

Haringey Council

Report for:	Tottenham and Seven Sisters Area Committee – 26 November 2013	Item Number:	
Title:	Update on Issues Raised at the Previous Area Forum Meeting		
Report Authorised by:	Clifford Hart – Democratic Services Manager		
Lead Officer:	Xanthe Barker, Principal Committee Coordinator Tel: 020 8489 2957 Email: xanthe.barker@haringey.gov.uk		
Ward(s) affected: N/A	Non Key		

1. Describe the issue under consideration

To receive an update on the issues raised by residents at the previous Area Forum meeting held on 25 April 2013.

2. Recommendations

To note the report and agree any further actions that may be required.

3. Topics Discussed at the Area Forum on 25 April 2013

The discussion topic at the last meeting was: 'Tottenham Regeneration'. Following the Forum part of the meeting the Committee discussed the general themes of concern arising from this and actions that should be taken forward.

Tottenham Green Park – East

The Council's Neighbourhood Action Team, who are responsible for maintaining parks, have liaised with Veolia to review the cleansing schedule for this area and this will continue to be reviewed on an ongoing basis.

High Road – Crossing from Seven Sisters Tube Station to Tesco

Haringey Council

Officers from the Council's Tottenham Team and TfL have advised that problems experienced at the crossing were associated with the temporary arrangements in place at the time of the last Area Forum meeting. Now that the High Road was fully open and the temporary closures have ceased these had been resolved.

Gyratory Works/Transport for London Website

TfL have advised that the Tottenham Hale scheme webpage can be reach via the link below:

www.tfl.gov.uk/tottenhamhalescheme

The page is up-to-date as of 20 October when TfL made Monument Way, Hale Road and The Hale two-way. The page is reviewed and updated regularly to ensure the information contained on it is relevant.

At this particular meeting we were asked to add more information to the site about when our contactors Balfour Beatty will be carrying out work in particular areas. We are investigating the possibility of this. However, as the location and types of works being undertaken changes from night to night, it is difficult for us to ensure such a web page has accurate information, while still giving a project overview.

Tottenham Green/High Road – Showcasing Local Business and Produce

The Tottenham Regeneration Team has sponsored the Tottenham Ploughman's Market, which is an event to showcase quality produce made in Tottenham. The stallholders include representation from food, beer, crafts, arts and entertainment businesses. The event is being held at Bruce Castle Museum on the 8 December. It is the team's intention to work with the organisers of this event to support them to run regular markets in Tottenham and to help them grow their database of businesses.

The Tottenham Team is also delivering a Winter Market on the 30 November on Tottenham Green East to support the Christmas light switch on. This will host fifteen local businesses and business start up as well as giving a platform to other community organisations including Unity radio and Gladesmore School.

In addition the Tottenham Team is also working with the Friends of Tottenham Green and the Tottenham Traders Partnership to ensure there is a regular calendar of events during 2014.
