Licensing Officers comment.

Residents have raised concerns regarding the newspaper advertisement, these concerns have been in relation to the notice being carried out and the newspaper in which the notice was placed.

We have received confirmation from the applicants that the matter has been placed in a local paper and The Haringey Advertiser has supplied evidence of their circulation in the N8 area. APP 8

The applicants have also clarified that in the case of pre-booked functions there will be no alcohol consumed off the premises after 23.00.

The Police have requested that there be no consumption of alcohol at all after 23.00 on the patio area regardless if this is for pre-booked functions or not. People who wish to smoke may still use the patio but this should be monitored.

The applicants have been advised by the Licensing authority to show the patio as part of the boundary of the premises license, this will allow conditions to be applied and enforced to that area, where as previously the as it was not part of the area the Authority had no control over the area.

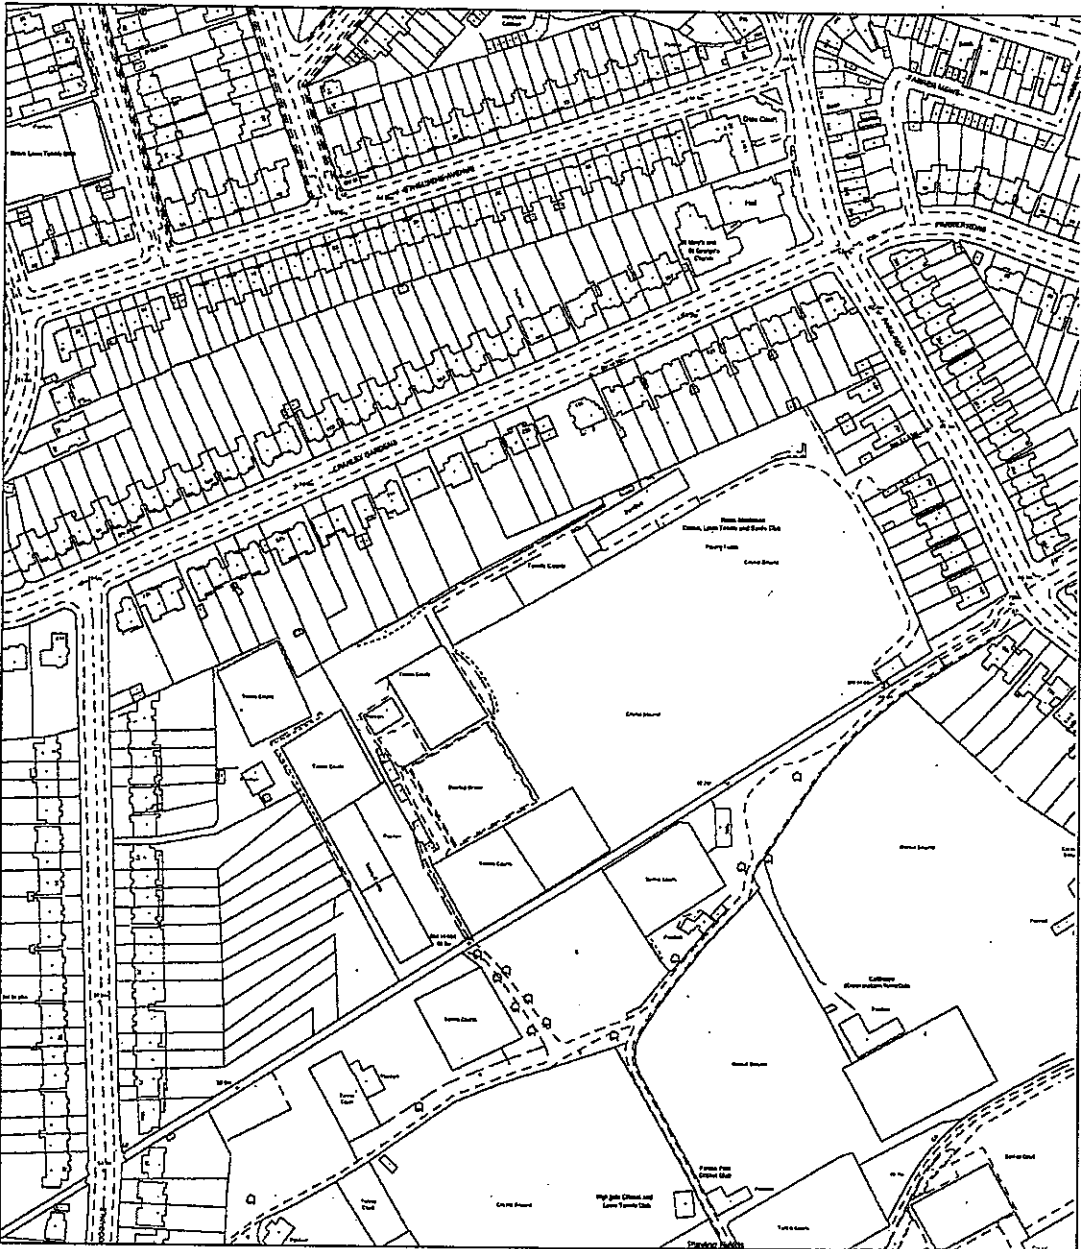

Indoor Sporting events is also being applied for, clarification will need to be given as to the types of event the Club will wish to have.

RECOMMENDATIONS FROM NOISE TEAM

Haringey Council

Licensing Consultation - Internal Memo

To: Licensing Officer – Daliah Barrett

From: Enforcement Response Officer (Noise)

cc: Eubert Malcolm

Our Reference WK65615

Date: 6th March 2008

Premises: North Middlesex Cricket Club 185a Park Road N8

Type of application: Variation

I would like to confirm that I have considered the above proposal with regard to the prevention of public nuisance on behalf of the Enforcement Response (Noise) Team & would like to make representations to the Variation on the following grounds

That the proposed operating hours are inappropriate (unless suitable conditions are applied) due to

- a) the close proximity of residential dwellings. Both noise caused by patrons exiting the premises and locating suitable transport home may be detrimental to the residential amenity. This may be exacerbated by the lower level of public transport available at the proposed closing hours.
- b) Noise from music being played at the premises is likely to affect local residents if played into the early hours of the morning without suitable conditions

Should the licensing committee be minded to approve this application then the following needs to be considered

The operating schedule does not address the prevention of public nuisance from:

- airborne entertainment noise
- Structure borne noise or vibrations from entertainment
- Noise generated by patrons in external areas of the premises

Supporting Information

The Council served a noise abatement notice in relation to an outdoor event in May 2007 due to noise nuisance from music being played externally. Apart from this major event there has been no substantiated instances of noise nuisance although complaints to the Noise team have included such comments as “people shouting and screaming in the early hours of the morning”

Informative

We would recommend the following alterations/conditions to the operating schedule:

Prevention of nuisance from noise/vibration

www.haringey.gov.uk

Airborne

All doors and windows will remain closed during the licensed activities. Where a door is used for patrons to enter or leave the premises into an area where there is entertainment the door will be fitted with a self-closing device and staff told to ensure that it is not propped open.

The licensable activity shall conclude 30 minutes before the premises is due to close to prevent excessive noise breakout as the premises empties

Adequate and suitable mechanical ventilation shall be maintained to public areas

Sound limits

The licensee shall ensure that no music played in the licensed premises is audible at or within the site boundary of any residential property

Outside Areas

No music will be played in external areas of the premises

No form of loudspeaker or sound amplification equipment is to be sited on or near the exterior premises or in or near any foyer, doorway, window or opening to the premises

Signs shall be displayed at exits reminding patrons to recognise the residential nature of the area and conduct their behaviour accordingly – The management need to reserve the right to ask patrons to move inside the premises or leave if it is felt that they could be disturbing neighbours

Plant and machinery

All plant and machinery to be correctly maintained and regularly serviced to ensure that it is operating efficiently and with minimal disturbance to neighbours arising from noise]

Dealing with complaints

A complaints book will be held on the premises to record details of any complaints received from neighbours. The information is to include where disclosed, the complainants name, location, date time and subsequent remedial action undertaken. This record must be made available at all times for inspection by council officers

Regular (3 monthly) liaison meetings to be held with any identified local groups who express a wish to be consulted to enable neighbours to raise concerns about any aspect of the licensed activities

Prevention of Nuisance from Odour

All ventilation and extraction systems shall be correctly maintained and regularly serviced to ensure that it is operating efficiently and with minimal disturbance to neighbours arising from odour

Prevention of nuisance from light

Security lights will be positioned to minimise light intrusion to nearby residential premises

Licensing Consultation - Internal Memo

To: Licensing Officer – Daliah Barrett

From: Environmental Health Officer:Naomi Kyarisiima

Our Reference WK64357

Date: 12th March 2008

Premises: North Middlesex Cricket Club 185a Park Road N8

Type of application: Variation

I would recommend the following enforcement conditions to be attached to the above-mentioned licensing application.

Prevention of Nuisance from Odour

A mechanical system of ventilation must be provided to ensure that cooking smells and other products of combustion do not cause a nuisance to the occupiers of neighbouring premises.

Prevention of nuisance from waste

- Ensure waste is collected on a regular basis by a reputable/licensed waste carrier.
- Use a regular cleaning programme for all storage areas and waste bins.
- Screen off waste storage areas from sight and making sure the area can be properly cleaned and has adequate drainage.
- Ensure sealed waste bins used are big enough to hold all waste and can be thoroughly cleaned.

Prevention of Odour coming from blocked and inadequately vented drainage systems:

- Ensure food waste is not put into the drainage system.
- Provide a grease-trap to the drainage outlet from kitchens.
- Regularly clean grease-traps and drainage systems.
- Ensure the head of the drainage system is vented at a high level using a vent stack.

Prevention of nuisance from litter

- Encourage customers to dispose of litter responsibly using posters inside premises and on bins.
- Arrange for the area around the premises to be cleared of litter and fouling on a regular

basis, and always at the close of business.
