Introduction

This paper provides the Corporate Committee with a report on progress in delivering our responsibilities as your external auditors. The paper also includes a summary of emerging national issues and developments that may be relevant to you.

Members of the Corporate Committee can find further useful material on our website www.grant-thornton.co.uk, where we have a section dedicated to our work in the public sector (<http://www.grant-thornton.co.uk/en/Services/Public-Sector/>). Here you can download copies of our publications including:

- Working in tandem, local government governance review 2014, our third annual review, assessing local authority governance, highlighting areas for improvement and posing questions to help assess the strength of current arrangements
- 2016 tipping point? Challenging the current, summary findings from our third year of financial health checks of English local authorities
- Local Government Pension Schemes Governance Review, a review of current practice, best case examples and useful questions to assess governance strengths
- Responding to the challenge – Alternative Delivery Models in Local Government

If you would like further information on any items in this briefing, or would like to register with Grant Thornton to receive regular email updates on issues that are of interest to you, please contact either your Engagement Lead or Audit Manager.

Progress at 17 November 2014

Work	Comments
2013/14 Audit Certificate	<p>We gave an unqualified opinion on the Council's financial Statements on 29 September 2014 in advance of the 30 September deadline. We were not able to certify the 2013/14 audit as complete due to two objections raised on the accounts by local authority electors. The Council are in the process of preparing responses to these objections which we will need to review. Once resolved we will be able to issue the audit certificate and close the 2013/14 audit. We will update the Committee on progress at the next meeting.</p>
Audit Planning - 2014/15 financial year	<p>Following the completion of the 2013/14 audit, we are now working with the Council to prepare for the 2014/15 audit. We will continue to work with the Finance team throughout the year to continuing to build on the significant improvements to the accounts compilation and audit processes in the past two years.</p> <p>Our initial planning visit for the 2014/15 audit is scheduled for February 2015. As part of this visit we will be updating our understanding of key financial systems through discussions with officers and testing controls in these areas.</p> <p>As part of our wider audit planning we are meeting with officers to ensure our work is focused on the key risks facing the Council in respect of its financial statements audit and Value for Money conclusion.</p>
Grant certification work – 2013/14 financial year	<p>We have completed the certification work for one of the three claims required. The Pooling of Capital Receipts return was certified without amendments.</p> <p>We are currently in the process of completing the certification of the Teacher's Pensions claim which requires a small amendment.</p> <p>We are also completing work on the Council's Housing Benefit and Council Tax Benefit claim and are on schedule to complete our testing by the 30 November 2014 statutory deadline. Testing of individual benefit awards within the claim has identified some errors which has resulted in additional testing which is currently being completed.</p> <p>We will issue our full certification report on completion of our work.</p>

2020 Vision

Grant Thornton

Our national report '2020 Vision' is available at: <http://www.grant-thornton.co.uk/en/Publications/2014/2020-Vision-Exploring-finance-and-policy-futures-for-English-local-government-as-a-starting-point-for-discussion/>

In a time of unprecedented challenge for English local government, how can the sector develop towards 2020 if it is to have a sustainable future? Our latest report provides a thorough analysis of the current political and economic context, explores a range of potential policies and outcomes, and suggests several scenarios to facilitate an open debate on the future for the sector.

Produced in collaboration with the University of Birmingham's Institute for Local Government Studies (INLOGOV), our report suggests that fundamental changes to local government are both operationally necessary and constitutionally inevitable, for the sector to remain relevant by 2020. The report offers a thorough analysis of the current political and economic context and explores a range of potential future policies and outcomes that English local government will need to adopt and strive towards as they seek to adapt and overcome these challenges.

Placed in the context of enhanced devolution, following the Scottish independence referendum, 2020 Vision maintains a wary eye fixed on the 2015/16 Spending Round and looks ahead to the life time of the next government. It highlights that the economic and financial situation remains increasingly untenable, with an expanding North/South divide arising from the pattern of funding reductions and economic growth.

English local authorities continue to face unprecedented challenges, relating to the pressures of austerity and central government funding reductions, and demographic and technological change. Our report highlights the vital role of a successful local government sector and encourages it to think hard about how it will cope in the future.

Informed by the views of a broad range of local authority leaders, chief executives and other sector stakeholders, the report offers a set of six forward-looking scenarios* in which councils could be operating within by 2020. Though not mutually exclusive, we suggest that key stakeholders need to take urgent action to avoid a potential slow and painful demise for some councils by 2020.

Hard copies of our report are available from your Engagement Lead or Audit Manager.

Pulling together the Better Care Fund

Grant Thornton

Our national report 'Pulling together the Better Care Fund' is available at: <http://www.grant-thornton.co.uk/en/Publications/2014/Pulling-together-the-Better-Care-Fund/>

Do local authorities and clinical commissioning groups (CCGs) have effective arrangements to develop joint Better Care Plans for agreement by the health and wellbeing boards (HWBs) and how ready are they for the pooled fund in April 2015?

Our report draws on our review of the introduction of draft Better Care Fund (BCF) plans for both the February and April submissions. It is based on a sample of our findings from 40 HWB localities. It considers the partnership arrangements across a HWB planning area and is supported by discussions with the sector, across the country. The result is a snap shot of progress as at 30 June 2014, prior to the issue of revised planning guidance by NHS England and the Local Government Association on 25 July 2014.

It provides you with:

- an understanding of how your approach to introducing BCF compares to others across the country
- assistance in identifying the key issues to delivering Better Care Fund plans effectively
- insight into current best practice
- practical areas for consideration for improving arrangements in the future.

Hard copies of our report are available from your Engagement Lead or Audit Manager.

The National Fraud Initiative

Local government guidance

On 12 June 2014 the Audit Commission released its national report, [The National Fraud Initiative \(NFI\): National Report \(June 2014\)](#) highlighting that its data matching exercise has identified a further £229 million of fraud, overpayment or error in England, Scotland, Wales and Northern Ireland, since it last reported in May 2012. The Chairman of the Audit Commission, Jeremy Newman said;

"We publish a report from the NFI every two years and continue to produce great results. The national figure for identified fraud, error and overpayment, that would otherwise be lost to the taxpaying public, is down by £46 million compared to the previous report although the number of cases has increased by nearly 20 per cent. This is great news if, as we believe, it is due to improving detection rates. However, we cannot be complacent. The more participants in the exercise, the richer the data for everyone involved and the harder it is for fraudsters to hide from detection".

The Audit Commission's National Fraud Initiative will move to the Cabinet Office in April 2015 to secure the continuation of the counter fraud data matching initiative which over its 18 year history has identified over £1.17 billion in fraud, error and overpayment .
