

APPENDIX 3—REPRESENTATIONS OF INTERESTED PARTIES

Dear Haringey Council

Licence application at: The Triangle Centre

91-93 St Ann's Road, Seven Sisters N15 6NU

I strongly object to the late night licence for Triangle Community Centre, St Annes Road for the following reasons, which fall under Prevention of public nuisance, prevention of crime and disorder, prevention of antisocial behaviour, public safety, and prevention of noise pollution:

- There are many other commercial premises available in more suitable vibrant locations for this purpose, a quiet residential neighbourhood is not one of them.
- A community centre was not built with extreme soundproofing with its construction in mind for a nightclub, it would not be fit for purpose.
- With many youths coming and going throughout the night would cause excess noise outside the venue as well as from the inside.
- It is a quiet family area and it would be completely irresponsible to allow a noisy nightclub on our doorstep. It would be extremely disruptive to local residents.
- The music club will encourage anti-social behaviour on the streets outside the club, encourage underage drinking, and become a public nuisance to all residents who live in the surrounding area.
- The local area will become a dumping ground for litter.
- The narrow St Anne's road and surrounding streets will become blocked with cars and prevent locals from access to their own homes.
- It would be torture and completely selfish for Haringey Council to dictate late night noise all weekend for residents in the immediate area, many of whom are elderly and young families. Late night noise is not acceptable in a quiet residential area.
- It is out of character with the surrounding area. The Triangle is set in a residential area, not in a public high street or commercial zone.
- The Triangle is a 'community' centre to encourage social cohesion, not to divide the community by making many local residents suffer unnecessarily.
- We are all people and we all have a right to live in a peaceful residential neighbourhood without torment through the night and all weekend.
- I think Tottenham people have suffered well enough this year without inflicting additional torment onto them.

Haringey has a duty of care to local residents. DON'T approve any late night licence club at the Triangle.

I wish to be notified when public meetings about this issue is discussed so I can attend.

Sir / Madam,

This cannot be, in any way, shape, or form a seriously considered proposition, however with Haringey Council's record in this area it probably is.

For many many years residents around the St Ann's Road and Pevna Crescent neighbourhood have pleaded for an early closing of the ball park in Chisley Road, all to no avail.

Now this! I wonder have these jobsworths ever walked St Ann's Rd from Seven Sisters Road to the High Road, with vans and cars

parked either side of the road, buses
struggle to traverse their route,
traffic cones are regularly scattered
all over the place.

There is a warden controlled old
people's complex adjacent to the
chosen site.

The idiocy of such a proposal is
all too obvious.

A resounding no must be
the only response.

M J Finlay

4/10/2011

In response to a letter recently received, we are in total agreement, with other residents, that this license should not be issued, as we have already had some very disturbing incidences regarding the discos at the Triangle Centre.

My mother is 75 years old and lives directly opposite the Centre. ~~we~~ There have been parties there over the last few months where we have had to call the police and Council due to very loud music, children in the play centre and teenagers, screaming and shouting til 2am, also where people are parking they have been standing by their cars after the Triangle Centre has shut continuously playing loud music, smashing bottles and being generally abusive even when asked to quiet down.

This has been a very stressful and upsetting and I would even state fearful for us residents please do not allow this license to be issued.

Dear Haringey Council

Licence application at: The Triangle Centre

91-93 St Ann's Road, Seven Sisters N15 6NU

I strongly object to the late night licence for Triangle Community Centre, St Annes Road for the following reasons, which fall under Prevention of public nuisance, prevention of crime and disorder, prevention of antisocial behaviour, public safety, and prevention of noise pollution:

- There are many other commercial premises available in more suitable vibrant locations for this purpose, a quiet residential neighbourhood is not one of them.
- A community centre was not built with extreme soundproofing with its construction in mind for a nightclub, it would not be fit for purpose.
- With many youths coming and going throughout the night would cause excess noise outside the venue as well as from the inside.
- It is a quiet family area and it would be completely irresponsible to allow a noisy nightclub on our doorstep. It would be extremely disruptive to local residents.
- The music club will encourage anti-social behaviour on the streets outside the club, encourage underage drinking, and become a public nuisance to all residents who live in the surrounding area.
- The local area will become a dumping ground for litter.
- The narrow St Anne's road and surrounding streets will become blocked with cars and prevent locals from access to their own homes.
- It would be torture and completely selfish for Haringey Council to dictate late night noise all weekend for residents in the immediate area, many of whom are elderly and young families. Late night noise is not acceptable in a quiet residential area.
- It is out of character with the surrounding area. The Triangle is set in a residential area, not in a public high street or commercial zone.
- The Triangle is a 'community' centre to encourage social cohesion, not to divide the community by making many local residents suffer unnecessarily.
- We are all people and we all have a right to live in a peaceful residential neighbourhood without torment through the night and all weekend.
- I think Tottenham people have suffered well enough this year without inflicting additional torment onto them.

Haringey has a duty of care to local residents. DON'T approve any late night licence club at the Triangle.

I wish to be notified when public meetings about this issue is discussed so I can attend.
