	the small entrance and on pavement		licensed doormen on duty on Thursday nights as well as Friday and Saturday, to control the persons outside the bar.	
5 th September 2010 00:10hrs.	Loud music	Visit made, no noise heard, however there was a large group of people outside the premises. The DPS was at the door and had locked the premises refusing entry to anyone. A passing car was damaged by members of the group and the police were called. Police indicated that there were some gang members in the crowd (approx 35 people)	It appeared that the DPS at the time had done all he could do. Police attended to disperse people.	W3/144417/ 11
11 th September 2010 22:40hrs	Loud music	Visited, no nuisance established.	Nuisance not established, no further action taken	W3/144417/ 12
12 th September 2010 01:27hrs	Loud music	Complainant did not want a visit	Nuisance not established, no further action taken	W3/144417/ 13

Whilst we have received several calls regarding loud music from the premises we have not been able to witness this problem. However we have witnessed a large group of people standing around outside the premises which resulted in Police having to attend after a passing car was damaged by persons in the crowd throwing items at the car.

There has also been an incident on Saturday 12th March 2011 at approximately 00:50hrs regarding a very large group of people outside the bar which resulted in a large police presence.

Door Supervisors

I would recommend the following condition be added to the licence

SIA licensed doormen (a minimum of two) be on duty from 20:00hrs until close of premises from Thursday until Saturday and at any other time when events occur at the premises.

The Licencee or DPS should, or instruct others to, contact the Police by the red care alarm system and / or by any other means should any unruly behaviour occur at the premises that is beyond the control of the staff members.

All other conditions presently on the licence to remain.

12.55am Sirens heard and police cars arrive on High Street, Hornsey outside Kelko bar. I can see 50 – 60 black youths on the High Street shouting and screaming and arguing with each other. They are banging on shop shuttering, running into the passing traffic and some of them appear to have drinks in their hands.

02.15am Police have left the area and the youths are still causing havoc. 999 call placed by myself to report it. Police car drives by but does not stop or return.

02.45am 999 call placed again as noise is still going on and I am asked if I have reported it to the council. As we are talking the gang finally disperse on their own and all is quiet again.

Sunday 13th March 2011

12.50am Sirens heard and police cars arrive on High St, Hornsey outside Kelko bar. I can see 60 - 70 black youths on the High street causing havoc, shouting and being verbally abusive to each other and the police. Some appear to have bottles of drink in their hands.

01.45am Big fight breaks out among the youths on the High street. Sirens and more police cars and vans arrive and the High street is blocked off by them. Youths are rocking a police van with police still inside and throwing bottles and other objects at each other and the police. Fighting and noise goes on for over 30 mins.

02.25am Police leave. There are still around 40 youths on the High street. Around half of them are the usual gang members that are constantly on the High Street known as the "Lightfoot Road" gang. They cycle in and out of traffic, shouting and banging on the shop shutters. Crowd gets bigger and more youths join them until there are around 50 of them. There is pushing and shoving and escalating violence.

02.35am 999 call placed by myself and I mention the CCTV camera on the corner of Campsbourne

21/04/2011

Road and High Street as I have been told to do in the past. Police van drives by after a few minutes but does not stop or return.

02.50am 999 call placed by myself but no response seen. Gang move out of sight to Campsbourne Road – can still hear all the noise but out of sight. No sign of the CCTV camera moving.

02.55am My partner arrives home and has had youths banging his car and riding their bikes in front of him as he tried to drive down the road. They are still being verbally abusive, drinking and throwing objects at each other. He calls 999 and reports this.

03.15am Police have slow driven past the gang and eventually stopped but didn't get out of the car.

03.45am All goes quiet as the gang disperses finally.

Subject: Re: Application for review of a premises licence

Hi kendra

I've spoken to Geoff Parker, and he has told me to email over my representation.

I am the landlady of the Hornsey tavern but I also reside at the property with my family. We have had several instances over the last 9 months for various reasons listed below.

- excessive noise coming from Kelko's after midnight and after they have closed
- smoking illegal substances outside
- Violence outside the property from their customers
- safety of my staff and customers.

On march 12th 2011 at 10:30pm large groups of youths formed outside the bar. They were drinking from glasses and bottles. Some were large spirit bottles obviously bought from elsewhere.

As the night progressed the crowds grew and the trouble began. It resulted in riots in the high street where my property and cars were damaged and my customers were not allowed to leave the my pub for nearly 2 hours while the police tried to bring the violence under control.

There must have been over 100 youths in the street many looked under age and were drinking. They did not appear to be local gangs but it was not long before they started to appear. My customers were mugged when leaving the property which causes a lot of distress. We have also had to be closing up around 11:30 pm on Friday and Saturday nights for some time to avoid the trouble. We have a 3:30am licence and this decision has cost us a lot of money but was necessary to avoid trouble and putting our licence in jeopardy.

The clientele from Kelko often sit outside the premises in cars and drink in the street. No door staff are ever present to help control the situation and it is left to get out of control. On the night of the 12/3/11 police had to use riot gear and cs spray to control the violence that started at the bar. This continued to atleast 4:30am. My children were distressed as to what was going on and I was worried for all of our safety.

Having been in the Tavern for over 6 years the trouble from viva viva/Kelko bar has increased and no steps taken have been successful. I feel a late licence is not an option and it should revert to standard opening hours till 11:30pm

Dear Madam,

Re: REQUESTED FORMS FOR THE REVIEW OF A PREMISES LICENCE

As requested please find the forms required to apply for the review of a Premises Licence under the Licensing Act 2003.

Copies of the application must be sent to all Responsible Authorities. Please find these detail enclosed.

An application for the review of a Premises License must be based on one or more of the Licensing Objectives:

- The prevention of crime and disorder;
- Public safety;
- The prevention of public nuisance;
- The protection of children from harm.

Once the request for the review is made the licensing authority will advertise the application for 28 consecutive days in the following ways:

- clearly display an A4 size notice immediately on or outside the premises;
- display the same notice in the licensing authority offices;
- advertise the review of the licence on the Council website;

If the request for a review is not rejected then the licensing authority will hold a hearing to consider the application, unless all parties agree that this is unnecessary. The licensing authority will write to you with the date and time of the the hearing and will inform you of the procedure to be followed at the hearing.

If you have any queries please do not hesitate to contact me on the below details.
details.
