating to the Early Years Single Funding Formula (EYSFF).**

SF Minute ref:	<b>School Forum Recommendation</b>
7.10	The School Forum recommends that the Early Years Single Funding Formula as set out in Appendix 1 (School Forum agenda item 7) to the Cabinet of Haringey Council – <b>Agreed</b>
7.11	The School Forum recommends the transitional and payment mechanisms set out in sections 2 and 3 of Appendix 1 (as above) to the Cabinet of Haringey Council. - <b>Agreed</b>
7.12	That the Early Years Single Funding Formula is kept under review to ensure that it is fit for purpose. - <b>Agreed</b>

### **Recommendations from Schools Forum meeting held 17 January 2011 relating to 2011-12 DSG budget Strategy.**

SF Minute ref:	<b>School Forum Recommendation</b>
8.22	The Forum is asked for their views on funding for Music Services in the borough pending the outcome of the government's own review. <b>Agreed that the service should be wholly or partly funded by headroom as appropriate.</b>
8.23	The Forum is asked to note the estimated amount of DSG for 2011-12 as £204.615m. <b>Noted</b>
8.24	The Forum is asked to endorse the approach, for those universal grants subsumed into DSG outlined at para. 4.9 of the report which allows for the replication of 2010-11 cash amounts taking into account a 1.5% reduction in line with the Minimum Funding Guarantee (MFG) rate. <b>Endorsed.</b>
8.26	The Forum is asked to endorse the approach, for those targeted grants subsumed into DSG outlined at para. 4.14 of the report which adds those resources to the available headroom – recognising that the MFG will seek to protect 2010-11 amounts and thus limiting the value of the resource actually transferred to headroom – this situation to be reviewed in future years. <b>Endorsed.</b>
8.28	The Forum is asked to endorse the distribution of previous Ethnic Minority Achievement Grant (EMAG) resources on the basis of 2010-11 cash amounts to schools and for the retention of £628,000 centrally in support of narrowing the achievement gap for underperforming ethnic groups in schools as described in para. 4.19 of the report. <b>Endorsed.</b>
8.29	The Forum is asked to endorse the use of the 2010-11 formula from the previous School Lunch Grant as described in para 4.20 of the report. <b>Endorsed.</b>
8.30	The Forum is asked to endorse the targeting of £522,000 of resources in

	2011-12 only, as described in para. 4.25, to allow the schools specified in Appendix 4 to adopt wraparound childcare services previously provided through centrally retained services. <b>Endorsed.</b>
8.31	The Forum is asked to endorse the proposed local formula changes described in para. 5.4 including providing the resource necessary to support them as the first priority from the available headroom. <b>Endorsed</b>
8.34	The motion that the additional resources needed to fund the EYSFF after implementing the transitional funding arrangement provisionally agreed, should be top-sliced from the headroom, was put to the vote: <b>Votes for 13</b> <b>Votes against 11</b> <b>Abstentions 3</b> <b>The motion was carried</b>
8.36	A proposed amendment to the <b>Recommendation below at 8.37</b> to allocate remaining headroom to reduce the 1.5% cut to school budgets was put to the vote. <b>Votes for 6</b> <b>Votes against 7</b> <b>Abstentions 6</b> <b>The motion was lost</b>
8.37	The Forum is asked to endorse routing the remaining available headroom within the ISB through deprivation measures within the EYSFF and the Haringey Schools Funding Formula according to the relevant pupils' age. <b>Votes for 16</b> <b>Votes against 0</b> <b>Abstentions 3</b> <b>The recommendation was endorsed.</b>
8.38	The Forum approves that a sum of £300,000 in respect of SEN transport costs be charged against the DSG funded from savings and efficiencies to be found in the centrally retained element of the DSG <b>Votes for 26</b> <b>Votes against 0</b> <b>Abstentions 0</b> <b>The recommendation was Agreed</b>

## HRA - Draft Medium Term Financial Plan 2011/12 to 2015/16

OVERVIEW & SCRUTINY COMMITTEE – JANUARY 2011  
BUDGET SCRUTINY RECOMMENDATIONS

**Appendix 12**

**RESOLVED** that the following recommendations be presented to the Cabinet on 8<sup>th</sup> February 2011 in response to the draft medium term financial planning 2011/12 to 2013/14 report appendices 3, 6.1 and 6.2.

**New Revenue Investment Proposals – Appendix 3**

Ref.	Proposal	Comment	Cabinet Response
1	ACCS - Reduced contributions from NHS – Learning Disabilities	The Committee recommends that the pooling of appropriate budgets with the NHS be investigated as a matter of urgency	Agreed
8	CYPS – Demographic pressures	The Committee is concerned at the continued overspend in C&YPS which needs to be brought under control. This is taking place against a background of high numbers of children being taken into care and high ratios of staff to children. They are of the view that the service should consider further ways of reducing costs and increasing efficiency.	Robust on-going monitoring of all Council budgets is a high priority for the Cabinet and C&YPS is no exception. The Cabinet is of the view that spending in the directorate is under control. The Cabinet is satisfied that the service is continually looking for efficiencies and keeping spending at the optimum level.
9	CYPS – Taking Children in to Care: Legal Costs	The Committee therefore recommends that additional investment to allow for demographic pressures be reduced by £500k to £3.5m.	Not agreed – The Cabinet are not prepared to compromise on child safeguarding.

**OVERVIEW & SCRUTINY COMMITTEE – JANUARY 2011  
BUDGET SCRUTINY RECOMMENDATIONS**

**Appendix 12**

	services with Waltham Forest.	care cases with only a small increase in staff numbers. The work of that team and the cost drivers will be assessed as part of the shared service work to ensure the current high quality is maintained and even greater value for money is secured.
--	-------------------------------	--

**Haringey Efficiency and Savings Programme – Proposals Presented to Cabinet in December 2010 – Appendix 6.1**

Ref.	Proposal	Comment	Cabinet Response
13, 14 & 15	Corporate Property – reduction in building maintenance, Soft Facilities Management & Office Accommodation	The Committee recommends that an audit of the Council's buildings be carried out and that, where possible, buildings be offered first to other Council services before consideration is given to their disposal.	Agreed
16	Corporate Property – Savings on Security costs at Customer Service Centres (CSCs)	The Committee recommends that a working group is established to ensure that priority to lease unused Council buildings are given to third sector organisations that were also under financial pressure.	Not agreed – a review of community buildings is already underway. The Council's estate needs to be sustainable and this will be the Cabinet's key priority for its buildings.
		The Committee was of the view that the reduction in Customer Service Centres may have implications on the level of security required at the remaining centres. It was therefore of the view that an equalities impact assessment (EIA) should be conducted to establish fully the	Equalities Impact Assessments (EQIAs) will be carried out on all savings proposals set out in the Medium Term Financial Plan (MTFP). Final decisions on the savings proposals will take account of the relevant completed EqIAs and consultation.

**OVERVIEW & SCRUTINY COMMITTEE – JANUARY 2011  
BUDGET SCRUTINY RECOMMENDATIONS**

**Appendix 12**

	possible implications of the proposed changes. Accordingly it recommends deferral of this proposal until 2013/14. In addition, it recommends that discussions about the possibility of shared services and premises with the Department for Work and Pensions be accelerated.	Not agreed – the Council's budget position is such that all proposals need to be delivered to time, there is no room for slippage. Discussions with the DWP will be undertaken at the optimum time.
20	IT – Service Implement Value For Money (phase 2)	<p>The Committee is concerned that, in the context of the unprecedented level of budget savings required, the proposed savings from the IT budget represent a comparatively small reduction to (approximately 5% of current budget) in the £16 million IT budget. It is of the view that the detail so far presented is not sufficient to justify this and that more information on the benefits and effects of the savings in IT is required.</p>
24	Reduction in the use of mobile phones	<p>The Committee understands the need to reduce the use of mobile phones but recommends that appropriate frontline staff are given necessary usage. The Committee also recommend that the potential for savings on landlines should be explored and increased.</p>
28 & 39	Customer Contact – Programme to shift customers to online transactions	<p>The Committee expresses concern about the effect of the shift to online transactions on the older population, those with English as a second language</p>
		Not agreed – the Cabinet believes there is no evidence to suggest there should be any concern about moving to online transactions.

OVERVIEW & SCRUTINY COMMITTEE – JANUARY 2011  
BUDGET SCRUTINY RECOMMENDATIONS

**Appendix 12**

<p>&amp; <b>Recreation Services – Reduction of reception cover at Tottenham Leisure Centre</b></p>	<p>and those not familiar with IT or have limited access. It recommends that HAVCO (Haringey Association of Voluntary and Community Organisations) and Age Concern be consulted on the impact it will have on its members with impairments and learning disabilities</p>	<p>The Committee recommends that Cabinet ensure that all new IT schemes are thoroughly tested and that all literature is in plain English.</p>	<p>Agreed – already in place via the Council's Corporate IT Board.</p>
<p>36 <b>Recreation Services – Allotment fee increases – full cost recovery</b></p>	<p>The Committee recognises that allotments need to be funded but is concerned about the lack of consultation.</p>	<p>The Committee also recommends that raised beds be provided for disabled people.</p>	<p>Not agreed - the Cabinet will prioritise its subsidy in line with the current income policy and an assessment of demand.</p> <p>Already in place - the Council has 22 raised beds across 3 sites, with the most recent installation being 8 at Salisbury Road, N22.</p>
<p>39 <b>Recreation Services – Reduction of reception cover at Tottenham Leisure Centre</b></p>	<p>The Committee does not support this proposal and is of the view that the small amount saved will not be commensurate to the inconvenience that could be caused. A loss of revenue could also occur if customers decide to go to another centre or not visit at all. The Committee therefore recommends that there be a receptionist available during</p>	<p>Not agreed – the Cabinet does not believe there is evidence to support this assertion.</p>	

OVERVIEW & SCRUTINY COMMITTEE – JANUARY 2011  
BUDGET SCRUTINY RECOMMENDATIONS

**Appendix 12**

		opening hours to deal with elderly customers and those who are not able to use the ticketing software as well as cases where there is a breakdown in the software system.	Impact on the programme will be kept to a minimum within available resources.
40	Adults – Recreation Services	The Committee agrees that the proposals for savings in parks will have a negative impact on the Green Flag programme; and parks maintenance would decline.	
43-48	ACCS – Adults Social Care (43-48)	<p>The Committee is concerned at these proposals and, in particular, the speed of their implementation. This could potentially lead to added costs for other services in the future due to increased social isolation and increased ill-health of clients as a consequence of the loss of preventative work that these services provide. In addition, there may also be implications for adult protection. It recommends that these services, as well as those that will be lost as part of the savings to youth provision, be financed by a 0.5% levy across all Council services.</p> <p>The Committee was also unconvinced that proposed transition to personalised budgets for clients could be satisfactorily achieved within the short timescale.</p>	<p>Not agreed.</p> <p>The proposal for a 0.5% levy will, in effect, already be in place given the Cabinet's prudent decision to constrain the general inflation allocation across the Council. This initiative has assisted in meeting the significant funding gap the Council has had to face in setting the budget.</p> <p>The service is currently performing above target and no difficulty is anticipated in achieving the transition within the agreed timescales.</p>

**OVERVIEW & SCRUTINY COMMITTEE – JANUARY 2011  
BUDGET SCRUTINY RECOMMENDATIONS**

**Appendix 12**

53	Adults & Commissioning – Remaining Older People's residential home	<p>The Committee is concerned that the independent sector might, in due course, increase placement prices. The Committee recommends that transition arrangements minimise the impact on residents as much as possible and that personal requirements should be taken fully into account as part of individual plans.</p>	Not agreed – the Council's Procurement Strategy will mitigate the perceived risk.
55	Adults & Commissioning – Remaining Older People's day centre closures	<p>The Committee recommends that the closure of the Haven Centre be deferred pending further impact assessment of the impact and consideration of suitable alternative provision for frail and elderly people.</p> <p>The Committee also recommends that the Cabinet challenge the Primary Care Trust (PCT) over additional running costs imposed by them for the Haynes Centre.</p> <p>The Committee suggests Homes for Haringey play a part in ensuring that community halls are considered for the provision of drop-in services for older people.</p>	<p>Not agreed. The proposal is already in year 2 of the MTFP and as such does not require deferral. Equalities Impact Assessments (EQIAs) will be carried out on all savings proposals set out in the Medium Term Financial Plan (MTFP). Final decisions on the savings proposals will take account of the relevant completed EqIAs and consultation.</p> <p>This is already in place.</p>
74	Behaviour Support & Inclusion Management	<p>The Committee is concerned at the rapid rate of the withdrawal of this service and</p>	Equalities Impact Assessments (EQIAs) will be carried out on all savings proposals set out in the Medium Term

**OVERVIEW & SCRUTINY COMMITTEE – JANUARY 2011  
BUDGET SCRUTINY RECOMMENDATIONS**

**Appendix 12**

	recommends that, in view of the potential disproportionate effect on black and ethnic minority communities, a full equalities impact assessment be conducted.	Financial Plan (MTFP). Final decisions on the savings proposals will take account of the relevant completed EqIAs and consultation.
75 – 84	The Committee notes the potential impact as a result of reductions in this service and recommends that discussions for shared services be progressed quickly to minimise this.	Agreed – and already in hand.
76	Enforcement – cessation of the out of hours service and withdrawal of Police support at weekends.	The service will continue to operate 7 days a week and will operate to at least 3am every night.  The Committee is concerned about this proposal as most complaints are received at night time and on weekends. It recommends that the service be retained, even if this was at the expense of another service.

**Haringey Efficiency and Savings Programme – New Proposals Cabinet 8<sup>th</sup> February 2011 – Appendix 6.2**

Ref.	Proposal	Comment	Cabinet Response
1 – 4	Policy & Performance, LDMS, HR & OD&L	The Committee recommends that support for all Members be reviewed. In addition, it is of the view that non professional Councillors should receive enough support to enable them to perform their duties effectively.	Not agreed - a review has already been undertaken and the proposed saving is considered appropriate.  The Cabinet does not recognise the term 'non professional Councillors' and is of the view that, generally, councillors are well supported.
9	Communications – Council Wide – reduce translation	The Committee recommends that ethnic minority community centres be invited to	Not agreed – this is considered to be inappropriate for, say, child safeguarding given this is a high risk service for

OVERVIEW & SCRUTINY COMMITTEE – JANUARY 2011  
BUDGET SCRUTINY RECOMMENDATIONS

**Appendix 12**

	<b>budget</b>	tender for the provision of translation and interpretation services. It was felt that this might reduce cost to the Council as well as providing our partner organisations with an income stream.	the Council.
26	<b>B&amp;LT &amp; Customer Services – Closure of Hornsey CSC</b>	The Committee recommends that suitable alternative provision in the locality is identified prior to closure.	Not agreed.
27	<b>B&amp;LT &amp; Customer Services – Closure of North Tottenham CSC</b>	The Committee recommends that, in view of the lack of potential alternative provision in the locality, closure of the North Tottenham Customer Service Centre be deferred until such facilities are in place. In addition, it recommends that discussions take place with the DWP on the feasibility of shared premises.	Not agreed.
		The Committee also urged that discussions on sharing premises with the Department for Working and Pensions be accelerated.	The Council is looking at ways of managing the demand in fewer premises.
31	<b>B&amp;LT &amp; Customer Services – reduce hours of Call Centre from 8-6 to 9-5</b>	The Committee recommends that the reduction in opening hours be phased-in, thus allowing the 5-6pm slot to continue for several extra months.	Not agreed.
35	<b>Customer Contact - shift to online transactions</b>	Please see (a) below	
37	<b>Recreation Services – Review of resourcing of</b>	The Committee is concerned about the potential impact on crime and the work	ABG funding has been withdrawn by the Government and this Council can no longer afford to support the activity.

OVERVIEW & SCRUTINY COMMITTEE – JANUARY 2011  
BUDGET SCRUTINY RECOMMENDATIONS

Appendix 12

	Parkforce Activities – and related support – British Trust for Conservation Volunteers and Metropolitan Police Managed activity	undertaken by Police and volunteers and therefore cannot support this proposal.	
39	Recreation Services – White Hart Lane Community Sports Centre	The Committee is of the view that it was unacceptable for the Centre to continually operate at a deficit of £500,000. It recommends that any initiatives for the Centre should be robust and deliverable and consideration should be given to inviting tenders from the private sector.	Agreed
42	Recreation Services – Franchise Leisure Catering at Park Road and Tottenham Green	The Committee recommends that the rental amounts be revisited to reflect current local market conditions.	Not agreed – as these services are franchised it is considered that the competitive tender process will ensure the Council achieves best value in this area.
47	Safeguarding & Strategy Services – Financial Assessment Team	The Committee is concerned that the accelerated implementation of personalised budgets might be slowed down by staff reductions in this area and seeks assurances that this will be taken into account when planning cost reductions elsewhere.	This will in no way slow down the implementation of personalised care. The newly formed service finding team will incorporate some existing finance staff specifically placed in the team to expedite personal budgets.
55	Culture, Learning & Libraries – Staffing and Book Fund reductions	The Committee recommends no further reductions from this fund and notes the Leader's assurance that there will be no cuts to libraries opening hours.	The Leader has confirmed there are no proposals to close libraries.
56	Cross Directorate – Non statutory services – funded	The Committee notes that the services will be provided within the formula grant	Not agreed - there are no longer specific grants and, as such, the Council has the flexibility to apply grants in the

**OVERVIEW & SCRUTINY COMMITTEE – JANUARY 2011  
BUDGET SCRUTINY RECOMMENDATIONS**

**Appendix 12**

	from the former ABG (Area based Grant)	and recommends that the Open-Door services for 18-24 year olds be retained.	optimum way. Given the severe grant reductions from 2011/12 the Council can no longer afford to provide everything it would wish to.
57	Safeguarding & Strategic Services – Supporting People Programme Reduction	The Committee is concerned about the disproportionate impact and the deliverability of the proposed reduction of £5 million in the Supporting People budget. It is of the view that insufficient information has been provided so far to assess the full impact.	Noted.
58	Recreation Services - Further Parks staffing efficiencies and leisure development	The Committee was concerned at the impact of such a reduction in staffing on the condition of the parks especially as this is in addition to the proposal at ref 40 (Appendix 6., 1) and ask for this to be looked at again.	Not agreed.
59	Children's Network – After School Childcare	The Committee recommends that it be ensured that any new providers of this service are not burdened with additional costs (such as hourly rent) by schools.	This is a matter for school governing bodies.
60	Children's Network – Youth Service	The Committee is concerned at the significant cuts to a valuable service which could potentially cause long term social and financial problems for the borough. It recommends that the cut be reduced in conjunction with the previously mentioned (items 43-48) levy of 0.5% on all other services.	Not agreed. As stated above, however, the proposal for a 0.5% levy will, in effect, already be in place given the Cabinet's prudent decision to constrain the general inflation allocation across the Council. This initiative has assisted in meeting the significant funding gap the Council has had to face in setting the budget.
62	School Standards and	The Committee requests to see these	The committee can have sight of the proposals; however

**OVERVIEW & SCRUTINY COMMITTEE – JANUARY 2011  
BUDGET SCRUTINY RECOMMENDATIONS**

**Appendix 12**

	<b>Inclusion</b>	proposals before they are considered by the Cabinet so that it can make recommendations.	they have already been approved by Cabinet.
63	Children's Network – integration of behaviour, attendance and welfare service	The Committee is concerned that ethnic minority children will be disproportionately affected and that equalities impact assessments had not been conducted yet.	Equalities Impact Assessments (EQIAs) will be carried out on all savings proposals set out in the Medium Term Financial Plan (MTFP). Final decisions on the savings proposals will take account of the relevant completed EqIAs and consultation.
70	Planning, Regeneration & Economy – restructure	The Committee recommends that an equalities impact assessment be conducted to establish the effects of the cuts and changes. It also asked that proposed new service threshold levels are shared with the Cabinet before a final decision is taken.	<p>Equalities Impact Assessments (EQIAs) will be carried out on all savings proposals set out in the Medium Term Financial Plan (MTFP). Final decisions on the savings proposals will take account of the relevant completed EqIAs and consultation.</p> <p>The full and final detailed proposals will be considered by General Purposes (GP) Committee. GP has already considered the PRE proposed basic re-structure at its October 2010 Meeting. Since then the proposed restructure will change in the following way:-</p> <ul style="list-style-type: none"> <li>- the addition of planning enforcement and capital programmes to better integrate planning and project services</li> <li>- the development of a shared economic development service with Waltham Forest to make efficiencies and maintain focus on key employment, training and business development aims</li> <li>- the creation of a carbon management and sustainability service to make efficiencies and better</li> </ul>

OVERVIEW & SCRUTINY COMMITTEE – JANUARY 2011  
BUDGET SCRUTINY RECOMMENDATIONS

**Appendix 12**

		integrate work on the LDF, Transport and Housing Strategies, Major Projects and the Low Carbon Framework, Adaptation Plan and support of the 40:20 commitment.	
71	Planning, Regeneration & Economy – increased Section 106 drawdown	The Committee seeks assurances that the Council is maximising the amount of money obtained through Section 106 Agreements and recommends that tighter controls are established to ensure S106 agreements are complied with.	Agreed and the Cabinet so assures.
75	Safer, Stronger Communities	The Committee does not wish to see the good work done so far in Neighbourhood Management to be wasted with the decommissioning of this service and urges the Cabinet to ensure that this does not happen.	Agreed – the Cabinet will ensure that the good practice is shared and not wasted.
78, 79 & 80	Safer, Stronger Communities — cessation of funding (various)	The Committee recommends that an alternative plans is developed to continue these valuable services.	Not agreed.
(a)	General – Customer Service Centres/ online transactions	The Committee seeks assurances that standards in the remaining customer services centres will not slip and recommends that alternative provision such as in libraries be made available for people requiring face-to-face contact such as people with learning disabilities or without access to computers.	The Cabinet will continue to ensure high standards in its CSCs. A new queuing system has been implemented and this will help.

BUDGET SCRUTINY RECOMMENDATIONS

Appendix 12

		consideration be given to older people who were not able to stand in queues for very long periods and that a system established for older people to sit down without losing a place in the queue.	Agreed.
(b)	General – Shared Services	The Committee advocates the sharing of services with other boroughs, partners and agencies but is concerned that discussions seem to be at very early stages (knowledge of the impending cuts had been available since autumn 2009, and Haringey's response to the Total Place agenda was poorly advanced). It recommends that every effort be made to accelerate discussions, with specific reference to concerns about the severity of cuts in legal costs in children's services and enforcement.	The Council is already well advanced in its sharing of service plans with other Boroughs. The Chief Executive chairs a group involving senior staff and members of both Haringey and Waltham Forest Councils who are actively pursuing partnership arrangements. A Memo of Understanding has already been agreed. Work will continue in this important initiative at a pace.
(c)	General – Older People's Services and Youth Services	The Committee recommends that a levy of 0.5% on other departments' budgets be put towards day care provision for adults and youth services.	Not agreed - the proposal for a 0.5% levy will, in effect, already be in place given the Cabinet's prudent decision to constrain the general inflation allocation across the Council. This initiative has assisted in meeting the significant funding gap the Council has had to face in setting the budget.
(d)	General	The Committee expresses disappointment that where proposals are deemed to have "no impact" these cuts were not implemented sooner.	The Cabinet regrets the use of the phrase 'no impact'. The message could have been better described as a budget reduction with limited risk.
(e)	General – Trade- Union	The Committee suggests that it would	The proposals have already been considered by General

Expenditure	have been useful to have received the information it previously requested on Trade Unions during these budget considerations although recognises that this time of change might not have been the best time to review Trade union facility time.	Purposes Committee.
(f) Energy Consumption	The Committee recommends that all directorates set targets for the reduction of energy consumption the next year or two as done by Recreational Services.	<p>Not agreed - Target reductions on a directorate by directorate basis are difficult to enforce and monitor as, unlike Recreational Services, many directorates co-habit buildings and share resources (e.g. pool cars). There is also substantial cost and time associated with installing monitoring equipment to evaluate each Directorate's impact.</p> <p>Haringey Council already operates a Carbon Management Programme, supported by the Sustainable Investment Fund (SIF), through which carbon reduction targets are already set and projects identified to achieve them. Directorates are engaged on a prioritised basis, where the installation of energy efficiency equipment will yield the greatest returns.</p>
