| 4. Chief Financial Officer Comments  |   |  |  |
| 4.1 The estimated cost of equal pay was considered as part of the financial planning   |   |  |  |

- process and an ongoing revenue contingency sum for the impact on the general fund of was included in the 2007/08 budget process. Equal pay implications were also identified in the schools budget process so that this could be considered and included.
- 4.2 The funding of the potential claims for compensation was highlighted as a significant financial risk in previous reports. This could have been met as a one off cost charged to the Council's reserves, however this would significantly reduce the ability to deal with other key risk items identified in the budget process. A further option was to seek a capitalisation direction from the government. Although this is not financial support this would allow the one-off compensation costs to be spread over a number of years. A request for capitalisation was made to the DCLG for 2007/08 and a sum has been allowed. This can only be used if payments are made in 2007/8. If the compensation payments are not made in 2007/08 then the capitalisation direction would need to be re-applied for and there is no guarantee this would be received. It is estimated that the loan financing can be met within the contingency sum set aside.

## 5. Head of Legal Services Comments

- 5.1 The Head of Legal Services has been consulted on the content of this report. The issue of equal pay in local government has been a significant one for many years. The package outlined in the report is capable of being a fair and reasonable resolution of the issues in contention. The assessment of risk made in earlier reports dealing with the issue of equal pay claim proofing identified the potential for staff not in receipt of bonuses or allowances to compare themselves with staff in receipt. In essence an employer can defend such differentials only by reference to the continuing justification for such bonus or allowance payments. Further an employer will need to be able to demonstrate that the basis for any allowance or bonus payment is not itself tainted by sex discrimination. The report sets out the position reached in the identification of those bonuses and allowances to be retained by reference to whether or not they may be justifiable.
- 5.2 The agreement of the trades unions to the package on offer through a collective agreement with the authority will constitute an effective variation of contract in respect of all proposed changes to terms and conditions of employment. The proposals concerning the signing of compromise agreements in relation to the compensation payments on offer are an effective means of resolving potential disputes concerning former conditions of service.

## 6. Local Government (Access to Information) Act 1985

#### 7. Strategic Implications

7.1 The proposed package of employment terms aim to enable the Council to operate within the terms of the NJC for Local Authorities Staff and the relevant employment legislation.

#### 8. Financial Implications

- 8.1 The estimated one-off cost of compensation is considered in the exempt part of the agenda
- 8.2 The capitalisation direction can be applied to the General Fund and Catering DSO costs as long as the payments are made by the 31 March 2008. Schools have provided a sum top-sliced from the dedicated schools grant in 2007/08 to cover these one-off costs.
- 8.3 The recurring revenue costs are considered in the exempt part of the agenda.
- 8.4 The estimate of these ongoing costs has been considered as part of the budget process. The costs assume that savings are made in allowances and overtime, both of which feature in the appended package. There are number of other unknowns in terms of the evaluation process that may impact on the final figures, but these should not be significant.

#### 9. Legal Implications

9.1 As described at paragraph 5

#### 10. Equalities Implications

10.1 The Equal Pay basis of the proposal is to ensure that the employment terms applied by the Council are defensible as free from gender bias. In developing the package an Equality Impact Assessment has been undertaken to ensure that the proposals do not adversely affect based on any equality theme.

#### 11. Consultation

- 11.1 The proposed package has been developed in consultation and jointly with the trade unions. Members have been consulted at points throughout the development of the package. The Council's service Directorates have been actively involved.
- 11.2 A staff communications and engagement exercise has taken place to ensure that employees are aware of the proposals. The activities include: letters to staff in payslips, staff newsletter and team brief articles, roadshows run jointly with the

- unions at various Council locations, and a letter detailing the individual implications for staff.
- 11.3 A number of staff qualify for compensatory payments in respect of the settlement of potential legal claims. For these staff a series of events will take place between 18-20<sup>th</sup> March 2008 to facilitate the reaching of individual compromise agreements.
- 11.4 At the time of report dispatch consultation with the national unions is well progressed. Comments have been received and responses provided on the proposed package. Whilst national endorsement is yet to be received, it is the view of officers that the comments to date do not represent a significant threat to the achievement of a collective agreement.

#### 12. Background

- 12.1 The national pay 'Single Status' agreement 2004 for Local Government Service workers (former manual and officer staff) stated that Local Pay Reviews should be completed and implemented by 31 March 2007.
- 12.2 Although the implementation deadline has been missed we are one of a large number of authorities across London and England in the same position and therefore the unions have accepted reasonable delay as long as progress is being made.
- 12.3 A key aspect of the agreement is to make pay and conditions equal pay claim proof.

## Pay and Conditions proposals

#### 1. Package arrangements

The proposals contained within this document are a single package. If changes are made to any item this may result in a change to another item. Changes proposed to single items are not to be negotiated separately.

This package will only apply to those staff within the scope of Equal Pay & Conditions project – All staff including Youth workers, Craft workers, former manual and officer staff, social workers, day nursery staff, support staff working in schools, but excluding Teachers and Soulbury staff.

#### 2. Pay Structure

A proposed pay structure is attached at Appendix A.

The principles are:

- Introduces two new grades at the bottom of the structure
- Retains the existing structure from Sc2 to SO1
- Introduces new grade structure changes at SO2-PO2 level to delete the existing PO1 grade. This will result in the current SO2 grade being re-titled and called PO1. This change will take effect in line with the agreement to re-evaluate jobs in the SO2-PO2 range in line with the timetable outlined below in para 4.

Greater flexibility will be introduced to allow for the potential for additional non consolidated increments in recognition of good performance and adjustment of grade anchor points to take account of recruitment and retention difficulties.

#### 3. Range Grades

There are currently a number of range grades that exist across the council. A range grade is a number of grades linked together e.g. PO1-3.

It is important to review range grades and their progression criteria to comply with equal pay legislation. Therefore they need to be justified to the Head of HR. A review period for the range grade will be built in so that the reasons for justifying the range grade are updated. It may be that the reasons are no longer justified, in which case the range grade will need to cease.

Where range grades apply each grade within the range needs to be justified. Therefore the specific differences that apply to the job to justify payment of each grade must be identified in the job description and person specification/competency profile.

Progression from one grade to the next level needs to be justified by way of a record (this may be performance appraisal or a letter) that outlines how the employee meets the requirements to justify payment at the next level. Progression within grades will be by normal annual increments.

Range Grade Criteria are attached at Appendix E.

Range grades will be excluded from access to the recruitment and retention grade protection arrangements, the recruitment and retention market supplement arrangements, and the performance increments (see below).

#### 4a. Job Evaluation Proposals (Part 1)

The new GLPC job evaluation scheme will be used to evaluate all jobs evaluated after the date of the agreement.

Any resulting grade adjustments will take account of the Assimilation, Protection and Pay Justification arrangements detailed below.

Job Evaluation will be undertaken by panel of trained Job Evaluation officers. It is expected these will come from the HR Service.

It is proposed that job evaluation using the new GLPC scheme will be carried out in accordance with the following timetable.

Phase 1 will evaluate all Manual graded jobs plus a number of jobs identified jointly by a panel of Council representatives and trade union officers on the basis of a risk assessment and equal pay impact assessment. The assessment identified jobs to be evaluated using the following criteria

- Manual occupation based jobs
- those jobs on national based grades e.g. social workers;
- jobs with a disproportionate number of one gender compared to the Council gender profile (this is approx 70% women, 30% men).

In total all these categories of jobs cover 4321 staff. The list of jobs identified as a result of this risk assessment are outlined in Appendix B.

The effective date of these regrades will be 1 April 2007.

## 4b. Job Evaluation Part 2 – This does not form part of the collective agreement

As a result of the risk assessment and equal pay impact assessment of jobs jointly undertaken by Council representatives and trade unions the Council intends to deal with the job evaluation of the following staff groups on a different timetable to those staff identified in para 4a.

The Council is satisfied that an appropriate risk and equal pay impact assessment has been done of these jobs to justify implementing a different timescale for these but respects the union side position. Therefore these jobs are not subject to the collective agreement with regard to job evaluation and timetable.

The proposed timetable and groups of jobs are identified below.

| Evaluation Group  | Evaluation Timetable                              | Effective date of regrade |
|---|---|---------------------------|
| Remaining Sc1-6 jobs and SO1 – PO2 jobs not identified in the lists referred to paragraph 4a above. | During financial year April<br>2008 to March 2009 | 1 April 2008              |
| PO3 – PO8 jobs  | During financial year April<br>2009 to March 2010 | 1 April 2009              |

Where job evaluations are undertaken earlier than the scheduled timetable the effective date of regrade will be dependent upon when the evaluation date falls. For example, if a PO3 job is evaluated in June 2008 it will be effective from June 2008. However, if the same PO3 job is evaluated in September 2009 (during it's scheduled timetable) the effective date will be 1 April 2009.

## 5. Job evaluation (JE) Price tag

It is proposed to adopt a Haringey Price tag. This is attached at Appendix C.

This shows the difference between the existing GLPC price tag and the proposed price tag.

Adjustments to the GLPC price tag have been agreed and we have undertaken a thorough impact assessment on the new price tag.

#### 6. Job Evaluation Appeals

Employees will be allowed to appeal against the job evaluation the first time the post is evaluated using the new GLPC scheme.

Subsequent job evaluations for the post will be on the following basis. Employees will be able to appeal against job evaluations where their grade goes down. Employees whose grade remains the same or increases may request a review of the evaluation by a different officer in HR than involved in the original evaluation.

It is recommended that the GLPC job evaluation questionnaire, or similar questionnaire based on this, is used when undertaking a job evaluation review or appeal.

Where a number of employees are appealing and are in the same job these will be grouped together in a class action appeal.

Representations about the job will be heard from the manager and employee (in class action appeals up to 3 employees will be able to make representations). The purpose is to better understand the job and not too debate the evaluation being appealed.

The Appeal Panel will evaluate the job. The role of the Appeal Panel is to act as a model of good evaluation practice. Therefore the Appeal Panel may reevaluate all elements of the job, and not just those items disputed by the appellant, if it views the initial evaluation as being wrong. The Appeal Panel will consist of an experienced job evaluator from HR, a Senior Manager independent from the service where the post is based and two experienced job evaluators from the union side independent from the case being appealed. It needs a majority of 3 panel members to agree to change the grade. If there is stalemate on grade evaluation then the original evaluation will stand.

#### 7. Assimilation Arrangements

It is proposed that where jobs are evaluated using the GLPC scheme and Haringey price tag that they be put onto the minimum point of the new grade in the pay structure. Where the new basic pay exceeds the old total pay – basic pay plus allowances (but excluding overtime) – those allowances that have been agreed to go (see attached list at appendix D) will cease to be paid.

Where an evaluation results in a loss of pay the individual will be put on the top spine point of the grade. This will not apply to range grades, although the principle of this point will be applied in spirit.

Where the new basic pay does not exceed the old total pay, the allowances that have been agreed to go will still cease but appropriate compensation/transition arrangements will apply.

For the remaining staff these will retain their existing grade structure and there will be no change until after job evaluation.

New grade structure changes at SO2-PO2 level will become effective following evaluation of these posts. The revision will delete the existing PO1 grade. This will result in the current SO2 grade being re-titled and called PO1. For staff in grades SO2 – PO2 they will be assimilated onto revised grades as and when they have been evaluated in accordance with the job evaluation timetable outlined above.

#### 8. Pay Progression

Incremental progression for staff on all grades of will remain as at present with progression to the next increment on the grade scale each 1 April unless in post less than 6 months in which case it will be 6 months from start date.

#### 9. Future evaluations/Justification for retaining pay levels

The GLPC Job Evaluation scheme will be used for all future evaluations of grades after the date of this agreement.

The resultant job evaluation may result in a change in grade up, down or at same level as previously. Where the grade changes from what it was previously there will be three options to pursue as follows

- Review or appeal the job evaluation
- Revisit the job description and apply additional duties where there is a service benefit. Any additional duties should be cleared with HR.
- Where justified, determine whether a range grade might be appropriate for the post
- Consider whether Recruitment & Retention allowances are justified. Note these will only be applied where market pay levels are an issue and they need to be objectively justified and reviewed – see section below.

For staff whose contractual pay entitlements go down the protection arrangements will apply (see below). Please note that any protection will only apply to those staff affected by first time around GLPC job evaluation whose grade goes down. It is not applicable to redeployment situations.

## 10. Recruitment & Retention allowance/Market Supplements

Recruitment and Retention (R&R) increments can be requested where market issues demonstrate that it is difficult to recruit or retain staff unless an adjustment to pay is made.

Any R&R increment adjustment will have to be justified on the basis of the likely impact on the job group of down grading the staff, i.e. difficulty of retaining staff and recruiting new staff because of the lower pay. This justification will be backed up by hard data/ evidence.

It is important to note that a difference in pay may be justified in equal pay terms where an objective justification can be provided that is not based on gender.

The Head of HR will have to sign off R&R increment adjustments in consultation with Director of the Service and Executive Member. A delegated authority form will need to be completed.

A review period will need to be built into any R&R increment adjustment (e.g. 3-5 years) and at the time of review the same justification exercise will need to be determined and signed off.

R&R increments will not attract any plus rates e.g. overtime, weekend enhancements, etc.

Additional information about Recruitment & Retention allowances is contained at Appendix F.

#### 11. Compensation proposals

It is proposed that manual graded employees be afforded an individually calculated compensation payment not exceeding a value determined using the following formula:

Best average value of comparative bonus for current manual grade comparator × 6 years reduced by 40% (in recognition of the following elements – 25% fee that would be deducted by a no win no fee solicitor, 10% for inflation prior to 2006/07 bonus payments, 5% voluntary nature of the compensatory payment).

Any payments will be pro rated to length of service and hours worked.

In addition compensation will be granted to workers whose pay rates have been frozen or 'held back' for a period of time. For example Heads of Kitchens who are one pay award in arrears of other staff. These staff will be afforded a compensation payment based on a the loss of the pay award rate x 6 years reduced by 40% as outlined above. Any payments will be pro rated to length of service and hours worked.

#### 12. Protection arrangements

These protection arrangements will only apply to those staff affected by first time around GLPC job evaluation whose grade goes down. It is not applicable to redeployment situations.

The effective date for the application of any protection arrangements will apply in accordance with the timetable for the effective date of job evaluation regrade, as outlined above.

It is proposed that 1 year's protection will be given to employees whose grade goes down followed by frozen pay until the pay of the new grade catches up with the frozen pay level.

Pay protection = pay awards and incremental increases retained. Frozen pay = pay frozen at a set level with no pay awards or incremental increases until such time as the pay of the new grade catches up to the frozen pay.

Protection/ freezing will apply to contractual pay entitlements that go down and will cover basic pay and any allowances that will cease to be paid as a result of this review. If allowances are still valid for payment then protection/ freezing will only apply to the basic pay since any allowances, if relevant, will still be paid.

It is not anticipated that protection arrangements will last longer than 3 years based on a benchmark sample, but the situation will be monitored and jointly reviewed by HR and the unions.

#### 13 Allowances proposals

The table in Appendix D shows the list of allowances, bonus payments etc. that the council currently provide.

The table identifies whether the allowances should be retained, reviewed or go.

Where the recommendation is to go this, in most cases, is on the assumption that the allowance is paid to staff on manual grades only and that it can be subsumed within the new pay grade following GLPC job evaluation.

Where a review is proposed these will be subject of review and further proposal to ensure they meet equal value principles. Proposed changes for overtime, shift pay, irregular hours, etc. are outlined the table below.

| Current (summary)  | Proposed  |
|--|---|
|  |   |
| Mon – Sat = time and half $(x1\frac{1}{2})$                        | No change. Retain current rates for   |
| Sundays = double time (x2)   | contractual overtime  |
| Stat, Public holidays = double time (x2) plus compensatory day off |   |
|  | Mon – Sat = time and a third (x1.333)   |
| Stat, Public holidays = double                                     | Sunday = time and half (x1½)  |
| off  | Statutory, Public holidays = x1½ Plus compensatory day off  |
| Saturday = x1½   | Retain current levels. Considered same as   |
| Sunday – up to SCP11 = x2<br>Sunday – Scp 11 & above = x1½         | contractual overtime.   |
| 8pm – 6am = time and third   | No change. 8pm – 6am = time and a third (x1.333)  |
| Alternating shifts 2 shifts between 11-14 HR s =                   | Any shift pattern = 10%   |
|  | of salary   |
| 2 shifts more than 14 HR s =                                       |   |
| 14% of salary  | Note – any loss of pay will invoke the protection   |
| Rotating shifts  3 shifts over 5/6 days = 17% of                   | arrangements.   |
| salary   |   |
| 3 shifts over 7 days = 20% of salary                               |   |
|  | Sundays = double time (x2)  Stat, Public holidays = double time (x2) plus compensatory day off  Mon – Sat = time and half (x1½)  Sundays = double time (x2)  Stat, Public holidays = double time (x2) plus compensatory day off  Saturday = x1½  Sunday – up to SCP11 = x2  Sunday – Scp 11 & above = x1½  8pm – 6am = time and third  Alternating shifts 2 shifts between 11-14 HR s = 12½% of salary 2 shifts more than 14 HR s = 14% of salary  Rotating shifts 3 shifts over 5/6 days = 17% of salary 3 shifts over 7 days = 20% of |

| Up to and incl.<br>Scale 6                                 | Current (summary)  | Proposed  |
|--|--|---|
| Irregular hours working –  Qualifying period - A period 1½ | 4 – 8 hours in excess of qualifying period per week = 7½% of salary                                      | No enhancement refer<br>to night work, overtime<br>and Saturday/ Sunday<br>working rules. |
| hours before or<br>after normal<br>office hours            | 8 hours or more in excess of<br>qualifying period per week = 10%<br>of salary                            | Note – any loss of pay will invoke the protection arrangements.                           |
| Overtime   | Current  Planned overtime rates set (1/4/07) at SO1 – SO2 = £18.48 PO1 – PO3 = £19.80 PO4 – PO8 = £21.48 | Proposed No change. Note - Uprated in line with national agreements                       |

#### 14 Notice changes

To reduce the impact of late leavers notification which cause overpayments it is proposed that employees need to give notice to the end of the month after the month in which the employee resigned. For example, a leaver on 20 November needs to give notice until 31 December.

An earlier termination date can be agreed with Human Resources and the manager.

#### 15. Annual leave

At present the council gives employees with 10 years local government service between 2-3 additional days annual leave depending on grade/work group.

Also under single status manual workers get less basic leave than other staff. Therefore to avoid equal value claims it is important to harmonise leave provisions.

The proposals for leave are as follows.

Leave entitlements are pro rata for part-time employees. Employees qualify for increases in annual leave following completion of X years of local government service and the leave will be applied the following April. See table below for full time entitlements.

| No of years<br>service     | Current | Proposed | Current<br>No<br>change | Current | Proposed | Proposed | Proposed |
|----------------------------|---------|----------|-------------------------|---------|----------|----------|----------|
| Grades (Spinal point)      | 1-4 Yrs | 1-4 Yrs  | 5 Yrs                   | 10 Yrs  | 6 Yrs    | 8 Yrs    | 10 Yrs   |
| Scale 1-4 (1-21)           | 21      | 21       | 25                      | 28      | 26       | 27       | 28       |
| Scale 5 (22-25)            | 24      | 24       | 25                      | 28      | 26       | 27       | 28       |
| Scale 6 – SM5              | 26      | 26       | 26                      | 29      | 27       | 28       | 29       |
| Directors/Chef<br>Exec     | 32      | 32       | 32                      | 35      | 33       | 34       | 35       |
| Manual Grades<br>(Sp 1-11) | 20      | 21       | 25                      | 27      | 26       | 27       | 28       |
| Craft Grades               | 21      | 21       | 26                      | 28      | 26       | 27       | 28       |

NB. The above does not apply to specific groups of employees, e.g. residential social workers, nursery officers, youth workers.

In addition to annual leave entitlement the following is granted - All Public Holidays; plus two extra statutory days and two additional privilege days which will be fixed or added to the leave entitlement.

It is also proposed that all staff will be able to request to borrow up to 5 days leave from the next leave year subject to senior manager approval. Staff may only borrow leave for 2 consecutive years and then they well be barred from borrowing leave for the next 2 years.

Arrangements for carry over of annual leave will remain as at present with up to 5 days annual leave carry over subject to approval by the manager and exigencies of the service.

#### 16. Long service awards

At present the Council gives employees with 25 years local government service a gift of up to £207 in value.

It is proposed to set the gift at a level of £210 for employees with 20 years Haringey service. This will be increased in line with the nationally agreed pay increase percentage.

#### 17. Reimbursement of expenses

We propose to adopt a system of reimbursement of reasonable expenses via payroll for travel, meals or overnight stays in place of set allowances.

We propose that:

Employees necessarily incurring additional expense in the course of their work in respect of travel, meals or overnight accommodation will reimburse approved expenses, subject to appropriate evidence of expenditure being produced, in accordance with local arrangements.

This is in line with national 'Green Book' conditions.

Meal claims - It is only expected that expenditure will be reimbursed for meals that would not normally be taken by the employee. It would not be appropriate to reimburse meal expenses where the employee normally buys a meal. For example, if a sandwich and drink is normally bought at lunchtime by the individual and they need to travel to a different location and buy a sandwich and drink then reimbursement will be based on the difference in costs. Where the costs are incurred outside the borough the reimbursement of expenditure will be in full subject to the maximum reimbursement level of £8.00.

A receipt should be produced to validate the expenditure.

It is proposed that claims for meals expenditure will be subject to a maximum reimbursement level of £8, however, it is recognised that for some staff who travel abroad this cut off level may be inappropriate and therefore discretion is granted to the line manager to approve a greater level of reimbursement than £8.00 where they feel this is justified.

#### Travel and accommodation claims

For reimbursement of travel and accommodation expenses the parameters for levels of expenditure need to be discussed and agreed in advance with the manager.

#### 18. Car Loans

It is proposed to cease the offer of car loans to staff that qualify for this arrangement.

The council do not have the expertise or systems to comply with requirements of the Consumer Credit Act in terms of giving early settlement advice and loans can be obtained from the high street at better interest rates than the council can give.

In circumstances where an individual is unable to obtain credit due to a poor credit rating, the Council will act as a guarantor with the Council approved bank.

#### 19. Staff benefits

We will link with a provider in a partnership that will promote discounts on shopping, days out and holiday offers, in addition to promoting local business promotions and offers.

We have already introduced Child Care vouchers. We will also introduce a Bikes for Work scheme to utilise tax-friendly salary sacrifice schemes. This will be via an appropriate provider/agency that can run and manage these schemes.

#### 20. Package agreement

Following agreement between the employers' side and trade unions it is proposed that both groups will consult with staff on the package at the same time.

The trade unions will be seeking a vote from their members on the acceptance or rejection of the package. If a Yes vote is obtained the package arrangements will be incorporated into contracts of employment.

## Appendix A

## Proposed pay structures

## Pay rates with effect from 1 April 2006

|          | Current Ma | nin Grade structure |          | PROPOSED PAY STRUCTURE |                    |  |

#### Appendix E

#### **RANGE GRADES**

Range grades are where a post spans more than one grade. A range grade should cover no more than three grades.

Range grades are deemed suitable where:

- There is scope to gain additional skills and knowledge which can be actively applied in a higher grade in the workplace.
- Where the nature of the post means there is a high variation in the skill level of applicants and the grade has to be tailored to accommodate this.
- The nature of the work means that there will be scope to do work at a higher level in the near future.
- The post provides a programme of learning and development where skills can be actively applied in a higher grade in the workplace.

For example there may be a lack of skilled workers in a specific trade, therefore a manager may wish to recruit trainees who can move through range grades in accordance with the increase in their level of skill.

If the post does not meet the suitability criteria the application of a range grade is unjustified and may be in breach of the Equal Pay Act.

The job description for a range grade post must show the skills/ competencies required at each grade level and the individual should be placed in the grade commensurate with their skills/ competencies and experience.

Employees on range grades will not automatically be placed permanently into a higher grade. If they are at the maximum salary of their current grade they will remain there until the conditions below are met, they will then progress into the next grade.

- They have met the requirements of the higher grade
- There must be scope for the individual to work permanently at a higher grade. Where a permanent posting at the higher grade is not feasible e.g. there is already sufficient staff to cover the majority of higher level work, managers should look at paying an appropriate amount for the periods the individual is working to a higher grade through honoraria.
- Their appraisal shows all targets have been met and achieved in a competent and professional manner
   For example:
  - o Gaining a recognised professional qualification at a specific level
  - Gaining specific skills/ competences and applying them in the workplace.

Progression from one grade to the next may be achieved by one of the following methods:

- 1. On appointment because the salary with the employee's previous employer means they need to be placed on the higher grade and the skill/experience the individual will bring to the role justifies this.
- 2. Application by the individual or manager following appraisal.

It is anticipated that the employee and manager will have a discussion during the annual appraisal review about the likelihood of a successful application to go to the higher the grade level.

A successful application is likely to exhibit the following:

- An appraisal with all targets met and achieved in a competent and professional manner.
- A supporting statement/portfolio of work from the individual outlining their key achievements and reasons why they feel they should be on the higher grade.
- A supporting statement from the line manager making reference to the capability of the employee and a business case for the individual being upgraded.

Evidence should be given to the Service Level/ Business Unit Manager who must approve progression onto the next grade.

If an individual is not recommended for progression to the next grade by their manager they have the right request a review by HR .

#### Reviewing range grades

There is no guarantee that when placed on a range grade the employee will remain on a range grade. The use of range grades will be subject to periodical review by the service (no greater than 4 years). As part of the review managers must consider whether there is a business need to retain the range grade and produce a statement either supporting the retention or removal of the range grade. Any changes must be communicated to the employees affected and also to HR.

Range grades will be necessary under certain circumstances e.g. where there is a lack of skilled workers and a range grade is used whilst the individual is training. The skills base in the population may change over time or there could be a reduction in workload and no scope for work at a higher level. Under these circumstances a range grade would no longer be appropriate.

Range grades will be excluded from access to the recruitment and retention grade protection arrangements, the recruitment and retention market supplement arrangements, and the additional performance increments.

#### Appendix F

#### RECRUITMENT AND RETENTION ALLOWANCE

Haringey acknowledges that our employees are our best asset and that due to external factors recruitment and retention allowances will be required for some posts in order to attract and retain good employees.

Recruitment and retention allowances are linked to the post, not the person. They cannot be paid to someone because of their level of skill or experience.

A recruitment / retention allowance is deemed suitable where there is evidence of one or more of the following:

- The post has been advertised on more than one occasion and a suitable applicant could not be recruited.
- Pay benchmarking exercises show that similar local authorities offer recruitment and retention allowance or a higher salary for the same work.
- A national /local skills shortage where the council is competing with a number of other employers for applicants.
- The post is highly specialised with a limited number of potential applicants.

If the post does not meet the suitability criteria the attraction of a recruitment and retention allowance is unjustified and may be in breach of the Equal Pay Act.

Range grades are not eligible for recruitment and retention allowances.

Before making a case for a recruitment / retention allowance the manager should ensure that the job has been evaluated at the correct grade by reviewing the job description.

On recruitment managers must make a business case stating the reason for the recruitment allowance. The decision as to whether a recruitment allowance is justified is taken by Head of HR in consultation with Director of the Service and Executive Member. A delegated authority form will need to be completed.

If the allowance is for a member of staff already in post (retention allowance; for example many staff in the team have left as other employers are paying more for the same post) the manager should follow the process above.

Employment trends change and a recruitment / retention allowance for a post will not be justified indefinitely. As such where a recruitment/ retention allowance is given the employee's contract must state that the post attracts

the allowance for a fixed period (between 3-5 years), that there is no automatic extension and that any extension is subject to a review.

At the end of the fixed period the manager must again make a business case following the original procedure for approval.

Recruitment and retention allowances will be paid as increments.

Recruitment and retention increments will be pensionable, subject to tax and N.I deductions and will be taken into consideration for calculating sick leave.

Recruitment and retention increments will not attract any plus rates e.g. overtime, weekend enhancements, etc.

#### Appendix G - Retainer payments

Outlined below is a table of the proposed payment arrangements for Retainer payments including a justification for such a payment.

Retainer justification - A retainer allowance provides for the fact that the job may require staff to attend work during closure periods, the requirement to take their holidays in fixed periods and the inability to benefit from arrangements such as flexi time and TOIL when taking part in additional activities and working over and above their hours.
