**CNCL78. TO CONSIDER THE FOLLOWING MOTIONS IN ACCORDANCE WITH COUNCIL RULES OF PROCEDURE NO. 13 (AGENDA ITEM 12)**

The Opposition Chief Whip moved to withdraw Motion O from the Agenda and this was unanimously agreed by Council.

At this stage in proceedings, the Mayor and Councillor Rainger left the Council Chamber having declared an interest in Motion L.

The Chief Executive invited Members to elect a chair in the absence of the Mayor. Councillor Dobbie, nominated Councillor Griffith as Chair. There being no other nominations, Councillor Griffith was duly elected as Chair for this item of the agenda.

**MOTION L**

It was moved by Councillor Jones and seconded by Councillor Reith that:

“This Council notes that air travel is an exceptionally environmentally damaging form of travel, resulting in far larger quantities of carbon dioxide released into the atmosphere than alternative rapid surface travel by train or coach.

This Council notes that with 1600 more train services each year than in 1997, 1850 new railway vehicles with better access for disabled people since 2002, greatly increased speeds of travel by rail from London, a 36% increase in the amount of freight moved by rail in the United Kingdom since 1997, and the Channel Tunnel Rail Link opened on time, the current government has worked hard to improve surface transport in Great Britain and to improve our links to cities in mainland Europe.

This Council believes that it has a duty, individually and corporately, to support the UK government in reducing carbon dioxide emissions and to secure the future of the planet for future generations.

This Council therefore resolves that, in order to help meet local, national and global targets for the reduction of CO2 emissions, Council members and officers will henceforth not travel by air on Council business within mainland Great Britain, or when representing the Council in Paris or Brussels.

This Council further resolves to make greater use of communications technology, such as video conferencing, in order to reduce the need to travel. Where travel is necessary, this Council will accommodate to the needs of members and officers by ensuring that sufficient time is allowed either side of an engagement in order to travel on

land.”

An amendment to the Motion was moved by Councillor Butcher and seconded by Councillor Newton:

Delete all after "on time" in the fifth line of paragraph 2 and replace with

". Nevertheless, the current government has failed to curb the 120% increase in CO2 emissions from international aviation originating from the UK since 1990.

The Council notes with regret the procurement of a luxury Series 7 BMW as the official vehicle for the Mayor of Haringey. It is disappointed that the Labour administration has missed the opportunity for Haringey's first citizen to lead by example through its choice of a vehicle with high CO2 emissions instead of a greener alternative. The car's arrival, coming only weeks after the leader's signing of the Nottingham Declaration, is emblematic of the Labour administration's continued failure to provide vision and leadership to the residents of Haringey in fight against climate change."

The amendment was then put to the meeting and declared LOST. There being 24 for and 27 against.

The substantive Motion was then put to the meeting and declared CARRIED. There being 27 for and 0 against.

**MOTION M**

It was moved by Councillor Wilson and seconded by Councillor Baker that:

“This Council notes the damning Commission on Social Care Inspection (CSCI) report on the worsening performance of Adult Social Services in Haringey, which:

- Found that Haringey Social Services are only serving ‘some’ people well, and failing the majority of vulnerable adults in the Borough
- Gave Haringey 1 star – the lowest star rating awarded this year – putting the Council in the bottom 22% of English authorities.
- Found Haringey is one of just 11% of social services departments actually getting worse, dropping down from 2 to 1 stars.
- Determined that Haringey’s capacity to improve is ‘uncertain’ – the worst rating on ability to improve awarded by CSCI this year.
- Scored Haringey worse than every other London Borough except one, with 30 London Boroughs

getting a better star rating or capacity to improve rating.

This Council regrets that rather than taking action to improve social services, the Labour Executive has instead brought forward proposals for multi-million pound cuts to social services, with plans to close day centres, cut care beds and increase charges; and believes these cuts will further damage social services' ability to help the most vulnerable elderly and disabled people, leaving many more without the access they need to essential help and support.

This Council therefore calls on the Executive to urgently take action to halt the decline in social services performance and abandon plans to cut vital services; and demands that the Executive commit to improving care services, and set a target for gaining a higher star rating in its next inspection”.

An amendment to the Motion was moved by Councillor Bob Harris and seconded by Councillor Bull:

Delete all after “This Council notes” and replace with;

“the CSCI report on the performance of Adult Social Services in Haringey, carried out in the last municipal year 2005-06, which gave it a one star rating of serving some people well with uncertain capacity to improve.

This council welcomes the Executive’s commitment to improving Adult Social Services and to gaining a higher star rating, as well as the appointment of a new Director of Adult Services with a proven track record of improving performance.

In particular it welcomes the increased emphasis on performance management and the results that are already accruing from this. It is our intention to improve services to meet the needs of individuals in an increasingly diverse and demanding society.

It further welcomes the intention of the Executive to recommend to Council that the decision be taken to invest another £2 million in adult social services this year and resolves to build this into the base budget next year so that more people can be enabled to live independent lives and the most vulnerable in our society can be better supported, such as by the building of Osbourne Grove Residential Home.”

The amendment was then put to the meeting and declared CARRIED. There being 28 for and 25 against.
