Subject: Re: Application for Premises Licence - 483 Green Lanes, London, N4 1AJ RESPONSE

Dear Chanel,

I defiantly sent this response, but will respond again;

As previously agreed, all doors and windows to be closed by 11pm. Since my initial response to the Enforcement Response, the doors have been fitted with a self closing device. THERE IS NO LIVE MUSIC OR MUSIC SPEAKERS in the indoor or outdoor areas. There will be no music in the garden area AT ANY TIME. There will be soft background music on a CD player.

Previously agreed ONLY SEATED CUSTOMERS at tables will be able to smoke, no standing area, in the garden, LIMITED TO 6 customers, monitored by staff. The smoking area to be closed by 10pm every evening. NO drinks to be allowed in the garden area after 10pm, as it will be closed anyway..

We accept all conditions re: Delivery / collection times, when the garden area to be cleared, daytime hours only, not at night, after closure. We accept there will be no queuing outside, which we do not envisage happening at the cafe/bar. All relevant complaint books/Health and Safety books to be available to customers and council officials at all times. The complaints to be accurately recorded and monitored by owner/manager. Display signs asking customers to respect our neighbours and to leave quietly to be clearly displayed for customers, with staff asking customers to observe the request. All illuminated external signage lights to be switched off in the evening.

Chanel, this is our response again,

Warm regards

Nevres

Subject: Re: Application for Premises Licence - 483 Green Lanes, London, N4 1AJ

Dear Ms Shah,

Thank you for the objection letter received 10th December 2014.

The response as follows:

483 is not a restaurant, it will be cooking Turkish hamburgers and light snacks.

Point 1 in the objection letter: The area at the back of 483 was originally a garden, with the last occupants changing the area into a store room area.

Point 2): An application for rear smoking area has been submitted. The area is currently NOT being used, as the premises is not open. The blue plastic cover has been placed over the structure, as requested by Mr. Ayres, enforcement officer. It is not being used to cover smokers.

The smoking area, when in use, will be restricted to 6 smokers after 10 pm. The cafe bar will stop serving alcohol at 1030 pm. It will close at 11 pm. There is NO LATE night drinking or music activity in the building at anytime or any day, including the garden area.

Point 14.1 of Haringey's policy, does NOT APPLY to Diva cafe bar, as it will NOT be open late evening or early hours of the morning. There would therefore be no nuisances that could impact on the people living, working or sleeping in the vicinity of the licensed premises.

Point 14.2, 14.3 and 24, we feel does not apply to the premises, as it will not be open late and the smoking area will be closed at 1030 pm. The area will be monitored by staff. The management and staff are aware of Challenge 25, policies and procedures relating to the sale of alcohol, dealing with and serving customers, including stopping the sale of alcohol to customers already intoxicated, causing a nuisance. Signs will clearly be displayed re: leaving the premises quietly and staff will be monitoring customers when leaving the premises.

With regards to the extractor duct. An expert will be instructed to survey and design a suitable positioning of the duct. The current duct will be removed and appropriate permissions sought.

Point 2.4, 2.5 of council policy to reduce noise odour, food droplets to nearby properties will be adhered to. With reference to 485 Green Lanes. The DIVA cafe bar at 483 ARE NOT THE SAME owners. The photos of wastes in the objection letter, do not have a date and are the responsibility of DEVРАН restaurant, not DIVA cafe bar. Diva cafe bar will be applying for new waste contracts, prior to opening.

In relation to 'play recorded music', the cafe bar will have only quiet BACKGROUND music on a cd player. There will be no music played in the garden/smoking area at anytime. The cafe bar will not be playing loud music at anytime. There will be no opportunity for music to 'escape' as there will be only soft background music playing. No external areas will not be disturbed by the 'music'

As the objector clearly states the area has had several restaurants over the past few years. The retail industry in Green lanes as not been able to compete with both Wood Green shopping city and the new shopping area at the top end of Green Lanes, which serves the needs of the local community. The bakery, which is now DIVA was not able to sustain a profitable business as the rates and rent were too high, and he had no means of making a profit, so he sold the shop. The area had many empty shops, which gave the area a 'run down look' which in turn restricted the amount of business rates collected by the council, which had a 'knock on' affect to the local services provision in the area, lack of local employment opportunities for local people.

The restaurants and bars in Green Lanes has given the area vibrancy, employment and much need business rates. I hope this may answer the objection presented

Kind regards,
Nevres Kemal

Subject: Re: Metropolitan Police Representation- Application for a New Premises Licence- 483 Green Lanes, Hornsey, London N4 1AJ (WK/304260)

Dear Chanel,

We would like to confirm that we have clearly read all the objections received from the various agencies, and their recommendations. We would like to confirm, accept and agree these recommendations. They will be put into place. We would also like to confirm, that the building will only be playing BACKGROUND music. No live or loud music systems will be installed in the building.

Kind regards,
Nevres Kemal
