

LONDON BOROUGH OF HARRINGEY

Draft Consultation Programme For:- Alterations to the Local Plan: Strategic Policies Development Management Development Plan Document Site Allocations Development Plan Document Tottenham Area Action Plan Development Plan Document

Why is the Council having this Consultation?

Haringey defines consultation as ‘a process of dialogue which leads to a decision’. To make sure people who live and work in the borough have a say and influence decisions that affect them, we are committed to making sure all Council consultations are effective and efficient.. The Council has developed a Consultation Charter which can be viewed here www.haringey.gov.uk/consultation_charter.pdf
The Charter outlines :-

- when we consult with people in Haringey
- how we listen to the views of residents and communities
- what we do with the information we gather
- what happens as a result of your feedback

The Council is also required, under regulation 18 of the *Town and Country Planning (Local Planning) (England) Regulations 2012*, to consult on documents it intends to adopt as Development Plan Documents. As part of this consultation the Council must invite representations from residents, local businesses, local and national interest groups, as well as other government bodies.

The community involvement and consultation activities undertaken in planning will reflect the Council’s equal opportunities commitments and priorities, as set out in the Council’s Equal Opportunities Policy 2008.

Who will be consulted?

Haringey will seek the views of those who live, work and spend their leisure time in the borough. As well as those organisations whose activities affect life in the borough such adjoining land owners, the Police, Health Services and the Mayor of London. Specific and general consultation bodies are outlined in the Council’s Statement of Community Involvement, which is available here <http://www.haringey.gov.uk/sci>

The Council have also produced a database of individuals and organisations who have previously notified us that they wish to be involved, including local businesses, residents associations, voluntary groups, government bodies and individuals. If you wish to have your details added, or removed from the list, please email LDF@haringey.gov.uk or write to Planning Policy, River Park House, 225 High Road, London, N22 8HQ.

What are the documents?

Alterations to the Local Plan: Strategic Policies

Haringey's Local Plan: Strategic Policies was adopted in 2013. Following the publication of the Further Alterations to the London Plan in early 2014, the Borough's housing allocation and target to increase employment levels has increased over the next 20 years. The Borough has also updated the local evidence base to keep abreast of emerging development patterns and other market trends. Given the change in the growth forecast, and the updated local evidence, the Council has taken the opportunity to review some of the strategic policies with a focus on factually updating policies.

Development Management Development Plan Document

The Development Management DPD will support the Local Plan by providing detailed policies, which will be used to assess and determine planning applications. The policies will assist in delivering the objectives of the Council's Local Plan, and the London Plan. The Development Management Policies will guide development at the planning application stage to ensure we:

- get the right development in the right place
- deliver the best design
- enhance our borough's infrastructure

Site Allocations Development Plan Document

The Site Allocations DPD introduces the key development sites which will accommodate the majority of development in the borough over the next 20 years. In order to de-liver the improvements that Haringey residents aspire to, the Council must have the appropriate powers necessary through the statutory planning system. The Site Allocations approach will help to build consensus in the community and with our various stakeholders and is an objective approach for balancing competing priorities and promoting positive actions.

Tottenham Area Action Plan Development Plan Document

The Tottenham AAP is a comprehensive spatial strategy for coordinating development which reflects the community's aspirations for the area. An AAP has a strong focus on delivery and implementation which is in line with Government guidance for areas of significant change. This focus provides certainty and clarity to residents, businesses and potential investors in the area.

When is the consultation?

An eight week period of consultation will be undertaken.

Commencing: 9 February 2015.

Concluding: Sunday 23 March 2015.

NB These dates are currently tentative.

What will the Council do with representations?

The Council will provide feedback on formal consultation exercises for LDF documents. At the end of the statutory consultation period letters/emails of acknowledgement will be sent to respondents. This will include a summary of how the information will be used and the next steps in the process. These summary reports will be made available in Haringey and on our website

www.haringey.gov.uk.

The Council recognises that it is not possible for everyone to support policies and emerging proposals in the LDF. Neither is it possible for the Council to accept all views. Some issues cannot be influenced as they may be national or regional policies that the Council's LDF must incorporate and keep to. Comments received from local people and other stakeholders will be used to inform a document alongside government and regional guidance and policies and our evidence base derived from our scoping activities.
