

PI	Joint indicators requiring input from partner agencies	Floor targets requiring input from partner agencies	LAA targets requiring input from partner agencies (still to be agreed)
	<b>The Local Government (Best Value) Performance Indicators and Performance Standards (England) Order 2005 - Statutory Instruments 2005 No.598 (Local Government, England)</b>	<b>Health</b> <i>Life Expectancy</i> Substantially reduce mortality rates by 2010	<b>Healthier Communities and Older People Block</b> • Reduce premature mortality rates and reduce inequalities in premature mortality rates between wards/neighbourhoods with a particular focus on reducing the risk factors for heart disease, stroke and related diseases. Measured by: 1) Number of smoke-free homes 2) Smoking quitters in N17 (measured via HTPCT smoking cessation database)
PAF C19	The average of the percentages of children looked after who had their teeth checked by a dentist during the previous 12 months, and had an annual health assessment during the previous 12 months	• From heart disease and stroke related diseases by at least 40% in people under 75 with at least a 40% reduction in the inequalities gap between the fifth of areas with worst health and deprivation indicators and the population as a whole.	The Department of Health recommends that the above indicator be used to measure physical activity levels in LAA's and that it be used in the context of the Chief Medical Officer's recommendation that people undertake at least 30 minutes of moderate intensity physical activity at least 5 days per week.
BV 197	In the current financial year, the change in conception rate in women between the ages of 15 and 17	• From cancer by at least 20% in people under 75, with a reduction in the inequalities gap of at least 6% between the fifth of areas with the worst health and deprivation indicators and the population as a whole. (PSA1)	• Improve homes for the most vulnerable people through measures to increase energy efficiency, home safety and security. • Reduce health inequalities between the local authority area and the England population by narrowing the gap in age, all-cause mortality.
BV 56	The percentage of items of equipment, provided by the authority to a person aged 65 or over to help him to continue living at home, which are delivered to the person's residence within 7 days of the request for the items being made.	<i>Health Inequalities</i> Reduce health inequalities by 10 % by 2010 as measured by infant mortality and life expectancy at birth. (PSA 2)	• Reduce premature mortality rates and reduce inequalities in premature mortality rates between wards/neighbourhoods with a particular focus on reducing the risk factors for heart disease, stroke and related diseases (CVD)(smoking, diet and physical activity). • Reduce premature mortality rates and reduce inequalities in premature mortality rates between wards/neighbourhoods with a particular focus on reducing the risk factors for heart disease, stroke and related diseases (CVD) (smoking, diet and physical activity).
BV99	Road Safety: a) The number of adults and children killed or seriously injured in road traffic collisions in the authority's area in the financial year; b) The number of children killed or seriously injured in road traffic collisions in the authority's area in the financial year; c) The number of adults and children slightly injured in road traffic collisions in the authority's area in the financial year; d) The percentage increase or decrease in a), b), and c) compared to: i) the previous year and ii) the average of those numbers for the period beginning 1st April 1004 and ending 31st March 1998.	Tackle the underlying determinants of ill health and health inequalities by: • Reducing adult smoking rates to 21% or less by 2010, with the reduction in prevalence among routine and manual groups to 26% or less; • Reducing the under-18 conception rate by 50% by 2010 as part of a broader strategy to improve sexual health. (PSA 3)	Measured by: the percentage of people aged over 16 years in Haringey participating in at least 30 minutes of moderate intensity sport and active recreation (including recreational walking and cycling). • Reduce premature mortality rates from heart disease and stroke and related diseases so that the absolute gap between the national rate and rate for the district is reduced by (x) % by 2010. • Increase the number of people with first episode psychosis in specialist intervention treatment. • Enabling older people to make healthy dietary choices
BV126	The number of domestic burglaries in the authority's area per 1,000 households. (Removed in 2006 amendments for Police Authority P.I.s, but remains for L.A.s)		
BV127 a; b; c.	Per 1000 population in the authority's area, the number of a) violent crimes; b) robberies (changed to acquisitive crime in Police Authority P.I.s) c) vehicle crimes (Matched in Police Authority P.I.s)		

PI	Joint indicators requiring input from partner agencies	Floor targets requiring input from partner agencies	LAA targets requiring input from partner agencies (still to be agreed)
BV225	An assessment, by reference to the guidance and checklist on domestic violence strategy provided in the Best Value Guidance 2005/6, of the authority's anti-domestic violence strategy. <b>(Does not appear in Police Authority's P.I.s)</b>	<b>Crime</b> <i>Crime Reduction</i> Reduce crime by 15%, and further in high crime areas, by 2007-08. (PSA 1)	<b>Safer &amp; Stronger Communities Block</b> <ul style="list-style-type: none"> <li>Increasing the volunteer base – measured by number of people recorded as or reporting that they have engaged in formal volunteering on an average of at least two hours per week over the last year</li> <li>Reducing Robbery of personal property – measured by reduction in personal robbery borough-wide</li> <li>Domestic Violence Indicator</li> <li>Reduction in overall British Crime Survey comparator recorded crime.</li> <li>Reduce the proportion of adult and young offenders, and prolific and other priority offenders who re-</li> <li>The reduction in the proportion of adults saying they are in fear of being a victim of crime</li> <li>Reduce public perception of local drug dealing and drug use as a problem</li> <li>To increase the number of Class A street dealers brought to justice and decrease Public's perception that local drug dealing is a problem</li> <li>Increase the number of PDU's entering drug treatment</li> <li>Increase in the percentage of PDU's being retained in treatment for over 12 weeks</li> <li>Increase in percentage of people who feel informed about what is being done to tackle anti-social behaviour in their local area</li> <li>Increased percentage of people who feel that parents in their local area are made to take responsibility for the behaviour of their children</li> </ul>
BV198	Per thousand head of population, the number of drug-users in the authority who are being treated by the NHS or a local authority service in drug treatment programmes (provided either through the NHS or a local authority service).		
<b>The Police Authorities (Best Value) Performance Indicators Order 2005 (with 2006 amendments) - Statutory Instrument 2005 No. 470</b>			
SPI 4	Using the British Crime Survey -  (a) the risk of personal crime; and  (b) the risk of household crime. <b>(Not featured in Local Government P.I.s)</b>	<b>Worklessness</b> <i>Employment</i> As part of the wider objective of full employment in every region, over the three years to Spring 2008, and taking account of the economic cycle: <ul style="list-style-type: none"> <li>Demonstrate progress on increasing the employment rate, joint with HM Treasury;</li> <li>Increase the employment rates of disadvantaged groups (lone parents, ethnic minorities, people aged 50 and over, those with the lowest qualifications and those living in the local authority wards with the poorest initial labour market position); and</li> <li>Significantly reduce the difference between the employment rates of the disadvantaged groups and the overall rate (PSA4).</li> </ul>	<b>Enterprise and Economic Development Block</b> <ul style="list-style-type: none"> <li>Number of disabled people helped into sustained work - measured by 1) the number of people entering employment for 16 hours per week and lasting a minimum of 13 weeks.</li> </ul> <p>Outcomes to be verified by employer confirmation and backed by JCP Job Outcome verify</p> <ul style="list-style-type: none"> <li>Number of people from disadvantaged groups and areas helped into sustained work – measured by the number of people entering employment for 16 hours per week and lasting a minimum of 13 weeks.</li> <li>Outcomes to be verified by employer confirmation and backed by JCP job outcome verification</li> <li>An improvement by 2007/8 of at least one percentage point in the overall employment rate for those living in the Local Authority wards with the worst labour market position that are also located within the Local Authority District in receipt of NRF</li> <li>Increase self-employment rate in LEGI wards</li> <li>Employed population in LEGI wards (%)</li> <li>Increase in total entrepreneurial activity among the population in deprived areas- specific indicators to be agreed in negotiations</li> </ul>
SPI 5	(b) Violent crime per 1,000 population.  (d) Vehicle crime per 1,000 population.  F) Acquisitive crime per 1,000 population <b>(Matched in Local Government P.I.s)</b>		
SPI 9	i) Number of people killed or seriously injured in road traffic collisions. <b>(Matched in Local Government P.I.s)</b>  li) per 100 million vehicle kilometres travelled.		
SPI 10	Using the British Crime Survey - (a) fear of crime; (b) perceptions of anti-social behaviour; and (c) perceptions of local drug use/drug dealing. <b>(Also included in Local Government BVPI survey)</b>	<b>Education</b> <b>Department of Education and Skills</b> <i>Children's Development</i> Improve children's communication, social and emotional development so that by 2008 50% of children reach a good level of development at the end of the Foundation Stage and reduce inequalities between the level of development achieved by children in the 20% most disadvantaged areas and the rest of England (PSA1). (Sure Start Unit target, joint with DWP).	<b>Children &amp; Young People Block</b> <ul style="list-style-type: none"> <li>Reduction in the under 18 conception rate</li> <li>Healthy school status (Changing Lives priority 5) – ensuring that all schools take part in the National Healthy School</li> <li>The number of 19 year-olds with level 2 and 3 qualifications (Changing Lives Priority 20) – measured by the increase in the             <ol style="list-style-type: none"> <li>Percentage of 19 year olds qualified to Level 2 by 2% by March 2007 and by 5% by March 2009 and</li> <li>the percentage of 19 year olds qualified to Level 3 by 1% by March 2007 and by 5% by March 2009, and support them by offering support for transition from school to college or work based learning with clear pathways for progression.</li> </ol> </li> <li>Reducing the proportion of young people aged 16-18 not in education, employment or training (NEET) – measured by the percentage of young people aged 16- 19 who are not in education, employment or training. This will be based on data provide by DfES each month.</li> </ul>
<b>Outcomes for Children &amp; Young People from the "Every Child Matters" strategy</b>			
1	Be Healthy		
2	Stay Safe		
3	Enjoy and Achieve		
4	Make a positive contribution		
5	Achieve Economic Well-being
