Background note

The priorities proposed are informed by the 2016/17 outcome 5 action plan and a number of sources/strategic documents, e.g. STRATAS 2015, perception survey feedback and work of Partnership Tasking and ASB Action Group forums. The key issues concern violent crime (specifically non-DV & gang related), personal robbery, theft person, burglary and ASB. Whilst long term analysis ‘themes’ captured within the STRATAS, include drugs & alcohol, town centres, youths and public confidence. Re the latter, despite overall long term reduction in crime in Haringey, work is needed to better understand the ‘gaps’ between the Partnership performance and residents perceptions.
