Introduction

This paper provides the Corporate Committee with a report on progress in delivering our responsibilities as your external auditors. The paper also includes:

- a summary of emerging national issues and developments that may be relevant to you as a Council
- includes a number of challenge questions in respect of these emerging issues which the Committee may wish to consider.

Members of the Corporate Committee can find further useful material on our website www.grant-thornton.co.uk, where we have a section dedicated to our work in the public sector. Here you can download copies of our publications – 'Local Government Governance Review 2013', 'Towards a tipping point?', 'The migration of public services', 'The developing internal audit agenda', 'Preparing for the future', 'Surviving the storm: how resilient are local authorities?'

If you would like further information on any items in this briefing, or would like to register with Grant Thornton to receive regular email updates on issues that are of interest to you, please contact either your Engagement Lead or Audit Manager.

LAAP Bulletin 96: Closure of the 2012/13 accounts and related matters

In March, CIPFA's Local Authority Accounting Panel issued [LAAP Bulletin 96](#). The bulletin provides further guidance and clarification to complement CIPFA's 2012/13 Guidance Notes for Practitioners and focuses on those areas that are expected to be significant for most authorities. Topics include:

- a reminder that authorities should tailor CIPFA's example financial statements to meet their own reporting needs in order to give a true and fair view of their own financial position and performance
- the need for billing and precepting authorities to disclose their share of non-domestic rate appeals liabilities that transferred to them on 1 April 2013
- the revised disclosure format for dedicated schools grant
- accounting for carbon reduction commitment (CRC) energy efficiency scheme assets
- accounting for the transfer of public health reform in 2013/14.

Accounting for Schools in Local Authorities

CIPFA/LASAAC has issued a [technical alert](#) on accounting for schools. There are no changes planned for the 2013/14 Code. The alert refers to the issues that were consulted on for the 2013/14 Code and draws attention to the need for CIPFA/LASAAC to consider the impact of IFRS 10: 'Consolidated Financial Statements' on school accounting which is due to be adopted in the 2014/15 Code.

The technical alert recommends 'local authorities set out clearly in their 2012/13 and 2013/14 financial statements, in the summary of significant accounting policies, their approach to accounting for maintained schools' income, expenditure, assets, liabilities and reserves. These accounting policies need to be consistently applied throughout the complete set of financial statements'.

Code of Practice on Local Authority Accounting in the United Kingdom 2013/14

CIPFA/LASAAC has issued the Local Authority Accounting Code for 2013/14. The main changes to the Code include:

- amendments for the requirements of the localisation of business rates in England
- amendments to how 'other comprehensive income' is presented in the Comprehensive Income and Expenditure Statement. These changes follow the June 2011 amendments to IAS 1 Presentation of Financial Statements.
- amendments to how authorities should account for the cost of employees. This is as a result of the June 2011 amendments to IAS 19 Employee Benefits and include amendments to the classification, recognition, measurement and disclosure of local authority pension costs. This is accounted for as a prior period adjustment which means that the figures for previous years will need to be restated.
- clarifications and improvements of the Code as a result of the CIPFA/LASAAC post-implementation review of IFRS on issues such as:
 - the recognition and measurement of property, plant and equipment – in particular, paragraph 4.1.2.35 of the Code now requires items within a class of property, plant and equipment to be revalued simultaneously. The Code does permit a class of assets to be revalued on a rolling basis provided the revaluation is completed within a short period and provided the revaluations are kept up to date.
 - leases and lease-type arrangements (for example where lease rentals are charged at peppercorn rents)
 - service concession (PFI/PPP) arrangements in relation to assets under construction and intangible assets
 - the recognition of non-current assets held for sale
- amendments relating to deferred tax which may be applicable to authorities with group accounts. These follow amendments to IAS 12 Income Taxes issued in December 2010.

The Code also notes that guidance on the adoption of IFRS 13 Fair Value accounting and on accounting for schools has been deferred to the 2014/15 Code.

Internal audit – practice case studies

The NAO and the Institute of Internal Auditors have released a [set of case studies](#), available on the NAO website, illustrating some of the key principles of effective internal auditing, taken from a range of public and private sector organisations (including British Telecom, Department for Work and Pensions, EDF). These cover the following areas:

- applying internal audit resources
- scope of internal audit
- auditing projects
- the relationship with the audit committee
- risk-based internal audit
- evaluating internal audit

Examples of the practical advice these case studies provide are:

- 'ensure that the internal audit function has the right development practices and the right mix of people'
- 'internal audit must check its own performance'
- 'look at the range and depth of assurance that is being provided to management from other assurance providers within the organisation: this will reduce the duplication and free up resources to provide deeper assurance in other areas'
- 'make sure that internal audit's work is aligned to management's view of risk: the function may be focussing on the wrong issues if it does not understand management's risk priorities'
- 'review whether senior management and the business share the same view of risk – highlight where differences occur to ensure that the right risks and controls are targeted in the audit plan'
- 'consider carrying out a benchmarking review with a similar sized organisation in the same industry sector to compare and contrast approaches to internal audit and resourcing'

2010/11 Whole of Government Accounts

The following reports have been published on the audited 2010/11 Whole of Government Accounts (WGA):

- Public Accounts Committee (PAC) issued its [2010/11 WGA report](#) - PAC has recommended that HM Treasury should do more to use WGA accounts to inform decision making and also drew attention to the need for the preparation and audit of WGA to be timelier.
- DCLG published an unaudited consolidated account for [English Local Government 2010/11](#) - the information is high-level, focussing on the consolidated statement of revenue and expenditure, the consolidated statement of financial position and the consolidated statement of changes in taxpayers' equity. There is no breakdown of line items and no comment on cash flows, commitments and off balance sheet liabilities. However, the document does provide links to more detailed local government finance statistics.

Governance statements

The National Audit Office has published '[Fact Sheet: Governance Statements: good practice observations from our audits](#)' providing insight and commentary on the first year of Governance Statement reporting observations on good practice “challenge questions” for those whose role it is to oversee and scrutinise an organisation’s Governance Statement.

Public Health Local Authorities: Other changes to secondary legislation in force from 1 April

The Department of Health has published [guidance on changes to secondary legislation](#) from the changes to public health functions affecting local authorities. Some of the changes are:

- local authorities, as commissioners of health services, will now be able to make direct payments under pilot schemes for personal health budgets (National Health Service (Direct Payments) Regulations 2010)
- local authorities must charge overseas visitors for relevant services where no exemption from charge applies (National Health Service (Charges to Overseas Visitors) Regulations 2011)
- Clinical Commissioning Group and the NHS Commissioning Board are to be notified of the death of a child in a children's home (Children's Homes Regulations 2001)
- Clinical Commissioning Group and NHS Commissioning Board are to notified of the death of a child accommodated in a residential family centre (Residential Family Centres Regulations 2002)
- local authorities exercising public health functions are under the same obligation as health service bodies to notify the Care Quality Commission of the death of a service user (the Care Quality Commission (Registration) Regulations 2009)
- the death of a child placed in foster care should be reported now to the Clinical Commissioning Group and NHS Commissioning Board (Fostering Services (England) Regulations 2011)
- a local authority body is to instruct an independent mental capacity advocate in certain circumstances where it proposes to provide, or to secure the provision of, serious medical treatment to a person who lacks capacity to consent to the treatment (Mental Capacity Act 2005 (Independent Mental Capacity Advocates) (General) Regulations)
- regulations specify the sets of depersonalised information that relevant authorities (which include local authorities) have a duty to disclose to each other if held by them (Crime and Disorder (Prescribed Information) Regulations)
