

Better Care for Harry Gray...

How the Better Care Fund will change Harry's life

The Better Care Fund will:

- Provide a personalised care co-ordinator to support Harry to access the right local health and care services including bereavement counselling.
- Help him get more involved in community activities to reduce loneliness, via the Neighbourhood Connect service.
- Provide at home support services to help him regain his confidence and independence, plus prevent further falls and reduce hospital visits.
- Support Harry's daughter so that she is better able to care for him.
- Make sure all the professionals involved in Harry's care are fully informed about his case to deliver a seamless service for him.

For more information about the Better Care Fund and the services offered visit www.haringeyccg.nhs.uk/about-us/better-care-fund.htm

Meet Harry Gray*

- 75 year old widower.
- Has several health conditions including breathing difficulties, dementia and depression. He has also had a number of falls.
- Visited A&E 32 times in the last year. Got admitted ten times.
- Cared for by his daughter.

**Harry Gray is based on a real person in Haringey, however his name has been changed.*

The Better Care Fund is a joint fund created between Haringey Council and Haringey CCG. The money will be spent on improving the ways health services and social care services work together for Haringey residents, starting with services for older people (over 65) and people with long term health conditions.
