**Delivering Challenging RE though Creative ICT**

Dear Colleagues,

Teaching and learning in RE, like that of other curriculum subjects, can be enhanced by effective use of an interactive whiteboard. With this in mind Sharon Artley and Denise Chaplin (Haringey RE Advisor) and I have developed a one day course focusing on use of an interactive whiteboard to enhance learning. The course will take place on 8th February 2007 at the Haringey City Learning Centre.

Sharon will lead the course. Having taught for almost 30 years, she now works as an independent consultant and trainer in RE and ICT. She is also a SIAS (Section 48) inspector. Sharon has worked for a number of dioceses and local authorities delivering training across the country, helping teachers to discover creative ways to use ICT to enrich and enhance the curriculum. She has published interactive resources for Humanities at Key Stage 2 and for RE at Key Stage 3 and contributed resources to the Becta website.

With few recent local authority courses supporting the development of learning in this area I am confident that the course will be popular and provide a wealth of ideas and skills for teachers to return to school with. For further details see the attached flier or contact me on 02084895058.

As this course is not funded by the standard CPD SLA there will be a charge of £50 per delegate. This will be invoiced to the school for payment prior to participation. If you would like to book a place please complete the form below and email danwarner@haringeylearning.net or post it to me via the address above. Please note that places are strictly limited to 24.

Yours faithfully

Dan Warner
School Improvement Officer Primary ICT

Application Form for Delivering Challenging RE through Creative ICT Course

Submit to Dan Warner via danwarner@haringeylearning.net or Haringey Professional Development Centre, Downhills Park Road, London N176AR. All applications will be treated on a first come first served basis.

I would like to attend the Delivering Challenging RE though Creative ICT course

Name:

School:

I agree to the above named teacher attending this course and am aware that there is a charge of £50 for attendance.

Date:

Delivering Challenging RE though Creative ICT

a course for primary teachers of RE

Thursday 8th February 2007
at Haringey City Learning Centre

led by
Sharon Artley

The aims of this course are to consider the ways in which ICT can be used to enhance the delivery of RE and to develop creative interactive whiteboard materials which can be used to challenge, raise achievement and develop higher level thinking skills.

All participants will have the opportunity during the day to practise some of the techniques demonstrated.

Programme for the day

- 9:00 Welcome and Introduction
What does ICT contribute? – Consider ways in which ICT contributes to and enhances RE learning and teaching
- 9:15 *Alphas and Omegas* – A look at some ways to create stimulating starters and plenaries.
- 10:45 Coffee
- 11:00 Hands on 1 – An opportunity for participants to practice skills and develop materials
- 12:30 – 1:30 Lunch
- 1:30 Get thinking – a look at how ICT can be used to develop and improve higher thinking skills
- 2:15 Hands on 2 – A further opportunity for participants to practice skills and develop materials
- 3:20 – 3:30 Plenary

It is hoped that during the day all participants will be able to create resources to use back in the classroom. We recommend that you bring a memory stick on which to save these at the end of the day.

For details on booking contact Dan Warner via danwarner@haringeylearning.net or 02084895058
