

NO TO CUTS IN HARINGEY PARKS!
No cuts to staffing, maintenance budgets or on-site depots.
Support our parks' workers!

We the undersigned are extremely concerned about, and object to...

- the slashing of local park budgets by over 50% (£1m)
- the threat of drastic cuts to the number of staff working in our parks. Staff are currently being consulted over compulsory redundancies - we send them our support.
- plans to close a number of parks' depots or lease them out to street cleaning teams

We believe this will make our green spaces unsafe, and return them back to the shocking neglect of the 1980/90s. We call on the Council to halt the plans.

Haringey Friends of Parks Forum

NO TO CUTS IN HARINGEY PARKS!

Support our parks, maintenance budgets or on-site depots.

**No cuts to staffing, maintenance budgets or on-site depots.
Support our parks, workers!**

Haringey Friends of Parks Forum

We the undersigned are extremely concerned about, and object to...

- the slashing of local park budgets by over 50% (£1m)

- the threat of drastic compulsory redundancies or lease them out to street cleaning teams

- plans to close a number of green spaces unsafe, and return them back to the shocking

We believe this will make our green spaces unsafe, and return them back to the shocking neglect of the 1980/90s. We call on the Council to halt the plans.

No cuts to staffing, maintenance budgets or on-site depots.
Support our parks' workers!

We the undersigned are extremely concerned about, and object to...

- the slashing of local park budgets by over 50% (£1m)
- the threat of drastic cuts to the number of staff working in our parks. Staff are currently being consulted over compulsory redundancies - we send them our support.
- plans to close a number of parks' depots or lease them out to street cleaning teams

We believe this will make our green spaces unsafe, and return them back to the shocking neglect of the 1980/90s. We call on the Council to halt the plans.

NO TO CUTS IN HARINGEY PARKS!
No cuts to staffing, maintenance budgets or on-site depots.
Support our parks' workers!

We the undersigned are extremely concerned about, and object to...

- the slashing of local park budgets by over 50% (£1m)
- the threat of drastic cuts to the number of staff working in our parks. Staff are currently being consulted over compulsory redundancies - we send them our support.
- plans to close a number of parks' depots or lease them out to street cleaning teams

We believe this will make our green spaces unsafe, and return them back to the shocking neglect of the 1980/90s. We call on the Council to halt the plans.

Haringey Friends of Parks Forum

NO TO CUTS IN HARINGEY PARKS!
No cuts to staffing, maintenance budgets or on-site depots.
Support our parks' workers!

We the undersigned are extremely concerned about, and object to...

- the slashing of local park budgets by over 50% (£1m)
- the threat of drastic cuts to the number of staff working in our parks. Staff are currently being consulted over compulsory redundancies - we send them our support.
- plans to close a number of parks' depots or lease them out to street cleaning teams

We believe this will make our green spaces unsafe, and return them back to the shocking neglect of the 1980/90s. We call on the Council to halt the plans.

No cuts to staffing, maintenance budgets or on-site depots. Support our parks' workers!

We the undersigned are extremely concerned about, and object to...

- the slashing of local park budgets by over 50% (£1m)
 - the threat of drastic cuts to the number of staff working in our parks. Staff are currently being consulted over compulsory redundancies - we send them our support.
 - plans to close a number of parks' depots or lease them out to street cleaning teams
- We believe this will make our green spaces unsafe, and return them back to the shocking neglect of the 1980/90s. We call on the Council to halt the plans.**

Many thanks,

Jayne Fowler
62 Wood Vale

“The Fathomless has care for meaner things
Than thou canst dream, and has made pride for those
Who would be what they may not, or would seem
That which they are not. Sultan! Talk no more
Of thee and me, the Future and the Past;
But look on that which cannot change – the One,
The unborn and the undying. Earth and ocean,
Space, and the isles of life or light that gem
The sapphire floods of interstellar air,
This firmament pavilioned upon chaos,
With all its cressets of immortal fire,
Whose outwall, bastioned impregnably
Against the escape of boldest thoughts, repels them
As Calpe the Atlantic clouds – this Whole
Of suns, and worlds, and men, and beasts, and flowers,
With all silent or tempestuous workings
By which they have been, are, or cease to be,
Is but a vision; – all that it inherits
Are motes of a sick eye, bubbles and dreams;
Thought is its cradle and its grave, nor less
The Future and the Past are idle shadows
Of thought’s eternal flight – they have no being:
Nought is but that which feels itself to be.”

NO TO CUTS IN HARINGEY PARKS!

No cuts to staffing, maintenance budgets or on-site depots.
Support our parks' workers!

We the undersigned are extremely concerned about, and object to...

- the slashing of local park budgets by over 50% (£1m)
- the threat of drastic cuts to the number of staff working in our parks. Staff are currently being consulted over compulsory redundancies - we send them our support.
- plans to close a number of parks' depots or lease them out to street cleaning teams

We believe this will make our green spaces unsafe, and return them back to the shocking neglect of the 1980/90s. We call on the Council to halt the plans.

NO TO CUTS IN HARINGEY PARKS!
No cuts to staffing, maintenance budgets or on-site depots.
Support our parks' workers!

We the undersigned are extremely concerned about, and object to...

- the slashing of local park budgets by over 50% (£1m)
- the threat of drastic cuts to the number of staff working in our parks. Staff are currently being consulted over compulsory redundancies - we send them our support.
- plans to close a number of parks' depots or lease them out to street cleaning teams

We believe this will make our green spaces unsafe, and return them back to the shocking neglect of the 1980/90s. We call on the Council to halt the plans.

NAME	ADDRESS
John Coudly	99 Woodlands Park Rd N15 3SR.
