URGENT BUSINESS SHEET

Report Title: Restructuring of the Planning Regeneration & Economy Service

Committee/Sub etc: Corporate Committee

Date: 20 June 2011

The report is late because the staff consultation process only ended at 5pm 10 June 2011 and management had to collate and respond to 51 key points in 16 different areas. This was completed by 13 June 2011. The consultation period was slightly delayed since Planning Regeneration and Economy have been doing both a normal restructure and one involving a shared service.

The report is too urgent to await the next meeting because this restructure and its sister process for economic development cannot wait for September 27 Corporate committee meeting because PRE has both shared service and critical budget targets to meet for 2011-12. Also staff have been waiting for progress since the option 1 report to General Purposes committee in Oct 2010. Therefore to wait until the September meeting would move back phase 2 of the PRE process and would threaten budget targets.

The Head of Local Democracy & Member Services concurs with the admission of this item.
