APPENDIX 1a

Revenue	Varia	ation
Outturn 2014/15	£000	£000
ader and Chief Executive		
Explanation of revenue variances		
Chief Executives Office		
Minor variances	19	
Sub-total Chief Executives Office		
AD Corporate Governance		
Audit & Risk Management - there has been a change to accounting treatment this financial year which	(1,197)	
accounts for the bulk of this variance. As a result, £1,296k will be transferred to the insurance reserve as part		
of the year end adjustments leaving a minor variance in this area.	(4.40)	
Electoral Services - after a planned transfer to reserve of unspent governement grant (£56k) there will be a minor under spend (£86k)	(142)	
Corporate Legal Services - the variation is due to over-achievement of income due to higher than planned	(258)	
caseload.	(===)	
Other minor variances	(78)	
Sub-total AD Corporate Governance		(1,6
		(1,1
Head of Policy and Business Management		
The budget has underspent due to a restructure and subsequent delays in recruitment (£83k) and limited	(201)	
requirment to fund one-off projects during the year (£118k)	(=0.7)

Operating Officer after Proposed Transfer to/ From Reserves	

Revenue Outturn 2014/15	Variat £000	ion £000
y Chief Executive		
Explanation of revenue variances		
puty Chief Executives Office		
Recruitment costs for senior management - high level of in year activity.	31	
Sub-total Deputy Chief Executives Office		
Sub total Deputy Silici Executives Silice		
rector of Children's Services		
Quality Assurance and Reviewing service: £140k Staffing overspend from high levels of agency and some above establishment posts in part of the year, £40k advertising due to high level of recruitment activity.	180	
Early Help and Prevention Directors budgets: Underspend on Senior Management staffing due to part year vacancies	(100)	
Early Help and Prevention - Additional running costs across Early Help and Prevention including training, travel, consultancy and third party payments	60	
Youth Offending Services - underspends on staffing as a result of holding vacancies pending restructure and as part of management action to offset overspends.	(246)	
Troubled Families Grant - income received as part of national grant programme. Subject to carry forward request (see below.)	(407)	
Early Help Service - underspends on staffing from vacancies while service was being set up	(245)	
Safeguarding and Support - high levels of demand for support especially section 17 & children in need	108	
First Response Staffing - additional staff have been needed to cope with high levels of demand. In addition in the first half of the year there were more resources employed on a temporary basis to deal with backlogs	926	
Assistance to Children with No Recourse to Public Funds - in common with many other authorities we are experiencing high levels of demand for support. An action plan is now in place to ensure that cases are resolved more promptly reducing long term costs	956	
Assistance to Homeless Children and Families - this is support to families where there is no housing duty but the Council is required to ensure that Children are not affected by homelessness. This is another area where high levels of demand are being experienced.	430	
Support, services, subsistence and other payments to Children in Care and Young Adults - we have comparatively high numbers of Children in Care including older teenagers.	270	
Costs of Accommodations, Support and Other Services for Care Leavers and Young Adults. There is a statutory duty to provide support and services to all care leavers and Haringey has comparatively high numbers of eligible young people. In addition the costs of rent and support have been increasing and benefit changes have made it more difficult for young people to claim Housing Benefit.	490	
Costs of support and services to Unaccompanied Young People Seeking Asylum. Home Office Grant Funding is not meeting the full costs of providing services	223	
Looked After Children Placements. A savings target of £2.25m was taken in 2014-15 based on a safe reduction of LAC numbers through prevention and increased use of Adoption and Guardianship. However there was a delay in the impact of these actions on the LAC numbers which did not begin to fall until midway through the year.	1,770	
Adoption and Special Guardianship Orders - increasing numbers of these placements are leading to a short term cost.	223	
Fostering and Adoption - additional costs for the assessment of potential foster carers and inter-agency payments. An intensive recruitment effort has resulted in an increase in the numbers.	506	
Transport for Children with Special Educational Needs. A planned saving has not yet been achieved although there are plans to ensure its delivery in 2015-16.	224	
Haslemere Road - there were a number of staff related one off payments including backdating of a pay review and use of agency to cover long term absences.	240	
Other Support to Children with Additional Needs - there are overspends across the service relating to high	151	
demand and the lack of low cost alternatives on offer.	(0.00)	
Unused SEND Reform grant - this is funding provided to support implementation of the Children and Families Act. Due to staff not being recruited until late in the year some of the activity has been yet been carried out.	(302)	
Other Minor Variances incl. associated legal costs	(862)	
Sub-total Director of children's Services	(002)	4,

Care Purchasing for Adults with Learning Disabilities - The number of clients being supported has increased by 84 during 2014/15. The increased clients have primarily transitioned from children's services or as a result of re-assessment of continuing health care eligibility. Despite the increase in client numbers, the number of clients in residential and nursing placements is 6 with most new clients accessing community placements, mostly Pay care and direct payments. Care Purchasing for Adults with Physical Disabilities. The number of people presenting themselves for services has been increasing in recent years as is the level of support required. This is due to a number of demographic and healthcare factors including increased rates of stroke survival, and levels of deprivation and long term conditions. The number of valents here is residential and nursing placements. Care Purchasing for Other Working Age Adults (Sensory, etc.) - The number of clients being supported have reduced by 6 during 2014-15. However the budgetary provision has not kept pace with the number of clients being supported have reduced by 6 during 2014-15. However the budgetary provision has not kept pace with the number of valents has been supporting over a number of years. Care Management and Assessment - Early in 2014-15 Adults Services agreed a management action plan including maintaining vacancies to support known budgetary provision has not kept pace with the number of vacancies during the year and capitalised appropriate expenditure to a capital grant in order to maximise its use. Central Coats and Businement - The service maintained a number of vacancies during the year and capitalised appropriate expenditure to a capital grant in order to maximise its use. Central Coats and Business Support - Adults Susiness support now provides a service across the Deputy CE portfolio and therefore cost have been shared across the relevant departments. In addition, the union recharge is lower than expected. Additional in Year Funding includin	ir S	ncreased by 30 during 2014-15. The increased number of clients have primarily transitioned from children's services or as a result of re-assessment of continuing health care eligibility. Despite the increase in client	330	
Care Purchasing for Adults with Learning Disabilities - The number of clients being supported has or as a result of re-assessment of continuing health care eligibility. Despite the increase in client numbers, the number of clients in residential and nursing placements is 6 with most new clients accessing community placements. Both with most new clients accessing community placements. Both most new clients accessing community placements. Care Purchasing for Adults with Physical Disabilities. The number of people presenting themselves for services has been increasing in recent years as is the level of support required. This is due to a number of demographic and healthcare factors including increased rates of stroke survival, and levels of deprivation and long term conditions. The number of clients being supported have residential and nursing placements. Care Purchasing for Other Working Age Adults (Sensory, etc) - The number of clients being supported have residential and nursing placements. Care Management and Assessment - Early in 2014-15 Adults Services agreed a management action plan including maintaining vacancies to support known budgetary pressure in care purchasing budgets. The underspend reflects the management action implemented to achieve this. Adaptations and Equipment - The service maintained a number of vacancies during the year and capitalised appropriate and Equipment - The service maintained a number of vacancies during the year and capitalised appropriate acpenditue to a capital grant in order to makining list use. Central Costs and Business Support - Adults Business support now provides a service across the Deputy CE portion and the received propriate access and across the relevant departments. In addition, the union received	а	accessing community placements, mostly supported living.		
Care Purchasing for Adults with Physical Disabilities. The number of people presenting themselves for services has been increasing in recent years as is the level of support regional. This is due to a number of demographic and healthcare factors including increased rates of stroke survival, and levels of deprivation and long term conditions. The number of clients being supported have residential and nursing placements. Care Purchasing for Other Working Age Adults (Sensory, etc) - The number of clients being supported have reduced by 6 during 2014-15. However the budgetany provision has not kept pace with the number of clients the service has been supporting over a number of years. Care Management and Assessment - Early in 2014-15 Adults Services agreed a management action plan including maintaining vacancies to support known budgetary pressure in care purchasing budgets. The underspend reflects the management action implemented to achieve this. Adaptations and Equipment - The service maintained a number of vacancies during the year and capitalised appropriate expenditure to a capital grant in order to maximise its use. Central Costs and Business Support - Adults Business support now provides a service across the Deputy CE portfolio and theeloric cost have been shared across the relevant departments. In addition, the union rechange is lover than expected. Additional in Year Funding including Systems Resilience Funding and Better Care Fund A range of funding sources including Care Act Implementation, Section 256 (Health) Funding for 2013-14 and 2014-15 and release of a previous veel sprivale in make up this underspend. In house Services - Reablement, Day Centres and Osborne Grove - The underspend in in-house services is primarily in relation to asiliers. The Rapid response siting service funded through Health funding underspent by £40k and improved rota management in the community reablement team, the day centres and Osborne Grove - Table and provided to achieve the service portal and the identification and	ir a n	Care Purchasing for Adults with Learning Disabilities - The number of clients being supported has no noreased by 84 during 2014/15. The increased clients have primarily transitioned from children's services or as a result of re-assessment of continuing health care eligibility. Despite the increase in client numbers, the number of clients in residential and nursing placements is 6 with most new clients accessing community	2,113	
Care Purchasing for Other Working Age Adults (Sensory, etc) - The number of clients being supported have reduced by 6 during 2014-15. However the budgetary provision has not kept pace with the number of clients the service has been supporting over a number of years. Care Management and Assessment - Early in 2014-15 Adults Services agreed a management action plan including maintaining vacancies to support known budgetary pressure in care purchasing budgets. The underspend reflects the management action implemented to achieve this. Continuous and Missellaneous forms		
Contingency and Miscellaneous Items The Council received a number of additional grapts during the year which were hold controlly as in many assess.	(2.400)	
The Council received a number of additional grants during the year which were held centrally as in many cases they supported activities that budgets had already been provided for. In addition the in-year review of items	(3,488)	
held on the balance sheet together with a specific programme to review historic balances relating to Council		
Tax resulted in a number of items being written back to the revenue account.		
This reflects the amount to be supported by the Collection Fund equalisation reserve, the transfer of which is	8,112	
show below.	ŕ	
There has been no need to call on the Council's corporate contingency, also given that the agreed pay award	(4,619)	
was only effective from January 2015, there were also underspends against the centrally held pay inflation		
budget. Sub-total Contingency		
Sub-total Contingency		
Alexandra Palace		
There was a small under spend against the agreed budget to fund the operating deficit at the Trust. Given the	(129)	
significant regeneration facing the Trust over the medium term, it is proposed that this sum be transferred to	(123)

Dadioatad	Revenue Outturn 2014/15	Varia £000	tion £000
Dedicated	Schools Grant		
	Explanation of revenue variances		
Dir	ector of Children's Services		
	SEN Support Services. These are SEN services provided to schools by LA teams covering: Visual Impairment, Language Support, Hearing Impairment, Speech and Language Therapy and Autism Support. An underspend in the Language and Autism Support Teams due to vacancies offset an overspend in Speech and	(51)	
	Language. Independent and Voluntary Schools. Historically this has been a difficult budget to control with a placement costing anything up to £350k. The overspend arises from additional and higher cost placements.	625	
	Top-up Funding. This is funding provided to maintained schools and academies both in borough and out. It covers mainstream schools, special schools and special resource units. The underspend here helps offset the overspend on placements in independent and voluntary Schools	(125)	
	Higher Education Top-up. The LA took on responsibility for funding SEN top-up for students aged 19-25 in September 2013. This is a difficult budget to predict and control due to uncertainties about the number and location of students and significant price inflation	375	
	Contribution to Support Costs. Part of the agreed DSG contribution to corporate support costs.	(601)	
Su	b-Total Director of Children Services	()	223
-			
AD	Commissioning		
7.5	Alternative Provision Commissioning. This is a newly created budget following the conversion of the	(306)	
	Octagon to academy status. The underspend is one-off as alternative services are being developed.	(0.070)	
	Two Year Old Funding. As in the previous year, the DfE funding for the Two Year Old Programme was based on estimated population rather than actual numbers. This funding will remain with the LA and be rolled forward to cover the enhanced hourly rate agreed by the Council after offsetting the over spends detailed below.	(2,373)	
	Early Years Commissioned Services and Childcare Subsidy. Net overspend due to additional support for children funded through the childcare subsidy.	79	
	Trajectory Funding. Projects to develop capacity to provide for two year olds. To be funded from reserves brought forward.	126	
	PVI and Children Centre early Years Single Funding Formula. Increasing numbers led to an overspend against budget. This can be contained within the overall underspend on early years.	516	
	to Schools and Learning		(1,958
	Alternative Provision. There was an underspend at Simmons House Hospital School pending recruitment and a small credit in respect of The Octagon.	(26)	
	Early Years Quality and Improvement Team. Staff vacancies have led to an underspend in this area.	(72)	
	The Tuition Centre. This is now classed as a school under the School and Early Years Finance Regulations and the underspend will roll forward as part of the Schools Reserve.	(54)	
	Traded Services. A significant initiative during the year was the development of the traded service portal and the identification and recharging of services being provided to schools	(625)	
	Individual Schools. This is a mixture of school budget shares for maintained schools, centrally retained	1,149

	Varia	ation
Outturn 2014/15	£000	£00
hildren's Services		
Hornsey School for Girls - The project to replace the sports hall roof has completed under budget.	(44)	
Bad weather has delayed a project to improve the sports pitch drainage at Fortismere School. The project will complete in 2015-16 and the budget will need to be carried forward.	(88)	
Broadwater Farm ILC. The project has now closed and the residual budget is not required.	(277)	
Rhodes Primary expansion Phase 1 & 2. The project has now closed and the residual budget is not required.	(201)	
Rhodes Primary expansion Phase 3. The project has now completed but final costs are still to come through following settlement of the final account.	(182)	
Rhodes Avenue Contract Resolution - This budget is reserved to cover the legal costs of resolving issues on Phases 1 and 2 of the Rhodes expansion contract.	(170)	
Kitchen works to support free infant school meals. Grant contributions have been agreed for various schools to improve their kitchen and dining facilities. A number of schools have yet to complete works in order to draw down these funds.	(219)	
The full contingency budget for temporary school expansions was not required.	(281)	
The project to expand Welbourne School has completed under budget.	(518)	
The full budget for future permanent expansions was not used in 2014-15 pending the completion of further consultations.	(128)	
The full budget for St James expansion was not used as the original proposed expansion was not progressed following consultation.	(491)	
Various projects to provide additional 2 year old places are being progressed. Two projects at Stamford Hill and Ilse Amlot centre have required more time to progress than originally planned.	(327)	
Proposals to rewire 2 primary schools have been postponed due to capacity issues.	(572)	
Contingency for reactive maintenance repairs was not required in the current year.	(318)	
Roof works are progressing at Coldfall and Tiverton schools. However 2 further proposed projects are delayed pending a review of value for money and overall costs, leading to an under spend in 2014-15.	(160)	
Carer Home adaptations. This budget is demand led, and only one grant payment came forward for approval in 2014-15, resulting in an under spend.	(139)	
The budget for programme delivery has under spent. This is due to the reduced overall size of programme during the current year.	(402)	
The programme risk contingency was not required in 2014-15 and will be carried forward.	(1,890)	
dult's Services		, i
Community Capacity Grant - Although additional CCG was available in 2014/15 this was not added to the budget, although it is available to finance this expenditure.	273	
Aids and Adaptations - The demand for adaptations on Council stock was higher than anticipated during the	76	
financial year in contrast to the significant underspend for private homes funded by the DFG grant. Disabled Facilities Grant (DFG) - facilities adaptations to private homes to enable vulnerable social care clients	(679)	
to remain independent for as long as possible. In 2014-15 there was a lower then projected take-up by private householders resulting in an underspend.	(0.0)
