

APPENDIX A

Haringey's Discretionary Housing Payments Policy 2013-14

Introduction

Discretionary Housing Payments (DHPs) are administered by the Council and provide financial assistance (outside of the Housing Benefit and Universal Credit regulations) to help tenants meet their housing costs.

DHPs can play an important role in sustaining tenancies, preventing homelessness and, where needed, enabling tenants to move to more affordable accommodation.

DHPs may cover all or part of a shortfall in a tenant's eligible rent or provide the rent-in-advance and damage deposit a tenant may need in order to secure a tenancy. DHPs may be awarded as a one-off payment and/or as a series of payments.

To qualify for a DHP, the claimant must have a rent liability, require further financial assistance with their housing costs and have been receiving Housing Benefit or Universal Credit throughout the period for which they are claiming assistance.

Amount of funding available

The Department for Work and Pensions (DWP) makes grants available to local authorities for DHP purposes. In 2013/14, the total DHP grant budget (shared between all local authorities in England, Scotland and Wales) is £155 million. This will reduce to £125 million in 2014/15.

The £155 million consists of a core amount of £20 million, a Benefit Cap allocation of £65 million, a Social Rented Sector Size Criteria ('bedroom tax') allocation of £30 million and a Local Housing Allowance Reforms allocation of £40 million.

Haringey's share of this £155 million grant is £2,422,506, broken down as follows:

Core amount	£ 292,880
Benefit Cap	£1,353,357
Social Rented Sector Size Criteria	£ 215,981
Local Housing Allowance Reforms	£ 560,288
Total	£2,422.506

Haringey is not allowed to spend more than 2½ times this sum on DHPs in 2013/14. In fact, because of the numerous competing pressures on its finances, it has historically not provided any extra funding for its DHP budget over and above DWP grant. These pressures are even greater following the 2010 Comprehensive Spending Review.

The Council has decided to increase its DHP budget by £442,000 in 2013/14, using some of the extra funding it has received to prepare for, and implement, the application of the Benefit Cap from 15 April 2013, ahead of the national rollout.

The Council may review the budget later in the year, when the effects of the welfare reforms are better known. However, in the meantime, Officers should implement this policy on the basis that the £2,864,506 represents the full DHP budget for 2013/14.

Between them, the Benefit Cap and Social Rented Sector Size Criteria will reduce, by more than £8 million, the annual amount of Housing Benefit paid in Haringey.

As it is clear that Haringey's DHP budget of £2,864,506 will not be enough to replace the amount of Housing Benefit and Universal Credit that tenants will lose, the Council needs to consider how to allocate these limited DHP resources in a way that is not only fair but also supports those that are in most need of assistance.

Haringey's DHP scheme

Welfare reform is aimed at encouraging people to move into work, increase their hours and/or move to more affordable accommodation.

Although it is hoped that many people will be able to address and resolve their difficulties without the need for a DHP, the Council recognises that DHPs have an important role to play in providing tenants with short term assistance to ease transitions and allow households time to find a way to resolve their difficulties.

The overriding principles of Haringey's DHP scheme are as follows:

- All claimants will be treated fairly;
- All DHP applications will be assessed on their individual merits (which includes, where relevant, considerations of equality);
- All of the options available to the claimant (including, for example, reducing household expenditure, maximising income, securing employment and/or moving to alternative, less expensive accommodation) will be taken into account when the Council assesses the merits of each application; and
- **In order to be awarded a DHP, claimants must be able to show that their circumstances are exceptional.**

Examples of the shortfalls that DHPs may cover

The Council is not required to spend its overall grant allocation in any particular way, despite the DWP breakdown already referred to. It is a matter for its discretion.

The types of shortfall that a DHP may cover include the following:

- Reductions in Housing Benefit or Universal Credit, resulting from the application of the Benefit Cap;
- Reductions in Housing Benefit or Universal Credit, resulting from the under-occupation of social rented housing;

- Reductions in Housing Benefit or Universal Credit, resulting from Local Housing Allowance restrictions, including the Shared Accommodation Rate;
- Reductions in Housing Benefit or Universal Credit, resulting from non-dependant deductions and the use of income tapers; and
- Reductions in Council Tax Benefit that occurred in 2012/13. (DHPs cannot assist with council tax liabilities incurred under the 2013 Council Tax Reduction scheme)

What DHPs cannot cover

For the purposes of a DHP, the following elements of a claimant's rent cannot be included in their claim for housing costs because the regulations exclude them:

- Ineligible service charges
- Increases in rent that are due to outstanding rent arrears; and
- Certain sanctions and reductions in Benefit

Objectives of this DHP policy

The Council will consider making a DHP award to applicants who meet the qualifying criteria. Assessing all applications on their individual merits, it will consider the extent to which the financial assistance requested will meet the Council's objectives of:

- Alleviating poverty;
- Encouraging and sustaining people in employment;
- Sustaining tenancies and preventing homelessness;
- Safeguarding Haringey residents in their own homes;
- Helping people who are trying to help themselves;
- Keeping families together;
- Supporting victims of domestic violence to move to a place of safety
- Supporting the vulnerable and elderly in the local community;
- Helping customers through personal and difficult events;
- Supporting young people in the transition to adult life; and
- Promoting good educational outcomes for children and young people.

Support for households affected by welfare reform

DHPs are not generally intended to be used as a long term solution to the claimant's financial difficulties. Instead, they should be used to provide short term assistance to ease transitions and allow households time to find a way of resolving their difficulties.

All applications will be assessed on their individual merits. However, when considering applications, the Council will take into account not just the cash limitations of what remains in the DHP budget but also the extent to which a DHP can help the claimant to overcome temporary difficulties and, if possible, enable them to secure paid employment and/or move to alternative accommodation that they can afford.

The expectation is that DHPs will be awarded in unusual or extreme circumstances where additional help with the current rent will have a significant effect in alleviating hardship, reducing the risk of homelessness or alleviating difficulties that may be experienced in the transition from long term benefit dependence into work.

At the discretion of the Council, conditions may be attached to a DHP award, requiring the claimant (for example) to participate in a training or employment programme that will improve their prospects of securing paid employment. Other conditions may be attached to the DHP to encourage behaviour change and achieve an early resolution of the claimant's difficulties.

Failure to comply with these conditions may affect the outcome of any future DHP application the claimant decides to make.

Households affected by the Benefit Cap

It is estimated that, in Haringey, the Benefit Cap will affect around 1,000 households and that, when it is applied, it will reduce by about £5.2 million a year the amount of Housing Benefit that tenants receive towards their rent.

Although the Council will assess each DHP application on its individual merits – and it has the freedom and flexibility to spend more of its DHP budget on assisting tenants affected by the Benefit Cap (and less on the tenants affected by the other welfare reforms) – the amount of money that the DWP has allocated to Haringey to mitigate the impact of the Benefit Cap (£1,353,357) represents just 26% of the total Housing Benefit losses that are expected to result from the Benefit Cap.

Even if the extra funding of £442,000 (provided by the Council) is added to the amount of money that the DWP has allocated to Haringey to mitigate the impact of the Benefit Cap, the total amount of money (£1,795,357) represents just 35% of the total Housing Benefit losses that are expected to result from the Benefit Cap.

The purpose of the DHP funding is to provide short-term, temporary relief to mitigate the most severe effects of the Benefit Cap until a more sustainable solution is found.

Examples of the groups that are likely to be particularly affected by the Benefit Cap include (but are not limited to) the following:

- Homeless families living in temporary accommodation;
- Families living in private rented accommodation
- Individuals or families fleeing domestic violence;
- Those with kinship responsibilities;
- Individuals or families who cannot move immediately for reasons of health, education or child protection; and
- Households that are moving to more appropriate accommodation.

Given the limitations of the DHP budget – and on the understanding that the Council and its housing association partners will take all reasonable steps to provide homeless families with temporary accommodation that is not only suitable but has also been procured on terms that offer good value for money – the Council will give priority to DHP applications received from the following households:

- Homeless households that are residing in temporary accommodation (provided by, or on behalf of, Haringey Council) and have been assessed, by the Council, as being particularly vulnerable and needing to remain in the area;
- Homeless households that are residing in temporary accommodation (provided by, or on behalf of, Haringey Council) and have either been told, by the Council, that they will be able to remain in the accommodation / area or they are awaiting an offer of alternative temporary accommodation, procured at a lower cost;
- Homeless households that are residing in temporary accommodation (provided by, or on behalf of, Haringey Council) and are either awaiting the Council's decision on their homelessness application or have been notified that the Council's duty to provide temporary accommodation is being brought to an end;
- Households that need to move to alternative, lower cost accommodation but are unable to do so immediately (for reasons of health, education or child protection) and the provision of short-term financial assistance will contribute to the achievement of one or more of the Council's DHP policy objectives (see page 3);
- Households that need to move to alternative, lower cost accommodation but are working proactively to resolve their situation and the short-term award of a DHP will, in the opinion of Haringey's Welfare Reform Practical Support Hub, prevent the household from becoming homeless or delay homelessness for long enough to enable them to complete a planned move to more affordable accommodation;
- Households that are living in social rented housing and are, in the opinion of Haringey's Welfare Reform Practical Support Hub, working proactively with Jobcentre Plus and advice / support providers to secure paid employment, claim Working Tax Credit and become exempt from the Benefit Cap.

All DHP applications will be assessed on their individual merits.

Households affected by the Social Rented Sector Size Criteria

It is estimated that, in Haringey, the Social Rented Sector Size Criteria ('bedroom tax') will affect almost 3,000 households and that, when it is applied, it will reduce by about £3 million a year the amount of Housing Benefit that Haringey's council and housing association tenants receive towards their rent.

Although the Council will assess each DHP application on its individual merits – and it has the freedom and flexibility to spend more of its DHP budget on assisting tenants affected by the Size Criteria (and less on the tenants affected by the other welfare reforms) – the amount of money that the DWP has allocated to Haringey to mitigate the impact of the Size Criteria (£215,981) represents just 7% of the total Housing Benefit losses that are expected to result from the Size Criteria.

The purpose of the DHP funding is to help those tenants who are unlikely to be able to meet the shortfall in the rent payments and for whom moving to a smaller property may be inappropriate or avoidable.

For claimants living in significantly adapted accommodation, it will sometimes be more cost-effective to allow them to live in their current accommodation rather than moving them into smaller accommodation which then needs to be adapted.

Given the limitations of the DHP budget – and on the understanding that the Council and its housing association partners will do everything they can to support tenants and prevent them from becoming homeless – the Council will give priority to DHP applications received from the following households:

- Households that contain a person with a disability and are living in 'significantly adapted' accommodation;
- Households that contain a disabled child who is unable to share a bedroom because of their severe disabilities;
- Households that contain a disabled child and are living in accommodation that has been adapted to meet the child's needs; and
- Households containing someone who has a severe and persisting disability which means that they are dependent on the care and support of relatives and friends who are living in the local community and there is no suitable accommodation available, within the local area, to which they are able to transfer.

Depending on the level of demand for DHPs, the Council may also give priority (albeit slightly less priority than is given to the households affected by the Size Criteria listed above) to DHP applications from the following households:

- Households whose Housing Benefit is restricted by the Size Criteria but that restriction will soon be lifted because the claimant (and their partner, if they have one) will reach the age at which they will be able to claim Pension Credit;
- Households whose Housing Benefit is restricted by the Size Criteria but that restriction will soon be lifted because one or more of their children will soon reach an age when they are not expected to share a bedroom;

- Single people who are pregnant (and childless couples containing a pregnancy) who are living in a two-bedroom home but whose Housing Benefit is restricted by the Size Criteria to a one-bedroom home but that restriction will soon be lifted when the baby is born; and

Other households requesting a DHP, including those that are affected by the Local Housing Allowance Reforms

The purpose of the DHP funding is to provide short-term, temporary relief to families and vulnerable people whose Housing Benefit or Universal Credit has been reduced, due to Local Housing Allowance restrictions (including the LHA Caps, the Shared Accommodation Rate and changes to the way in which LHA is calculated), income tapers and non-dependant deductions.

Although DHPs cannot assist with the council tax liabilities that residents incur under the 2013 Council Tax Reduction scheme, a request can be made for the Council to backdate a DHP claim that is based on the Council Tax Benefit awarded in 2012/13.

All DHP applications will be considered on their individual merits. However, the Council will give priority to applications from households for whom the Council will have a housing duty if they become homeless and households that have children and need to move to alternative, lower cost accommodation but are unable to do so immediately (for reasons of health, education or child protection).

Rent-in-advance, damage deposits and removals

The DHP budget is insufficient to meet the rent shortfalls of the thousands of tenants whose Housing Benefit and Universal Credit will no longer cover their full rent.

In order to provide long term solutions, the Council will help and encourage tenants to move to alternative accommodation that they can afford.

Instead of providing tenants with short term assistance to enable them to maintain the rent payments on a home that they will never be able to afford without a DHP, the Council may decide that it would be a lot better to help those tenants to move to somewhere they can afford, at a much earlier stage, by providing them with the help they require to pay the rent-in-advance, damage deposit and removal costs.

When considering DHP requests for such a purpose, the Council will take into account any damage deposit or rent-in-advance that is due to be returned to the claimants. It will also check that the claimant's new home will be affordable.

Assessment of applications

When deciding whether or not to award a DHP, the Council will assess each application on its merits (including considerations of equality) and take into account its objectives and such things as:

- The size of any shortfall that exists between what the claimant is receiving in housing costs (from Housing Benefit or Universal Credit) and the eligible housing costs for which they are liable, together with the reasons for this shortfall;

- The financial circumstances (income and expenditure, savings, capital and indebtedness) of the claimant, their partner and anyone else living in their home;
- Any special needs or health and social problems that the claimant and/or their family have, and what impact these have on their housing and financial situation;
- The impact that moving home and/or changing schools is likely to have on the family and the educational outcomes of any young people in the household;
- The reasons why, compared to other people, the circumstances of the claimant and their family should be considered 'exceptional';
- The impact that not awarding a DHP is likely to have on the Council's finances and services, especially homelessness, social care, family support and health;
- The length of time for which a DHP is being sought;
- Any steps the claimant has taken to reduce their rental liability;
- The nature of any contact the claimant has had with the Council's Welfare Reform Practical Support Hub;
- The amount of money remaining in the DHP budget; and
- Any other factors that the Council and/or claimant consider appropriate.

The Council will not normally make allowance for any financial loss resulting from the claimant's failure to claim any benefits in a timely manner. No allowance will be made, either, for any debt relating to an overpayment of Housing Benefit.

When the Council has considered the claimant's needs and circumstances, it will decide how much to award. This may be any amount below the difference between the rental liability and payment for Housing Benefit / Universal Credit. The DHP award cannot exceed the weekly eligible rent for the claimant's home.

The award of a DHP does not guarantee that a further award will be made at a later date, even if the claimant's circumstances remain unchanged.

Claiming a DHP

The regulations require a DHP to be claimed.

In most cases, the person who claims a DHP will be the person who is receiving Housing Benefit or Universal Credit, or their partner. However, the Council may also accept a claim from someone who is acting on behalf of that person (such as an appointee or advocate) if the person is vulnerable and requires support.

The Council accepts DHP claims in writing and provides an application form for this purpose. A letter or phone call will also be accepted as a claim and will trigger a referral to Haringey's Welfare Reform Practical Support Hub.

A claim for a DHP will be considered from the date a DHP is requested, but on condition that all supporting information and documentation is received by the Council within one month of that request.

If the Council requires additional information and evidence to assess the claim, it will request this from the claimant in writing, electronically or verbally (over the telephone, face to face or by visit). The claimant must provide this information and documentation within one month of the date of the request.

If the claimant fails to provide the information and documentation on time, the Council will make a decision based on any information it already holds, including the information held on its Housing Benefit computer system. More time may be allowed for some individuals, however, if the Council thinks it is reasonable to do so.

Period of award

The Council will decide on the length of time for which a DHP is to be awarded.

The start date for an award will normally be the Monday following receipt of the claim. However, the Council does have the discretion to backdate an award for DHP if it considers that the applicant's circumstances merit this.

DHPs will normally be paid for a minimum of one week. The length of each award will be based on the individual circumstances of each claimant, but will take into account the date that the tenancy and/or notice period expires.

As an award can only be made for the current financial year, any award that is made for the remainder of 2013/14 will have to be followed by a new application for the next financial year even if the claimant's circumstances remain unchanged.

Although all claimants are entitled to make a fresh claim (for a further DHP) when their existing award comes to an end, the Council will not automatically invite claimants to apply for another DHP.

As DHPs will not usually be regarded as offering a long term solution to a claimant's financial situation, the maximum length of a DHP award (or a series of consecutive awards) will not normally exceed 12 months. Exceptions may be made, in particular for certain claimants affected by the Social Rented Sector Size Criteria and where the Council continues to regard it as inappropriate for the claimant to have to move.

Request for backdating

The Council will consider any reasonable request for backdating a DHP award. However, these will be limited to the period in which the claimant has been receiving Housing Benefit or Universal Credit and, except where the DHP relates to council tax liabilities arising before 1 April 2013, they will be limited to the current financial year.

Making a claim in advance

A DHP can only be considered for a period when the claimant is entitled to Housing Benefit or Universal Credit.

However, claims can be made in advance, where the claimant is anticipating a change in their situation, such as the introduction of the Benefit Cap and the Social Rented Housing Size Criteria in April 2013. This may reassure claimants.

Notification of decisions

The claimant (and the landlord if the DHP is paid direct to the landlord) will be notified, in writing, of the outcome of the DHP claim within 14 days of receipt of the claim and all supporting documentation, or as soon as possible after that.

If a claim is unsuccessful, the Council's decision letter will include an explanation of how the decision has been reached and details of the right of review.

If the claim is successful, the Council's decision letter will include the following:

- The reason for the award;
- The amount awarded;
- The period of the award;
- To whom the DHP will be paid; and
- The claimant's duty to report any changes in circumstances

Changes in circumstances

The claimant must tell the Council if their circumstances change after a DHP is awarded. This is made clear to claimants in the award letter and application form.

The Council may revise a DHP award if the claimant's circumstances have changed.

Payment arrangements

The Council will decide whether the DHP should be paid to the tenant, the landlord or a third party. Rent-in-advance and deposits will normally be paid to the landlord.

Right to request a review

As a DHP is not a payment of Housing Benefit or Universal Credit, it is not subject to the appeals mechanism that operates under those schemes.

Claimants can request a review of a decision to refuse to award a DHP, a decision to award a reduced amount, a decision not to backdate an award for DHP or a decision to seek recovery of an overpayment of a DHP as follows:

- A claimant (or their representative) who disagrees with a DHP decision may request a review. This request must be made in writing, within one month of when the notification was issued, and set out the reasons for requesting a review. (The time limit for requesting a review may be extended if the Council considers it reasonable to do so).
- A DHP Review Panel, comprising Officers from the Council's Benefits Service and Housing Service, will review all of the evidence held and will make a decision within 14 days or as soon as possible after that.
- If the DHP Review Panel decides to change the original decision – perhaps because of new or additional information provided by the claimant – it will issue the claimant with a new decision notification.
- If the DHP Review Panel decides that the original decision was correct, the claimant will be notified of this in writing, with reasons for the Panel's decision.

The DHP Review Panel's decision will be final. In cases of alleged maladministration by the Council, the claimant should follow the Council's complaints process. If a claimant is still unhappy, they have a right to contact the Local Government Ombudsman.

Overpayments

The Council will make every effort to minimise overpayments of DHP.

If an overpayment does occur, the Council will decide whether or not it is appropriate to recover it. If recovery action is appropriate, the Council will send an invoice to the claimant (or the person to whom the DHP was made) and a written explanation of how the overpayment occurred and the periods and amounts to which it relates.

Where the overpayment is a result of an error made by the Council, recovery will not normally be sought, unless the claimant or person who received the payment could have reasonably known they were being overpaid.

DHP overpayments will not be recovered from payments of Housing Benefit and Universal Credit that are due to the claimant.

Fraud

The Council is committed to tackling and preventing fraud in all its forms.

If a claimant attempts to claim a DHP by making a false declaration or providing false evidence or statements, they may have committed an offence under the Theft Act 1968. Where the Council suspects that fraud may have occurred, it will investigate the matter as appropriate and this may lead to criminal proceedings.

Publicity

The Council has a responsibility to ensure that it does not limit the legal discretions it may apply, and it is committed to applying this policy fairly and consistently.

It will take steps to maximise take up to make sure that the funds are targeted towards those who are most in need. This policy will be made available on request and via the Council's website: www.haringey.gov.uk

Debt advice

Anyone experiencing debt problems will be signposted to local debt advice agencies (including the Citizens Advice Bureau) for free, confidential, impartial advice.

Policy review

This policy will be reviewed annually and in light of any legislative changes, trends or other factors that impact on its effectiveness.

The Council may also, during the course of any year, review and reconsider whether it should allocate any of its own resources towards the overall DHP budget.
