---

I would like to confirm that I have considered the above proposal with regard to the prevention of public nuisance on behalf of the Enforcement Response (Noise) Team & would like to make representations to the Application (objection)

The operating schedule does not adequately address the prevention of public nuisance from licensable regulated entertainment including the following:

- airborne entertainment noise
- Structure borne noise or vibrations from entertainment
- Noise generated by patrons in external areas of the premises
- Noise from patrons exiting the premises

The proposed operating hours are inappropriate due to the proximity of residential dwellings in the absence of a carefully considered noise management plan.

In addition the noise caused by patrons exiting the premises and locating suitable transport home is likely to be detrimental to the residential amenity without appropriate control measures in place.
