Tel: 0203 – 276 -0150

Dear Ms. Barrett

Re:- Application to vary a Premises Licence and vary DPS :-

KFC, 278 Muswell Hill Broadway, N10

On behalf of the Metropolitan Police I am making a representation under the Prevention of Crime and Disorder objective to object to the above application

Prevention of Crime and Disorder:-

There is already an ongoing problem with Muswell Hill Broadway and the clubs, pubs and take away restaurants operating there.

The existing problems include club users in the area causing congestion on the narrow pavement outside, running through the traffic, people going into KFC to get food after drinking alcohol and then loitering outside, later hours would mean that people will stay longer in the area that is already receiving complaints due to anti-social behaviour for residents.

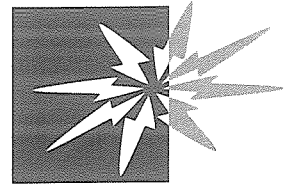

I am in the process of meeting with all the Licencee's/managers of these premises, including KFC, to discuss a problem solving approach to improve the situation due to the recurring issues with anti-social behaviour and crime in this area.

Therefore I cannot support this application.

Yours Sincerely

Diane Blumsom
Licensing
Quicksilver Patrol Base
c.c. Mr. Khawar Hussain

APPENDIX 3—COMMENTS OF ENFORCEMENT RESPONSE

Haringey Council

Licensing Consultation - Internal Memo

To: Licensing Officer

From: Enforcement Response Officer (Noise)

Name of Officer preparing representation:

cc: Charles Buckle, Enforcement Response Officer

Our Reference: WK/000196947

Date: 28th August 2011

Premises: KFC, 278 Muswell Hill Broadway, Hornsey, London, N10 2QR

Type of application: Variations

I would like to confirm that I have considered the above proposal with regard to the prevention of public nuisance on behalf of the Enforcement Response (Noise) Team & would like to make representations to the Application

The operating schedule does not address the prevention of public nuisance from:

- Noise generated from patrons queuing to enter
- Noise from patrons exiting the premises
- Littering in the vicinity and local area

The proposed operating hours are inappropriate due to the close proximity of residential dwellings and in excess of present commercial outlets closing times.

The noise caused by patrons exiting the premises and remaining in the area, consuming their purchase. Also the added visits of customers outside the area, whether on foot or turning up by vehicles would further add to the possibility of further noise nuisance and likely to be detrimental to the residential amenity in the area.

Also extended hours would encourage people to remain in area causing a noise nuisance.

Littering in the local and extended road in the area by patrons discarding there purchases (whether food or containers).

Supporting Information

Although, there are no actual noise complaints registered to the premises, there are noise nuisance complaints regarding the night club spots in the area, regarding people noise, exiting venues and loitering in the area.

To this, I am aware that the local police have recently been monitoring the area regarding people noise and public order.

If the sub-committee were to grant this application then we would recommend the following alterations/conditions to the operating schedule:

Operating hours

That the premises closes no later than Sunday – Thursday	02.30am
Friday – Saturday	03.45am

Reason: As these are the time of other local eatery take away.

Patrons entering/exiting premises.

There will be no queuing outside the premises.

Where people queue to enter the premises a licensed door supervisor shall supervise and ensure the potential patrons behave in an acceptable manner

Signs should be displayed requesting patrons to respect the neighbours and behave in a courteous manner

Door supervisors

When the premises are open a licensed door supervisor will be present from 22.00hrs till closing to supervise patrons and ensure they leave in a prompt and courteous manner, respecting the neighbours

A licensed door supervisor will be positioned on the exit door to ensure, as far as reasonably practical.

The supervisor will ensure that no patrons are permitted to enter the premises for good 15 minutes prior to closing.

Prevention of nuisance from litter

Adequate receptacles for use by patrons will be provided in the local vicinity. The positioning of the receptacles will be agreed with the licensing officer

Prevention of Nuisance from Odour

All ventilation and extraction systems shall be correctly maintained and regularly serviced to ensure that it is operating efficiently and with minimal disturbance to neighbours arising from odour.

Prevention of nuisance from light

Illuminated external signage shall be switched off when the premises is closed

Security lights will be positioned to minimise light intrusion to nearby residential premises

C. Buckle
