

Children and Young People’s Scrutiny Panel

Work Plan 2018 - 20

1. Scrutiny review projects; These are dealt with through a combination of specific evidence gathering meetings that will be arranged as and when required and other activities, such as visits. Should there not be sufficient capacity to cover all of these issues through in-depth pieces of work, they could instead be addressed through a “one-off” item at a scheduled meeting of the Panel. These issues will be subject to further development and scoping. It is proposed that the Committee consider issues that are “cross cutting” in nature for review by itself i.e. ones that cover the terms of reference of more than one of the panels.

Project	Comments	Priority
Special Educational Needs	<ul style="list-style-type: none"> • SEND children are growing in numbers. They can often find difficulty in accessing services due to stretched Council budgets or lack of clarity on how parents can access services; • Families can find it a struggle to obtain a formal diagnosis for their children, which is often a prerequisite in getting extra support at school and/or at home; • Some groups of SEND children have an increased risk of exclusion from school and there can also be poor outcomes in the classroom, which can have a detrimental impact on families struggling to cope; • Early intervention, including diagnosis, is key in order to put relevant support measures in place so that children with SEND can have fulfilling lives with good educational outcomes. <p>The review will examine and review the role and the effectiveness of the current service children with Social, Emotional and Mental Health (SEMH) issues and autism receive. It will aim to establish;</p> <ul style="list-style-type: none"> • Looking in particular at their interaction with the Council and schools, what are the experiences of parents with SEMH and autistic children in trying to access support for their children? • What are the waiting times for parents requesting an assessment, obtaining a diagnosis and 	1.

	<p>receiving the extra support required?</p> <ul style="list-style-type: none"> • What are the outcomes of children with SEMH and autism in relation to their diagnoses? • As local authorities move away from statements to Education Health and Care (EHC) plans, what are the challenges parents face in obtaining EHC plans? How many children currently have a statement or EHC plan and how many apply for it? What are the rejection rates of children trying to obtain an EHC plan and what are the reasons? 	
<p>Fragmentation of school structures</p>	<p>The review will consider the range of different types of school that there currently are within the borough. The resulting fragmentation presents challenges for local authorities. These include the planning and co-ordination of school places and ensuring that all schools are providing a good standard of education. In addition, schools are subject to varying degrees of local democratic control.</p> <p>The scope and terms of reference for the review have yet to be finalised but, amongst other issues, it could:</p> <ul style="list-style-type: none"> • Seek to identify the range of schools that there are within Haringey and their respective status as well as the challenges that this presents for the Council; • Consider ways that might be available to the Council to co-ordinate and influence all schools within the borough and what might work most effectively; and • Look at practice in other local authority areas and what appears to have been most effective. 	
<p>Alternative Provision</p>	<p>The review will look at Alternative Provision (AP) services provided to students who no longer attend mainstream education for reasons such as exclusion, behavioural issues, school refusal, short/long term illnesses as well as any other reasons. The main areas of focus will be:</p> <ul style="list-style-type: none"> • What are the reasons why children in Haringey enter AP? • Once entering alternative provision, what are their outcomes and attainment levels when compared to mainstream schools? • How many children going through the AP route later enter the youth justice system? • How many children enter alternative provision as a result of SEND needs and how many have a statement or a EHCP plan? • The demographics of children entering AP including ethnicity, gender, areas of the borough where 	

	<p>children in AP are drawn from and levels of children receiving free school meals prior to entering AP;</p> <ul style="list-style-type: none"> • What are the challenges schools and local authorities face and what can we do better to meet the needs of children so as to avoid AP altogether? • Are the outcomes from AP providers uniform within Haringey? • How cost effective is AP.
