

## APPENDIX 2. Local 'I' and 'We' Statements

## 'I' and 'We' Statements

A series of locally generated 'I' and 'We' statements are juxtaposed to compare what service users and patients want and need (the 'I' statements) with responses agencies feel they must make (the 'We' statements). For ease of reference both sets of statements have been organised in terms of a series of overlapping summary themes.

Theme 1. Information				
<i>'I'</i> Statements	'We' Statements			
I want) good high quality signposting.	(We will) make sure that if someone calls our agency they will get through to the right person with one transfer (we will minimise 'hand-offs')			
<ul> <li>(I want) information that is regularly updated and remains current.</li> </ul>	(We will) be informative about services available for service users.			
<ul> <li>(I want) the people who provide support have access to good information.</li> </ul>	<ul> <li>(We will) ensure we have access to up-to-date information on local services.</li> </ul>			
(I want) information the enables choice.				
I want information on what services are available for people				
I want clear pathways.				
<ul> <li>(I want) good information about eligibility.</li> </ul>				
<ul> <li>I want clear governance and accountability – good information about who is responsible for what.</li> </ul>				
<ul> <li>(I want) my information to be shared when it needs to be and protected when it needs to be.</li> </ul>				
(I want) to be supplied with contact numbers.				
(I want) clear information available as and when needed.				
Theme 2. Control				
'I' Statements	'We' Statements			
<ul> <li>I want to have professional to have in-depth knowledge of my needs and future and to work with me.</li> </ul>
