4.1 It should be noted that on 13th Feb 2007, this committee approved framework agreements to Decent Homes contractors and 4 compliance teams, to cover 4 areas. This report details the specific works needed to the 14 houses in the Wood Green area (para 15.), priced in accordance with the framework agreement.

The cost of this scheme totalling £322k in 2008-09 is included in the schedule for 2008-09 and will be funded from the approved budget. A small amount of fees (£0.6k) is phased to be paid in 2009/10 and will be first call on the Decent Homes funding allocation for that year.

5. Head of Legal Services Comments

5.1 This report is seeking Procurement Committee approval to award a call-off contract for Decent Homes works at 14 properties in the Wood Green area (details of which are set out in Paragraph 15.2, below), to the contractor recommended in paragraph 3 of this report.

5.2 Cabinet Procurement committee had on 13th February 2007 granted approval to the award of four Decent Homes Constructor Partner Framework Agreements in respect of four areas within the Borough (Wood Green, Hornsey, North Tottenham and South Tottenham) to four respective contractors, of which the recommended contractor is one.

5.3 The Framework Agreements were tendered in the EU and selection of the Framework contractors was undertaken in compliance with the Public Contracts Regulations 2006, as confirmed by external legal advisers (Trowers and Hamlin) who provided legal advice on the procurement of the Framework Agreements.

5.4 The contractor recommended in Paragraph 3 of this report was awarded the Framework Agreement in respect of the Wood Green area of the borough.

5.5 As the value of the contract is above the Council's Key Decision threshold of £500,000, the Council's Arms Length Management Organisation, Homes for Haringey, who undertook the procurement of the contract on behalf of the Council have confirmed that in accordance with CSO 11.04, details of this contract have been included on the Forward Plan (Version 71).

5.6 As the value of the proposed contract exceeds £250,000 the award must be agreed by the Procurement Committee in accordance with CSO 11.3.

5.7 The report states that there are no leaseholders in respect of this phase of

works, therefore the requirement to consult leaseholders under Section 20 of the Landlord and Tenant Act 1985 does not apply.

5.8 The Head of Legal Services confirms that there are no legal reasons preventing Members from approving the recommendation as to the award, as set out in paragraph 3 of this report.

6. Head of Procurement Comments

6.1 The selection of the contractor for these works has been undertaken from the Decent Homes contractor framework.

6.2 The Client needs ensure that a risk register is in place for the works and are monitored on a regular basis

6.3 An agreed Maximum price has been agreed by the parties prior to start on site in accordance with the process allowed under the form of contract.

6.4 The Head of Procurement therefore state that the recommendations in this report offer best value for the Council.

12. Consultation

- 12.1 Homes for Haringey have carried out detailed consultation on this project by a resident meeting and detailed newsletters.

13. Background

- 13.1 The requirement for all local authority homes to meet the Decent Homes Standard was set out by The Office of the Deputy Prime Minister (ODPM) now known as Department for Communities and Local Government (DCLG) in February 2003. The objective of the Decent Homes Standard is that every tenanted home should be decent in accordance with the guidelines of the ODPM (now DCLG) by December 2010.
- 13.2 The Decent Homes Programme is a long term programme of major investment to bring all tenanted homes up to a decent standard. Environmental improvements, including sustainability issues, may represent up to 5% of the overall programme.
- 13.3 Managing and delivering the Decent Homes programme to cost, time and to the expectation of the tenants and residents of Haringey is paramount and as such requires the appointment of Constructors with a proven track record of delivering a similar programme for other Local Authorities/ALMOs.

13.4 On 13th Feb 2007, this committee approved the framework agreements to four Decent Homes contractors and 4 compliance teams, to cover 4 areas. This report details the specific works needed to the 14 properties in the Wood Green area, priced in accordance with the framework agreement.

14.2 The Agreed Maximum Price is the procedure for determining the cost of a project under the PPC2000 (Project Partnering Contract) form of contract. The PPC2000 form of contract was formed from the 'Egan Report' and was designed to allow the early appointment of constructors and specialists.

14.3 It is designed to allow for a multi party approach by the client constructor, consultants and specialists to provide a consistent approach to working within a partnering ethos.

useful life. The new wiring contains an element of copper, a material that can be recycled at the end of its useful life.

- 19.3 The new wiring will reduce the need for maintenance as testing of the electrical system will only need to be carried out after ten years for dwellings and five years for the landlord's services.
