Risks:

- a) Communications and use of social media requires up-to-date and professional knowledge. Currently funds are envisaged to cover materials and not specialists. There are insufficient knowledge and skill resources across the partnership to steer the work around engagement, messages, comms and marketing
- b) Full delivery depends on external grants with no guarantee beyond March 2013. This holds for the Community Safety Fund; Ending Gangs and Youth Violence Fund and the DIP Grant – one third of which is under threat for redistribution by the Mayor's office.
