

# CHILDMINDERS

Due to cuts being made nationally borough by borough we are about to lose three quarters of our incredible Childminding Support team!!! These four ladies – Lorayne, Marie, Androulla and Leavon are invaluable – their unwavering support enables us all to achieve our very best. If there is a problem they are instantly there to offer guidance and EXPERT advice – they will help find a solution or point us in the right direction. Nothing is too much for them and to lose three of these women is utterly atrocious. Cuts do need to be made but not in this area, not to this extent. We care for the most vulnerable age group in the childcare sector, in a Borough well known for mistakes and this would by far be their biggest. If you would like to show your support for our incredible team please sign below – THANK YOU.
