Rethink the Cuts!

Our extended day provision has been in Place for over 20 years and many parents chose our school because of the high quality childcare provided on site. As parents we feel that Childcare should be maintained as a priority.

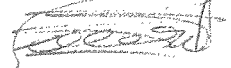

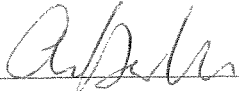

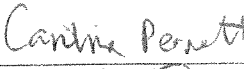

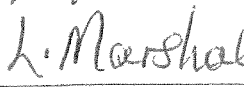

We understand that there is a suggestion that volunteers can replace the experienced childcare professionals at the afterschool club.

We do not believe this will meet the needs of the working parents or indeed the children who use this service and children with special needs in our school community.

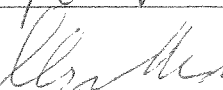

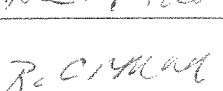

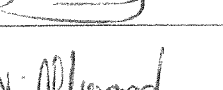

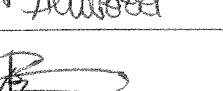

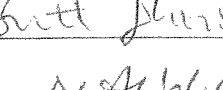

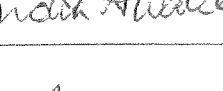

Due to recent changes in the benefit system all parents whose last child is over 7 will be required to look for work, this means professional safe child care is going to be needed even more.

We the undersigned petition Haringey Council's Children and Young Peoples Service to rethink their budget cuts for afterschool provision for the years 2011-2012.

We the undersigned petition Haringey Council's Children and Young Peoples Service to rethink their budget cuts for Stroud Green afterschool provision for the years 2011-2012.
