

Proposed Public Spaces Protection Order Consultation

What are we consulting on?

Haringey Council is conducting a consultation on the proposed introduction of a Public Spaces Protection Order (PSPO) to ban certain activities within the Love Lane Estate, in accordance with the Anti-Social Behaviour, Crime and Disorder Act 2014.

A PSPO will give a long term solution to the problems that residents experience on a daily basis. It will also provide to the police an additional enforcement tool to tackle persistent anti-social behaviour on the estate and will help break the cycle of anti-social behaviour.

Under this PSPO the following activities will be prohibited:

- a. A person not legally resident on the estate is prohibited from entering blocks on the estate unless visiting a named legal resident or engaging in work
- b. A person is prohibited from taking part in any sexual acts in any public place within the boundary of the area marked red on the map
- c. A person is prohibited from soliciting another for the purpose of obtaining sex or drugs
- d. It is prohibited for any person to ingest, inhale, inject, smoke, possess or otherwise use intoxicating substances *
- e. It is prohibited for any person to possess, sell or supply intoxicating substances*
- f. It is prohibited for any person to urinate, defecate or expose genitalia in a public place or in an area designated for use by members of the public
- g. A person is prohibited from entering the play area unless supervising or accompanying a child(ren).
- h. A person is prohibited from sleeping rough inside any block, garage or any communal parts of the estate including the roads within the boundary of the area marked red on the map.
- i. Persons other than those resident on the estate may only access the estate to visit a legal resident, to engage in legitimate work on the estate, to pass through the estate or to access the doctor's surgery (Tottenham Health Centre) at 759 High Road, London N17.

- j. No person shall loiter on the estate when not visiting a named person legally resident on the estate

Haringey Council is satisfied that the above activities have been persistent and numerous for a long period of time, and have or are likely to have a detrimental effect on the quality of life of those in the local area.

Why are we consulting?

The consultation is to better understand the opinions of residents, business and those working and studying in the local area, on the plans to introduce a proposed PSPO.

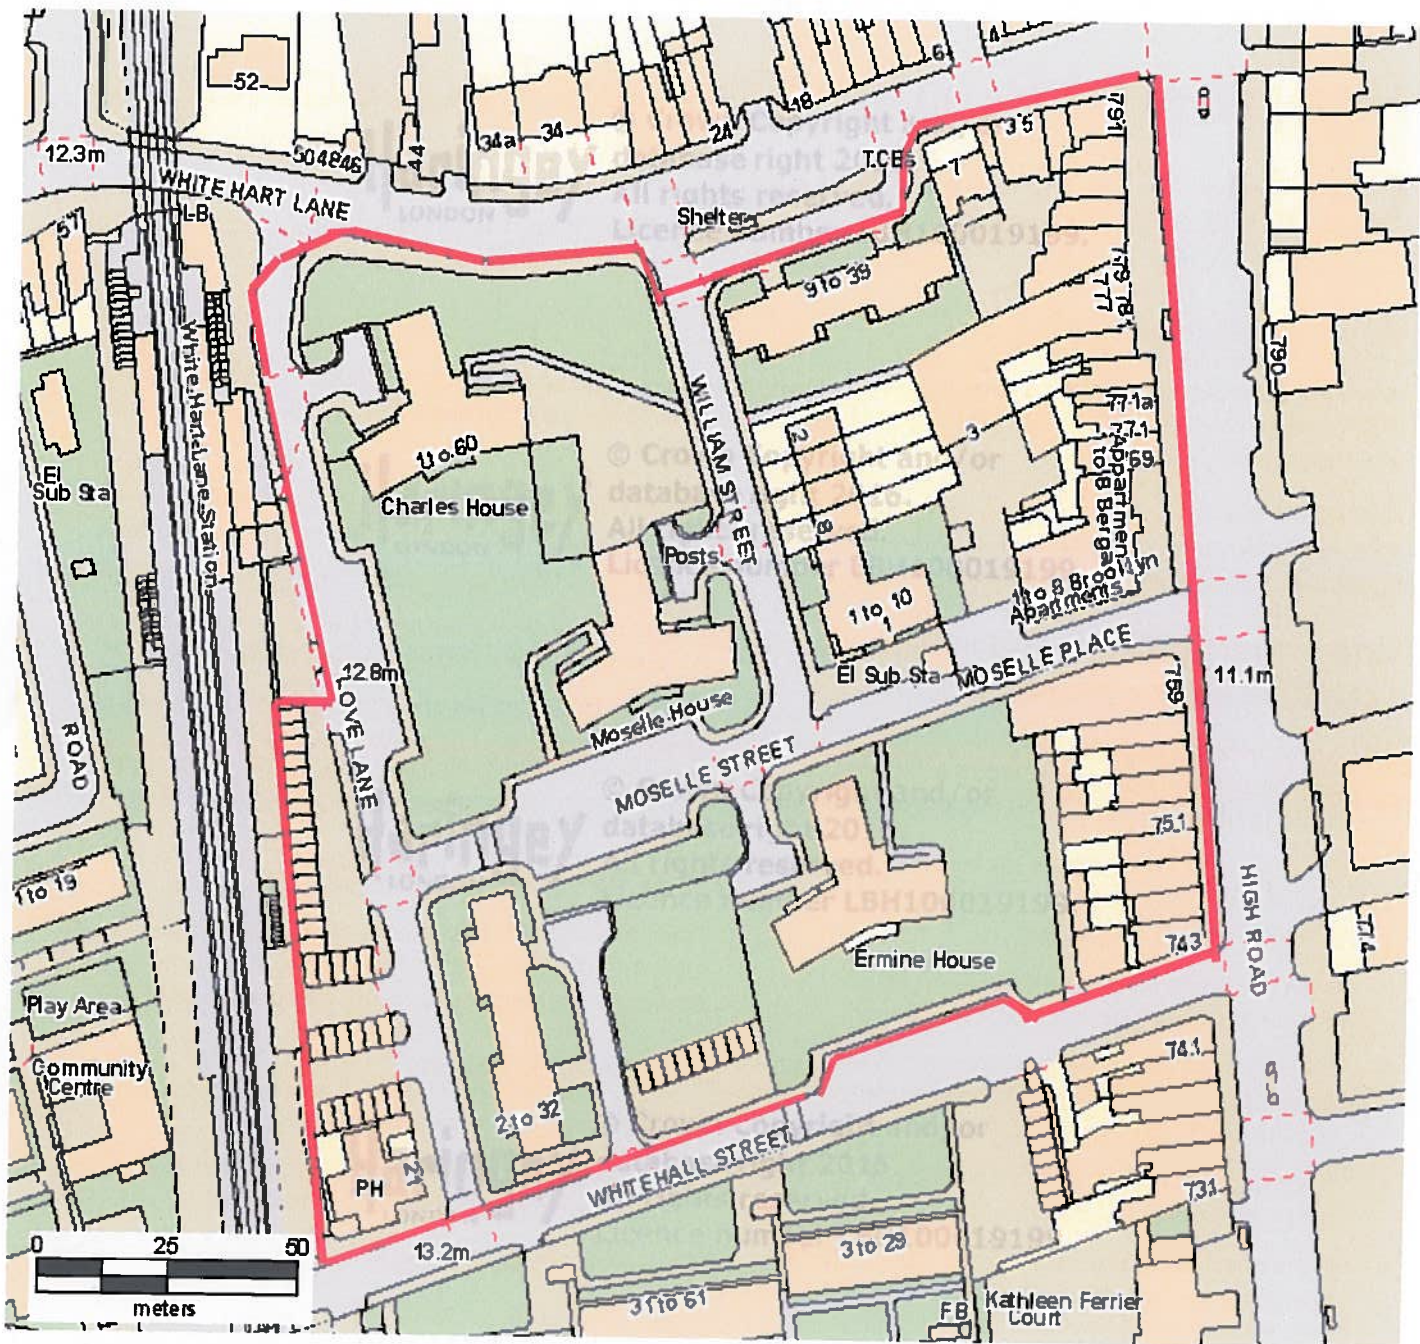

We want to know:

- Whether you agree with the proposal
- If there are any alterations that can be made to enhance the effectiveness of the proposed PSPO

The Proposed Area:

Love Lane Estate which includes: Charles House, Ermine House and Moselle House; Love Lane; William Street; Moselle Street; Moselle Place; the flats on White Hall Street (which fall directly on the Love Lane Estate)

The PSPO is centred on improving and protecting the local area for the people of that locality, as well as those working, trading, studying, trading and visiting the area. We value your opinion on this action which seeks to strengthen communities and partnerships to improve our environment and reduce crime, enabling residents, traders and workers to feel safe and proud of where they live and work.

Public Space Protection Orders (PSPO) Consultation

PSPOs are designed to deal with persistent anti-social behaviour (ASB).
Please tell us what you think of our proposed PSPO for the Love Lane area.

Q1 Do you agree that the aims of the proposed PSPO are clear?

Yes

No

Don't Know

*If you don't agree, please suggest how
the aims could be made clearer*
