1. Includes middle schools as deemed.
2. Includes primary academies as recorded on the January 2011 census. This does not reflect any conversions since census day.
3. Includes city technology colleges and secondary academies as recorded on the January 2011 census. This does not reflect any conversions since census day.

5. Full time equivalent (FTE) number of pupils aged 4 and over as at 31 August 2010 in R-11 (where National Curriculum year groups do not apply pupils aged 4 to 15) as recorded on the January 2011 School and PRU Census. FTEs are calculated on the same basis as the DSG.
6. Full time equivalent (FTE) number of pupils aged 4 and over as at 31 August 2010 in R-11 (where National Curriculum year groups do not apply pupils aged 4 to 15) as recorded on the January 2011 School and PRU Census who are known to have been eligible for FSM in the previous six years (FSM eligibility in the previous six years will be determined by those pupils recorded on the January 2011 School and PRU Census who were recorded as known to be eligible for Free School Meals (FSM) on any of the censuses (School and PRU censuses) since Summer 2006, known as Ever 6). For pupils in maintained special schools and PRU's funding will be allocated to local authorities to decide whether to pass on funding to the education setting or to hold back funding to manage centrally for the benefit of those pupils it has responsibility for.
8. The number of eligible Looked After Children and FSM pupils recorded on the Alternative Provision census are not included in school level tables (although are eligible for the pupil premium) as they are taken from Local Authority returns.
9. The number of service children are not provided at school level due to data protection issues.
