

4. REPORT

Background

A premises licence was originally granted to Mr Hatem Koc in November 2005 applied for a Premises Licence at this address in the name of Tabla Bar and Grill to allow Provision of Late Night Refreshment until midnight Monday to Wednesday, until 1am Thursday and Sunday and until 2am Friday and Saturday. A new Premises Licence application for Grill Kebab House was then applied for in February 2008 by Mr Hatem Koc. This went forward to Committee Hearing and was subsequently granted in April 2008 to allow Provision of Late Night Refreshment until 0230am Sunday to Thursday and until 0345am Thursday to Saturday, with the condition that door supervisors are used at the premises.

The license was subject to its first review in December 2011. This review was brought by the Enforcement Response team due to the premises license holder failing to comply with the conditions of their, namely operating beyond their permitted hours and not employing an SIA door staff.

Mr Koc has been operating at the premises for over 7 years. The premises is situated in a busy area that plays host to the late night economy at the weekends and is surrounded by 4 other late night dance venues.

Muswell Hill has over the past year to 18 months been a focal point of anti social behaviour and a specific tasking group was set up to deal with the issues.

One of the problems identified was the food premises which stayed open late in line with the nightclubs. The CCTV footage captured at the time showed that revellers coming out of the nightclubs to smoke or when leaving would loiter in the area longer to purchase food that was available from the Grill Kebab. This led to congestion on the street outside and the anti social behaviour associated with people who have had been consuming alcohol for a period of time.

The Grill Kebab license was reviewed in 2010 and a condition was placed on the license requiring them to have door supervisors in order to manage the premises and the flow of people in and around the premises.

Mr Koc failed to employ doors staff on a regular basis and various warning letters were issued to him regarding this matter.

The Enforcement Response Team carried further observations following complaints and a 2nd review of the premises licence was applied for in Oct 2011. The Enforcement Response team witnessed the premises operating beyond its permitted hours and no door staff on site.

The Licensing Committee uphold the review and resolved to pull back the hours of operation for the Grill Kebab so that the premises operated to the same time as the KFC and closed before the night clubs emptied out people onto the busy street.

Mr Koc initially applied to appeal the decision so he was able to continue operating under the existing licence until the matter was resolved by the magistrates. Mr Koc then decided to withdraw his appeal and to operate to the new hours, but would then re-apply for a variation to his license at a later date after successfully complying with his new license.

Mr Koc applied to vary the license in July 2013 to have the SIA door staff requirement removed from the license and to extend the hours of provision of late night refreshment from 0300 to 0430 on Friday and Saturday. The current license is shown at Appendix 1A

The times the Licence authorises the carrying out of licensable activities:

Provision of Late Night Refreshment

Sunday to Thursday **2300 to 0200**

Friday and Saturday **2300 to 0300**

7.0 POLICY CONSIDERATIONS

**7.1 The following provisions of the Licensing Act 2003 apply to this application:
Section 51-53 (review of premises licenses)**

In determining the application the Licensing Sub Committee can take such steps as it considers necessary for the promotion of the licensing objectives, which are:

1. Take no further action
2. modify the conditions of the license
3. exclude a licensable activity from the scope of the license
4. remove the designated premises supervisor
5. suspend the license for a period not exceeding three months
6. revoke the license.

Where the Licensing Sub Committee takes steps mentioned in 3 or 4 it may provide that the modification or exclusion is to have effect for one such period (not exceeding three months) as it may specify. The Licensing Sub Committee is asked to give full reasons for its decision.

The Licensing Sub Committee must make its decision within 5 working days of the end of the hearing. Any decision of the Licensing Sub Committee is stayed from coming into effect for 21 days from the date of the decision, pending any appeal that might be made and the determination of that appeal. Any party to the proceedings may appeal against the decision of the Licensing Sub Committee.

- 8.0 The following provisions of the Secretary of State's guidance apply to this application: Paras 11.25 – 11.31. These provisions are attached at Appendix 3.
- 8.1 The following paragraphs of the licensing authority's Statement Of Licensing Policy apply to this application; page 46 and 47 Crime and Disorder, these provisions are attached at Appendix 4.
- 8.2 The Licensing Sub Committee is reminded that the Human Rights Act 1998 guarantees the right to a fair hearing for all parties in the determination of their civil rights. The Act also provides for the protection of property which may include licences in existence, and the protection of private and family life.

PROTECTIVE MARKING

I bring this Review as I consider the venue has failed to uphold the Licensing Objective of Preventing Crime and Disorder. The venue has failed to comply with the License Condition relating to CCTV coverage and failing to supply Police with CCTV and thus obstructing the investigation into an Assault and a Criminal Damage. The venue has also opened beyond its licensed hours.

CRIS 2814760/13 & CAD 1821 of Sunday 18/07/2013 entered at 0339 relates to an offence of Grievous Bodily Harm in Grill Kebab House. The call originated from the land line at the venue asking for Police with sound of disturbance in the background then phone hung up. Venue should have closed at 0300 and has a Condition on Licence: Last admission on Friday and Saturday 15 minutes prior to closing and no re-admittance allowed

Police on patrol in vicinity accepted this call at 0343 and put themselves on scene at same time. As they arrived they saw Suspect punch victim in the head knocking him to the floor and then kick him in the head. Suspect arrested. Suspect had entered venue and had an argument with Mr Bekats Tmur, venues manager, and as it became heated a customer, Victim, attempted to stop them and Suspect assaulted him. Suspect claimed self defence so CCTV of incident was required but never supplied.

This venue has a Condition on the Premises Licence stating:

A CCTV system is to be installed and maintained inside and outside the premises, including a CCTV unit, which monitors the immediate vicinity of the premises.

All cameras shall continually record whilst the premises are open to the public and the recordings shall be kept available for a minimum of 31 days with time and date stamping.

Recordings shall be made available to an authorised officer or a police officer within 24 hours of any request.

CID attended venue shortly after incident and requested a witness statement off Mr Tmur but he declined saying he was too busy. CID state there were still members of the public visiting the venue. Mr Tmur informed CID that CCTV would not be available until 1100 hours on Monday but assured officers he would make a DVD of the incident. Mr Tmur gave his address as the venue and the venues phone number 020 8444 2*** as only phone contact. This is despite the venue having a VHS system and tape could have been handed to Police within seconds.

The crime was assigned to DC Kay Sekyere who interviewed suspect and made many attempts to contact Mr Tmur to obtain a statement and collect CCTV of incident but he was never available. Eventually on 05/08/2013 staff informed him Mr Tmur had gone on holiday and they did not know when he would return. On each occasion staff informed Dc Sekyere they did not have access to CCTV system. Police never did get a statement or CCTV from venue which greatly hindered the investigation. The Licence holder Mr Hatem Koc works at the venue most days.

CRIS 2821256/13 relates to an offence of Criminal Damage at the venue on Sunday 27/10/13. CAD 2325 at 0440 hours. Member of public states there is a fight outside Grill Kebab. Police arrived to find the venues glass door had been smashed. Apparently males had attacked another male who had fled into the venue for safety and staff had locked the door to keep suspects out. Suspect threw a brick at door causing it to smash. Hatem Koc, Licence holder, was at scene and told Police suspects had driven away. The male who had entered the venue for safety was abusive to Police and refused any details. Mr Koc told Police the CCTV at venue only covers the inside not outside where suspects were and he could not give them CCTV as he could not operate it. Again this is despite system being a normal VHS player where pressing 'Stop' and 'Eject' would release tape.

On 30/10/2013 PC Davies contacted venue to make an appointment to collect CCTV of incident and take a statement from Mr Koc. Mr Koc told her the venues CCTV only covered the inside of venue. He also told her that the day after the incident a customer had told him he was present at the incident and the damage was an accident. He gave Mr Koc £100 and Mr Koc no longer wished to substantiate the allegation.

On Sunday 24th November at 0100 I attended Grill Kebab House. Mr Koc was not present, Mr Tmur said he was in charge and Mr Koc did the day shift. I informed Mr Tmur that CID had informed me they had not been given CCTV of an assault at venue. I asked to see CCTV system to ascertain that it fulfilled the Condition on the Licence relating to recording inside and outside venue and being kept for 31 days. Mr Tmur removed a roof panel that was not locked and told me the CCTV was in the roof. I asked if he had a ladder and he said I could stand on a chair. I asked what kind of system it was and he told me it was a video tape system which has one tape that continually over-rides every 24 hours. He also accepted there were no cameras covering outside venue. I pointed out the Condition relating to CCTV on the Licence and he said he would look into the matter.

On Friday 29th November at 1400 I attended Grill Kebab and spoke with Hatem KOC about the CCTV. He told me Mr Tmur had told him of my visit and he was having a digital system fitted on Tuesday, 3rd December that would fit Licensing Conditions for venue. I asked to view the tape from the VHS machine to ascertain quality it records 24 hours. Mr Koc reached into the ceiling and removed 3 VHS tapes. I asked how many tapes he had and was told just those three. I viewed one and it was on real time and film was dated 30th June 2010. I confirmed that the recorder is a normal household VHS and they record in real time which gives them 4 hours per tape. Whilst the 4 hours would cover the licenced hours of 2300 - 0300 he only had 3 tapes and one had not been used for over 3 years so he was not complying with keeping footage for 31 days and both him and Mr Tmur could have handed the tape to Police on request although as it was after 0300 on both occasions it may have stopped recording as 4 hours real time is all tape will hold. I noticed only one of the 2 cameras had recorded and was told only one camera is connected to recorder. I informed him CID had complained that CCTV was not supplied after an assault took place in the venue and he never replied

Please provide as much information as possible to support the application: (please read guidance note 3)

On Saturday 14/12/13 I was dealing with a violent incident at a club near to venue with Dale Barrett. On finishing as we returned to the Police vehicle I noticed venue was open with 9 customers inside being served by staff including Mr Tmur. The time was 0355. I told Mr Tmur the venue should have closed at 0300 and he told me he was closing now and pulled the front shutters down as we left.

<p>PRIMARY INVESTIGATION DETAILS : 1 - Immediate action</p> <p>1. CAD 2364/27OCT13 YR22N - PC MCGROARTY and PC BALSDON YR20N - PS HANNAH and PC WILSON</p> <p>2. Police were called to a fight that was happening outside a kebab shop on Muswell Hill Broadway involving several males armed with bottles and other weapons.</p> <p>Police arrived and there was a large group gathered outside the venue and the door to the venue had been smashed and there was shattered glass on the floor. VIW1 stated that a Male had been fighting with the suspects and ran in to the shop. VIW1 then shut the door to the venue and locked it to prevent the suspects getting to the male. The suspects then threw a brick at the glass door causing it to smash and then began to kick it to gain entry. The</p>	<p>Details...</p>

suspects then went to Veh1 which was parked outside and got several screwdrivers and other unknown weapons and threatened to stab the male.

VIW1 then stated that the suspects ran back to Veh1 which drove down MUSWELL HILL towards HORNSEY.

Officers spoke to the male who the suspects were after and he was very aggressive towards officers and would not provide any further details. The male was adamant the suspects had a gun in their possession although he would not elaborate on the firearm.

No other people present claimed to see a firearm but stated that the suspects did have glass bottles and screwdrivers.

PRIMARY INVESTIGATION DETAILS : 2 - Scene

1. Venue is a kebab shop on MUSWELL HILL BROADWAY in between SOCIALITE BAR and CAFE LOCO's.

3. VIW1 had already begun cleaning the scene due to wanting to close the premises and secure it.

4. Officers were initially directed by MOP's to DUKES AVENUE however were later informed that the suspects had made off down MUSWELL HILL towards HORNSEY. N/T

PRIMARY INVESTIGATION DETAILS : 3 - Forensics

4. There appeared to be no visible forensic opportunities. VIW1 was in process of clearing the broken glass in order to close the venue and secure it. No weapons/tools had been left at the scene by the suspects.

PRIMARY INVESTIGATION DETAILS : 4 - Victims/Witnesses

2. There was a large group of people present outside the venue who claimed to have been present but were no forthcoming to police and would not provide details.

PRIMARY INVESTIGATION DETAILS : 5 - Suspects

1. Suspects were described as 4 IC3 Somalian Males. No better description.

PRIMARY INVESTIGATION DETAILS : 6 - Other evidence

1. VIW1 stated that the venue does have CCTV however this only covers the inside of the venue and not outside. The CCTV was not recovered due to VIW1 not able to work it.

Haringey CCTV were contacted and they stated that the camera was zoomed out and picked up nothing.

There are cameras outside CAFE LOCO's and SOCIALITE BAR but both venues were shut on police arrival.

There is no YR CCTV but there are 2 venues, Locos and Socialite Bar that may have CCTV covering this incident.

The primary focus of this investigation is CCTV.

~~~~~  
If CCTV is available complete the following:

Attend venue (kebab shop) and seize the CCTV. Take a statement with regard to the damage, which should also incorporate the exhibiting of the CCTV footage.

Evaluate the

30/10/2013 1450 hours PC 170 YR Davies contacted VIW and introduced myself as the investigating officer. VIW said that the CCTV only has coverage on the inside of the shop and the socialite and Cafe Loco have CCTV that covers the pavement area outside.

I said I will attend next week when I am on a late shift to get a statement

and VIW said that the next day one of his customers came in to say he feels responsible for the damage as he had a fight with another Somalian when the door was accidently damaged and gave him £100 pound towards the damage which VIW1 accepted and he no longer wants to substantiate the allegation.

### **THE PROTECTION OF CHILDREN**

## **Annex 3 – Conditions attached after a hearing by the licensing authority**

### **REVIEW RESOLUTION OF 1<sup>ST</sup> DECEMBER 2011**

It was the Committee's decision to allow the licence to continue but only on the following terms, that the conditions of the licence be modified as follows:

1) Hours for the Provision of Late Night Refreshment:

|                      |              |
|----------------------|--------------|
| Sunday to Thursday:  | 2300 to 0200 |
| Friday and Saturday: | 2300 to 0300 |

2) SIA-approved door staff are to wear, at all times whilst on duty, high visibility jackets.

### **REVIEW RESOLUTION OF 11<sup>TH</sup> SEPTEMBER 2012**

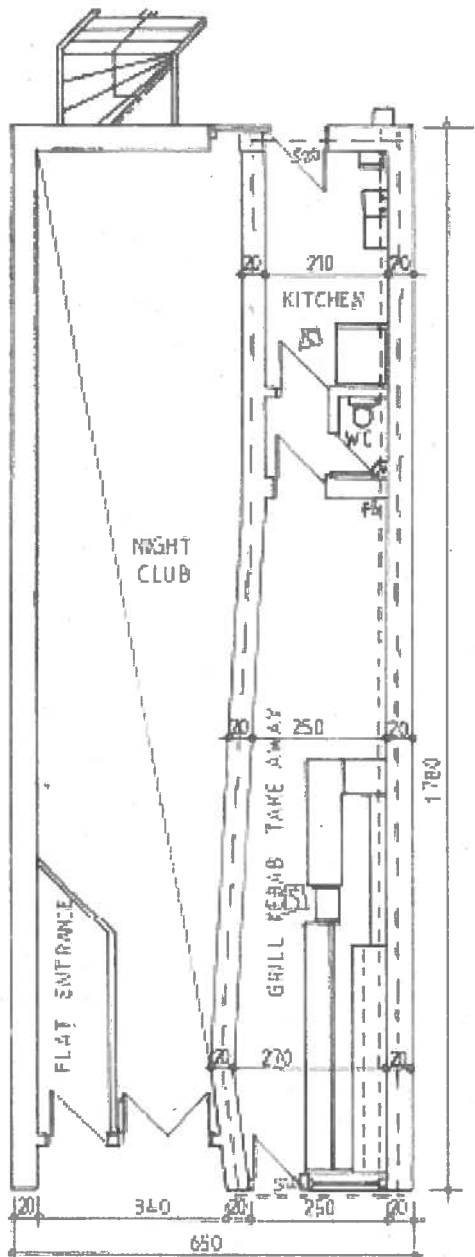

The Committee decided that it was appropriate and proportionate to refuse the application as it was persuaded by the evidence of the Licensing Officer that to allow the extension of operating hours, requested by the applicant, would contribute to the increase of public nuisance in the area.

However, it was accepted that there was no longer a need for SIA door staff to be employed at the premises.

Finally, the Committee was concerned that the applicant was knowingly operating outside the terms of his existing licence, as advised by the Enforcement Officer and as conceded by the applicant, and would like to make it clear that this breach must not reoccur in the future.

| <p><b>SLSC18.</b></p> | <p><b>APPLICATION FOR A REVIEW OF A PREMISES LICENCE AT GRILL KEBAB HOUSE, 270 MUSWELL HILL BROADWAY, LONDON N10 2QR</b></p> <p>The Licensing Officer, Dale Barrett, presented the report on an application made by the Enforcement Response Service for a review of the premises licence at Grill Kebab House, Muswell Hill. The application had been made on the grounds that it was alleged that the licensee had been permitting the premises to open after its permitted hours, causing noise nuisance and obstruction to the pavement outside, thereby posing a risk to public safety. It was also alleged that the premises had not been using door staff, in contravention of the conditions on the licence, and had been operating outside of its permitted hours. Evidence had been submitted that the premises had been found open at 4.10am, with no door staff on duty, on two occasions in October 2011. Representations had been made by the Metropolitan Police, who had submitted CCTV images of the footpath outside the premises. The Committee was reminded of the steps available to it in order to uphold the licensing objectives.</p> <p>In response to questions from Jerome Wilcox, legal representative for the licensee, the Licensing Officer confirmed that the condition requiring door staff to be on duty from 10pm had come about as the result of an</p> |  |

agreement by the licence holder to a request by the Police. Ms Barrett confirmed that the requirement for a licence to provide Late Night Refreshment did not come into effect until 11pm.

Pauline Hearfield, Police Community Support Officer, read out her statements as included in the papers for the meeting. Sgt David Williams, Metropolitan Police, then spoke to the CCTV images which had been supplied, and described the ongoing issues related to crime and disorder and public safety in Muswell Hill and specifically in the immediate vicinity of the premises, where a number of other businesses were also located. It was reported that it was difficult to attribute incidents to specific premises. Sgt Williams showed photographs taken in the early hours of the morning on 28 May 2011 and 4 June 2011, illustrating that the pavements were blocked by crowds of people outside the premises, and that there were cars parked illegally in the area. It was reported that these issues occurred throughout the night and caused dangerous obstructions to both the pavement and road.

In response to questions from the Committee, Sgt Williams advised that there were similar concerns in respect of other premises in the area, due to the nature of the location. The Committee noted the closing times of other premises in the area, as set out in the report, and Sgt Williams advised that, after customers had left the other venues, they were encouraged to stay in the area by having food outlets which were still open, and that it would be preferable if all of the premises closed at the same time, so that people were not encouraged to remain in the area.

In response to questions from Mr Wilcox, officers gave details of the capacity of other premises in the vicinity and the number of door staff on duty at these premises. Mr Wilcox asked whether it would be fair to say that there was already a saturation of door staff in the area, in response to which Sgt Williams advised that there were issues in that it was known that not all of the door staff employed at other premises were fully SIA-approved.

Mr Wilcox asked why review proceedings were being taken against this premises, which was the smallest of the businesses in the area, and not against other premises. Ms Barrett clarified that it was the Enforcement Response Service who had made the application for a review and not the Police. It was advised that there was a background of the Police working with venues in the area to improve the situation, as a result of which one premises had voluntarily reduced its hours of operation and another had ceased trading for a period and had recently reopened. In response

to a question regarding why the number of doormen required for Grill Kebab House had been reduced from two to one when the licence variation had been granted, it was reported that this was on the basis of cost and the size of the premises, in agreement with the Police.

George Nicolaou, Enforcement Response Service, read out the supporting information provided for the review application, as set out in the agenda pack. In response to a question from the Committee it was confirmed that there was no copy of the letter sent to the premises on 9<sup>th</sup> October 2011 regarding the review, as reported in the log of events, and that the Committee should give appropriate weight to this in its deliberations, given that no evidence of the letter had been provided.

Mr Wilcox addressed the Committee in response to the application, on behalf of the licensee of Grill Kebab House. Mr Wilcox rejected the suggestion that the premises was contributing to noise nuisance and endangering public safety, as it had already been acknowledged that it was not possible to attribute issues in the area to any specific venue. It was further submitted that the width of the pavement outside the premises was not relevant to the matter in hand as this was not an issue over which the management of the premises had any influence. Mr Wilcox stated that the two issues for consideration were those of the SIA-registered door staff, and the operating hours.

Mr Wilcox advised that the premises had been trading for several years and had not been the subject of a review application previously, in fact an application for the extension of hours and reduction in conditions had previously been granted. It was reported that the licensee had a financial commitment to the premises, which provided financial support for himself and a number of staff members. Mr Wilcox stated that the existing licence only required a door supervisor until close of business which was 0345 in accordance with the permitted hours, and therefore there had been no breach in respect of a door supervisor not being present at 0410 on the occasions when enforcement response had visited the premises at this time. Mr Wilcox further asserted that, when visits had been made prior to 2300 and a door supervisor had not been present, legally the requirement for a licence would not commence until 2300, and so it was an unnecessary burden for the licensee to provide door supervision from 2200 as stated in the condition on the licence. In the instances where a door supervisor had been reported as not being present but on their way, Mr Wilcox advised that the licensee had had issues with the company contracted to provide security ensuring that staff arrived for duty on

time, and that he had no control over this situation.

In respect of the statements suggesting that the premises had been trading after its permitted hours, Mr Wilcox stated these did not suggest that the officers had witness food being prepared, and that what had been seen was staff from neighbouring premises collecting pre-ordered food only. Mr Wilcox stated that he had advised the licensee that this should not take place, as it might give the impression that the premises was trading after its permitted hours, but stated that, as the premises had not been open to members of the public and food was not still being prepared, this was not technically a breach of the existing licence.

Mr Wilcox stated that his client wished to be compliant with his licence, but was in a position where he was surrounded by a number of other businesses and that problems witnessed in the area could not be attributed to any specific premises. It was also noted that Grill Kebab House did not have a licence to sell alcohol. Mr Wilcox advised that, in the circumstances, it would be wrong to reduce the operating hours of the premises and that an informal warning to the licensee might be an option for the Committee. The licensee took on board the complaints made and wanted to address the issues and made the business work. He was aware that, were a further review application made, there could be serious consequences.

In response to a question from the Committee, the licence-holder confirmed that a large proportion of their business was after 11pm on weekends. The Committee asked why a response had been given repeatedly that a door supervisor was coming later when it had been observed that none was on duty, in response to which Mr Wilcox advised that when the licensee had been let down by his contractor, his only option was to phone them up and ask them to send someone. Mr Wilcox confirmed that the licensee fully understood that it was his responsibility to ensure that conditions of the licence were complied with, but that he was subject to the performance of the contractor used for providing security staff, over which he had no control. It was suggested that the licensee should consider changing contractor for these services. The Committee asked whether the previous warnings issued in response to observed breaches of the conditions indicated that attempts had been made to address the issues raised without resorting to a review, in response to which Mr Wilcox advised that these were over a long period of time, and that there may not have been an actual breach of conditions on previous occasions.

The Committee adjourned for deliberations.

**MINUTES OF THE SPECIAL LICENSING SUB COMMITTEE  
THURSDAY, 1 DECEMBER 2011**

**RESOLVED**

The Committee carefully considered the application for a review by the Enforcement Response Team in respect of Grill Kebab House and heard from the legal representative for the licensee and the representatives from the Enforcement Response Team and Metropolitan Police. The Committee also took into account the Council's statement of licensing policy and section 182 of the guidance.

It was the Committee's decision to allow the licence to continue but only on the following terms, that the conditions of the licence be modified as follows:

1) Hours for the Provision of Late Night Refreshment:

Sunday to Thursday: 2300 to 0200  
Friday and Saturday: 2300 to 0300

2) SIA-approved door staff are to wear, at all times whilst on duty, high visibility jackets.

The Committee did not consider that the current premises holder had been managing the premises in accordance with the terms of the licence or having regard to the licensing objectives, however the Committee did accept the submissions made by the representative for the licence holder that point 1 and point 2 of the grounds for review, to be found at page 11 of the agenda pack, were not applicable to this review.

Please note that this decision is stayed from coming into effect for 21 days after the date of the decision, pending any appeal that might be made and the determination of that appeal.

Informative

As an informative, the Committee would like to stress to the licence holder that it is his responsibility to adhere to the terms of his premises licence, and to ensure that the necessary arrangements are made to achieve compliance.

The meeting closed at 13:30 hrs.

I write to advise you of the outcome of the Licensing Committee hearing that took place on 11<sup>TH</sup> September 2012.

I have included the outcome of the hearing, if you have any queries please do not hesitate to contact me.

**GRILL KEBAB HOUSE, 270 MUSWELL HILL (FORTIS GREEN WARD)  
RESOLVED**

The Committee carefully considered the application, all representations, the Council's Statement of Licensing Policy and the Section 182 guidance. It was noted that the prevention of public nuisance was the only licensing objective that was of particular concern in this application.

The Committee decided that it was appropriate and proportionate to refuse the application as it was persuaded by the evidence of the Licensing Officer that to allow the extension of operating hours, requested by the applicant, would contribute to the increase of public nuisance in the area.

However, it was accepted that there was no longer a need for SIA door staff to be employed at the premises.

Finally, the Committee was concerned that the applicant was knowingly operating outside the terms of his existing licence, as advised by the Enforcement Officer and as conceded by the applicant, and would like to make it clear that this breach must not reoccur in the future.

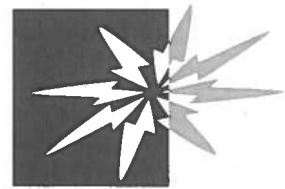

You have the right of appeal against this decision. If you wish to appeal, you must file a notice of appeal at the Magistrates' Court within 21 days of notification of this Decision. ## Licensing Consultation

To: Licensing Officer

From: Enforcement Response Officer (Noise)

Name of Officer preparing representation: Derek Pearce

Our Reference: WK273243

Date: 14<sup>th</sup> January 2014

Premises: Grill Kebab House, 270 Muswell Hill Broadway, N10 2QR

Type of application: Review

---

I would like to confirm that I have considered the above Review on behalf of the Enforcement Response (Noise) Team & would like to make a representation

A review of this Premises Licence was previously heard on Thursday 1<sup>st</sup> December 2011

The application had been made on the grounds that it was alleged that the licensee had been permitting the premises to open after its permitted hours and obstruction to the pavement outside posing a risk to public safety. It was put forward that the premises had not been using door staff, in contravention of the conditions on the licence at the time, and had been operating outside of its permitted hours.

Representations had also been made by the Metropolitan Police, who had submitted CCTV images of the footpath outside the premises. CCTV images illustrated that the pavements were blocked by people outside the premises.

The Committee noted the closing times of other premises in the area, as set out in the report, and Police evidence was that after customers had left the other venues in the immediate vicinity they were encouraged to stay in the area by the food outlets which were still open and that it would be preferable if all of the premises closed at the same time, so that people were not encouraged to remain in the area. It was the Committee's decision to allow the licence to continue but only on the condition that the licence be modified. The Committee did not consider that the premises holder had been managing the premises in accordance with the terms of the licence or having regard to the licensing objectives.

On 12<sup>th</sup> August 2012 the duty Enforcement Response officer George Roberts visited at 03:18, spoke to the Manager Mr Hitem Koc and saw on the Premises Licence summary on display at the premises that the venue was licensed to sell food until 03:45.

This was later identified as an out of date (not valid) document and Mr Koc was warned about future unlicensed activity. It was our view that this was a deliberate attempt to flout the Premises Licence which was amended at the Review to bring the hours back to 03:00. The Premises Licensee was quite aware of the situation following the Review.

On 19<sup>th</sup> August 2012 at 03:20 the duty Enforcement Response officer Charles Buckle found the premises open & still serving some 6 customers as he passed. On that occasion he had no time to visit due to other pressing calls.

On 26<sup>th</sup> August 2012 @0325 the duty Enforcement Response officer, George Roberts found the premises open and serving hot food to customers. He spoke to Bektis Koc (Manager) and asked him to shut the premises immediately and reminded him of the time permitted under the current license.

On 24<sup>th</sup> August 2013 Derek Pearce visited at 03:20 and found the premises open for business. He warned Mr Koc that he should close and comply in future with his licence conditions. He was not assured by his response that he would comply in future as he gave the impression that if he still had food left to sell he would stay open to sell it.

On 24<sup>th</sup> November 2013 Mr Eastwood visited the premises at 03:12. There were no customers in and food was being taken out of the display cabinet. The Licensee was holding a key coming towards the front door intending to lock it. He asked why the door was open and he said they had had about 20 people in just before 3am and it had taken a little while to move them out. There is a condition that the last admission on Friday and Saturday is 15 minutes prior to closing and no re-admittance is allowed. 24<sup>th</sup> November 2013 at 03:12 was a Saturday night / Sunday morning and so the premises should not have been open after 02:45.

On 14<sup>th</sup> December 2013 Mr Eastwood visited the premises at 03:08. He drove past slowly and could see the front door was wide open and there were four people stood at the counter. The owner saw him as they passed. Mr Eastwood parked and walked back to the area and stood on the opposite side of the street from the premises. He could now see the owner had closed and was standing at the door. There was still people inside waiting by the counter. Mr Eastwood walked up to the front door and the owner opened the door. He could see people seated at the back of the shop and still people standing at the counter. He could also see food being cooked on the grill behind the counter. The owner said that it had been busy and everyone had ordered food before 3 am. It was now 3:16 am. Mr Eastwood said that he must organise his business so that he is closed at the correct time and advised him that the matter would be reported.

## Summary

As an informative at the Premises Licence Review, the Committee stated that they would like to stress to the licence holder that it is his responsibility to adhere to the terms of his premises licence, and to ensure that the necessary arrangements are made to achieve compliance.

In our view the Premises Licence holder has shown no indication that he will comply with Premises Licence conditions in the future and we believe that the Premises Licence should be revoked.

## APPENDIX 3– SECTION 182 GUIDANCE

- 11.22 For example, licensing authorities should be alive to the possibility that the removal and replacement of the designated premises supervisor may be sufficient to remedy a problem where the cause of the identified problem directly relates to poor management decisions made by that individual.
- 11.23 Equally, it may emerge that poor management is a direct reflection of poor company practice or policy and the mere removal of the designated premises supervisor may be an inadequate response to the problems presented. Indeed, where subsequent review hearings are generated by representations, it should be rare merely to remove a succession of designated premises supervisors as this would be a clear indication of deeper problems that impact upon the licensing objectives.
- 11.24 Licensing authorities should also note that modifications of conditions and exclusions of licensable activities may be imposed either permanently or for a temporary period of up to three months. Temporary changes or suspension of the licence for up to three months could impact on the business holding the licence financially and would only be expected to be pursued as an appropriate means of promoting the licensing objectives. So, for instance, a licence could be suspended for a weekend as a means of deterring the holder from allowing the problems that gave rise to the review to happen again. However, it will always be important that any detrimental financial impact that may result from a licensing authority's decision is appropriate and proportionate to the promotion of the licensing objectives. But where premises are found to be trading irresponsibly, the licensing authority should not hesitate, where appropriate to do so, to take tough action to tackle the problems at the premises and, where other measures are deemed insufficient, to revoke the licence.

#### **REVIEWS ARISING IN CONNECTION WITH CRIME**

- 11.25 A number of reviews may arise in connection with crime that is not directly connected with licensable activities. For example, reviews may arise because of drugs problems at the premises; money laundering by criminal gangs, the sale of contraband or stolen goods, or the sale of firearms. Licensing authorities do not have the power to judge the criminality or otherwise of any issue. This is a matter for the courts of law. The licensing authority's role when determining such a review is not therefore to establish the guilt or innocence of any individual but to ensure the promotion of the crime prevention objective.
- 11.26 Reviews are part of the regulatory process introduced by the 2003 Act and they are not part of criminal law and procedure. Some reviews will arise after the conviction in the criminal courts of certain individuals, but not all. In any case, it is for the licensing authority to determine whether the problems associated with the alleged crimes are taking place on the premises and affecting the promotion of the licensing objectives. Where a review follows a conviction, it would also not be for the licensing authority to attempt to go beyond any finding by the courts, which should be treated as a matter of undisputed evidence before them.

11.27 Where the licensing authority is conducting a review on the grounds that the premises have been used for criminal purposes, its role is solely to determine what steps should be taken in connection with the premises licence, for the promotion of the crime prevention objective. It is important to recognise that certain criminal activity or associated problems may be taking place or have taken place despite the best efforts of the licence holder and the staff working at the premises and despite full compliance with the conditions attached to the licence. In such circumstances, the licensing authority is still empowered to take any appropriate steps to remedy the problems. The licensing authority's duty is to take steps with a view to the promotion of the licensing objectives in the interests of the wider community and not those of the individual licence holder.

11.28 As explained above, it is not the role of a licensing authority to determine the guilt or innocence of individuals charged with licensing or other offences committed on licensed premises. There is therefore no reason why representations giving rise to a review of a premises licence need be delayed pending the outcome of any criminal proceedings. As stated above, at the conclusion of a review, it will be for the licensing authority to determine on the basis of the application for the review and any relevant representations made, what action needs to be taken for the promotion of the licensing objectives in respect of the licence in question, regardless of any subsequent judgment in the courts about the behaviour of individuals.

11.29 There is certain criminal activity that may arise in connection with licensed premises which should be treated particularly seriously. These are the use of the licensed premises:

- for the sale and distribution of Class A drugs and the laundering of the proceeds of drugs crime;
- for the sale and distribution of illegal firearms;
- for the evasion of copyright in respect of pirated or unlicensed films and music, which does considerable damage to the industries affected;
- for the illegal purchase and consumption of alcohol by minors which impacts on the health, educational attainment, employment prospects and propensity for crime of young people;
- for prostitution or the sale of unlawful pornography;
- by organised groups of paedophiles to groom children;
- as the base for the organisation of criminal activity, particularly by gangs;
- for the organisation of racist activity or the promotion of racist attacks;
- for knowingly employing a person who is unlawfully in the UK or who cannot lawfully be employed as a result of a condition on that person's leave to enter;

**APPENDIX 4– THE PROVENTION OF CRIME AND DISORDER POLICY STATEMENT**

## **Operating Schedule**

The operating schedule is part of the application for a premises licence and should contain information so that others can assess whether the steps a business intends to take will satisfy the licensing objectives. As such it is asking the applicant how their business will be run. This is an 'assessment of the risks' by the applicant and what control measures or actions are proposed to stop this risk. This must be specific to the premises and activities detailed in the application and not general in nature.

The operating schedule must include and consider:

- what activities are planned at the premises;
- the times during which the applicant proposes that the activities are to take place;
- any other times during which the applicant proposes that the premises are to be open to the public;
- where the applicant wishes the licence to have effect for a limited period, that period must be detailed;
- details of the Designated Premises Supervisor and a copy of the personal licence;
- If the activities include sale of alcohol, whether such sales are proposed to be for the consumption on the premises or off the premises, or both;
- the steps which the applicant proposes to take to promote each of the licensing objectives - See guidance below

(further items may be required from time to time if the Government so directs)

## **The Operating Schedule and the Licensing Objectives**

Operating Schedules must clearly satisfy the four licensing objectives. This is considered in more detail below with each of the objectives in turn.

### **1. The prevention of crime and disorder**

Licensees have the responsibility to take steps to prevent crime and disorder. The Council will expect applicants to consider various steps and provisions in their Operating Schedule to help in achieving this objective. Such considerations should not only look at issues within the premises, but also matters related to the vicinity of the premises. Listed below are provisions that may be used if applicable.

The record of compliance with respect to the items contained in this section will be considered by the Licensing Sub Committee.

Applicants are expected to demonstrate how these will assist in their premises:

- Registered door supervisors – How they will be used in the premises, what they will be asked to do and what they are seeking to achieve. (NB Door Supervisors must be licensed by the Security Industry Authority) ;
- Use of CCTV - How CCTV will be used and monitored to help prevent crime and disorder;
- The use of responsible drinking promotions - what will and will not be used by the premises to promote custom ;
- Stopping the sale of alcohol to those under 18 years of age- how will the business achieve this. (Of equal concern for both on licences and off licences)
- Promoting of safer drinking (Including the use of drink when driving) - what will the business specifically do, policy, practices, how may they assist customers to achieve this;
- Have effective protocols in place to deal with intoxicated patrons and/or persons under the influence of illegal drugs and the supply of illegal drugs. The issue of spiking drinks should also be considered. (This may include for example, co-ordination and participation in a local pubwatch scheme);
- Adequate search facilities - how this will operate;
- Methods to discourage drinking of alcohol ( supplied for consumption on the premises ) in a public place in the vicinity of the premises;
- Procedures to deal with violence and/or anti-social behaviour including any crime which discriminates against any sectors of the community;
- X • Methods to discourage the handling and distribution of stolen, counterfeit or other illegal goods;
- Addressing prostitution or indecency at the premises;
- Ensuring adequate training given to staff in crime prevention measures
- Procedures for risk assessing promotions and events where the event is likely to attract customers that may heighten the possibility of violence and/or disorder and include plans to minimise such risks.
- Utilising good practices outlined in the British Beer & Pub Association publication- Drugs and Pubs: A Guide for Licensees.

## 2 Public safety

Licensees have the responsibility to take steps towards protecting public safety. The council will expect applicants to consider various steps and provisions in their Operating Schedule to help in achieving this objective. Listed below are provisions that may be used if applicable. Applicants are expected to demonstrate how these will assist in their premises:
