Local	<b>Children's act complaints - Stage 2 responded to in 28 days</b> Although only 1 of the 12 cases since April has been completed on time, 10 have been completed within 90 days. Stage 2 complaints involve the appointment of two external specialists, an investigating officer and a dedicated person for the child or young person. The consequence is that progress on these complaints is particularly susceptible to the availability of people outside the Council. Once appointed the investigating officer and the independent person meet the complainant to clarify the exact nature of the complaint and get them to sign it off. Only after the complainant has signed do they proceed with the investigation. Following a survey of practice in other London Boroughs the timescale for stage two complaints is now being counted from the time the complaint is signed off. It is hoped that this will improve the performance on these timescales, though discussions with other Boroughs has revealed a general widespread difficulty in responding to stage two complaints within the timescales. BV 204	<b>% planning application appeals allowed against the authority's decision to refuse.</b> <i>New for 2004/05</i> Appeals continue to cause the council concern. 3 cases allowed in Mar out of 10 appeals, 35 out of 109 in year													Green	Green	
	38%	33%	21%	9%	20%	42%	33%	44%	42%	no cases	46%	0%	30%		32%	35%
BV 215a	<b>Average days to repair street lighting faults (except faults relating to power supply - see below)</b> <i>New starting in 2005/06. Our District Network Operator (electricity supplier) is EDF</i> The repair of street lights has remained below target of 3.5 days for the whole year. The performance contract started in April 2005 has delivered what we set out to achieve. Electronic transfer of information to EDF should improve this performance further.													Green	Green	
	N/A	1.86	1.95	1.54	1.09	1.54	1.36	3.02	2.29	2.19	2.09	2.04	2.21		1.92	3.50
BV 215b	<b>Average days to repair street lighting power supply related faults (these are handled by our District Network Operator - currently EDF)</b> <i>New starting in 2005/06. Our District Network Operator (electricity supplier) is EDF</i> The repair of cable faults by the distribution network operator, DNO, has been poor with the overall result at more than double the target and also double what EDF claim is their average time. The result is in line with neighbouring boroughs: In some cases they are worse - only one council claims less, but cannot offer the method of calculation.													Red	Red	
	N/A	10.50	3.00	20.33	38.30	18.31	29.69	17.80	27.33	17.26	23.34	23.13	20.45		21.96	10
BV 218a	<b>% of reports of abandoned vehicles investigated within 24 hrs of notification</b> <i>New starting in 2005/06</i> Excellent performance in March and also for the year.													Green	Green	
	tbc	96.8% (393 out of 406)	99.6% (224 out of 225)	96.2% (379 out of 394)	92.0% (333 out of 362)	96.3% (336 out of 349)	93.0% (334 out of 359)	98.7% (392 out of 397)	94.5% (69 out of 73)	94.8% (165 out of 174)	95.8% (159 out of 166)	92.2% (249 out of 270)	98.8% (250 out of 253)		96.0% (3,432 out of 3,576)	85%
BV 218b	<b>% of abandoned vehicles removed within 24 hrs (from when the LA is legally entitled to remove them)</b> <i>New starting in 2005/06</i> Excellent performance this month and exceeded the target for the year by a good margin.													Green	Green	
	tbc	81.5% (128 out of 157)	90.0% (45 out of 50)	94.5% (121 out of 128)	96.4% (107 out of 111)	94.1% (111 out of 118)	99.2% (120 out of 121)	96.2% (101 out of 105)	98.6% (218 out of 221)	87% (87 out of 100)	94.5% (52 out of 55)	91.8% (56 out of 61)	94.9% (56 out of 59)		92.5% (1053 out of 1138)	85%
BV 82ai +bi	<b>% of household waste which has been recycled or composted</b> <i>CPA Key Threshold</i> Recycling/composting performance for 2005/06 reached 19.69%. This performance exceeds the statutory target of 18% by a good margin.													Green	Green	
	14%	18.1%	18.6%	19.95%	19.2%	19.3%	20.5%	21.03%	20.2%	20.5%	20%	20.8%	18.5%		19.7%	18%
BV 84a	<b>Kg of household waste collected per head (seasonally adjusted annual equivalent)</b> <i>Amber is awarded if performance is top quartile (London 2004/05). CPA upper threshold is 355</i> The figure for 2005/06 of 364.5kg is above the target of 345kg. This was a very challenging target given the Council's strong performance in 2004/05. The introduction of the home composting scheme in January 2006 should have an impact for 2006/07. Sales of composting bins have been strong in spring with 515 sold in March alone.													Amber	Amber	
	354	371.3 (actual 30.5)	378.7 (actual 32.1)	357.5 (actual 32.3)	341.2 (actual 30.4)	372.0 (actual 31.2)	371.6 (actual 31.8)	385.6 (actual 31.4)	365.2 (actual 32.0)	354.7 (actual 27.1)	359.8 (actual 29.3)	356.9 (actual 25.2)	359.6 (actual 31.2)		364.5	345

Paf C62	<b>The number of carers for Adults &amp; Older People receiving a carer's break or specific carer's service as a proportion of all Adult clients receiving a community based service</b>															
	This indicator was introduced mid year 2004 and the 2004/05 outturn was calculated by scaling up six months worth of data. We now have a full year's data from which to calculate PAF C62 and these figures suggest a lower level of performance. CSCl have recently published performance bandings which give us an opportunity to benchmark our performance with others. Following the release of these performance bandings and national targets, the 05/06 target has been adjusted to 12% which is within the top performance banding.

<b>Call Centre Totals</b>																
	<b>Calls answered in 15 Secs as % of calls presented</b>															
	The Call Centre has received a higher number of calls this year, a 28% increase on the previous year. We achieved an average waiting time of 49 seconds, hampered significantly by performance in the last 3 months. Staff productivity has improved, but needs to be focussed on further. Closer relationships with Client Services are vital, as when demand for them changes at short notice, planned staffing in the Centre can become compromised. Work is also underway on understanding the significant increase in demand. There have been some IT difficulties, but these are now improving.													Red	Red

<b>Environment other indicators</b>																	
BV 199a	Local street and environment cleanliness (litter) <i>New from 2005/06</i> This result is a worsening of the performance achieved in 2004/05 and one which meant that the target for the year has been missed by a significant margin. The scores are provided by independent survey carried out by ENCAMS through the Capital Standards programme. The Waste Management Service has examined survey data for tranche 2 (of 3) and raised questions with Capital Standards as half of the locations surveyed were outside the target wards. Capital Standards has provided a response and this is being investigated. Detailed data for tranche 3 will not be available for scrutiny until late in May 2006.																
	32%				23%					42%				44%	Red	37%	30%
BV 199b	Local street and environment cleanliness (Graffiti) <i>New from 2005/06</i> At present there is no London wide comparison data available for this element of the PI. However 6% is considered to be a very good level of performance and when comparative data is available, we believe this will compare favourably with other London boroughs and this will also inform the process of target setting.																
	n/a				5%					8%				6%		6%	
BV 199c	Local street and environment cleanliness (Fly - posting) <i>New from 2005/06</i> At present there is no London wide comparison data available for this element of the PI. However 4% is considered to be a very good level of performance. When comparative data is available, we believe we will compare favourably with other London boroughs and this will also inform the process of target setting.																
	n/a				2%					5%				5%		4%	
BV 199d	Local street and environment cleanliness (fly-tipping) <i>New from 2005/06</i> The performance measure will be based on a combination of year-on-year reduction in total incidents of fly-tipping dealt with, as recorded on Screen 1 of Flycapture, and a year-on-year increase in actions taken against fly-tipping, as recorded on Screen 2 of Flycapture. The statements below illustrate the marking awarded to the various combinations: Total number of incidents dealt with decrease & total number of enforcement actions increase. Grading: 'Very Effective' or '1' Only total number of incidents decrease. Grading: 'Effective' or '2' Only total number of enforcement actions increase. Grading: 'Good' or '3' Total number of enforcement actions decrease. Grading: 'Poor' or '4' Total number of incidents increase. Grading: 'Poor' or '4'
