CPAC223	<p><b>APOLOGIES FOR ABSENCE (IF ANY)</b></p> <p>Apologies for absence were received from Cllr Brabazon and Cllr Solomon.</p>	Clerk
CPAC224	<p><b>URGENT BUSINESS</b></p> <p>There were no items of urgent business submitted.</p>	
CPAC225	<p><b>DECLARATIONS OF INTEREST</b></p> <p>There were no declarations of interest put forward.</p>	
CPAC226	<p><b>TO AGREE THE ACTIONS ARISING FROM THE MEETING WITH ASPIRE</b></p> <p>The actions agreed at the informal meeting were:</p> <ul style="list-style-type: none"> <li>• Funding of other leisure activities such as dance and music for children and young people that do not want to go to leisure centres. This is in addition to still making available the Leisure pass for children and young people in care that do still want to go to Leisure Centres.</li> <li>• Publicity about the increase of the Leaving Care Grant.</li> <li>• Ensuring Aspire members email accounts are accessible.</li> <li>• Providing an easier process for Aspire to pay for their events i.e. a purchase card for Sandjea and Faith to use.</li> <li>• Looking at the IT provision for LAC.</li> <li>• In relation to Personal Education Plans, including music lessons. The Virtual School has a good music offer and it was about linking up this information when completing the PEP .Agreed to check, if there was a post 16 music offer available with Peter Desmond. There could also be information made available on how Children and young people in care can access music lessons from a young</li> </ul>	MW

A joint contribution was available for music lessons and this should be made clearer to young people and their carers. <b>Chris Chalmers/Virtual School Head]</b></li> <li>CPAC suggested that it would be useful to provide a summary of all the support funding a young person in care can apply for, after the age of 16. It would be good to understand how young people in care are told about the availability of this funding and how many are accessing this at the moment. <b>[Chris Chalmers]</b></li> </ul>	<p>CC/TH</p> <p>CC</p>

CPAC228	<p><b>MATTERS ARISING</b></p> <p>It was agreed to email members with information about the number of placements outside the 20 mile radius.</p>	Clerk
CPAC229	<p><b>CARE LEAVERS EDUCATIONAL, TRAINING AND EMPLOYMENT OPPORTUNITIES INCLUDING THOSE WHO HAVE NO LEGAL STATUS IN THE UK, AND OPPORTUNITIES FOR THOSE CAPTURED AS NEET</b></p> <p>The Committee received a report about the care and support for care leavers.</p> <p>Young people leaving care were encouraged to get the basics skills for employment and also educational aspirations were encouraged with opportunities to attend university in the borough. There was an opportunity for the council to develop internships for older care leavers and links were being made with the Princes Trust to enable places to be obtained on this prestigious course.</p> <p>It was noted that 30% of care leavers are classified as NEET (Not in education, employment or training). The Committee noted that this was not a dissimilar figure to other neighbouring statistical boroughs. The annual education achievement awards provided members with an indication of the number of young people leaving care that were going onto university. In response to a question about the educational support to LAC in custody, they would have access to education and learning at their place of custody.</p> <p>The Committee were informed that IRO's oversee the plans for young people leaving care at 18, as they were keen for young people to be encouraged to take up, work, training and learning opportunities. The Committee learned that some young people will need more support than</p>

	<p>others and this is largely connected to the confidence of the young person leaving care. It was accepted that care leavers that are seeking asylum are more limited in being able to access university and work as they are charged overseas student fees and are not able to get employment until their immigration status has been resolved. To help ensure that the immigration status of care leavers is resolved as soon as is possible, the Young Adult's service have completed an audit, into the status and progress of each immigration application. The results will inform efforts to regularise the process followed.</p> <p>The following information was provided, as a result of Member questions.</p> <ul style="list-style-type: none"> <li>• Care leavers will have contact with their personal advisors up to the age of 21 and if they are in education they will have contact up to the age of 25. If a care leaver chooses to start University at the age of 24, they will still be entitled to access support from the council.</li> <li>• There were a small number of care leavers with young children and the Young Adults service are working with Aspire to enable them to facilitate a specific support group for these care leavers. CPAC asked to be kept informed on the progress of opening the 'Junction' at Wood Green Library.</li> <li>• The Overview and Scrutiny Panel for Children and Young People were completing a review on the job opportunities available for young people and Cllr Reece offered to speak with the Chair about including care leavers that are NEET in this review.</li> <li>• The national target for support to care leavers was between 64% to 67% but Haringey had set this target higher at 80% and they were currently achieving just under the national average. The Committee noted that the age for participation in education and training for young people was being increased to 17, this year, and to 18 in 2014. The Young Adults service will ensure that when social workers are helping complete the PEP (Personal Education Plan) they are talking to young people about what they want to be doing post 16 and helping them plan for this. The Virtual School will also give information about the availability of the 16-19 bursaries to young people.</li> <li>• The Virtual school, along with Young Adult's service, will be mindful of where young people want to be in September 2013 and will help them plan for this. It was noted that the October meeting will consider the educational achievements of LAC and it will be useful to also have an additional report which sets out how many young people the Virtual school have been working with to take up educational and training opportunities, post 16, and how many have actually took up these offers up in September.</li> <li>• CPAC members agreed to put forward work experience</li> </ul>	<p>CC</p> <p>Cllr Reece</p> <p>TH</p>

CPAC230	<p><b>THE IMPACT OF WELFARE REFORM ON SPECIAL GUARDIANS AND INTERNAL FOSTER CARERS</b></p> <p>The report explored the impact of the recent benefits cap on foster parents, special guardianship and kinship carers. It was explained that kinship carers are approved by the council and by the court. This is where parental responsibility is shared with the parent. A questionnaire had been sent to these carers and very few had commented on what the impact will be on their financial situation following the benefits cap. Only one special guardian had replied and said that they may have difficulties paying their rent. Therefore, the impact of the cap on foster carers, special guardians and kinship carers was, at the moment, felt to be minimal. The Committee agreed to review this situation again in 6 months time at the December meeting.</p>	Clerk/ WT
CPAC231	<p><b>PERFORMANCE MANAGEMENT : CHILDREN AND FAMILIES</b></p> <p>The Committee considered performance information and trends for measures relating to looked after children. The performance highlights were:</p> <ul style="list-style-type: none"> <li>• The number of looked after children continued to decrease</li> <li>• A higher number of LAC had been placed for adoption.</li> <li>• Two young people had returned after being termed missing.</li> </ul> <p>In response to a question about the impact of local policing changes in the borough to the investigation of children and young people that are missing from care, there was not anticipated to be any difference. The responsibility for compiling the risk assessment regarding the missing young person still lay with the local authority and if this was returned as high risk, the Police still had a responsibility to find the missing young person.</p> <p><b>Percentage of children becoming looked after previously subject to a child protection plan</b> - The Committee noted that, ideally, there should not be any un-planned child protection plans as the service should know the children that will become subject to plan. Agreed the Assistant Director check what target the service had in relation to unplanned child protection plans</p> <p><b>OP581b – Percentage of children placed outside Haringey</b>-The ongoing issues of local foster care recruitment were recognised. The service was absolutely clear that getting local foster care was vital. There were other positive impacts of having local foster carers such as access to youth participation officers in the borough and less travel time</p>	MW

	<p>for social workers.</p> <p><b>OP418 – Number of adoptions/Special Guardianship orders</b> .The service recognised that, despite significant improvements, there was no room for complacency in relation to improving adoption figures. Adoption needed to be considered as an early option for young children as older children were more difficult to place.</p> <p><b>OP386 – Children in care cases which have been reviewed within required timescales.</b> It was noted that sessional IRO’s had recently been recruited and this would help with improving this performance figure.</p> <p>The Assistant Director further set out what the service were doing in relation to tackling HR issues in the service and spoke about the increased awareness around sickness levels and sharing of good practice to help in areas of difficulty.</p> <p>The Committee commended the Children’s Service and Performance team on the good progress made with providing good understandable data and analysis about performance in vital areas concerning the Committee’s remit.</p>	
<p><b>CPAC232</b></p>	<p><b>FOSTERING ANNUAL REPORT</b></p> <p>The Committee noted the challenges in the Fostering Service and a review of the service was being commissioned with a provider to be chosen in the next few weeks. The Committee noted that, although a review was taking place, the 2 vacant team manager posts &amp; 4 social work posts would still be recruited to and they were currently out to advert.</p> <p>The Committee noted that the service review will include looking at where improvements can be made to encourage more residents in Haringey to take on children/ young people that need care in the borough. The review will examine what other local authorities do well and what Haringey can learn from them and apply to the service.</p> <p>In response to a question about the difference between having a service and an external review , it was noted that the latter will consider the market for fostering and consider all fostering services that are deemed ‘excellent’ to understand what can be learnt from them. It will also take an overall analysis of the different component parts of the Fostering service such as foster care recruitment and consider alternative delivery methods.</p> <p>Once the provider for the review has been chosen in May, they will begin work immediately and report their findings in September.</p>	<p>All to note</p>
<p><b>CPAC233</b></p>	<p><b>NEW ITEMS OF URGENT BUSINESS</b></p> <p>There were no new items of urgent business put forward.</p>
